

2026 | Formulary (List of Covered Drugs) Formulario (Lista de Medicinas Cubiertas)

Molina Healthcare of California Marketplace

Notice:

The information in this document is current as of October 1, 2026.

The formulary is subject to change and all previous versions of the formulary are no longer in effect. An electronic version of the formulary can be found at MolinaHealthcare.com.

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Search Drugs tool.

Aviso:

La información de este documento está vigente a partir del 1 de octubre de 2026.

El formulario está sujeto a cambio y todas las versiones anteriores del mismo ya no se encuentran en vigor. Puede encontrar una versión electrónica del formulario en MolinaHealthcare.com.

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando su información de receta y farmacia en la herramienta Búsqueda de Medicinas.

Effective January 1, 2021
En vigor desde el 1.º de enero del 2021

Notice on Drug Company Cost Sharing Assistance

Cost Sharing paid with drug company support will not apply toward any Deductible or yearly Out-of-Pocket Maximum under your plan. Drug company support means discount cards, coupons, gift cards, cash or other financial help you get from the company or a sponsored program for the purpose of buying a company's drugs.

Aviso sobre la Asistencia de Costos Compartidos de la Empresa Farmacéutica

Los costos compartidos que se pagan con el apoyo de la empresa farmacéutica no se aplicarán a ningún Deducible o Máximo de Gastos de su Bolsillo de su plan cada año. El apoyo de la empresa farmacéutica corresponde a tarjetas de descuento, cupones, tarjetas regalo, dinero en efectivo u otra ayuda económica que usted reciba de dicha empresa o de un programa patrocinado con el propósito de comprar los medicamentos de una empresa.

Contraceptive Coverage Summary

Your plan covers birth control services, prescription drugs, and over-the-counter (OTC) products with \$0 member cost sharing. Plan pharmacy network and formulary rules apply. The drug list shows which birth control products are covered. The drug list covers many types of birth control products, including: Barrier products (condoms, caps, and diaphragms), birth control pills (prescription and OTC), patches, vaginal rings, intrauterine devices, injections and injected devices, and emergency birth control or “morning after” pills (prescription and OTC).

We cover up to a 12-month supply of birth control medication at a time. There are no requirements to try other drugs first or to get plan approval for any birth control products on the drug list. There are no quantity limits against continuous birth control. You can switch birth control methods any time you need to. Under state rules, qualified pharmacists can dispense drug list birth control products to you using your pharmacy benefit without a doctor’s prescription.

If you have tried to use your drug benefit at a pharmacy, but had to pay for birth control that is on the drug list, you can submit a refund request with your receipt, the pharmacy information, and a “Prescription Reimbursement Claim Form”. This form is on MolinaHealthcare.com under Individual and Family, Member Resources, “Forms and Documents”. Please note, if you choose to pay for OTC birth control directly instead of using your drug benefit at an in-network pharmacy, Molina will reimburse a qualifying claim request up to the amount we pay network pharmacies for the same formulary product. You can find network pharmacies at MolinaHealthcare.com by using the “Find a Pharmacy” tool under Individual and Family, and Member Resources.

Resumen de cobertura de métodos anticonceptivos

Su plan cubre servicios anticonceptivos, medicamentos recetados y productos de venta libre (OTC) con \$0 de costo compartido para miembros. Se aplican las reglas del formulario y de la red de farmacias del plan. La lista de medicamentos muestra qué productos anticonceptivos están cubiertos. La lista de medicamentos cubre muchos tipos de productos anticonceptivos, entre los que se encuentran: Productos de barrera (condones, capuchones y diafragmas), píldoras anticonceptivas (con receta y OTC), parches, anillos vaginales, dispositivos intrauterinos, inyecciones y dispositivos inyectables y píldoras anticonceptivas de emergencia o “del día después” (con receta y OTC).

Cubrimos un suministro de medicamentos anticonceptivos para hasta 12 meses a la vez. No hay requisitos para probar otros medicamentos primero ni para obtener la aprobación del plan para ningún producto anticonceptivo de la lista de medicamentos. No existen límites de cantidad para el control de la natalidad de manera continua. Puede cambiar de método anticonceptivo en cualquier momento que lo necesite. Según las reglas estatales, los farmacéuticos calificados pueden dispensarle productos anticonceptivos de la lista de medicamentos mediante su beneficio de farmacia sin receta médica.

Si intentó utilizar su beneficio de medicamentos en una farmacia, pero tuvo que pagar por un método anticonceptivo que está en la lista de medicamentos, puede enviar una solicitud de reembolso con su recibo, la información de la farmacia y un “Formulario de reclamación de reembolso de medicamentos”. Este formulario se encuentra en MolinaHealthcare.com en la sección para miembros “Forms and Documents” (Formularios y documentos). Tenga en cuenta que si elige pagar los anticonceptivos OTC directamente en vez de utilizar su beneficio de medicamentos en una farmacia de la red, Molina reembolsará una solicitud de reclamación calificada hasta el monto que pagamos a las farmacias de la red por el mismo producto del formulario. Puede encontrar farmacias de la red en MolinaHealthcare.com utilizando la herramienta “Find a Pharmacy” (Buscar una farmacia) en la lista desplegable para miembros.

Drug Formulary and Guide

Molina Healthcare Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. Smaller updates are also made every 3 months. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are on the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Changes are made to the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Molina will provide at least 60 days' notice ahead of these types of formulary updates:

- Moving the drug to a higher drug list tier, moving the drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for the formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug

If the drug has been found to be unsafe by the US Federal Food and Drug Administration (FDA) or is taken off the market for other reasons, we may remove it from the drug list quickly and without standard notice. Your plan's most current drug list is on our website MolinaHealthcare.com. A notice of all changes is included in the drug list document with each update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions:

- Can my prescription be filled at a retail pharmacy?
- Where can I see the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

You may also call us and ask specific coverage questions about a drug. Call toll-free **1 (888) 858-2150**, Monday through Friday, **8:00 a.m. through 6:00 p.m.** If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement (“Evidence of Coverage”) for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Definitions

“Brand name drug” is a drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

“Coinsurance” is a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Copayment” is a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Deductible” is the amount an enrollee pays for covered health care benefits before the enrollee’s health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

“Dosage form” is the physical form in which a prescription drug is produced and dispensed, such as a tablet, a capsule, or an injectable.

“Drug Tier” is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan’s prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this this formulary template shall also include subscriber as defined in this section below.

“Exception request” is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee’s condition.

“Exigent circumstances” are when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

“Formulary” is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

“Generic drug” is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

“Nonformulary drug” is a prescription drug that is not listed on the health plan’s formulary.

“Out-of-pocket costs” are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

“Prescribing provider” is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

“Prescription” is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

“Prescription drug” is a drug that is prescribed by the enrollee’s prescribing provider and requires a prescription under applicable law.

“Prior Authorization” is a health plan’s requirement that the enrollee or the enrollee’s prescribing provider obtain the health plan’s authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

“Step therapy” is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee’s medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee’s prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

“Subscriber” means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

Using the Drug Formulary and Guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (warfarin sodium)	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 1	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "**generic name**" for the branded drug will follow in parentheses and in all **bold and italicized lowercase** letters. When the generic form of the drug is covered, it is listed separately by its **generic name(s)** in all **bold and italicized lowercase** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its **generic name** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, in general the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing
Tier 2	Non-Preferred Generic drugs and Preferred Brand Name drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions
Tier 4	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a pharmacy in the Specialty Pharmacy Network. Some Specialty Drugs are only sold by certain pharmacies the drug company has chosen (“Limited Distribution”)
PREV	Preventative drugs, family planning drugs and devices (ie, contraception), and other drugs with \$0 cost sharing
DME	Durable Medical Equipment; Cost sharing follows the medical benefit cost sharing for DME for the non-drug product on the drug list

Following sections 1367.002, 1367.25, and 1367.51 of the Health and Safety Code:

- Your plan covers nationally recognized preventative service drugs and dosage forms (PREV) with \$0 cost sharing when prescribed for you to use in line with those recommendations.
- Your plan covers a variety of drug, device, and over-the-counter products for family planning (ie, contraception) under the prescription drug benefit, with \$0 cost sharing (PREV).
- Your plan covers treatment and testing for diabetes including insulin, glucagon, medically necessary devices and supplies on the DME tier, and other prescription drugs.

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay Tier 3 cost sharing for Non-specialty drugs or Tier 4 cost sharing for Specialty drugs. Please see your plan agreement for more details on cost sharing for formulary exceptions.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that applies.

- There are limits on your cost sharing for anticancer drugs taken by mouth.
- You have no cost sharing for mifepristone and misoprostol when prescribed to stop an early pregnancy.
- There are limits on your cost sharing for insulin. The limit \$35 applies per insulin drug, per 30-day supply. The limit does not apply to products that contain other drugs besides insulin.

How do deductible and out-of-pocket maximums work?

Understanding how plan deductible and out-of-pocket maximums work can help you understand why some of your covered drugs and services have higher member pay amounts at the beginning of the year than the rest of the year. Online tools are available in the member portal to help you track your member pay balances.

A deductible is the total out-of-pocket amount members pay for covered benefits before the plan starts paying for those benefits. After the deductible is met, the member pay amount becomes a defined cost sharing rate, either a flat dollar copay amount or a percent coinsurance.

- Your plan design information shows which benefits have a deductible requirement and which do not. The information shows what the cost sharing rate is for a given benefit “after deductible” if deductible applies.
- It is important to know if your plan has a combined deductible shared between all benefits, or if it has separate deductibles for the medical and pharmacy benefits.
- Only out-of-pocket amounts you pay as deductible will be counted towards the deductible. This means amounts you pay in cost sharing for benefits that do not have a deductible requirement are not counted towards the deductible. However, all amounts you pay towards your deductible are also counted towards your out-of-pocket maximums. Drug company patient assistance is not counted as true member out of pocket or deductible unless required by state or federal rules.

An out-of-pocket maximum is a limit on the total member pay amounts you and your covered family members pay for all drugs and services covered by the plan during the plan year. If the totals you pay during the plan year reach the out-of-pocket maximum and stay there, no more member pay will be due for drugs and services covered by the benefit after that point, for the remainder of the plan year or coverage period.

- The out-of-pocket maximum counts the total member pay amounts you have paid for drugs and services covered under the pharmacy and medical benefits.
- There is an individual out-of-pocket maximum for each person covered by your plan.
- There is a family out-of-pocket maximum if two or more family members are covered by the same plan. If the family out-of-pocket maximum is reached, there will be no further member pay due for drugs and services covered by the plan after that point for any of the covered family members.

Some events can affect if your deductible and out-of-pocket maximum balances have reached the limits and stay there.

- If you change plans during the plan year, you may have a different deductible and out-of-pocket maximum.
- Claim activities on both the pharmacy and medical benefit channels can affect your balances.
- Depending on timing, balances may include member pay amounts due that you are about to pay on recent medical and pharmacy claims.
- Drug company patient assistance is not counted as true member out of pocket or deductible unless required by state or federal rules.

Online tools for your balances reflect the total member pay amounts due on all claims that have processed through the benefit to the present time. Be mindful of drugs ready at the pharmacy and any member pay amounts due on them when reviewing your balances.

Deductible and out-of-pocket maximums apply to the coverage period in the plan year you received covered drugs and services that had member pay amounts due. The balances paid towards deductible and out-of-pocket maximums start over each new plan year and coverage period. Insurance premiums are not counted as out of pocket for the purposes of deductible and out-of-pocket maximum balances. You must continue to pay the insurance premium to have coverage.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Drug Search Tool" at [MolinaHealthcare.com](https://www.MolinaHealthcare.com). This tool will provide an estimate of your cost for formulary drugs. You can also access the tool by downloading the Molina app to your mobile device or creating a profile at [Caremark.com](https://www.Caremark.com). When using the tool on the app or at [Caremark.com](https://www.Caremark.com) the tool will consider the total cost sharing you have already paid towards meeting your plan design limits like deductible and out of pocket maximum.

Finding a pharmacy to fill a prescription

Pharmacy Network

Molina has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaHealthcare.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Specialty Pharmacy

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on Tier 4 on the formulary. Prescribers may submit Prior Authorization requests directly to Molina. Once coverage is approved, specialty medications may be dispensed through an in-network specialty pharmacy, as required by the member's benefit. Depending on the medication and pharmacy's services, members may have the option to receive the medication by mail or arrange pickup at an authorized pharmacy location. For assistance identifying an in-network specialty pharmacy or available delivery options, members may contact Member Services.

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Your plan's network also offers 90-day fill at network retail pharmacies. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet the enrollee's needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

Molina Healthcare has selected CVS Caremark as the Pharmacy Benefit Management (PBM) Company to manage the prescription benefit for Molina enrollees.

Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425. Membership, cost sharing, prescription drug benefit information and eligibility concerns may be addressed by calling the Molina Customer Support Center at 1 (888) 858-2150. Member Services is available Monday through Friday 8:00 a.m. to 6:00 p.m. Pacific Time. Provider-related questions may be addressed by calling the Molina Provider Services Help Desk at 1 (855) 322-4075 Monday through Friday 8:30 a.m. – 5:00 p.m. Pacific Time.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization may be obtained from Molina. (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. Molina will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark Help Desk at 1 (888) 407-6425 to obtain an override for a 72-hour supply.

Pharmacies may call Molina at 1 (855) 322-4075 on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the "Proration and Synchronization" section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. This may be true for Specialty Drugs used to treat long term or other rare conditions. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to **Molina at 1 (866) 508-6445**. The clinical policies and forms are on our website MolinaHealthcare.com. The form may be obtained on MolinaHealthcare.com at the provider forms and documents page. The form must be completed and include all medical information. Otherwise, it will not be accepted. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, the request can be considered under Standard or Exigent Circumstances.

- A request is considered an Exigent Circumstance if any of the following apply:
 - You are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function
 - You are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision
 - You are undergoing current treatment using a nonformulary drug. Trials of pharmaceutical samples from your doctor or a manufacturer will not be considered as current treatment
- Supporting information is required to justify the urgency of the request
- Any request that is not considered an Exigent Circumstance is considered a Standard Exception request

You and/or your provider will be notified of our decision, made no later than:

- 24 hours following receipt of request with Exigent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If a determination is not made within these timeframes, the request will automatically be approved.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Following 1367.22 of the Health and Safety Code, if a drug request is approved, it will continue to be covered for the length of the prescription, including refills. Molina will not limit or exclude coverage for a drug if we previously approved it for your condition and your provider continues to prescribe it, as long as the drug is appropriately prescribed and continues to be safe and effective.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

Molina has a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. Your doctor may order a drug that is not on the formulary but that he or she believes is best for you. You may be taking a drug that is no longer on the new plan year's drug list. Pharmacy systems may require you to try certain drugs before others are covered ("Step Therapy"). Your doctor may send Molina a formulary exception request using the Prior Authorization process above.

Molina will grant an exception for a nonformulary drug or step therapy requirement if its reviewers determine the supporting information shows any of the following:

- The member has a medical contraindication to formulary or required drug(s)
- The required drug(s) will likely cause a clinically predictable adverse reaction if taken by the member
- The required drug is expected to be ineffective based on the member's documented clinical characteristics
- The member has tried the required drug, a related drug, or a drug that works in a similar way, and discontinued it due to lack of effectiveness, loss of effect, or adverse event
- The member is established on the drug as a current treatment from previous insurance coverage. If the established drug is a brand drug and we cover the generic or interchangeable biological product, an exception may be given if switching to the required drug will likely cause clinically predictable adverse reactions or harm
- The supporting medical information clearly shows formulary or required drugs are not in the member's best interest, because they are likely to:
 - Present a barrier to treatment plan adherence, or
 - Negatively impact a member's comorbid condition, or
 - Cause a clinically predictable negative drug interaction, or
 - Decrease the member's ability to achieve or maintain reasonable functional ability in performing daily activities

Review timeframes and conditions are found in the "Prior Authorization" section of this guide. If the request is approved, Molina will send a letter to your doctor. If the request is not approved, we will send a letter to you with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Following 1300.67.24 of the Health and Safety Code, we cannot require you to repeat step therapy on a formulary drug if you changed insurance plans and are continuing a drug that is now subject to step therapy requirements under your

Molina plan. Your provider will have to notify us with an exception request so we can know you are continuing to take the drug from before, it is appropriately prescribed, and it is safe and effective for your condition.

Are there any drugs or other products that are not covered at all?

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your Agreement (“Evidence of Coverage”) titled “Non-Covered Drugs” and “Exclusions”.

Complaints and Appeals

You may file a grievance or complaint by contacting the Molina Customer Support Center at (888) 858-2150. If Molina denies your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers “Complaints and Appeals”. A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaHealthcare.com.

Notice

Legend

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MAIL	Drug is eligible for Mail Order and other 90-day fill programs at participating retail pharmacies. It is your choice if you want to use Mail Order programs. There is no discount to cost sharing for using 90-day fill programs.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
ONC	Abbreviation for "Oncology" or cancer specialty. Drugs taken by mouth to treat cancer have monthly Cost Sharing limits under your plan.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

Formulario y guía de medicamentos

Formulario de medicamentos de Molina Healthcare (Lista de medicamentos)

Su plan tiene una lista de medicamentos con cobertura. Esta se denomina Formulario de medicamentos. El formulario cambia de un año del plan a otro. También se realizan actualizaciones menores cada tres meses. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que se incluyen en el formulario. Revisan los nuevos medicamentos y los cambios en la atención médica. Tratan de encontrar los medicamentos más eficaces para tratar diferentes afecciones. Se realizan cambios en el formulario de medicamentos por diferentes motivos. Los motivos pueden incluir lo siguiente:

- Cambios en la práctica médica.
- Se dispone de medicamentos nuevos.
- Los medicamentos genéricos nuevos están disponibles y toman el lugar de los medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Molina avisará con al menos 60 días de anticipación sobre este tipo de actualizaciones del formulario:

- Cambiar el medicamento a un nivel superior de la lista de medicamentos; cambiar el estado del medicamento de preferido a no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un mayor costo compartido para los miembros por el medicamento del formulario.
- Quitar un medicamento del formulario.
- Agregar un requisito de autorización previa al medicamento del formulario.
- Agregar o actualizar el límite de cantidad del medicamento.
- Agregar un requisito de tratamiento escalonado al medicamento.

Si la Administración Federal de Alimentos y Medicamentos (FDA) de los EE. UU. ha determinado que el medicamento no es seguro o se retira del mercado por otros motivos, podemos eliminarlo de la lista de medicamentos rápidamente y sin aviso previo estándar. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web MolinaHealthcare.com. Se incluye un aviso de todos los cambios en el documento de la lista de medicamentos con cada actualización.

¿La lista de medicamentos incluye los medicamentos inyectables con los que un proveedor me trata en una clínica u otro lugar?

En general, los medicamentos que aparecen en la lista de medicamentos son aquellos que su proveedor le receta para que usted los obtenga en una farmacia y se los dé a sí mismo. La mayoría de los medicamentos inyectables cuya administración requiere la ayuda de un proveedor están cubiertos en virtud del beneficio médico, en lugar del beneficio de medicamentos recetados (“de farmacia”). Su proveedor tiene instrucciones de nuestra parte sobre cómo obtener aprobación para los medicamentos que compra y le provee. Se pueden aprobar algunos medicamentos inyectables en una farmacia usando el beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre los medicamentos.

Esta guía contiene mucha información como respuesta a las preguntas comunes:

- ¿Se puede surtir mi receta en una farmacia minorista?
- ¿Dónde puedo ver el monto en dólares del costo compartido de mi receta?

- ¿Cuál es el proceso para solicitar un medicamento con requisito de autorización previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o que tiene requisitos de tratamiento escalonado?
- ¿Mi medicamento está cubierto por el beneficio de medicamentos recetados o por el beneficio médico?

También puede llamarnos y hacernos preguntas específicas sobre la cobertura de un medicamento. Llame a la línea gratuita al **1 (888) 858-2150**, de lunes a viernes, de **8:00 a.m. a 6:00 p.m.** Si es sordo o tiene problemas de audición, llame al 711 para comunicarse con el Servicio de Telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan (“Evidencia de Cobertura”) para obtener información sobre cobertura de anticonceptivos, exclusiones de beneficios, servicios de hospicio y más.

Si hay un medicamento en el formulario, ¿me lo recetarán?

El hecho de que un medicamento esté en el formulario no garantiza que su médico se lo recete. Esta guía les permite a usted y a su médico saber qué medicamentos recetados están cubiertos por su plan. Los medicamentos que no están en esta lista pueden no estar cubiertos por su plan y tener un mayor costo para usted. Puede solicitar la cobertura de los medicamentos que no están en el formulario. Las solicitudes de medicamentos que no están en el formulario se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones del formulario o se cumplan otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Definiciones

Un “afiliado” es una persona inscrita en un plan médico que tiene derecho a recibir servicios del plan. Todas las referencias a los afiliados en esta plantilla de formulario también incluirán al suscriptor, según se define en esta sección a continuación.

La “autorización previa” es el requisito del plan médico de que el afiliado o su proveedor emisor de recetas obtenga la autorización del plan médico para un medicamento recetado antes de que el plan médico lo cubra. El plan médico otorgará una autorización previa cuando sea médicamente necesario que el afiliado obtenga el medicamento.

Las “circunstancias urgentes” son cuando un afiliado tiene una afección médica que podría poner en grave riesgo su vida, salud o su capacidad de recuperar una función en su totalidad, o cuando un afiliado esté recibiendo un tratamiento actual con un medicamento no incluido en el formulario.

Un “copago” es un monto fijo en dólares que paga un afiliado por un beneficio de atención médica cubierto después de haber pagado el deducible, si se aplica un deducible al beneficio de atención médica, como el beneficio de medicamentos recetados.

Un “coseguro” es un porcentaje del costo de un beneficio de atención médica cubierto que un afiliado paga después de haber pagado el deducible, si se aplica un deducible al beneficio de atención médica, como el beneficio de medicamentos recetados.

Los “costos de bolsillo” son los copagos, el coseguro y el deducible correspondiente, más todos los costos de servicios de atención médica que no están cubiertos por el plan médico.

Un “deducible” es el monto que un afiliado paga por los beneficios de atención médica cubiertos antes de que su plan de salud comience a pagar la totalidad o parte del costo del beneficio de atención médica en virtud de los términos de la póliza.

La “forma farmacéutica” es la forma física en la que se produce y dispensa un medicamento recetado, como un comprimido, una cápsula o un inyectable.

El “formulario” es la lista completa de medicamentos de uso preferido y elegibles para la cobertura en virtud de un producto del plan médico, e incluye todos los medicamentos cubiertos en virtud del beneficio de medicamentos recetados para pacientes ambulatorios del producto del plan médico. El formulario también se conoce como lista de medicamentos recetados.

Un “medicamento de marca” es un medicamento que se comercializa con un nombre patentado y protegido por una marca registrada. El medicamento de marca debe figurar todo en MAYÚSCULAS.

Un “medicamento genérico” es el mismo equivalente que su medicamento de marca en cuanto a dosificación, seguridad, concentración, forma de tomarlo, calidad, rendimiento y uso previsto. Un medicamento genérico figura en negrita y en cursiva, en minúsculas.

Un “medicamento no incluido en el formulario” es un medicamento recetado que no figura en el formulario del plan médico.

Un “medicamento recetado” es un medicamento recetado por el proveedor emisor de recetas del afiliado y que requiere una receta en virtud de la ley correspondiente.

El “nivel de medicamento” es un grupo de medicamentos recetados que corresponde a un nivel de costo compartido especificado en la cobertura de medicamentos recetados del plan médico. El nivel en el que se coloca un medicamento recetado determina la parte del costo del medicamento que le corresponde al afiliado.

El “proveedor emisor de recetas” es un proveedor de atención médica autorizado a emitir una receta para tratar una afección médica para un afiliado del plan de salud.

Una “receta” es una orden oral, escrita o electrónica de un proveedor emisor de recetas para un afiliado específico, que contiene el nombre del medicamento recetado, la cantidad del medicamento recetado, la fecha de emisión, el nombre y la información de contacto del proveedor que receta, la firma del proveedor que receta si la receta es por escrito y, si el afiliado lo solicita, la afección médica o el propósito para el cual se receta el medicamento.

Una “solicitud de excepción” es una solicitud de cobertura de un medicamento recetado. Si un afiliado, la persona designada por este o el proveedor de atención médica emisor de recetas presenta una solicitud de excepción para la cobertura de un medicamento recetado, el plan médico debe cubrir el medicamento recetado cuando se determine que es médicamente necesario para tratar la afección del afiliado.

“Suscriptor” se refiere a la persona que es responsable de pagarle a un plan o cuyo empleo u otra condición, con excepción de la dependencia familiar, es la base de la elegibilidad para la membresía del plan.

El “tratamiento escalonado” es un proceso que especifica la secuencia en la que se recetan diferentes medicamentos recetados para una afección médica determinada y médicamente apropiados para un paciente en particular. El plan médico puede requerir que el afiliado pruebe uno o más medicamentos para tratar su afección médica antes de que el plan médico cubra un medicamento en particular para la afección conforme a una solicitud de tratamiento escalonado. Si el proveedor emisor de recetas del afiliado presenta una solicitud de excepción de tratamiento escalonado, los planes médicos harán excepciones al tratamiento escalonado cuando se cumplan los criterios.

Cómo usar el formulario y la guía de medicamentos

¿Cómo encuentro un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica mediante la clasificación del Servicio del Formulario de Medicamentos del Hospital Estadounidense (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan en orden alfabético. Si no conoce la categoría o la clase del medicamento que está buscando, hay dos maneras de buscar por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda en PDF presionando Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que busca en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el Índice que se encuentra al final de esta guía.

Las entradas de los medicamentos de la lista contienen el nombre del medicamento, el nivel y otros detalles de cobertura de todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede ser diferente a este ejemplo).

Nombre del medicamento	Nivel del medicamento	Requisitos/límites
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos utiliza nombres de marcas registradas y nombres públicos o “genéricos” para mostrar qué forma del medicamento tiene cobertura. También hay nombres de marcas registradas utilizados por determinados medicamentos genéricos. La manera en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si lo que tiene cobertura es la forma de la marca, la forma genérica o la forma genérica de la marca registrada. El ejemplo anterior muestra las formas de marca, genéricas y genéricas de marca registrada del medicamento “warfarina sódica”.

Cuando se cubre la forma de la marca de un medicamento, el nombre del medicamento aparecerá en letras MAYÚSCULAS como NOMBRE DE LA MARCA. El nombre público o “***nombre genérico***” del medicamento de marca aparecerá a continuación entre paréntesis y en letras ***minúsculas en negrita y cursiva***. Cuando está cubierta la forma genérica del medicamento, aparece en la lista por separado según su(s) ***nombre(s) genérico(s)*** en letras ***minúsculas en negrita y cursiva***. Un medicamento genérico cubierto en la forma genérica de marca registrada aparecerá en la lista por separado por su ***nombre genérico*** seguido del nombre de marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de la marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y ***warfarina sódica*** figuran por

separado para mostrar que tanto la forma de la marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de la marca registrada (Jantoven). Pueden aplicarse diferentes niveles de medicamentos y requisitos/límites para una forma de marca registrada frente a una forma genérica de un medicamento si aparecen varias formas de medicamentos como cubiertas en la lista de medicamentos real.

¿Qué son los niveles de medicamentos y cómo afectan mi parte del costo del medicamento?

Colocamos los medicamentos en diferentes niveles en función de lo bien que mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene los siguientes niveles. Para los Niveles 1 a 4, en general, cuanto más bajo sea el Nivel del medicamento, menor será su parte del costo.

A continuación, le mostramos más detalles sobre qué medicamentos se encuentran en qué niveles.

Nivel del medicamento	Descripción
Tier 1	Medicamentos genéricos preferidos y medicamentos de marca de bajo costo; costos compartidos más bajos para los afiliados
Tier 2	Medicamentos genéricos no preferidos y medicamentos de marca preferidos; costos compartidos más altos que el Nivel 1
Tier 3	Medicamentos no preferidos, de marca y genéricos; costos compartidos más elevados que los medicamentos de niveles inferiores usados para tratar las mismas afecciones
Tier 4	Medicamentos especializados, tanto de marca como genéricos; costos compartidos más elevados que los medicamentos de niveles inferiores usados para tratar las mismas afecciones, si están disponibles La mayoría de los medicamentos especializados cubiertos en su plan estarán disponibles a través de una farmacia de la red de farmacias especializadas. Algunos medicamentos especializados solo se venden en determinadas farmacias que la compañía farmacéutica ha elegido (“distribución limitada”)
PREV	Medicamentos preventivos, medicamentos y dispositivos para la planificación familiar (es decir, anticoncepción) y otros medicamentos con un costo compartido de \$0
DME	Equipo médico duradero; el costo compartido corresponde al costo compartido del beneficio médico para el DME para el producto no farmacológico de la lista de medicamentos

Según las secciones 1367.002, 1367.25 y 1367.51 del Código de Salud y Seguridad, tenga en cuenta lo siguiente:

- Su plan cubre medicamentos para servicios preventivos y formas farmacéuticas reconocidos a nivel nacional (PREV) con un costo compartido de \$0 cuando se recetan para que los use de acuerdo con esas recomendaciones.
- Su plan cubre una variedad de medicamentos, dispositivos y productos de venta libre para la planificación familiar (es decir, anticoncepción) en virtud del beneficio de medicamentos recetados, con un costo compartido de \$0 (PREV).
- Su plan cubre el tratamiento y las pruebas para la diabetes, incluidos la insulina, el glucagón, los dispositivos y suministros médicamente necesarios en el nivel de DME y otros medicamentos recetados.

Cuando la cobertura de medicamentos no incluidos en el formulario se aprueba en virtud de una excepción al formulario, los afiliados pagan el costo compartido del Tier 3 para los medicamentos no especializados o el costo

compartido del Tier 4 para los medicamentos especializados. Consulte el acuerdo del plan para obtener más información sobre los costos compartidos en el caso de las excepciones al formulario.

Determinados tipos de medicamentos que cubre su plan tienen límites de costos compartidos cada vez que los surte. Si su estado tiene límites específicos, los costos compartidos serán el menor de los costos compartidos del diseño de su plan o cualquier límite que se aplique.

- Hay límites en el costo compartido de los medicamentos contra el cáncer que se administran por vía oral.
- No existen costos compartidos para la mifepristona y el misoprostol cuando se recetan para detener un embarazo en etapa inicial.

¿Cómo funcionan los deducibles y los máximos de gastos de bolsillo?

Comprender cómo funcionan los deducibles y los gastos máximos de bolsillo del plan puede ayudarlo a entender por qué algunos de sus medicamentos y servicios cubiertos tienen montos de pago para los miembros más altos al comienzo del año que durante el resto del año. En el portal para miembros, hay herramientas en línea disponibles para ayudarlo a hacer un seguimiento de sus saldos de pago de miembro.

Un deducible es el monto total de bolsillo que los miembros pagan por los beneficios cubiertos antes de que el plan comience a pagar por esos beneficios. Una vez que se alcanza el deducible, el monto que paga el miembro se convierte en una tasa de costo compartido definida, ya sea un monto fijo de copago en dólares o un porcentaje de coseguro.

- La información de diseño de su plan indica qué beneficios tienen un requisito de deducible y cuáles no. La información muestra cuál es la tasa de costo compartido para un beneficio determinado “después del deducible”, si se aplica el deducible.
- Es importante saber si su plan tiene un deducible combinado compartido entre todos los beneficios o si tiene deducibles separados para los beneficios médicos y de farmacia.
- Solo los montos de bolsillo que usted pague como deducible se contarán para el deducible. Esto significa que los montos que usted paga en costos compartidos por beneficios que no tienen el requisito de deducible no se cuentan para el deducible. Sin embargo, todos los montos que usted paga por su deducible también se cuentan para sus gastos máximos de bolsillo. La asistencia para el paciente de la compañía farmacéutica no se cuenta como deducible o gasto de bolsillo verdadero para el miembro, a menos que lo exijan las reglas estatales o federales.

Un gasto máximo de bolsillo es un límite en el total de los montos de pago de miembro que usted y sus familiares con cobertura pagan por todos los medicamentos y servicios cubiertos por el plan durante el año del plan. Si los totales que usted paga durante el año del plan alcanzan el gasto máximo de bolsillo y permanecen allí, no deberá pagar más como miembro por los medicamentos y servicios cubiertos por el beneficio después de ese momento durante el resto del año del plan o período de cobertura.

- El gasto máximo de bolsillo cuenta el monto total que el miembro ha pagado por los medicamentos y servicios cubiertos en los beneficios médicos y de farmacia.
- Existe un gasto máximo de bolsillo individual para cada persona cubierta por su plan.
- Hay un gasto máximo de bolsillo familiar si dos o más familiares están cubiertos por el mismo plan. Si se alcanza el gasto máximo de bolsillo familiar, no deberá pagar más como miembro por los medicamentos y servicios cubiertos por el plan después de ese momento para ningún familiar con cobertura.

Algunos eventos pueden afectar si su deducible y los saldos de gastos máximos de bolsillo alcanzan los límites y se mantienen allí.

- Si cambia de plan durante el año del plan, es posible que tenga un deducible y un gasto máximo de bolsillo diferentes.

- Las actividades de reclamación tanto en la farmacia como en los canales de beneficios médicos pueden afectar los saldos.
- Según el plazo, los saldos pueden incluir los montos adeudados a pagar por el miembro que usted está por saldar en concepto de reclamaciones médicas y de farmacia recientes.
- La asistencia para el paciente de la compañía farmacéutica no se cuenta como deducible o gasto de bolsillo verdadero para el miembro, a menos que lo exijan las reglas estatales o federales.

Las herramientas en línea para saldos reflejan los montos totales adeudados a pagar por el miembro en todas las reclamaciones que se han procesado a través del beneficio hasta la actualidad. Tenga en cuenta los medicamentos que están listos en la farmacia y cualquier monto a pagar que el miembro adeude por ellos al momento de revisar los saldos.

El deducible y los gastos máximos de bolsillo se aplican al período de cobertura del año del plan en el que usted recibió los medicamentos y servicios cubiertos con montos adeudados a pagar por el miembro. Los saldos pagados en concepto de deducible y gastos máximos de bolsillo se renuevan cada nuevo año del plan y período de cobertura. Las primas de seguros no se cuentan como gastos de bolsillo a los efectos de los saldos de deducible ni de gastos máximos de bolsillo. Debe continuar pagando la prima del seguro para tener cobertura.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los montos de costo compartido de los medicamentos recetados en nuestro folleto Consulte sus beneficios en un vistazo o ingresando la información de los medicamentos en la herramienta “Search Drugs” (Buscar medicamentos) en MolinaHealthcare.com. Esta herramienta le proporcionará un cálculo aproximado del costo por medicamentos del formulario. También puede acceder a la herramienta descargando la aplicación Molina en su dispositivo móvil o creando un perfil en Caremark.com. Al usar la herramienta en la aplicación o en Caremark.com, la herramienta considerará el costo compartido total que ya ha pagado para cumplir con los límites del diseño de su plan, como el deducible y el máximo de gastos de su bolsillo.

Cómo encontrar una farmacia para surtir un medicamento recetado

Red de farmacias

Molina cuenta con redes de farmacias minoristas, por correo y especializadas que pueden procesar y dispensar medicamentos usando su cobertura. Para encontrar una farmacia dentro de la red, utilice la herramienta “Find a Pharmacy” (Encontrar una farmacia) en MolinaHealthcare.com. La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos como el nombre de la tienda, el idioma que se habla o los servicios ofrecidos. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán “suministro para 90 días disponible” en los detalles de los resultados de búsqueda.

Farmacia especializada

Molina cuenta con una red de farmacias especializadas que pueden procesar y dispensar medicamentos especializados. Los medicamentos especializados están ubicados en el Nivel 4 del formulario. Algunos medicamentos tienen una distribución limitada. Distribución limitada significa que el medicamento solo se vende en algunas farmacias. El administrador de beneficios de farmacia de Molina, CVS Caremark, tiene una farmacia especializada que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría de los medicamentos especializados requieren autorización previa antes de que sean cubiertos. Un profesional autorizado para emitir recetas puede presentar una solicitud de autorización previa directamente a Molina o enviar una receta a CVS para comenzar el proceso. Si la entrega por correo del medicamento especializado no es una opción para el afiliado, CVS ofrece

la opción de enviar el medicamento a una farmacia CVS local para que lo recojan. Puede comunicarse con el Centro de Ayuda de CVS Pharmacy llamando al 1 (888) 407-6425.

Farmacia de pedidos por correo

Su plan cuenta con una red de farmacias de pedidos por correo que pueden procesar y dispensar hasta 90 días de suministro de medicamentos elegibles. Estos medicamentos están marcados como “MAIL” (correo) en el formulario.

El administrador de beneficios farmacéuticos de su plan tiene una farmacia de pedidos por correo. Para que las recetas se surtan a través de su servicio, el proveedor o afiliados puede llamar a la línea gratuita de FastStart® al 1 (800) 875-0867, de lunes a viernes, de 7:00 a.m. a 7:00 p.m., o visitar Caremark.com.

La red de su plan también ofrece surtido de 90 días en farmacias minoristas de la red. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán “suministro para 90 días disponible” en los detalles de los resultados de búsqueda.

Los formularios de inscripción para todas las farmacias de pedidos por correo de la red se pueden encontrar en MolinaHealthcare.com en la sección para miembros “Formularios y documentos”.

Farmacia fuera de la red

Si las farmacias dentro de la red no satisfacen las necesidades del afiliado, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisarán las excepciones caso por caso para determinar si son médicamente necesarias.

Procesador de reclamaciones de medicamentos recetados

Molina Healthcare ha seleccionado a CVS Caremark como la compañía de administración de beneficios de farmacia (PBM) para administrar el beneficio de medicamentos recetados para los afiliados de Molina.

Si tiene preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas, puede comunicarse con el Centro de Ayuda de CVS Caremark al 1 (888) 407-6425. Puede abordar las preocupaciones sobre la membresía, los costos compartidos, la información sobre beneficios de medicamentos recetados y la elegibilidad llamando al Centro de Atención al Cliente de Molina al 1 (888) 858-2150. Servicios para Miembros está disponible de lunes a viernes, de 8:00 a. m. a 6:00 p. m., hora del Pacífico. Si tiene preguntas relacionadas con los proveedores, llame al Centro de Ayuda para Proveedores de Molina al 1 (855) 322-4075, de lunes a viernes, de 8:30 a. m. a 5:00 p. m., hora del Pacífico.

Política de medicamentos urgentes y fuera del horario de atención

Para evitar que la afección de un afiliado empeore en una situación urgente, es posible que sea necesario proporcionar un suministro de 72 horas de un medicamento para afecciones agudas antes de obtener la autorización previa de Molina (p. ej., un miembro es dado de alta del hospital después del horario de atención normal con una receta especial de antibióticos).

Las farmacias tienen instrucciones de utilizar su juicio profesional. Molina reembolsará a las farmacias un suministro de 72 horas de un medicamento agudo a tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el Centro de Ayuda de CVS Caremark llamando al 1 (888) 407-6425 para obtener una anulación para un suministro de 72 horas.

Las farmacias pueden llamar a Molina al 1 (855) 322-4075 el siguiente día hábil para obtener una autorización para permitir que la receta urgente o fuera del horario de atención se procese en línea. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se dispensaron medicamentos en estas circunstancias de urgencia.

Plazo, sincronización y prorrateo de resurtidos

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ha pasado el 85% de los días de uso previstos desde la fecha de surtido anterior. Consulte la sección “Prorrateo y sincronización” del acuerdo del plan para conocer los plazos de resurtido específicos para cualquier medicamento. Su farmacia o proveedor puede solicitar que se anulen los límites del plazo de resurtido para sincronizar las fechas de surtido para sus medicamentos comunicándose con el Centro de Ayuda de CVS Caremark® al 1 (888) 407-6425. Si se dispensan suministros para más o menos días para sincronizar sus medicamentos, se prorrateará el costo compartido de esos suministros.

Procedimiento para la autorización previa y la solicitud de excepción

Autorización previa

Los medicamentos que requieren aprobación anticipada para la cobertura se evalúan según las reglas estándares para determinar si son médicamente necesarios. Los proveedores deben demostrar que usted hace un uso médicamente aceptado del medicamento y que otros tratamientos no han funcionado o no son clínicamente adecuados para usted. Pueden aplicarse otros requisitos según el medicamento. Es posible que solicitemos los resultados de determinadas pruebas para demostrar que un medicamento es adecuado para usted. Esto puede ser necesario en el caso de medicamentos especializados usados para tratar afecciones a largo plazo u otras afecciones poco frecuentes. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como razón para eludir las reglas estándares de cobertura.

Su proveedor puede enviar por fax un formulario completo de autorización previa de medicamentos a **Molina al 1 (866) 508-6445**. Las políticas y los formularios clínicos se encuentran en nuestro sitio web MolinaHealthcare.com. Puede obtener el formulario en MolinaHealthcare.com en la página de formularios y documentos del proveedor. El formulario debe completarse e incluir toda la información médica. De lo contrario, no se aceptará. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente.

Si su receta requiere autorización previa o una excepción al formulario, la solicitud puede considerarse en circunstancias normales o urgentes.

- Una solicitud se considera una circunstancia urgente si se aplica cualquiera de las siguientes condiciones:
 - Usted padece una afección médica que puede poner en grave riesgo su vida, su salud o su capacidad para recuperar la función máxima.
 - Tiene dolor intenso no controlado, o la urgencia de su atención requiere una decisión de cobertura rápida.
 - Está recibiendo un tratamiento actual con un medicamento no incluido en el formulario. Los ensayos de muestras farmacéuticas de su médico o un fabricante no se considerarán un tratamiento actual.
- Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Toda solicitud que no se considere una circunstancia urgente se considera una solicitud de excepción estándar.

Usted o su proveedor serán notificados de nuestra decisión, tomada a más tardar en la siguiente fecha:

- 24 horas después de recibir la solicitud con circunstancias urgentes.
- 72 horas después de recibir la solicitud con circunstancias estándares.

Si no se toma una determinación dentro de estos plazos, la solicitud se aprobará automáticamente.

Si se aprueba la solicitud, le enviaremos una carta al profesional autorizado para emitir recetas. Incluiremos por cuánto tiempo se aprueba la solicitud antes de que se requiera una renovación de la autorización. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le informaremos sobre sus derechos para que haga un seguimiento.

De acuerdo con la sección 1367.22 del Código de Salud y Seguridad, si se aprueba una solicitud de medicamento, esta seguirá estando cubierta durante la duración de la receta, incluidos los resurtidos. Molina no limitará ni excluirá la cobertura de un medicamento si previamente lo aprobamos para su afección y su proveedor continúa recetándolo, siempre y cuando el medicamento se recete adecuadamente y continúe siendo seguro y eficaz.

Cómo solicitar una excepción

¿Puedo tener cobertura para un medicamento si no está incluido en el formulario o no cumple con los requisitos del plan, como el tratamiento escalonado?

Molina cuenta con un proceso que le permite solicitar medicamentos clínicamente apropiados que no están en el formulario o que tienen requisitos o límites en virtud de su plan. Es posible que su médico le indique un medicamento que no está en el formulario, pero que cree que es mejor para usted. Es posible que esté tomando un medicamento que ya no está en la lista de medicamentos del nuevo año del plan. Los sistemas de farmacia pueden exigirle que pruebe determinados medicamentos antes de que otros estén cubiertos (“tratamiento escalonado”). Su médico puede enviarle a Molina una solicitud de excepción al formulario usando el proceso de autorización previa que se menciona anteriormente.

Molina otorgará una excepción para un requisito de medicamento no incluido en el formulario o de tratamiento escalonado si sus revisores determinan que la información de respaldo demuestra alguno de los siguientes requisitos:

- El miembro tiene una contraindicación médica para los medicamentos solicitados o del formulario.
- Es probable que los medicamentos solicitados causen una reacción adversa clínicamente predecible si los toma el miembro.
- Se espera que el medicamento solicitado sea ineficaz en función de las características clínicas documentadas del miembro.
- El miembro probó el medicamento solicitado, un medicamento relacionado o un medicamento que funciona de manera similar y lo interrumpió debido a falta de eficacia, pérdida de efecto o evento adverso.
- El miembro ya está usando el medicamento como un tratamiento actual según la cobertura del seguro anterior. Si el medicamento que ya está usando es un medicamento de marca y cubrimos el producto genérico o biológico intercambiable, se puede otorgar una excepción si el cambio al medicamento requerido probablemente causará reacciones adversas o daños clínicamente predecibles.
- La información médica de respaldo muestra claramente que el formulario o los medicamentos solicitados no benefician al miembro porque es probable que hagan lo siguiente:
 - Presentan un obstáculo para el cumplimiento del plan de tratamiento.
 - Tienen un impacto negativo en la afección comórbida del miembro.
 - Causan una interacción medicamentosa negativa clínicamente predecible.
 - Disminuyen la capacidad del miembro para lograr o mantener una capacidad funcional razonable para llevar a cabo las actividades diarias.

Los plazos y condiciones de la revisión se encuentran en la sección “Autorización previa” de esta guía. Si se aprueba la solicitud, Molina le enviará una carta a su médico. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión. Su médico puede solicitar una revisión externa de excepción.

De acuerdo con la sección 1300.67.24 del Código de Salud y Seguridad, no podemos exigirle que repita el tratamiento escalonado con un medicamento del formulario si cambió de plan de seguro y continúa con un medicamento que ahora

está sujeto a los requisitos del tratamiento escalonado en virtud de su plan de Molina. Su proveedor tendrá que notificarnos con una solicitud de excepción para que podamos saber que continúa tomando el medicamento anterior, que está recetado adecuadamente y que es seguro y eficaz para su afección.

¿Hay algún medicamento u otro producto que no esté cubierto?

Los medicamentos no cubiertos u otros productos, como las exclusiones de beneficios, no cuentan con cobertura. No se puede aprobar su cobertura mediante excepción al formulario. Su plan no cubre determinados tipos de medicamentos que figuran como exclusiones de beneficios en la póliza del plan. Para obtener más información, consulte las secciones de su acuerdo (“Evidencia de Cobertura”) tituladas “Medicamentos sin cobertura” y “Exclusiones”.

Reclamos y apelaciones

Puede presentar una queja o un reclamo comunicándose con el Centro de Atención al Cliente de Molina al **1 (888) 858-2150**. Si Molina rechaza su solicitud de medicamento, se incluirá un aviso de derecho a apelar la decisión en el aviso sobre medidas adoptadas. Para obtener más información, consulte la sección de su acuerdo (política) que aborda los “Reclamos y apelaciones”. Puede encontrar una copia del acuerdo, también llamada Evidencia de Cobertura, en MolinaHealthcare.com.

¿Cuáles son los requisitos y límites de la lista de medicamentos?

Es posible que se establezcan límites y requisitos para determinados medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos este medicamento o forma de dosificación para determinados grupos etarios en función de la información sobre la seguridad, eficacia y costo del medicamento.
MAIL	El medicamento es elegible para pedidos por correo y otros programas de surtido para 90 días en las farmacias minoristas participantes. Es su elección si desea utilizar los programas de pedido por correo. No hay descuento en el costo compartido por usar los programas de surtido para 90 días.
MED	Se aplican límites de dosis equivalentes de morfina. Las cantidades de este medicamento se limitan al equivalente ("EQ") de 90 miligramos de morfina por día de suministro surtido.
ONC	Abreviatura de "oncología" o especialidad en cáncer. Los medicamentos que se toman por vía oral para tratar el cáncer tienen límites mensuales de costo compartido según su plan.
OTC	Las formas de dosificación de venta libre están cubiertas en la lista de medicamentos mediante una receta válida de un proveedor.
PA	Se requiere autorización previa. Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen.
QL	Se aplican límites de cantidad. Pagaremos un monto máximo diario basado en la información sobre el uso médicamente aceptado del medicamento y su costo.
ST	Se requiere tratamiento escalonado. Si hemos pagado para que usted tenga los medicamentos para el tratamiento escalonado que solicitó en el pasado, este medicamento se pagará en la farmacia sin necesidad de una solicitud de excepción de autorización previa o tratamiento escalonado. La lista de medicamentos le mostrará qué medicamentos se necesitan primero y por cuánto tiempo.

Algunos medicamentos están designados como "marca preferida" en la clase de medicamentos en la que se mencionan. Si hay un medicamento de la misma clase que el medicamento que usted solicita y es el medicamento de marca preferida en esa clase, requerimos que se use primero o en su lugar. Los medicamentos específicos que primero requieren el uso de un medicamento de marca preferida también pueden indicarse como "PA por necesidad médica". Los requisitos de autorización previa por necesidad médica se aplican a algunos medicamentos especializados del Tier 4.

AGE - Age Limit **MAIL** - Available at mail-order and other 90 day fill programs **MED** - Max 90 mg Morphine EQ Dose per day **OTC** - Over the counter **PA** - Prior Authorization **QL** - Quantity Limits **ST** - Step Therapy

Drug Name	Formulary Status	Requirements/Limits
AREXVY INTRAMUSCULAR SUSPENSION RECONSTITUTED 120 MCG/0.5ML (RSVPreF3 Vac Recomb Adjuvanted)	PREV	QL (1 injection per 1 lifetime); AGE (Min 50 Years)
COMIRNATY 5-11 YEARS INTRAMUSCULAR SUSPENSION 10 MCG/0.3ML (COVID-19 mRNA Virus Vaccine)	PREV	AGE (Min 5 Years)
COMIRNATY INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 30 MCG/0.3ML (COVID-19 mRNA Virus Vaccine)	PREV	
ENGRIX-B INJECTION SUSPENSION 20 MCG/ML (Hepatitis B Vac Recombinant)	PREV	QL (3 ML per 365 days)
ENGRIX-B INJECTION SUSPENSION PREFILLED SYRINGE 10 MCG/0.5ML, 20 MCG/ML (Hepatitis B Vac Recombinant)	PREV	QL (3 injections per 1 lifetime)
FLUAD INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Vac A&B Surf Ant Adj)	PREV	QL (1 ML per 365 days); AGE (Min 65 Years)
FLUARIX INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Virus Vacc Split PF)	PREV	QL (1 ML per 365 days)
FLUBLOK INTRAMUSCULAR SOLUTION PREFILLED SYRINGE 0.5 ML (Influenza Vac Recombinant HA)	PREV	QL (1 ML per 365 days); AGE (Min 9 Years)
FLUCELVAX INTRAMUSCULAR SUSPENSION (Influenza Vac Tiss-Cult Subunt)	PREV	QL (1 ML per 365 days)
FLUCELVAX INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Vac Tiss-Cult Subunt)	PREV	QL (1 ML per 365 days)
FLULAVAL INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Virus Vacc Split PF)	PREV	QL (1 ML per 365 days)
FLUMIST NASAL LIQUID (Influenza Virus Vaccine Live)	PREV	QL (1 EA per 365 days); AGE (Min 2 Years and Max 49 Years)
FLUZONE HIGH-DOSE INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Vac Split High-Dose)	PREV	QL (0.5 ML per 180 days); AGE (Min 65 Years)
FLUZONE INTRAMUSCULAR SUSPENSION (Influenza Virus Vaccine Split)	PREV	QL (1 ML per 365 days)
FLUZONE INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (Influenza Virus Vacc Split PF)	PREV	QL (1 ML per 365 days)
GARDASIL 9 INTRAMUSCULAR SUSPENSION 0.5 ML (HPV 9-Valent Recomb Vaccine)	PREV	QL (3 ML per 365 days)
GARDASIL 9 INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 0.5 ML (HPV 9-Valent Recomb Vaccine)	PREV	QL (3 ML per 365 days)
HAVRIX INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 1440 EL U/ML, 720 EL U/0.5ML (Hepatitis A Vaccine)	PREV	QL (2 ML per 365 days)
HEPLISAV-B INTRAMUSCULAR SOLUTION PREFILLED SYRINGE 20 MCG/0.5ML (Hepatitis B Vac Recomb Adj)	PREV	QL (3 ML per 365 days)
IMOVAX RABIES INTRAMUSCULAR SUSPENSION RECONSTITUTED 2.5 UNIT/ML (Rabies Virus Vaccine, HDC)	PREV	QL (4 EA per 365 days)
IPOL INJECTION SUSPENSION (Poliovirus Vaccine Inactivated)	PREV	
MNEXSPIKE INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 10 MCG/0.2ML (COVID-19 mRNA Virus Vaccine)	PREV	

AGE - Age Limit **MAIL** - Available at mail-order and other 90 day fill programs **MED** - Max 90 mg Morphine EQ Dose per day **OTC** - Over the counter **PA** - Prior Authorization **QL** - Quantity Limits **ST** - Step Therapy

Drug Name	Formulary Status	Requirements/Limits
