COVID-19 Testing

There is no cost for you to get tested for COVID-19. Testing for COVID-19 helps identify, contain and decrease the spread of illness. Testing is available for people with or without symptoms.

Where can I get tested for COVID-19?

COVID-19 Vaccination

There is no cost for you to get a COVID-19 vaccine. The vaccines are safe and effective, and can help prevent serious illness, hospitalization and death from COVID-19.

Where can I get vaccinated for COVID-19?
The Ohio Department of Health (ODH) has developed a search tool for Ohioans to use to find a vaccine provider. The directory is searchable by county and ZIP code, and displays providers currently receiving shipments of COVID-19 vaccines. You can get information and vaccination locations at https://vaccine.coronavirus.ohio.gov/ or by calling the Ohio Department of Health toll-free at (833) 427-5634.

Your MCP can assist you in finding a testing or vaccination location in your community. They also can help with scheduling and transportation to the appointment. Contact your plan at MolinaHealthcare.com or by phone at (800) 642-4168 (TTY 711). Call Monday to Friday, 7 a.m. to 8 p.m.
