

# 2024 | Formulary (List of Covered Drugs) Formulario (Lista de Medicinas Cubiertas)

## Molina Healthcare of California Marketplace

### Notice:

The information in this document is current as of April 1, 2024.

The formulary is subject to change and all previous versions of the formulary are no longer in effect. An electronic version of the formulary can be found at [MolinaMarketplace.com](https://MolinaMarketplace.com).

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Drug Look-Up tool.

### Aviso:

La información de este documento está vigente a partir del 1 de abril de 2024.

El formulario está sujeto a cambio y todas las versiones anteriores del mismo ya no se encuentran en vigor. Puede encontrar una versión electrónica del formulario en [MolinaMarketplace.com](https://MolinaMarketplace.com).

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando su información de receta y farmacia en la herramienta Verificar Costo de Medicamentos.

Effective January 1, 2021  
En vigor desde el 1.º de enero del 2021

## Notice on Drug Company Cost Sharing Assistance

Cost Sharing paid with drug company support will not apply toward any Deductible or yearly Out-of-Pocket Maximum under your plan. Drug company support means discount cards, coupons, gift cards, cash or other financial help you get from the company or a sponsored program for the purpose of buying a company's drugs.

## Aviso sobre la Asistencia de Costos Compartidos de la Empresa Farmacéutica

Los costos compartidos que se pagan con el apoyo de la empresa farmacéutica no se aplicarán a ningún Deducible o Máximo de Gastos de su Bolsillo de su plan cada año. El apoyo de la empresa farmacéutica corresponde a tarjetas de descuento, cupones, tarjetas regalo, dinero en efectivo u otra ayuda económica que usted reciba de dicha empresa o de un programa patrocinado con el propósito de comprar los medicamentos de una empresa.

## Contraceptive Coverage Summary

Your plan covers birth control services, prescription drugs, and over-the-counter (OTC) products with \$0 member cost sharing. Plan pharmacy network and formulary rules apply. The drug list shows which birth control products are covered. The drug list covers many types of birth control products, including: Barrier products (condoms, caps, and diaphragms), birth control pills (prescription and OTC), patches, vaginal rings, intrauterine devices, injections and injected devices, and emergency birth control or “morning after” pills (prescription and OTC).

We cover up to a 12-month supply of birth control medication at a time. There are no requirements to try other drugs first or to get plan approval for any birth control products on the drug list. There are no quantity limits against continuous birth control. You can switch birth control methods any time you need to. Under state rules, qualified pharmacists can dispense drug list birth control products to you using your pharmacy benefit without a doctor’s prescription.

If you have tried to use your drug benefit at a pharmacy, but had to pay for birth control that is on the drug list, you can submit a refund request with your receipt, the pharmacy information, and a “Prescription Reimbursement Claim Form”. This form is on MolinaMarketplace.com under Members “Forms and Documents”. Please note, if you choose to pay for OTC birth control directly instead of using your drug benefit at an in-network pharmacy, Molina will reimburse a qualifying claim request up to the amount we pay network pharmacies for the same formulary product. You can find network pharmacies at MolinaMarketplace.com by using the “Find a Pharmacy” tool under the Members drop down list.

## Resumen de cobertura de métodos anticonceptivos

Su plan cubre servicios anticonceptivos, medicamentos recetados y productos de venta libre (OTC) con \$0 de costo compartido para miembros. Se aplican las reglas del formulario y de la red de farmacias del plan. La lista de medicamentos muestra qué productos anticonceptivos están cubiertos. La lista de medicamentos cubre muchos tipos de productos anticonceptivos, entre los que se encuentran: Productos de barrera (condones, capuchones y diafragmas), píldoras anticonceptivas (con receta y OTC), parches, anillos vaginales, dispositivos intrauterinos, inyecciones y dispositivos inyectables y píldoras anticonceptivas de emergencia o “del día después” (con receta y OTC).

Cubrimos un suministro de medicamentos anticonceptivos para hasta 12 meses a la vez. No hay requisitos para probar otros medicamentos primero ni para obtener la aprobación del plan para ningún producto anticonceptivo de la lista de medicamentos. No existen límites de cantidad para el control de la natalidad de manera continua. Puede cambiar de método anticonceptivo en cualquier momento que lo necesite. Según las reglas estatales, los farmacéuticos calificados pueden dispensarle productos anticonceptivos de la lista de medicamentos mediante su beneficio de farmacia sin receta médica.

Si intentó utilizar su beneficio de medicamentos en una farmacia, pero tuvo que pagar por un método anticonceptivo que está en la lista de medicamentos, puede enviar una solicitud de reembolso con su recibo, la información de la farmacia y un “Formulario de reclamación de reembolso de medicamentos”. Este formulario se encuentra en MolinaMarketplace.com en la sección para miembros “Forms and Documents” (Formularios y documentos). Tenga en cuenta que si elige pagar los anticonceptivos OTC directamente en vez de utilizar su beneficio de medicamentos en una farmacia de la red, Molina reembolsará una solicitud de reclamación calificada hasta el monto que pagamos a las farmacias de la red por el mismo producto del formulario. Puede encontrar farmacias de la red en MolinaMarketplace.com utilizando la herramienta “Find a Pharmacy” (Buscar una farmacia) en la lista desplegable para miembros.

# Welcome to Molina Healthcare!

## Molina Healthcare Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Within the current plan year, we only make certain changes to the formulary. These changes may include:

- Addition of drugs or dosage forms
- Movement of a drug from one drug tier to another that results in lower enrollee cost sharing
- Changes in preferred status among similar drugs on the list
- Removal of restrictions like prior authorization or step therapy on a drug or dosage form

When updates happen through our standard process, we will publish any changes on a monthly basis. Your plan's most current drug list is on our website [MolinaMarketplace.com](http://MolinaMarketplace.com). A notice of changes is included with update.

### **Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?**

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

### **I have questions about how my plan covers drugs.**

This guide contains many details for common questions. You may also call Molina Healthcare and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- How do I find estimates on the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free **1 (888) 858-2150**, Monday through Friday, **8:00 a.m. through 6:00 p.m.** If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

## **If a drug is listed on the formulary, will I be prescribed that drug?**

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

## **Definitions**

“Brand name drug” is a drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

“Coinsurance” is a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Copayment” is a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Deductible” is the amount an enrollee pays for covered health care benefits before the enrollee’s health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

“Dosage form” is the physical form in which a prescription drug is produced and dispensed, such as a tablet, a capsule, or an injectable.

“Drug Tier” is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan’s prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this this formulary template shall also include subscriber as defined in this section below.

“Exception request” is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee’s condition.

“Exigent circumstances” are when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

“Formulary” is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

“Generic drug” is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

“Nonformulary drug” is a prescription drug that is not listed on the health plan’s formulary.

“Out-of-pocket costs” are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

“Prescribing provider” is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

“Prescription” is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

“Prescription drug” is a drug that is prescribed by the enrollee’s prescribing provider and requires a prescription under applicable law.

“Prior Authorization” is a health plan’s requirement that the enrollee or the enrollee’s prescribing provider obtain the health plan’s authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

“Step therapy” is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee’s medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee’s prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

“Subscriber” means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

# Using the Drug Formulary as your prescription drug coverage guide

## How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Requirements/Limits</b>
COUMADIN TAB 1MG ( <b><i>warfarin sodium</i></b> )	Tier 2	QL (300 tabs / 30 days); MAIL
<b><i>warfarin sodium tab 1 mg</i></b>	Tier 1	QL (300 tabs / 30 days); MAIL
<b><i>warfarin sodium tab 1 mg</i></b> (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

## What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or “generic” names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug “warfarin sodium”.

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or “***generic name***” for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and ***warfarin sodium*** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

## What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, in general the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

<b>Drug Tier</b>	<b>Description</b>
<b>Tier 1</b>	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing
<b>Tier 2</b>	Non-Preferred Generic drugs and Preferred Brand Name drugs; Higher cost sharing than Tier 1
<b>Tier 3</b>	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions
<b>Tier 4</b>	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a pharmacy in the Specialty Pharmacy Network. Some Specialty Drugs are only sold by certain pharmacies the drug company has chosen ("Limited Distribution")
<b>Tier 5</b>	Preventative and family planning drugs and devices (ie, contraception) with \$0 cost sharing
<b>DME</b>	Durable Medical Equipment; Cost sharing follows the medical benefit cost sharing for DME for the non-drug product on the drug list

Following sections 1367.002, 1367.25, and 1367.51 of the Health and Safety Code:

- Your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing when prescribed for you to use in line with those recommendations.
- Your plan covers a variety of drug, device, and over-the-counter products for family planning (ie, contraception) under the prescription drug benefit, with \$0 cost sharing (Tier 5).
- Your plan covers treatment and testing for diabetes including insulin, glucagon, medically necessary devices and supplies on the DME tier, and other prescription drugs.

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay Tier 3 cost sharing for Nonspecialty drugs or Tier 4 cost sharing for Specialty drugs. Please see your plan agreement for more details on cost sharing for formulary exceptions.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that applies.

- There are limits on your cost sharing for anticancer drugs taken by mouth.
- You have no cost sharing for mifepristone and misoprostol when prescribed to stop an early pregnancy.

## How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Search Drugs" tool at MolinaMarketplace.com. This tool will provide an

estimate of your cost for formulary drugs. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

## **Finding a pharmacy to fill a prescription**

### **Pharmacy Network**

Molina has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered.

### **Specialty Pharmacy**

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on Tier 4 on the formulary. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies. Molina's Pharmacy Benefit Manager, CVS Caremark, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425.

### **Mail Order Pharmacy**

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

### **Out-of-Network Pharmacy**

If the in-network pharmacies do not meet the enrollee's needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

### **Prescription Claims Processor**

Molina Healthcare has selected CVS Caremark as the Pharmacy Benefit Management (PBM) Company to manage the prescription benefit for Molina enrollees.

Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425. Membership, cost sharing, prescription drug benefit information and eligibility concerns may be addressed by calling the Molina Customer Support Center at 1 (888) 858-2150. Member Services is available Monday through Friday 8:00 a.m. to 6:00 p.m. Pacific Time. Provider-related questions may be addressed by calling the Molina Provider Services Help Desk at 1 (855) 322-4075 Monday through Friday 8:30 a.m. – 5:00 p.m. Pacific Time.

## Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization may be obtained from Molina. (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. Molina will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark Help Desk at 1 (888) 407-6425 to obtain an override for a 72-hour supply.

Pharmacies may call Molina at 1 (855) 322-4075 on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

## Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the "Proration and Synchronization" section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

# Prior authorization and exception request procedure

## Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. This may be true for Specialty Drugs used to treat long term or other rare conditions. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to **Molina at 1 (866) 508-6445**. The clinical policies and forms are on our website [MolinaMarketplace.com](http://MolinaMarketplace.com). The form may be obtained on [MolinaMarketplace.com](http://MolinaMarketplace.com) at the provider forms and documents page. The form must be completed and include all medical information. Otherwise, it will not be accepted. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, the request can be considered under Standard or Exigent Circumstances.

- A request is considered an Exigent Circumstance if any of the following apply:
  - You are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function
  - You are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision
  - You are undergoing current treatment using a nonformulary drug. Trials of pharmaceutical samples from your doctor or a manufacturer will not be considered as current treatment
- Supporting information is required to justify the urgency of the request
- Any request that is not considered an Exigent Circumstance is considered a Standard Exception request

You and/or your provider will be notified of our decision, made no later than:

- 24 hours following receipt of request with Exigent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If a determination is not made within these timeframes, the request will automatically be approved.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Following 1367.22 of the Health and Safety Code, if a drug request is approved, it will continue to be covered for the length of the prescription, including refills. Molina will not limit or exclude coverage for a drug if we previously approved it for your condition and your provider continues to prescribe it, as long as the drug is appropriately prescribed and continues to be safe and effective.

## Requesting an Exception

### Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

Molina has a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. Your doctor may order a drug that is not on the formulary but that he or she believes is best for you. You may be taking a drug that is no longer on the new plan year's drug list. Pharmacy systems may require you to try certain drugs before others are covered ("Step Therapy"). Your doctor may send Molina a formulary exception request using the Prior Authorization process above.

Molina will grant an exception for a nonformulary drug or step therapy requirement if its reviewers determine the supporting information shows any of the following:

- The member has a medical contraindication to formulary or required drug(s)
- The required drug(s) will likely cause a clinically predictable adverse reaction if taken by the member
- The required drug is expected to be ineffective based on the member's documented clinical characteristics
- The member has tried the required drug, a related drug, or a drug that works in a similar way, and discontinued it due to lack of effectiveness, loss of effect, or adverse event
- The member is established on the drug as a current treatment from previous insurance coverage. If the established drug is a brand drug and we cover the generic or interchangeable biological product, an exception may be given if switching to the required drug will likely cause clinically predictable adverse reactions or harm
- The supporting medical information clearly shows formulary or required drugs are not in the member's best interest, because they are likely to:
  - Present a barrier to treatment plan adherence, or
  - Negatively impact a member's comorbid condition, or
  - Cause a clinically predictable negative drug interaction, or
  - Decrease the member's ability to achieve or maintain reasonable functional ability in performing daily activities

Review timeframes and conditions are found in the "Prior Authorization" section of this guide. If the request is approved, Molina will send a letter to your doctor. If the request is not approved, we will send a letter to you with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Following 1300.67.24 of the Health and Safety Code, we cannot require you to repeat step therapy on a formulary drug if you changed insurance plans and are continuing a drug that is now subject to step therapy requirements under your Molina plan. Your provider will have to notify us with an exception request so we can know you are continuing to take the drug from before, it is appropriately prescribed, and it is safe and effective for your condition.

## Complaints and Appeals

You may file a grievance or complaint by contacting the Molina Customer Support Center at (888) 858-2150. If Molina denies your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers “Complaints and Appeals”. A copy of the Agreement, also called the Evidence of Coverage, can be found on [MolinaMarketplace.com](http://MolinaMarketplace.com).

# Legend

## What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

<b>Requirements/Limits</b>	<b>Description</b>
<b>AGE</b>	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
<b>MED</b>	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
<b>ONC</b>	Abbreviation for "Oncology" or cancer specialty. Drugs taken by mouth to treat cancer have monthly Cost Sharing limits under your plan.
<b>OTC</b>	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
<b>PA</b>	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
<b>QL</b>	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
<b>ST</b>	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

Your plan also covers up to 90-day supplies in person at CVS retail pharmacies on the same drugs that are eligible for Mail Order.

# ¡Bienvenido a Molina Healthcare!

## Formulario de medicamentos de Molina Healthcare (lista de medicamentos)

Su plan tiene una lista de medicamentos que están cubiertos. La lista se conoce como Formulario de medicamentos. El formulario cambia de un año del plan a otro. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y los cambios en la atención de salud. Tratan de encontrar los medicamentos más eficaces para diferentes condiciones. Se incorporan o eliminan medicamentos del formulario por diferentes razones. Las razones pueden incluir:

- Cambios en la práctica médica.
- Disponibilidad de nuevos medicamentos.
- Disponibilidad de nuevos medicamentos genéricos y reemplazo de medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Dentro del año del plan actual, solo hacemos ciertos cambios en el formulario. Estos cambios pueden incluir:

- Incorporación de medicamentos o formas farmacéuticas.
- Movimiento de un medicamento de una categoría de medicamentos a otra que da como resultado un costo compartido más bajo para los afiliados.
- Cambios en el estado de preferido entre medicamentos similares en la lista.
- Eliminación de restricciones como autorización previa o terapia progresiva en un medicamento o forma farmacéutica.

Cuando se realicen actualizaciones a través de nuestro proceso estándar, publicaremos cualquier cambio mensualmente. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web [MolinaMarketplace.com](http://MolinaMarketplace.com). Se incluye un aviso de cambios con la actualización.

### ¿Incluye la lista de medicamentos inyectables con los que un proveedor me brinda tratamiento en una clínica u otro lugar?

En general, los medicamentos de la lista de medicamentos son fármacos que su proveedor le receta para que usted los obtenga en una farmacia y se los administre usted mismo. La mayoría de los medicamentos inyectables donde usted necesite la ayuda de un proveedor para su administración se cubren bajo el beneficio médico en lugar del beneficio de medicamentos recetados (“farmacia”). Su proveedor tiene instrucciones nuestras sobre la manera de obtener una aprobación para los medicamentos que compran y ayudan a entregarle. Es posible obtener aprobación para adquirir algunos medicamentos inyectables en una farmacia mediante el beneficio de medicamentos recetados.

### Tengo preguntas sobre de qué manera mi plan cubre los medicamentos.

Esta guía contiene muchos detalles para preguntas frecuentes. También puede llamar a Molina Healthcare y hacer preguntas específicas de cobertura sobre un medicamento:

- ¿Puedo adquirir mi medicamento en una farmacia minorista?
- ¿Cómo encuentro estimaciones sobre el monto en dólares del costo compartido para mi receta?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización Previa?

- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia progresiva?
- ¿Está cubierto mi medicamento por el beneficio de medicamentos recetados o por el beneficio médico?

Llame gratis al **1 (888) 858-2150**, de lunes a viernes, de **8 a. m. a 6 p. m.** Si es sordo o tiene problemas de audición, marque el 711 para el Servicio de Telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre cobertura de anticonceptivos, exclusiones de beneficios, servicios de cuidados paliativos y más.

### **Si un medicamento está incluido en el formulario, ¿se me recetará ese medicamento?**

Un medicamento incluido en el formulario no garantiza que su médico se lo vaya a recetar a usted. Esta guía les permite a usted y a su médico saber qué medicamentos recetados están cubiertos por su plan. Es posible que su plan no cubra los medicamentos que no están en esta lista y que el costo sea mayor. Puede pedir que se cubran medicamentos que están fuera del formulario. Las solicitudes de medicamentos que están fuera del formulario se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones incluidas en el formulario o se cumplan otros requisitos de cobertura. Los detalles están incluidos en esta guía.

## **Definiciones**

“Medicamento de marca” es un medicamento que se comercializa bajo un nombre patentado protegido por marca registrada. El medicamento de marca aparecerá en letras MAYÚSCULAS.

El “coseguro” es un porcentaje del costo de un beneficio de atención médica cubierto que paga un afiliado después de que este haya pagado el deducible, si se aplica un deducible al beneficio de atención médica, como el beneficio de medicamentos recetados.

“Copago” es un monto fijo en dólares que un afiliado paga por un beneficio de atención médica cubierto después de que este haya pagado el deducible, si se aplica un deducible al beneficio de atención médica, como el beneficio de medicamentos recetados.

“Deducible” es la cantidad que paga un afiliado por los beneficios de atención médica cubiertos antes de que el plan de salud del afiliado comience a pagar la totalidad o parte del costo del beneficio de atención médica según los términos de la póliza.

“Forma farmacéutica” es la forma física en la que se produce y entrega un medicamento recetado, como un comprimido, una cápsula o un inyectable.

“Categoría de medicamentos” es un grupo de medicamentos recetados que corresponde a un nivel de costo compartido específico en la cobertura de medicamentos recetados del plan de salud. La categoría asignada a un medicamento recetado determina la parte del costo del medicamento que corresponde al afiliado.

“Afiliado” es una persona inscrita en un plan de salud que tiene derecho a recibir servicios del plan. Todas las referencias a afiliados en esta plantilla de formulario también incluirán al suscriptor como se define en esta sección a continuación.

“Solicitud de excepción” es una solicitud de cobertura de un medicamento recetado. Si un afiliado, su designado o el proveedor de atención médica que receta presenta una solicitud de excepción para la cobertura de un medicamento recetado, el plan de salud debe cubrir el medicamento recetado cuando se determine que es médicamente necesario para tratar la afección del afiliado.

“Circunstancias urgentes” significa que un afiliado está sufriendo una afección de salud que puede poner en grave peligro la vida, la salud o la capacidad del afiliado para recuperar su función máxima o cuando un afiliado está recibiendo un curso actual de tratamiento utilizando un medicamento que no está en el formulario.

“Formulario” es la lista completa de medicamentos preferidos para su uso y elegibles para la cobertura bajo un producto del plan de salud, e incluye todos los medicamentos cubiertos bajo el beneficio de medicamentos recetados para pacientes ambulatorios del producto del plan de salud. El formulario también se conoce como lista de medicamentos recetados.

“Medicamento genérico” es el mismo medicamento que su equivalente de marca en cuanto a dosis, seguridad, concentración, forma de administración, calidad, rendimiento y uso previsto. Un medicamento genérico aparece en letras minúsculas en negrita y cursiva.

“Medicamento fuera del formulario” es un medicamento recetado que no figura en el formulario del plan de salud.

Los “costos de bolsillo” son los copagos, el coseguro y el deducible aplicable, más todos los costos de los servicios de atención médica que no están cubiertos por el plan de salud.

“Proveedor que receta” es un proveedor de atención médica autorizado para escribir una receta para tratar una afección médica para un afiliado al plan de salud.

“Receta” es una orden oral, escrita o electrónica de un proveedor que receta para un afiliado específico que contiene el nombre del medicamento recetado, la cantidad del medicamento recetado, la fecha de emisión, el nombre y la información de contacto del proveedor que receta, la firma del proveedor que receta si la receta es por escrito y, si lo solicita el afiliado, la afección médica o el propósito por el cual se receta el medicamento.

“Medicamento recetado” es un medicamento recetado por el proveedor que receta al afiliado y que requiere una receta según la ley aplicable.

“Autorización previa” es el requisito de un plan de salud de que el afiliado o el proveedor que receta al afiliado obtenga la autorización del plan de salud para un medicamento recetado antes de que el plan de salud cubra el medicamento. El plan de salud otorgará una autorización previa cuando sea médicamente necesario que el afiliado obtenga el medicamento.

La “terapia progresiva” es un proceso que especifica la secuencia en la que se recetan diferentes medicamentos recetados para una afección médica dada y médicamente apropiados para un paciente en particular. El plan de salud puede requerir que el afiliado pruebe uno o más medicamentos para tratar la afección médica del afiliado antes de que el plan de salud cubra un medicamento en particular para la afección de conformidad con una solicitud de terapia progresiva. Si el proveedor que receta al afiliado presenta una solicitud de excepción de terapia progresiva, los planes de salud harán excepciones a la terapia progresiva cuando se cumplan los criterios.

“Suscriptor” significa la persona que es responsable pagarle al plan o cuyo empleo u otro estado, excepto la dependencia familiar, es la base para la elegibilidad para la membresía en el plan.

# Uso del Formulario de medicamentos como su guía de cobertura de medicamentos recetados

## ¿Cómo ubico un medicamento que está incluido en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica utilizando la clasificación del American Hospital Formulary Service (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan por orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, hay dos formas de buscar el medicamento por nombre.

- Si está usando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda de PDF al presionar Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que está buscando en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el Índice al final de esta guía.

Las entradas de medicamentos en la lista contienen el Nombre del medicamento, Categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

Nombre del medicamento	Categoría de medicamento	Requisitos/Límites
COUMADIN TAB 1MG ( <i>warfarin sodium</i> )	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

## ¿Qué nombres de medicamentos se utilizan en la lista?

La lista de medicamentos utiliza marcas registradas y nombres comunes o “genéricos” para mostrar la forma del medicamento que está cubierta. También hay marcas registradas utilizadas por ciertos medicamentos genéricos. La forma en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si está cubierta la forma de marca, la forma genérica o la forma genérica de marca registrada. El ejemplo anterior muestra la forma de marca, genérica y genérica de marca registrada del medicamento “warfarin sodium”.

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento aparecerá en letras MAYÚSCULAS como su NOMBRE DE MARCA. El nombre no de propiedad exclusiva o “*nombre genérico*” para el medicamento de marca seguirá entre paréntesis y en letras totalmente en **negrita y minúsculas cursivas**. Cuando la forma genérica del medicamento está cubierta, aparece por separado por sus **nombres genéricos** en letras totalmente en **negrita y minúsculas cursivas**. Un medicamento genérico que está cubierto como la forma genérica de marca registrada aparecerá por separado por su **nombre genérico** seguido del nombre de la marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y *warfarin sodium* se enumeran por

separado para mostrar que tanto la forma de marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de marca registrada (Jantoven). Es posible que se apliquen diferentes Categorías de medicamentos y Requisitos/límites para la forma de marca registrada en comparación con una forma genérica de un medicamento si figuran varias formas de medicamentos como cubiertas en la lista de medicamentos real.

## ¿Qué son las Categorías de medicamentos y cómo afectan mi parte del costo del medicamento?

Clasificamos los medicamentos en diferentes niveles, llamados categorías, en función de qué tan bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene las siguientes categorías. Para las categorías 1 a 4, en general, cuanto más baja sea la categoría del medicamento, menor será su parte del costo.

A continuación, encontrará más detalles sobre los medicamentos que se encuentran en cada categoría.

<b>Categoría de medicamento</b>	<b>Descripción</b>
<b>Categoría 1</b>	Medicamentos genéricos preferidos y medicamentos de marca de bajo costo; Costo compartido de afiliado más bajo
<b>Categoría 2</b>	Medicamentos genéricos no preferidos y medicamentos de marca preferidos; Costo compartido más alto que la Categoría 1
<b>Categoría 3</b>	Medicamentos no preferidos, de marca y genéricos; mayor costo compartido que los medicamentos de categoría inferior que se utilizan para tratar las mismas afecciones
<b>Categoría 4</b>	Medicamentos especializados, de marca y genéricos: mayor costo compartido que los medicamentos de categoría inferior a se utilizan para tratar las mismas enfermedades, si están disponibles. La mayoría de los Medicamentos especializados cubiertos por su plan estarán disponibles a través de una farmacia de la Red de farmacias de especialidad. Algunos Medicamentos especializados solo los venden ciertas farmacias que la compañía farmacéutica ha elegido ("Distribución limitada").
<b>Categoría 5</b>	Medicamentos y dispositivos preventivos y de planificación familiar (es decir, anticonceptivos) con un costo compartido de \$0
<b>DME</b>	Equipo médico duradero; el costo compartido sigue el costo compartido de beneficios médicos para DME para el producto no farmacológico en la lista de medicamentos

En cumplimiento de las secciones 1367.002, 1367.25 y 1367.51 del Código de Salud y Seguridad:

- Su plan cubre medicamentos y formas farmacéuticas de servicios preventivos reconocidos a nivel nacional (Categoría 5) con un costo compartido de \$0 cuando se lo recetan para que los use de acuerdo con esas recomendaciones.
- Su plan cubre una variedad de medicamentos, dispositivos y productos de venta libre para planificación familiar (es decir, anticoncepción) bajo el beneficio de medicamentos recetados, con un costo compartido de \$0 (Categoría 5).
- Su plan cubre el tratamiento y las pruebas para la diabetes, incluidos la insulina, el glucagón, los dispositivos y suministros médicamente necesarios en la Categoría de DME y otros medicamentos recetados.

Cuando se aprueba la cobertura de medicamentos fuera del formulario por excepción del formulario, los afiliados pagan el costo compartido de Categoría 3 para los medicamentos no especializados o el costo compartido de Categoría 4 para los medicamentos especializados. Consulte el acuerdo de su plan para obtener más detalles sobre los costos compartidos para las excepciones al formulario.

Ciertos tipos de medicamentos cubiertos por su plan tienen límites de costos compartidos cada vez que los surta. Si su estado tiene límites específicos, el costo compartido será el menor entre los costos compartidos del diseño de su plan y cualquier límite que se aplique.

- Hay límites en el costo compartido de los medicamentos contra el cáncer que se toman por vía oral.
- Usted no tiene costos compartidos para mifepristone y misoprostol cuando se recetan para interrumpir un embarazo en etapa temprana.

### **¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?**

Puede encontrar información sobre los costos compartidos de los medicamentos recetados en nuestro folleto Descripción general de beneficios, o ingresando la información de la receta en la herramienta “Search Drugs” (“Buscar medicamentos”) en MolinaMarketplace.com. Esta herramienta le proporcionará una estimación del costo de los medicamentos del formulario. Si crea una cuenta en Caremark.com antes de usar la herramienta, la información del diseño de su plan también se usará para estimar mejor los precios reales que paga en la farmacia.

## **Encontrar una farmacia para surtir una receta**

### **Red de Farmacias**

Molina tiene redes de farmacias minoristas, de pedido por correo y especializadas que pueden procesar y entregar medicamentos mediante uso de su cobertura. Para ubicar una farmacia dentro de la red, utilice la herramienta “Find a Pharmacy” (Encontrar una farmacia) en MolinaMarketplace.com.

La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos, como el nombre de la tienda, el idioma o los servicios ofrecidos.

### **Farmacia de especialidad**

Molina cuenta con una red de farmacias de especialidad que pueden procesar y entregar medicamentos especializados.

Medicamentos especializados

están asignados a la Categoría 4 del formulario. Algunos medicamentos tienen distribución limitada. Distribución limitada

significa que el medicamento solo se vende en ciertas farmacias. El administrador de beneficios de farmacia de Molina, CVS Caremark, tiene una

farmacia de especialidad que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría

de los medicamentos especializados requieren autorización previa antes de tener cobertura. La persona que le receta puede enviar solicitudes de autorización previa

directamente a Molina o enviar una receta a CVS para comenzar el proceso. Si la entrega por correo del medicamento especializado

no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para retirar.

Puede comunicarse con el servicio de asistencia de CVS Pharmacy llamando al 1 (888) 407-6425.

## **Farmacia de pedido por correo**

Su plan tiene una red de farmacias de pedidos por correo que pueden procesar y entregar un suministro de hasta 90 días de medicamentos elegibles. Los medicamentos elegibles están marcados como “CORREO” en el formulario.

El administrador de beneficios de farmacia de su plan tiene una farmacia de pedido por correo. Para surtir recetas a través de su servicio, el proveedor o afiliado puede llamar al número gratuito de FastStart® al 1 (800) 875-0867 de lunes a viernes, de 7 a. m. a 7 p. m. o visite Caremark.com.

## **Farmacia fuera de la red**

Si las farmacias de la red no satisfacen las necesidades del afiliado, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisará la necesidad médica de las excepciones caso por caso.

## **Procesador de reclamaciones de recetas**

Molina Healthcare seleccionó a CVS Caremark como la empresa de administración de beneficios de farmacia (PBM) para administrar el beneficio de medicamentos recetados para los afiliados de Molina.

Las preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas pueden dirigirse al servicio de asistencia de CVS Caremark al 1 (888) 407-6425. Las inquietudes sobre membresía, costos compartidos, beneficios de medicamentos recetados y elegibilidad pueden abordarse llamando al Centro de Atención al Cliente de Molina al 1(888) 858-2150 El Departamento de Servicios para Miembros está disponible de lunes a viernes, <sup>11</sup>~~SEP~~ de 8 a. m. a 6 p. m., hora del Pacífico. Las preguntas relacionadas con el proveedor pueden resolverse llamando al Servicio de asistencia para proveedores de Molina al 1 (855) 322-4075 de lunes a viernes, de 8:30 a. m. a 5 p. m., hora del Pacífico.

## **Política de medicamentos urgentes y fuera del horario de atención**

Para evitar que la condición de un afiliado empeore en una situación urgente, puede ser necesario entregar un suministro de 72 horas de un medicamento agudo antes de obtener de Molina la autorización previa. (p. ej., un afiliado es dado de alta de un hospital después del horario de atención normal con una receta especial de antibiótico).

Las farmacias deberán ejercer su criterio profesional. Molina reembolsará a las farmacias por un suministro de 72 horas de un medicamento agudo a las tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el servicio de asistencia de CVS Caremark al 1 (888) 407-6425 para obtener una anulación de un suministro de 72 horas.

Las farmacias pueden llamar a Molina al 1 (855) 322-4075 al día hábil siguiente para obtener la autorización que permita tramitar en línea la receta urgente o fuera de horario. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se entregaron medicamentos en estas circunstancias urgentes.

## **Plazos de resurtido, sincronización y prorrateo**

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ya transcurrieron el 85 % de los días de uso previstos desde la fecha del resurtido anterior. Consulte la sección “Prorrateo y sincronización” de su acuerdo del plan para conocer los medicamentos que tienen un plazo de resurtido especial. Su farmacia o proveedor pueden solicitar que se anulen los plazos límite de resurtido para sincronizar las fechas de surtido de sus medicamentos comunicándose con el servicio de asistencia de CVS Caremark® al 1 (888) 407-6425. Si se despachan suministros para más o menos días para sincronizar sus medicamentos, su costo compartido en esos suministros será prorrateado.

# Procedimiento de solicitud de autorización previa y excepción

## Autorización previa

Los medicamentos que requieren aprobación anticipada para la cobertura se revisan según las reglas estándar para determinar la necesidad médica. Los proveedores deben demostrar que tiene un uso médicamente aceptado para el medicamento y que otros tratamientos no han funcionado para usted o no son apropiados desde el punto de vista clínico. Es posible que se apliquen otros requisitos según el medicamento. Es posible que necesitemos ciertos resultados de pruebas para demostrar que un medicamento es adecuado para usted. Esto puede ser cierto para los Medicamentos especializados que se usan para tratar afecciones a largo plazo u otras afecciones infrecuentes. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como una razón para eludir las reglas estándar de cobertura.

Su proveedor puede enviarnos por fax un formulario de autorización previa de medicamentos completo a **Molina al 1 (866) 508-6445**. Las políticas y formularios clínicos están en nuestro sitio web [MolinaMarketplace.com](http://MolinaMarketplace.com). El formulario se puede obtener en [MolinaMarketplace.com](http://MolinaMarketplace.com) en la página de formularios y documentos del proveedor. El formulario debe estar completado e incluir toda la información médica. De lo contrario, no se aceptará. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente.

Si su receta médica requiere una excepción del formulario o autorización previa, la solicitud se puede considerar en circunstancias urgentes o estándar.

- Una solicitud se considera una circunstancia urgente si se aplica alguna de las siguientes:
  - Sufre una afección de salud que puede poner en grave peligro su vida, su salud o su capacidad para recuperar su función máxima.
  - Tiene un dolor intenso no controlado o la urgencia de su atención requiere una decisión de cobertura rápida.
  - Está recibiendo un tratamiento actual con un medicamento que no está en el formulario. Los ensayos de muestras farmacéuticas de su médico o de un fabricante no se considerarán como tratamiento en curso.
- Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Cualquier solicitud que no se considere una circunstancia urgente se considerará como solicitud de excepción estándar.

Usted o su proveedor recibirán una notificación de nuestra decisión a más tardar:

- 24 horas después de recibir la solicitud de circunstancias urgentes.
- 72 horas después de recibir la solicitud de circunstancias estándares.

Si no se toma una determinación dentro de estos plazos, la solicitud se aprobará automáticamente.

Si se aprueba la solicitud, le enviaremos una carta a la persona que le receta. Incluiremos por cuánto tiempo se aprueba la solicitud antes de que se requiera la renovación de la autorización. Si la solicitud no es aprobada, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento.

De acuerdo con 1367.22 del Código de Salud y Seguridad, si se aprueba una solicitud de medicamento, continuará cubierto por la duración de la receta, incluidos resurtidos. Molina no limitará ni excluirá la cobertura de un medicamento si lo aprobamos previamente para su afección y su proveedor continúa recetándolo, siempre que el medicamento se recete correctamente y siga siendo seguro y efectivo.

## Cómo solicitar una excepción

### ¿Puedo tener cobertura de un medicamento si no está en el formulario o no sigue los requisitos del plan, como la terapia progresiva?

Molina tiene un proceso que le permite solicitar medicamentos clínicamente apropiados que no están en el formulario o que tienen requisitos o límites en virtud de su plan. Su médico puede ordenar un medicamento que no está en el formulario de medicamentos que él crea que es el mejor para usted. Es posible que esté tomando un medicamento que ya no se encuentra en la lista de medicamentos del nuevo año del plan. Los sistemas de farmacia pueden exigirle que pruebe ciertos medicamentos antes de que otros estén cubiertos (“Terapia Progresiva”). Su médico puede enviar a Molina una solicitud de excepción al formulario mediante el proceso de autorización previa anterior.

Molina otorgará una excepción para un medicamento fuera del formulario o un requisito de terapia progresiva si sus revisores determinan que la información de respaldo muestra cualquiera de los siguientes:

- El miembro tiene una contraindicación médica para el formulario o los medicamentos requeridos.
- Es probable que los medicamentos requeridos causen una reacción adversa clínicamente predecible si los toma el miembro.
- Se espera que el medicamento requerido sea ineficaz según las características clínicas documentadas del miembro.
- El miembro probó el medicamento requerido, un medicamento relacionado o un medicamento que funciona de manera similar y lo suspendió debido a la falta de eficacia, pérdida de efecto o evento adverso.
- El miembro está establecido en la toma del medicamento como un tratamiento actual de una cobertura de seguro anterior. Si el medicamento establecido es un medicamento de marca y cubrimos el producto biológico genérico o intercambiable, se puede otorgar una excepción si cambiar al medicamento requerido hay probabilidad de que cause reacciones adversas o daños clínicamente predecibles.
- La información médica de respaldo muestra claramente que los medicamentos del formulario o requeridos no son lo mejor para el miembro, porque es probable que:
  - Presente un obstáculo para cumplir con el plan de tratamiento, o
  - Afecte negativamente la afección comórbida de un miembro, o
  - Cause una interacción farmacológica negativa clínicamente predecible, o
  - Disminuya la capacidad del miembro para lograr o mantener una capacidad funcional razonable en el desempeño de las actividades diarias.

Los plazos de revisión y las condiciones se encuentran en la sección “Autorización previa” de esta guía. Si se aprueba la solicitud, Molina le enviará una carta a su médico. Si la solicitud no es aprobada, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento. Si no está de acuerdo con los motivos de la denegación, puede apelar la decisión. Su médico puede solicitar una revisión de excepción externa.

De acuerdo con 1300.67.24 del Código de Salud y Seguridad, no podemos exigirle que repita la terapia progresiva en un medicamento del formulario si cambió de plan de seguro y continúa con un medicamento que ahora está sujeto a los requisitos de terapia progresiva según su plan de Molina. Su proveedor tendrá que notificarnos con una solicitud de excepción para que podamos saber que continúa tomando el medicamento anterior, que se le recetó correctamente y que es seguro y eficaz para su afección.

## Quejas y apelaciones

Puede presentar una queja o reclamo comunicándose con el Centro de Atención al Cliente de Molina al (888) 858-2150. Si Molina no aprueba su solicitud de medicamentos, se incluirá un aviso de derechos a apelar la decisión en el aviso de acción. Para obtener más información, consulte la sección de su Acuerdo (póliza) que cubre “Quejas y apelaciones”. Puede encontrar una copia del Acuerdo, también llamada Evidencia de Cobertura, en [MolinaMarketplace.com](https://MolinaMarketplace.com).

## ¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

<b>Requisitos/Límites</b>	<b>Descripción</b>
<b>AGE</b>	Se aplican límites de edad. Solo pagamos este medicamento o forma farmacéutica para determinados grupos de edad según la información sobre la seguridad, la eficacia y el costo del medicamento.
<b>MED</b>	Se aplican límites de dosis equivalente de morfina (Morphine Equivalent Dose, MED). Las cantidades de este medicamento están limitadas al equivalente (“EQ”) de 90 miligramos de morfina por día de suministro surtido.
<b>ONC</b>	Abreviatura de “Oncología” o especialidad del cáncer. Los medicamentos que se toman por vía oral para tratar el cáncer tienen límites de costos compartidos mensuales según su plan.
<b>OTC</b>	Las formas farmacéuticas de venta libre (Over-the-Counter, OTC) están cubiertas en la lista de medicamentos con una receta válida de un proveedor.
<b>PA</b>	Se requiere Autorización previa (Prior Authorization, PA). Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen. Si se requiere Autorización previa para un medicamento o forma farmacéutica, los proveedores deben demostrar que tiene un uso médicamente aceptado para el medicamento y otros tratamientos no han funcionado o no son apropiados. Es posible que se apliquen otros requisitos según el medicamento.
<b>QL</b>	Se aplican Límites de cantidad (Quantity Limits, QL). Pagaremos una cantidad diaria máxima según la información sobre el uso y el costo médicamente aceptados del medicamento.
<b>ST</b>	Se requiere terapia progresiva (Step Therapy, ST). Si hemos pagado para que usted tenga los medicamentos requeridos para la terapia progresiva en el pasado, este medicamento se pagará en la farmacia sin necesidad de una autorización previa o una solicitud de excepción de terapia progresiva. La lista de medicamentos le mostrará qué medicamentos necesita primero y por cuánto tiempo.

Algunos medicamentos se designan como “de marca preferidos” en la clase de medicamentos en la que aparecen. Si hay un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de marca preferido en la clase, requerimos que se use primero el de marca preferido o que se use en su lugar. Los medicamentos específicos que requieren el uso primero de un medicamento de Marca Preferido también pueden estar indicados como “PA de Necesidad Médica”. Los requisitos de autorización previa de necesidad médica se aplican a algunos medicamentos especializados de categoría 4.

La lista de medicamentos también indicará si un medicamento es elegible para programas de pedido por correo (**CORREO**) en la columna Requisitos/Límites. Es su elección si desea utilizar los programas de pedido por correo. Es posible que tenga un costo compartido más bajo con el pedido por correo en algunos medicamentos.

Su plan también cubre suministros para hasta 90 días en persona en las farmacias minoristas de CVS en los mismos medicamentos que son elegibles para pedidos por correo.
