Your primary care provider (PCP)

Your primary care provider (PCP) is the doctor who gives you most of your care. Make sure to see your PCP right away to get set up as a new patient. Your PCP should get to know you and your medical history. Think of your PCP as your medical home and the doctor who knows you the best! Once you're set up as a new member, you'll want to see your PCP for regular checkups.

Getting medication refills!

- **Use network pharmacies for the best cost:** If you need to refill medications, be sure you are using one of our network pharmacies by visiting the My Molina portal.
- **Plan ahead:** If your medication is currently with a different pharmacy, talk to your pharmacist or PCP about transferring your medication. Make sure to allow time for the transfer so you don't run out of your medication.
- **Take fewer trips to the pharmacy:** Many medications are eligible for 100-day refills at the same copay as 90-day refills at all in-network pharmacies or through mail order. Talk to your PCP about if this is an option for you.
- **Complete the mail order enrollment form:** Coming in your 2nd welcome kit mailing over the next few days.

On the My Molina portal, you will also find a direct link to [CVS.com](https://www.cvs.com) to see your medications. Using this link, [CVS.com](https://www.cvs.com) will recognize your sign-in information.

Your rewards are waiting for you!

Molina wants to reward you for taking care of your health.

Molina knows how important your health is to you. Whether you need help taking care of an existing condition or want to maintain the healthiest version of yourself, we are here to support you. To earn your rewards, see your doctor and complete your healthy actions.

What are healthy actions?

Healthy actions are routine screenings you should complete with your doctor. Your doctor will create a care plan for you based on your needs. They will also answer any questions you may have. These screenings are important because they can help you and your doctor find health conditions early when they are usually easiest to treat.

To earn your rewards, follow these simple steps:

- 1** Complete your healthy actions with your doctor between **1/1/2026 – 12/31/2026**
- 2** Let us know you saw your doctor and what actions you completed by **1/31/2027**
- 3** Claim your rewards by **1/31/2027**
- 4** Use your rewards by **3/31/2027**
