You can get prescription drugs shipped to your home through our network mail order delivery program which is called CVS Caremark Mail Service Pharmacy Program. The pharmacy will contact you, by phone, to get your approval before shipping any prescriptions. If we are unable to reach you for approval, your prescription will not be sent to you.

Typically, you should expect to get your prescription drugs within 14 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at (877) 581-7142, TTY: 711, 24 hours a day, 7 days a week. To learn more about mail-order pharmacies, refer to Chapter 5 of the *Evidence of Coverage*.

Puede recibir medicamentos recetados enviados a su hogar a través del programa de envío de pedidos por correo de nuestra red, llamado Programa de Servicio de Farmacia por Correo de CVS Caremark. La farmacia se comunicará con usted telefónicamente para obtener su aprobación antes de enviarle cualquier medicamento recetado. Si no podemos comunicarnos con usted para obtener su aprobación, no podremos enviarle sus medicamentos recetados.

Por lo general, debería esperar recibir sus medicamentos recetados en un plazo de 14 días a partir del momento en que el servicio de farmacia por correo recibe el pedido. Si no recibe sus medicamentos recetados dentro de este plazo o si necesita solicitar un reembolso por las recetas recibidas que no deseaba o necesitaba, comuníquese con nosotros al (877) 581-7142, TTY: 711, las 24 horas del día, los 7 días de la semana. Para obtener más información sobre las farmacias de servicio por correo, consulte el Capítulo 5 del *Evidencia de Cobertura*.

E3: Farmacias de infusiones en el hogar
Condado de Bristol
Cuenta total: 22

Home infusion pharmacies are specialist pharmacies that provide only certain medications and supplies generally administered intravenously that are specifically ordered by your physician. The home infusion pharmacy works with a home infusion therapy provider to safely administer intravenous therapies that would otherwise be provided in a hospital, outpatient clinic or provider's office.

Las farmacias de infusiones en el hogar son farmacias especializadas que proporcionan solo ciertos medicamentos y suministros que, por lo general, se administran por vía intravenosa y los ordena específicamente su médico. La farmacia de infusiones en el hogar trabaja con un proveedor de terapia de infusiones en el hogar para administrar de forma segura terapias intravenosas que, de otra manera, se proporcionarían en un hospital, una clínica ambulatoria o el consultorio de un proveedor.
