

# Shamika's journey:

Supporting independence that travels far

Recently, My Choice Wisconsin Family Care member Shamika was able to take the trip of a lifetime to Trinidad and Tobago. Through coordinated supports, she was able to connect with her roots, soak up the sunshine, and truly have the time of her life!

A My Choice Wisconsin member since 2018, Shamika lives with her mom and grandmother and is deeply connected to her community. She works at Stellar Services with support from MARC Stoughton and is known by everyone who knows her as incredibly sweet, fun, and full of positive energy.

Through personalized supports—like rides to and from work, job coaching, day services,

and help with daily routines—Shamika is able to live an active, meaningful life. She also loves being part of Special Olympics and never misses a chance to join in on MARC celebrations, where her joy truly shines.

**Shamika's story is a beautiful reminder that with the right support, people can thrive—at home, at work, and even while traveling the world.**

At Molina, we're proud to support members like Shamika as they live fulfilling, independent lives and create moments that matter.

The My Choice Wisconsin care team helped coordinate supports so Family Care member Shamika could visit her mother's family in Trinidad and Tobago.
