Formulary (List of Covered Drugs)

Formulario (Lista de Medicinas Cubiertas)

Molina Healthcare of Nevada, Inc Marketplace

Notice:

The information in this document is current as of October 1, 2026.

The formulary is subject to change and all previous versions of the formulary are no longer in effect. An electronic version of the formulary can be found at MolinaHealthcare.com.

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Search Drugs tool.

Aviso:

La información de este documento está vigente a partir del 1 de octubre de 2026.

El formulario está sujeto a cambio y todas las versiones anteriores del mismo ya no se encuentran en vigor. Puede encontrar una versión electrónica del formulario en MolinaHealthcare.com.

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando su información de receta y farmacia en la herramienta Búsqueda de Medicinas.

Effective January 1, 2021
En vigor desde el 1.º de enero del 2021

Notice on Drug Company Cost Sharing Assistance

Cost Sharing paid with drug company support will not apply toward any Deductible or yearly Out-of-Pocket Maximum under your plan. Drug company support means discount cards, coupons, gift cards, cash or other financial help you get from the company or a sponsored program for the purpose of buying a company's drugs.

Aviso sobre la Asistencia de Costos Compartidos de la Empresa Farmacéutica

Los costos compartidos que se pagan con el apoyo de la empresa farmacéutica no se aplicarán a ningún Deducible o Máximo de Gastos de su Bolsillo de su plan cada año. El apoyo de la empresa farmacéutica corresponde a tarjetas de descuento, cupones, tarjetas regalo, dinero en efectivo u otra ayuda económica que usted reciba de dicha empresa o de un programa patrocinado con el propósito de comprar los medicamentos de una empresa.

Drug Formulary and Guide

Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. Smaller updates are also made every 3 months. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are on the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Changes are made to the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Molina will provide at least 60 days' notice ahead of these types of formulary updates:

- Moving the drug to a higher drug list tier, moving the drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for the formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug

If the drug has been found to be unsafe by the US Federal Food and Drug Administration (FDA) or is taken off the market for other reasons, we may remove it from the drug list quickly and without standard notice. Your plan's most current drug list is on our website MolinaHealthcare.com. A notice of all changes is included in the drug list document with each update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions:

- Can my prescription be filled at a retail pharmacy?
- Where can I see the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

You may also call us and ask specific coverage questions about a drug. Call toll-free **1 (833) 671-0051**, Monday through Friday, **8:00 a.m. to 6:00 p.m.** If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement (“Evidence of Coverage”) also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your prescriber know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Using the Drug Formulary and Guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan’s prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 3	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or “generic” names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug “warfarin sodium”.

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or “***generic name***” for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health, how much support may be needed to use them, and how much they cost compared to similar treatments. Non-preferred tier drugs will cost you more than preferred tier drugs.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Preventive	PREV – Preventive drugs, family planning drugs and devices (ie, contraception), and other drugs with \$0 cost sharing
Preferred Generic	Tier 2 – Preferred generic drugs
Preferred Brand	Tier 3 – Preferred brand drugs
Non-Preferred Brand and Generic	Tier 4 – Non-preferred drugs, both brand name and generic; Higher cost sharing than lower tier drugs used to treat the same conditions, if available
Specialty	Tier 5 – Specialty drugs, both brand name and generic. Drugs that require special handling, complex counseling or monitoring, limited distribution, or other specialty pharmacy requirements; Depending on state rules, Molina may require Members to use a network specialty pharmacy; Some specialty drugs are only sold by certain pharmacies the drug company has chosen (“Limited Distribution”)
Durable Medical Equipment	DME – Non-drug items such as monitoring equipment and supplies covered under the pharmacy benefit; Cost sharing follows the medical benefit cost sharing for Durable Medical Equipment for non-drug items on the drug list

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay the Non-Preferred Brand tier cost sharing for non-specialty drugs or the Specialty tier cost sharing for specialty drugs. Please see your plan agreement for more details on cost sharing for formulary exceptions.

In accordance with the Affordable Care Act, your plan covers nationally recognized preventive service drugs and dosage forms (PREV) with \$0 cost sharing when prescribed for you to use in line with those recommendations.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that is required.

- There are limits on your cost sharing for anticancer drugs taken by mouth. The limit **\$100** applies per anticancer drug, per 30-day supply.
- There are limits on your cost sharing for insulin. The limit \$35 applies per insulin drug, per 30-day supply. The limit does not apply to products that contain other drugs besides insulin.

How do deductible and out-of-pocket maximums work?

Understanding how plan deductible and out-of-pocket maximums work can help you understand why some of your covered drugs and services have higher member pay amounts at the beginning of the year than the rest of the year. Online tools are available in the member portal to help you track your member pay balances.

A deductible is the total out-of-pocket amount members pay for covered benefits before the plan starts paying for those benefits. After the deductible is met, the member pay amount becomes a defined cost sharing rate, either a flat dollar copay amount or a percent coinsurance.

- Your plan design information shows which benefits have a deductible requirement and which do not. The information shows what the cost sharing rate is for a given benefit “after deductible” if deductible applies.
- It is important to know if your plan has a combined deductible shared between all benefits, or if it has separate deductibles for the medical and pharmacy benefits.
- Only out-of-pocket amounts you pay as deductible will be counted towards the deductible. This means amounts you pay in cost sharing for benefits that do not have a deductible requirement are not counted towards the deductible. However, all amounts you pay towards your deductible are also counted towards your out-of-pocket maximums.

An out-of-pocket maximum is a limit on the total member pay amounts you and your covered family members pay for all drugs and services covered by the plan during the plan year. If the totals you pay during the plan year reach the out-of-pocket maximum and stay there, no more member pay will be due for drugs and services covered by the benefit after that point, for the remainder of the plan year or coverage period.

- The out-of-pocket maximum counts the total member pay amounts you have paid for drugs and services covered under the pharmacy and medical benefits.
- There is an individual out-of-pocket maximum for each person covered by your plan.
- There is a family out-of-pocket maximum if two or more family members are covered by the same plan. If the family out-of-pocket maximum is reached, there will be no further member pay due for drugs and services covered by the plan after that point for any of the covered family members.

Some events can affect if your deductible and out-of-pocket maximum balances have reached the limits and stay there.

- If you change plans during the plan year, you may have a different deductible and out-of-pocket maximum.
- Claim activities on both the pharmacy and medical benefit channels can affect your balances.
- Depending on timing, balances may include member pay amounts due that you are about to pay on recent medical and pharmacy claims.

Online tools for your balances reflect the total member pay amounts due on all claims that have processed through the benefit to the present time. Be mindful of drugs ready at the pharmacy and any member pay amounts due on them when reviewing your balances.

Deductible and out-of-pocket maximums apply to the coverage period in the plan year you received covered drugs and services that had member pay amounts due. The balances paid towards deductible and out-of-pocket maximums start over each new plan year and coverage period. Insurance premiums are not counted as out of pocket for the purposes of deductible and out-of-pocket maximum balances. You must continue to pay the insurance premium to have coverage.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the “Drug Search Tool” at MolinaHealthcare.com. This tool will provide an estimate of your cost for formulary drugs. If you create an account with Caremark.com, you can use a version of the tool that includes the cost sharing you have paid towards your plan design deductible and out of pocket maximum this year to more closely estimate actual prices you pay at the pharmacy.

Finding a pharmacy to fill a prescription

Pharmacy Network

Your plan has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at [MolinaHealthcare.com](https://www.MolinaHealthcare.com). The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Specialty Pharmacy

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on the Specialty tier. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies.

Molina's Pharmacy Benefit Manager, CVS Caremark, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425 or visiting [CVSSpecialty.com](https://www.CVSSpecialty.com)

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to [Caremark.com](https://www.Caremark.com).

Your plan's network also offers 90-day fill at network retail pharmacies. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Enrollment forms for all network mail order pharmacies can be found at [MolinaHealthcare.com](https://www.MolinaHealthcare.com) in the Member "Forms and Documents" section.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet your needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

We have selected CVS Caremark® as the Pharmacy Benefit Manager (“PBM”) to manage the prescription benefit for your plan. Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425.

Membership, cost sharing, prescription drug benefit information, and eligibility concerns may be addressed by calling our Customer Support Center at **1 (833) 671-0051**. Member Services is available Monday through Friday **8:00 a.m. through 6:00 p.m.**

Prescribers and pharmacies may contact our Provider Services Help Desk at **1 (833) 685-2103**.

Urgent and After-Hours Medication Policy

To prevent an enrollee’s condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization has been reviewed (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. We will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark® Help Desk at 1 (888) 407-6425 to obtain an override for a 72-hour supply.

Pharmacies may call us at **1 (833) 685-2103** on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

For assistance, pharmacies may call us at 1 (855) 322-4079. After hours, Pharmacies may contact the CVS Caremark® Help Desk at 1 (888) 407-6425. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the “Proration and Synchronization” section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. An enrollee’s response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to us at **1 (844) 259-1689**. The clinical policies and forms may be obtained at our website MolinaHealthcare.com. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, your provider can ask for the request to be reviewed as an Urgent Circumstance.

- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function. Situations where you are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision can also be indicated as urgent on requests. Supporting information is required to justify the urgency of the request.
- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

We have a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. A formulary exception would be needed in the following scenarios:

- Your prescriber may order a drug that is not on the formulary but that he or she believes is best for you
- You may be taking a drug that is no longer on the new plan year's drug list and you cannot switch
- The formulary drug requires step therapy, and you tried the step drugs in the past, or have clinical factors that make those step drugs not right for you

Your prescriber can send us a formulary exception request using the Prior Authorization process and form described in the previous section.

Exceptions may be considered when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. We may consider an exception under the following conditions:

- There is documentation of a specific need in your medical record
- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past
- Your doctor has certified the options have caused you harm or are reasonably expected by the prescriber to cause you harm, or to be ineffective because of the clinical features of your condition
- Information in the request shows you met the step therapy requirement previously, or the drug we require step therapy on was covered for you by a past insurer in the last 90 days

If the request is approved, we will send a letter to your prescriber. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Review timeframes and conditions are found in the “Prior Authorization” section of this guide. Are there any drugs or other products that are not covered at all?

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your Agreement (“Evidence of Coverage”) titled “Non-Covered Drugs” and “Exclusions”.

Complaints and Appeals

You may file a grievance or complaint by contacting the Customer Support Center at **1 (833) 671-0051**. If we do not approve your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers “Complaints and Appeals”. A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaHealthcare.com.

Partner names and services such as CVS Caremark®, CVS Specialty®, and Caremark.com are proprietary to and operated by CVS Health® Corporation. CoverMyMeds® and Surescripts® are registered trademarks of third parties belonging to their respective companies.

Legend

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MAIL	Drug is eligible for Mail Order and other 90-day fill programs at participating retail pharmacies. It is your choice if you want to use Mail Order programs. There is no discount to cost sharing for using 90-day fill programs.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Specialty drugs may have a comment in the "Requirements/Limits" column that reads "Medical Necessity PA". This means there are other Specialty drugs that are preferred. There are other Specialty drugs with a comment "Preferred Brand" that may treat the same condition. We require that the drug marked "Preferred Brand" be considered first or instead of the non-preferred Specialty drug, if appropriate.

Formulario y guía de medicamentos

Formulario de medicamentos (lista de medicamentos)

Su plan tiene una lista de medicamentos con cobertura. Esta se denomina Formulario de medicamentos. El formulario cambia de un año del plan a otro. También se realizan actualizaciones menores cada tres meses. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que se incluyen en el formulario. Revisan los nuevos medicamentos y los cambios en la atención médica. Tratan de encontrar los medicamentos más eficaces para tratar diferentes afecciones. Se realizan cambios en el formulario de medicamentos por diferentes motivos. Los motivos pueden incluir lo siguiente:

- Cambios en la práctica médica.
- Se dispone de medicamentos nuevos.
- Los medicamentos genéricos nuevos están disponibles y toman el lugar de los medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Molina avisará con al menos 60 días de anticipación sobre este tipo de actualizaciones del formulario:

- Cambiar el medicamento a un nivel superior de la lista de medicamentos; cambiar el estado del medicamento de preferido a no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un mayor costo compartido para los miembros por el medicamento del formulario.
- Quitar un medicamento del formulario.
- Agregar un requisito de autorización previa al medicamento del formulario.
- Agregar o actualizar el límite de cantidad del medicamento.
- Agregar un requisito de tratamiento escalonado al medicamento.

Si la Administración Federal de Alimentos y Medicamentos (FDA) de los EE. UU. ha determinado que el medicamento no es seguro o se retira del mercado por otros motivos, podemos eliminarlo de la lista de medicamentos rápidamente y sin aviso previo estándar. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web MolinaHealthcare.com. Se incluye un aviso de todos los cambios en el documento de la lista de medicamentos con cada actualización.

¿La lista de medicamentos incluye los medicamentos inyectables con los que un proveedor me trata en una clínica u otro lugar?

En general, los medicamentos que aparecen en la lista de medicamentos son aquellos que su proveedor le receta para que usted los obtenga en una farmacia y se los dé a sí mismo. La mayoría de los medicamentos inyectables cuya administración requiere la ayuda de un proveedor están cubiertos en virtud del beneficio médico, en lugar del beneficio de medicamentos recetados (“de farmacia”). Su proveedor tiene instrucciones de nuestra parte sobre cómo obtener aprobación para los medicamentos que compra y le provee. Se pueden aprobar algunos medicamentos inyectables en una farmacia usando el beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre los medicamentos.

Esta guía contiene mucha información como respuesta a las preguntas comunes:

- ¿Se puede surtir mi receta en una farmacia minorista?
- ¿Dónde puedo ver el monto en dólares del costo compartido de mi receta?

- ¿Cuál es el proceso para solicitar un medicamento con requisito de autorización previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o que tiene requisitos de tratamiento escalonado?
- ¿Mi medicamento está cubierto por el beneficio de medicamentos recetados o por el beneficio médico?

También puede llamarnos y hacernos preguntas específicas sobre la cobertura de un medicamento. Llame a la línea gratuita al **1 (833) 671-0051**, de lunes a viernes, **de 8:00 a.m. a 6:00 p.m., hora del Pacífico (PST)**. Si tiene problemas de audición, llame al 711 para comunicarse con el servicio de telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan (“Evidencia de Cobertura”) también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre la cobertura de anticonceptivos, exclusiones de beneficios, servicios de hospicio y más.

Si hay un medicamento en el formulario, ¿me lo recetarán?

El hecho de que un medicamento esté en el formulario no garantiza que su médico se lo recete. Esta guía permite que usted y el profesional con autorización para emitir recetas sepan qué medicamentos recetados están cubiertos por su plan. Los medicamentos que no están en esta lista pueden no estar cubiertos por su plan y tener un mayor costo para usted. Puede solicitar la cobertura de los medicamentos que no están en el formulario. Las solicitudes de medicamentos que no están en el formulario se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones del formulario o se cumplan otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Cómo usar el formulario y la guía de medicamentos

¿Cómo encuentro un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica mediante la clasificación del Servicio del Formulario de Medicamentos del Hospital Estadounidense (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan en orden alfabético. Si no conoce la categoría o la clase del medicamento que está buscando, hay dos maneras de buscar por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda en PDF presionando Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que busca en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el Índice que se encuentra al final de esta guía.

Las entradas de los medicamentos de la lista contienen el nombre del medicamento, el nivel y otros detalles de cobertura de todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede ser diferente a este ejemplo).

Nombre del medicamento	Nivel del medicamento	Requisitos/límites
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 3	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos utiliza nombres de marcas registradas y nombres públicos o “genéricos” para mostrar qué forma del medicamento tiene cobertura. También hay nombres de marcas registradas utilizados por determinados medicamentos genéricos. La manera en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si lo que tiene cobertura es la forma de la marca, la forma genérica o la forma genérica de la marca registrada. El ejemplo anterior muestra las formas de marca, genéricas y genéricas de marca registrada del medicamento “warfarina sódica”.

Cuando se cubre la forma de la marca de un medicamento, el nombre del medicamento aparecerá en letras MAYÚSCULAS como NOMBRE DE LA MARCA. El nombre público o “***nombre genérico***” del medicamento de marca aparecerá a continuación entre paréntesis y en letras ***minúsculas en negrita y cursiva***. Cuando está cubierta la forma genérica del medicamento, aparece en la lista por separado según su(s) ***nombre(s) genérico(s)*** en letras ***minúsculas en negrita y cursiva***. Un medicamento genérico cubierto en la forma genérica de marca registrada aparecerá en la lista por separado por su ***nombre genérico*** seguido del nombre de marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de la marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y ***warfarina sódica*** figuran por separado para mostrar que tanto la forma de la marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de la marca registrada (Jantoven). Pueden aplicarse diferentes niveles de medicamentos y requisitos/límites para una forma de marca registrada frente a una forma genérica de un medicamento si aparecen varias formas de medicamentos como cubiertas en la lista de medicamentos real.

¿Qué son los niveles de medicamentos y cómo afectan mi parte del costo del medicamento?

Colocamos los medicamentos en diferentes niveles en función de lo bien que mejoran la salud, la cantidad de apoyo necesario para tomarlos y su costo en comparación con tratamientos similares. Los medicamentos no preferidos tendrán un costo mayor que los medicamentos preferidos.

A continuación, le mostramos más detalles sobre qué medicamentos se encuentran en qué niveles.

Nivel del medicamento	Descripción
Medicamentos preventivos	PREV: medicamentos preventivos, medicamentos y dispositivos para la planificación familiar (es decir, anticoncepción) y otros medicamentos con un costo compartido de \$0.
Medicamentos genéricos preferidos	Tier 2: medicamentos genéricos preferidos.
Medicamentos de marca preferidos	Tier 3: medicamentos de marca preferidos.
Medicamentos genéricos y de marca no preferidos	Tier 4: medicamentos no preferidos, tanto de marca como genéricos; costos compartidos más altos que los medicamentos de niveles inferiores que se usan para tratar las mismas afecciones, si están disponibles.
Especializados	Tier 5: medicamentos especializados, tanto de marca como genéricos. Medicamentos que requieren un manejo especial, asesoramiento o supervisión complejos, distribución limitada u otros requisitos de especialidad de farmacia. Según las reglas estatales, Molina puede requerir que los miembros usen una farmacia especializada de la red; algunos medicamentos especializados solo se venden en determinadas farmacias que la compañía farmacéutica ha elegido (“distribución limitada”).
Equipo médico duradero	Equipo médico duradero (DME): artículos no farmacológicos, como equipos y suministros de control cubiertos por el beneficio de farmacia. El costo compartido sigue el costo compartido de los beneficios médicos para los equipos médicos duraderos de los artículos no farmacológicos de la lista de medicamentos.

Cuando la cobertura de medicamentos no incluidos en el formulario se aprueba en virtud de una excepción al formulario, los afiliados pagan el costo compartido del nivel de medicamentos de marca no preferidos para los medicamentos no especializados o el costo compartido del nivel de medicamentos especializados para los medicamentos especializados. Consulte el acuerdo del plan para obtener más información sobre los costos compartidos en el caso de las excepciones al formulario.

De conformidad con la Ley de Atención Asequible, su plan cubre medicamentos para servicios preventivos y formas de dosificación (del Tier 1) de reconocimiento nacional con un costo compartido de \$0 cuando se recetan para que los use de acuerdo con esas recomendaciones.

Determinados tipos de medicamentos que cubre su plan tienen límites de costos compartidos cada vez que los surte. Si su estado tiene límites específicos, los costos compartidos serán los costos compartidos menores del diseño de su plan o cualquier límite que se requiera.

- Hay límites en el costo compartido de los medicamentos contra el cáncer que se administran por vía oral. El límite de **\$100** se aplica para cada medicamento contra el cáncer, por suministro para 30 días.

¿Cómo funcionan los deducibles y los máximos de gastos de bolsillo?

Comprender cómo funcionan los deducibles y los gastos máximos de bolsillo del plan puede ayudarlo a entender por qué algunos de sus medicamentos y servicios cubiertos tienen montos de pago para los miembros más altos al comienzo del año que durante el resto del año. En el portal para miembros, hay herramientas en línea disponibles para ayudarlo a hacer un seguimiento de sus saldos de pago de miembro.

Un deducible es el monto total de bolsillo que los miembros pagan por los beneficios cubiertos antes de que el plan comience a pagar por esos beneficios. Una vez que se alcanza el deducible, el monto que paga el miembro se convierte en una tasa de costo compartido definida, ya sea un monto fijo de copago en dólares o un porcentaje de coseguro.

- La información de diseño de su plan indica qué beneficios tienen un requisito de deducible y cuáles no. La información muestra cuál es la tasa de costo compartido para un beneficio determinado “después del deducible”, si se aplica el deducible.
- Es importante saber si su plan tiene un deducible combinado compartido entre todos los beneficios o si tiene deducibles separados para los beneficios médicos y de farmacia.
- Solo los montos de bolsillo que usted pague como deducible se contarán para el deducible. Esto significa que los montos que usted paga en costos compartidos por beneficios que no tienen el requisito de deducible no se cuentan para el deducible. Sin embargo, todos los montos que usted paga por su deducible también se cuentan para sus gastos máximos de bolsillo.

Un gasto máximo de bolsillo es un límite en el total de los montos de pago de miembro que usted y sus familiares con cobertura pagan por todos los medicamentos y servicios cubiertos por el plan durante el año del plan. Si los totales que usted paga durante el año del plan alcanzan el gasto máximo de bolsillo y permanecen allí, no deberá pagar más como miembro por los medicamentos y servicios cubiertos por el beneficio después de ese momento durante el resto del año del plan o período de cobertura.

- El gasto máximo de bolsillo cuenta el monto total que el miembro ha pagado por los medicamentos y servicios cubiertos en los beneficios médicos y de farmacia.
- Existe un gasto máximo de bolsillo individual para cada persona cubierta por su plan.
- Hay un gasto máximo de bolsillo familiar si dos o más familiares están cubiertos por el mismo plan. Si se alcanza el gasto máximo de bolsillo familiar, no deberá pagar más como miembro por los medicamentos y servicios cubiertos por el plan después de ese momento para ningún familiar con cobertura.

Algunos eventos pueden afectar si su deducible y los saldos de gastos máximos de bolsillo alcanzan los límites y se mantienen allí.

- Si cambia de plan durante el año del plan, es posible que tenga un deducible y un gasto máximo de bolsillo diferentes.
- Las actividades de reclamación tanto en la farmacia como en los canales de beneficios médicos pueden afectar los saldos.
- Según el plazo, los saldos pueden incluir los montos adeudados a pagar por el miembro que usted está por saldar en concepto de reclamaciones médicas y de farmacia recientes.

Las herramientas en línea para saldos reflejan los montos totales adeudados a pagar por el miembro en todas las reclamaciones que se han procesado a través del beneficio hasta la actualidad. Tenga en cuenta los medicamentos que están listos en la farmacia y cualquier monto a pagar que el miembro adeude por ellos al momento de revisar los saldos.

El deducible y los gastos máximos de bolsillo se aplican al período de cobertura del año del plan en el que usted recibió los medicamentos y servicios cubiertos con montos adeudados a pagar por el miembro. Los saldos pagados en concepto de deducible y gastos máximos de bolsillo se renuevan cada nuevo año del plan y período de cobertura. Las primas de seguros no se cuentan como gastos de bolsillo a los efectos de los saldos de deducible ni de gastos máximos de bolsillo. Debe continuar pagando la prima del seguro para tener cobertura.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los montos de costo compartido de los medicamentos recetados en nuestro folleto Consulte sus beneficios en un vistazo o ingresando la información de los medicamentos en la herramienta “Search Drugs” (Buscar medicamentos) en MolinaHealthcare.com. Esta herramienta le proporcionará un cálculo aproximado

del costo de los medicamentos del formulario. Si crea una cuenta en Caremark.com, puede usar una versión de la herramienta que incluye los costos compartidos que ha pagado para el deducible del diseño del plan y el gasto máximo de bolsillo de este año para estimar con mayor precisión los precios reales que paga en la farmacia.

Cómo encontrar una farmacia para surtir un medicamento recetado

Red de farmacias

Su plan cuenta con redes de farmacias minoristas, por correo y especializadas que pueden procesar y dispensar medicamentos mediante su cobertura. Para encontrar una farmacia dentro de la red, utilice la herramienta “Find a Pharmacy” (Encontrar una farmacia) en MolinaHealthcare.com. La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos como el nombre de la tienda, el idioma que se habla o los servicios ofrecidos. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán “suministro para 90 días disponible” en los detalles de los resultados de búsqueda.

Farmacia especializada

Molina cuenta con una red de farmacias especializadas que pueden procesar y dispensar medicamentos especializados. Los medicamentos especializados se colocan en el nivel de medicamentos especializados. Algunos medicamentos tienen una distribución limitada. La distribución limitada significa que el medicamento solo se vende en algunas farmacias.

El administrador de beneficios de farmacia de Molina, CVS Caremark®, tiene una farmacia especializada que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría de los medicamentos especializados requieren autorización previa antes de tener cobertura. El profesional autorizado para emitir recetas puede enviarnos las solicitudes de autorización previa directamente a Molina o enviar una receta a CVS para comenzar el proceso. Si el pedido por correo del medicamento especializado no representa una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para que lo recojan.

Puede comunicarse con el Centro de Ayuda de CVS Pharmacy llamando al 1 (888) 407-6425 o visitando CVSSpecialty.com.

Farmacia de pedidos por correo

Su plan cuenta con una red de farmacias de pedidos por correo que pueden procesar y dispensar hasta 90 días de suministro de medicamentos elegibles. Estos medicamentos están marcados como “MAIL” (correo) en el formulario.

El administrador de beneficios farmacéuticos de su plan tiene una farmacia de pedidos por correo. Para que las recetas se surtan a través de su servicio, el proveedor o afiliado puede llamar a la línea gratuita de FastStart® al 1 (800) 875-0867, de lunes a viernes, de 7:00 a.m. a 7:00 p.m., o visitar Caremark.com.

La red de su plan también ofrece surtido de 90 días en farmacias minoristas de la red. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán “suministro para 90 días disponible” en los detalles de los resultados de búsqueda.

Los formularios de inscripción para todas las farmacias de pedidos por correo de la red se pueden encontrar en MolinaHealthcare.com en la sección para miembros “Formularios y documentos”.

Farmacia fuera de la red

Si las farmacias dentro de la red no satisfacen sus necesidades, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisarán las excepciones caso por caso para determinar si son médicamente necesarias.

Procesador de reclamaciones de medicamentos recetados

Hemos seleccionado a CVS Caremark® como administrador de beneficios de farmacia (“PBM”) para administrar el beneficio de medicamentos recetados de su plan. Si tiene preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas, puede comunicarse con el Centro de Ayuda de CVS Caremark al 1 (888) 407-6425.

Puede abordar las preocupaciones sobre la membresía, los costos compartidos, la información sobre beneficios de medicamentos recetados y la elegibilidad llamando a nuestro Centro de Atención al Cliente al **1 (833) 671-0051**. Servicios para Miembros está disponible de lunes a viernes, **de 8:00 a.m. a 6:00 p.m., PST**.

Los profesionales autorizados para emitir recetas y las farmacias pueden comunicarse con nuestro Centro de Ayuda para Proveedores llamando al **1 (833) 685-2103**.

Política de medicamentos urgentes y fuera del horario de atención

Para evitar que la afección de un afiliado empeore en una situación urgente, es posible que sea necesario proporcionar un suministro para 72 horas de un medicamento para afecciones agudas antes de que se evalúe la autorización previa (p. ej., un miembro es dado de alta del hospital después del horario de atención normal con una receta especial de antibióticos).

Las farmacias tienen instrucciones de utilizar su juicio profesional. Reembolsaremos a las farmacias un suministro para 72 horas de un medicamento para afecciones agudas a tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el Centro de Ayuda de CVS Caremark® llamando al 1 (888) 407-6425 para obtener una anulación de un suministro para 72 horas.

Las farmacias pueden llamarnos al **1 (833) 685-2103** el siguiente día hábil para obtener una autorización para permitir que la receta urgente o fuera del horario de atención se procese en línea. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se dispensaron medicamentos en estas circunstancias de urgencia.

Para obtener ayuda, las farmacias pueden llamarnos al 1 (855) 322-4079. Fuera del horario de atención, las farmacias pueden comunicarse con el Centro de Ayuda de CVS Caremark® al 1 (888) 407-6425. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se dispensaron medicamentos en estas circunstancias de urgencia.

Plazo, sincronización y prorrateo de resurtidos

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ha pasado el 85% de los días de uso previstos desde la fecha de surtido anterior. Consulte la sección “Prorrateo y sincronización” del acuerdo del plan para conocer los plazos de resurtido específicos para cualquier medicamento. Su farmacia o proveedor puede solicitar que se anulen los límites del plazo de resurtido para sincronizar las fechas de surtido para sus medicamentos comunicándose con el Centro de Ayuda de CVS Caremark® al 1 (888) 407-6425. Si se dispensan suministros para más o menos días para sincronizar sus medicamentos, se prorrateará el costo compartido de esos suministros.

Procedimiento para la autorización previa y la solicitud de excepción

Autorización previa

Los medicamentos que requieren aprobación anticipada para la cobertura se evalúan según las reglas estándares para determinar si son médicamente necesarios. Los proveedores deben demostrar que usted hace un uso médicamente aceptado del medicamento y que otros tratamientos no han funcionado o no son clínicamente adecuados para usted. Pueden aplicarse otros requisitos según el medicamento. Es posible que solicitemos los resultados de determinadas pruebas para demostrar que un medicamento es adecuado para usted. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como razón para eludir las reglas estándares de cobertura.

Su proveedor puede enviarnos por fax un formulario completo de autorización previa de medicamentos al **1 (844) 259-1689**. Las políticas y los formularios clínicos pueden obtenerse en nuestro sitio web MolinaHealthcare.com. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente.

Si su receta requiere una autorización previa o una excepción al formulario, su proveedor puede pedir que se revise la solicitud como circunstancia urgente.

- Una solicitud se considera urgente si se destina para tratar una afección médica que puede poner en riesgo grave su vida, su salud o su capacidad para recuperar las funciones máximas. Las situaciones en que sienta dolor intenso no controlado o en que la urgencia de su atención requiera una decisión de cobertura rápida también pueden indicarse como urgentes en la solicitud. Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Cualquier solicitud que no se considere como circunstancia urgente representa una solicitud de excepción estándar.

Tomaremos una decisión a más tardar en la siguiente fecha:

- 24 horas después de recibir la solicitud para circunstancias urgentes.
- 72 horas después de recibir la solicitud con circunstancias estándares.

Si se aprueba la solicitud, le enviaremos una carta al profesional autorizado para emitir recetas. Incluiremos por cuánto tiempo se aprueba la solicitud antes de que se requiera una renovación de la autorización. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le informaremos sobre sus derechos para que haga un seguimiento.

Cómo solicitar una excepción

¿Puedo tener cobertura para un medicamento si no está incluido en el formulario o no cumple con los requisitos del plan, como el tratamiento escalonado?

Contamos con un proceso que le permite solicitar medicamentos clínicamente adecuados que no están en el formulario o que tienen requisitos o límites en virtud de su plan. Se necesitaría una excepción al formulario en los siguientes casos:

- Es posible que el profesional con autorización para emitir recetas le indique un medicamento que no está en el formulario, pero que cree que es mejor para usted.
- Es posible que esté tomando un medicamento que ya no está en la lista de medicamentos del nuevo año del plan y que no puede cambiar.

- El medicamento del formulario requiere un tratamiento escalonado y usted probó los medicamentos del tratamiento en el pasado o tiene factores clínicos que hacen que esos medicamentos no sean adecuados para usted.

El profesional con autorización para emitir recetas puede enviarnos una solicitud de excepción al formulario utilizando el proceso y el formulario de autorización previa descritos en la sección anterior.

Se pueden considerar excepciones cuando no se puedan usar las opciones del formulario o se cumplan otros requisitos. El medicamento debe ser seguro y eficaz para su afección médica. Su médico debe hacerle una receta para la cantidad habitual del medicamento. Podemos considerar una excepción según las siguientes condiciones:

- Existe documentación sobre una necesidad específica en su historia clínica.
- Su médico certificó que usted probó medicamentos del formulario y que no le ayudaron en el pasado.
- Su médico certificó que las opciones le causaron daño o el profesional con autorización para emitir recetas espera razonablemente que le causen daño o que sean ineficaces debido a las características clínicas de su afección.
- La información de la solicitud indica que usted cumplió con el requisito de tratamiento escalonado anterior o que el medicamento para el que requerimos tratamiento escalonado fue cubierto por una aseguradora anterior durante los últimos 90 días.

Si se aprueba la solicitud, le enviaremos una carta al profesional autorizado para emitir recetas. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le informaremos sobre sus derechos para que haga un seguimiento. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión. Su médico puede solicitar una revisión externa de excepción.

Los plazos y condiciones de la revisión se encuentran en la sección “Autorización previa” de esta guía. ¿Hay algún medicamento u otro producto que no esté cubierto?

Los medicamentos no cubiertos u otros productos, como las exclusiones de beneficios, no cuentan con cobertura. No se puede aprobar su cobertura mediante excepción al formulario. Su plan no cubre determinados tipos de medicamentos que figuran como exclusiones de beneficios en la póliza del plan. Para obtener más información, consulte las secciones de su acuerdo (“Evidencia de Cobertura”) tituladas “Medicamentos sin cobertura” y “Exclusiones”.

Reclamos y apelaciones

Puede presentar una queja o un reclamo comunicándose con el Centro de Atención al Cliente al **1 (833) 671-0051**. Si no aprobamos su solicitud de medicamento, se incluirá un aviso de derecho a apelar la decisión en el aviso sobre medidas adoptadas. Para obtener más información, consulte la sección de su acuerdo (política) que aborda los “Reclamos y apelaciones”. Puede encontrar una copia del acuerdo, también llamada Evidencia de Cobertura, en MolinaHealthcare.com.

¿Cuáles son los requisitos y límites de la lista de medicamentos?

Es posible que se establezcan límites y requisitos para determinados medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos este medicamento o forma de dosificación para determinados grupos etarios en función de la información sobre la seguridad, eficacia y costo del medicamento.
MAIL	El medicamento es elegible para pedidos por correo y otros programas de surtido para 90 días en las farmacias minoristas participantes. Es su elección si desea utilizar los programas de pedido por correo. No hay descuento en el costo compartido por usar los programas de surtido para 90 días.
MED	Se aplican límites de dosis equivalentes de morfina. Las cantidades de este medicamento se limitan al equivalente ("EQ") de 90 miligramos de morfina por día de suministro surtido.
OTC	Las formas de dosificación de venta libre están cubiertas en la lista de medicamentos mediante una receta válida de un proveedor.
PA	Se requiere autorización previa. Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen.
QL	Se aplican límites de cantidad. Pagaremos un monto máximo diario basado en la información sobre el uso médicamente aceptado del medicamento y su costo.
ST	Se requiere tratamiento escalonado. Si hemos pagado para que usted tenga los medicamentos para el tratamiento escalonado que solicitó en el pasado, este medicamento se pagará en la farmacia sin necesidad de una solicitud de excepción de autorización previa o tratamiento escalonado. La lista de medicamentos le mostrará qué medicamentos se necesitan primero y por cuánto tiempo.

Los medicamentos especializados pueden tener un comentario en la columna "Requisitos/Límites" que dice "PA por necesidad médica". Esto significa que hay otros medicamentos especializados que son preferidos. Existen otros medicamentos especializados que tienen un comentario de "de marca preferidos" que pueden tratar la misma afección. Solicitamos que se considere primero el medicamento marcado como "de marca preferido" o en lugar del medicamento especializado no preferido, si corresponde.
