Getting to Know Molina Healthcare

At Molina Healthcare, one of our most important activities is to communicate how we operate. This will help us keep you healthy.

Our Provider Directory will help you get started making decisions about your health care. You will also learn some helpful tips on how to use Molina Healthcare's services and benefits. You can find the following information about Molina Healthcare doctors and other health care providers in your Provider Directory:

- Names
- Addresses
- Telephone numbers
- Languages spoken
- Availability of service locations
- Accessibility of provider office locations including parking, restrooms, exam rooms, etc.

You can also find out whether or not a provider (doctors, hospitals, specialists, or medical clinics) is accepting new patients in your Provider Directory or online via our website at **MolinaProviderDirectory.com/IA .**

Together, we can be partners for your good health!

Selecting your PCP

Your Primary Care Physician (PCP) knows you well and takes care of all your medical needs. It's important to have a doctor who makes you feel comfortable.

Think of your PCP's office as your "medical home." Your first step is to choose a doctor from our list of Primary Care Physicians (PCPs).

What is a Primary Care Doctor?

A Primary Care Doctor or Primary Care Physician (PCP) is your main doctor, who takes care of most of your health needs. A PCP knows you and your family well and cares about your health. When you or someone in your family is sick and you don't know what to do, call your PCP. You don't have to go to the Emergency room unless a life is in danger.

Your PCP wants to see you before you are sick to find problems early.

Go for yearly check-ups to stay healthy. Go to your PCP for physicals, tests, shots, and—of course—when you're sick. If you or your child needs special care, your PCP can help. Your PCP works with you to keep you and your family healthy.

If you want to know more about your PCP or other Molina Healthcare doctors, please call Member Services or visit **MolinaProviderDirectory.com/IA .**

Choosing Your Doctor or Other Health Care Provider

To be covered by Molina Healthcare, services must be provided by the Molina Healthcare doctors, hospitals, specialists or medical clinics assigned to you. We make exceptions for emergencies, out-of-area or urgent care, and services in the "Covered Services" section of your Member Handbook.

How Do I Choose a Primary Care Doctor (PCP)?
Picking the right doctor for you and your family is very important. Molina Healthcare's Member Services staff can help you choose. They can tell you what the doctor's regular office hours are and how to schedule an office visit.

Call and schedule your first visit to get to know your PCP. If you need help making an appointment, call Molina Healthcare toll free at (844) 236-0894 (TTY: 711).

Molina Healthcare can also help you find a PCP that is best for you. Tell us what is important to you in choosing a PCP. We are happy to help you. Call the Member Services Department if you want more information about your Molina Healthcare doctor.

Here are the kinds of PCPs you may select:
- **Family Practice PCP**
  A Family Practice PCP may see the whole family.
- **General Practice PCP**
  A General Practice PCP may also see the entire family.
- **Internal Medicine PCP**
  An Internal Medicine PCP sees adults only (18 years or older).
- **OB/GYN**
  An OB/GYN PCP sees women only. He or she specializes in women's health and maternity care.
- **Pediatrician**
  A Pediatrician sees only children up to age 18.

After you decide what kind of doctor you want as a PCP, your next step is to choose the right doctor for you. Here are some helpful tips:
- Choose a PCP close to your home.
- Don't know who to select as your PCP? Call Member Services at (844) 236-0894 (TTY/711) Monday through Friday from 8 a.m. to 6 p.m. local time.
- Want to find a list of PCPs contracted with Molina? View the Provider Directory on your phone or tablet at MolinaHealthcare.com/ProviderSearch. You can also request a printed directory from Member Services.
- You will find your PCP's name and phone number on the ID card letter insert.

You must receive health care services from doctors who are in the Molina Healthcare health plan.

You, your doctor and your health plan will make decisions on where you will get other medical services such as vision, pharmacy, laboratory and hospital care.

For example, when you choose a doctor who is in Molina Healthcare, you will receive all your specialty care and prescriptions through providers and pharmacies that belong to the Molina Healthcare network.

Federally Qualified Health Centers and Rural Health Clinics

If you want to get care from a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) you can be assigned to an FQHC or RHC that has a contract with Molina Healthcare. If you see a ✻ next to the name of a clinic in this directory, you will know that it is either an FQHC or RHC.

What If I Don't Choose A Primary Care Doctor?

Molina Healthcare wants you to select a PCP within thirty (30) days of joining Molina Healthcare. If you don't choose a PCP for any reason, Molina Healthcare will choose one for you.

Changing Your Doctor

What if I want to change my Primary Care Doctor?
You can change your Primary Care Doctor (PCP) at any time. Having a good relationship with your PCP is important to your health.

How do I change my Primary Care Doctor?
To change your PCP, call Member Services, or go to **MolinaHealthcare.com/IA** or **MyMolina.com**, our member portal. Our website and portal also have a list of doctors.

Can my doctor request that I change to a different Primary Care Doctor?
Your doctor may request that you be changed to a different PCP for any of the following reasons:

- You are not following medical instructions (Noncompliant behavior)
- You are being abusive, threatening or have violent behavior
- Doctor-patient relationship breakdown

How Do I Choose an OB/GYN?

Women may see an OB/GYN without receiving prior approval from your PCP. You may also choose an OB/GYN in addition to your PCP.

If you need help in choosing an OB/GYN, or if you have questions, call Molina Healthcare Member Services at (844) 236-0894, (TTY: 711), Monday through Friday between 7:30 a.m. and 6 p.m. Our representatives will be happy to help you or answer your questions.

How Does Molina Work with Your Doctor to Keep You Healthy?

Your PCP treats you when you are sick, gives you care to keep you well, and prevents you from becoming ill. If you need to go to a hospital, Molina Healthcare will work with your PCP to make sure you get the proper care. When your doctor and Molina Healthcare work together in this way, it is called "Utilization Management." If you need care that can't be given by your doctor, your doctor will refer you to a specialist. We will help your doctor find the right kind of specialist for you.

Your PCP is the doctor who treats you when you need medical care. Think of your PCP's office as your ***"medical home."***

When you need Medical care, contact your PCP unless it is an emergency. If you are experiencing an emergency, dial 911. You also don't need to get a prior authorization from your PCP for a visit to Family Planning Services.

Senior and Disability Access Services

Physical Access is critical. You need to make sure you can get in and around in your doctor's office. We have done a site review on many of your doctor's offices to check accessibility. You will find the words "Basic Access" and "Limited Access" after many of the doctors listed in this directory. Below will explain what Basic and Limited Access means:

Basic Access: Office meets all accessible parking, building, elevator, office, exam room and restroom criteria based on scores of the last site access review.

Limited Access: Office meets some accessible parking, building, elevator, office, exam room and restroom criteria based on scores of the last site access review.

You will also see the following accessibility symbols after many providers in our network: P, EB, IB, W, R, E, T, S. Below will explain what each code means. This data was based on the last site access review. **Please call your provider office to make sure your access needs will be met.**

P=PARKING: There is accessible parking (including Van Accessible). Pathways have ramps and curb cutouts between the parking lot, office and at drop off locations.

EB=EXTERIOR BUILDING: There is an accessible entrance to the building. Curb and other ramps to the building are wide enough for a wheelchair or scooter user. Handrails are provided on ramps longer than six feet. Doorways open wide enough for a wheelchair or scooter user. Door handles are easy to use.

IB=INTERIOR BUILDING: Interior doors open wide enough for a wheelchair or scooter user. Door handles are easy to use. Elevators, stairs and ramps have handrails and are easy to use. The elevator is available for use at all times the building is in use. The elevator has easy to hear sounds and Braille buttons within reach. The elevator has enough room for a wheelchair or scooter to turn around. If there is a platform lift, it can be used without help.

W=WAITING/RECEPTION: The reception and waiting areas have enough room for a wheelchair or scooter user to turn around.

R=RESTROOM: Restroom doors are wide enough for a wheelchair or scooter user and are easy to open. The restroom has enough room for a wheelchair or scooter user to turn around and close the door. There are grab bars on the wall around the toilet. The sink, faucets, soap, and toilet paper are easy to reach and use.

E=EXAM ROOM: The exam room door opens wide enough for a wheelchair or scooter and has a clear path. There is enough room for a wheelchair or scooter user to turn around.

T=EXAM TABLE: The exam table moves up and down to make it easy to get on and off.

S=WHEELCHAIR WEIGHT SCALE: There is a scale with handrails large enough for a wheelchair or scooter user to be weighed.
