Welcome to Molina Healthcare!

Molina Healthcare Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Within the current plan year, we only make certain changes to the formulary. These changes may include:

- Addition of drugs or dosage forms
- Movement of a drug from one drug tier to another that results in lower enrollee cost sharing
- Changes in preferred status among similar drugs on the list
- Removal of restrictions like prior authorization or step therapy on a drug or dosage form

When updates happen through our standard process, we will publish any changes on a monthly basis. Your plan's most current drug list is on our website MolinaMarketplace.com. A notice of changes is included with update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call Molina Healthcare and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- How do I find estimates on the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free **1 (888) 858-2150**, Monday through Friday, **8:00 a.m. through 6:00 p.m.** If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Definitions

“Brand name drug” is a drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

“Coinsurance” is a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Copayment” is a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Deductible” is the amount an enrollee pays for covered health care benefits before the enrollee’s health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

“Dosage form” is the physical form in which a prescription drug is produced and dispensed, such as a tablet, a capsule, or an injectable.

“Drug Tier” is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan’s prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this this formulary template shall also include subscriber as defined in this section below.

“Exception request” is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee’s condition.

“Exigent circumstances” are when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

“Formulary” is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

“Generic drug” is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

“Nonformulary drug” is a prescription drug that is not listed on the health plan’s formulary.

“Out-of-pocket costs” are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

“Prescribing provider” is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

“Prescription” is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

“Prescription drug” is a drug that is prescribed by the enrollee’s prescribing provider and requires a prescription under applicable law.

“Prior Authorization” is a health plan’s requirement that the enrollee or the enrollee’s prescribing provider obtain the health plan’s authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

“Step therapy” is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee’s medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee’s prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

“Subscriber” means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

Using the Drug Formulary as your prescription drug coverage guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL (300 tabs / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and ***warfarin sodium*** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, in general the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing
Tier 2	Non-Preferred Generic drugs and Preferred Brand Name drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions
Tier 4	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a pharmacy in the Specialty Pharmacy Network. Some Specialty Drugs are only sold by certain pharmacies the drug company has chosen ("Limited Distribution")
Tier 5	Preventative and family planning drugs and devices (ie, contraception) with \$0 cost sharing
DME	Durable Medical Equipment; Cost sharing follows the medical benefit cost sharing for DME for the non-drug product on the drug list

Following sections 1367.002, 1367.25, and 1367.51 of the Health and Safety Code:

- Your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing when prescribed for you to use in line with those recommendations.
- Your plan covers a variety of drug, device, and over-the-counter products for family planning (ie, contraception) under the prescription drug benefit, with \$0 cost sharing (Tier 5).
- Your plan covers treatment and testing for diabetes including insulin, glucagon, medically necessary devices and supplies on the DME tier, and other prescription drugs.

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay Tier 3 cost sharing for Nonspecialty drugs or Tier 4 cost sharing for Specialty drugs. Please see your plan agreement for more details on cost sharing for formulary exceptions.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that applies.

- There are limits on your cost sharing for anticancer drugs taken by mouth.
- You have no cost sharing for mifepristone and misoprostol when prescribed to stop an early pregnancy.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Search Drugs" tool at MolinaMarketplace.com. This tool will provide an

estimate of your cost for formulary drugs. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

Finding a pharmacy to fill a prescription

Pharmacy Network

Molina has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered.

Specialty Pharmacy

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on Tier 4 on the formulary. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies. Molina's Pharmacy Benefit Manager, CVS Caremark, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425.

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet the enrollee's needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

Molina Healthcare has selected CVS Caremark as the Pharmacy Benefit Management (PBM) Company to manage the prescription benefit for Molina enrollees.

Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425. Membership, cost sharing, prescription drug benefit information and eligibility concerns may be addressed by calling the Molina Customer Support Center at 1 (888) 858-2150. Member Services is available Monday through Friday 8:00 a.m. to 6:00 p.m. Pacific Time. Provider-related questions may be addressed by calling the Molina Provider Services Help Desk at 1 (855) 322-4075 Monday through Friday 8:30 a.m. – 5:00 p.m. Pacific Time.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization may be obtained from Molina. (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. Molina will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions.

Pharmacies may call Molina at 1 (855) 322-4075 on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the "Proration and Synchronization" section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. This may be true for Specialty Drugs used to treat long term or other rare conditions. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to **Molina at 1 (866) 508-6445**. The clinical policies and forms are on our website MolinaMarketplace.com. The form may be obtained on MolinaMarketplace.com at the provider forms and documents page. The form must be completed and include all medical information. Otherwise, it will not be accepted. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, the request can be considered under Standard or Exigent Circumstances.

- A request is considered an Exigent Circumstance if any of the following apply:
 - You are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function
 - You are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision
 - You are undergoing current treatment using a nonformulary drug. Trials of pharmaceutical samples from your doctor or a manufacturer will not be considered as current treatment
- Supporting information is required to justify the urgency of the request
- Any request that is not considered an Exigent Circumstance is considered a Standard Exception request

You and/or your provider will be notified of our decision, made no later than:

- 24 hours following receipt of request with Exigent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If a determination is not made within these timeframes, the request will automatically be approved.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Following 1367.22 of the Health and Safety Code, if a drug request is approved, it will continue to be covered for the length of the prescription, including refills. Molina will not limit or exclude coverage for a drug if we previously approved it for your condition and your provider continues to prescribe it, as long as the drug is appropriately prescribed and continues to be safe and effective.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

Molina has a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. Your doctor may order a drug that is not on the formulary but that he or she believes is best for you. You may be taking a drug that is no longer on the new plan year's drug list. Pharmacy systems may require you to try certain drugs before others are covered ("Step Therapy"). Your doctor may send Molina a formulary exception request using the Prior Authorization process above.

Molina will grant an exception for a nonformulary drug or step therapy requirement if its reviewers determine the supporting information shows any of the following:

- The member has a medical contraindication to formulary or required drug(s)
- The required drug(s) will likely cause a clinically predictable adverse reaction if taken by the member
- The required drug is expected to be ineffective based on the member's documented clinical characteristics
- The member has tried the required drug, a related drug, or a drug that works in a similar way, and discontinued it due to lack of effectiveness, loss of effect, or adverse event
- The member is established on the drug as a current treatment from previous insurance coverage. If the established drug is a brand drug and we cover the generic or interchangeable biological product, an exception may be given if switching to the required drug will likely cause clinically predictable adverse reactions or harm
- The supporting medical information clearly shows formulary or required drugs are not in the member's best interest, because they are likely to:
 - Present a barrier to treatment plan adherence, or
 - Negatively impact a member's comorbid condition, or
 - Cause a clinically predictable negative drug interaction, or
 - Decrease the member's ability to achieve or maintain reasonable functional ability in performing daily activities

Review timeframes and conditions are found in the "Prior Authorization" section of this guide. If the request is approved, Molina will send a letter to you and your doctor. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Following 1300.67.24 of the Health and Safety Code, we cannot require you to repeat step therapy on a formulary drug if you changed insurance plans and are continuing a drug that is now subject to step therapy requirements under your Molina plan. Your provider will have to notify us with an exception request so we can know you are continuing to take the drug from before, it is appropriately prescribed, and it is safe and effective for your condition.

Complaints and Appeals

You may file a grievance or complaint by contacting the Molina Customer Support Center at **1 (888) 858-2150**. If Molina denies your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers "Complaints and Appeals". A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaMarketplace.com.

Legend

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits Description

AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
ONC	Abbreviation for "Oncology" or cancer specialty. Drugs taken by mouth to treat cancer have monthly Cost Sharing limits under your plan.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

Your plan also covers up to 90-day supplies in person at CVS retail pharmacies on the same drugs that are eligible for Mail Order.

Formulario de Medicamentos de Molina Healthcare (Lista de Medicamentos)

Su plan cuenta con una lista de medicamentos que tienen cobertura. Esta lista se denomina Formulario de Medicamentos. El formulario cambia cada año del plan. Los medicamentos que aparecen en la lista son elegidos por un grupo de doctores y farmacéuticos de su aseguradora y la comunidad médica. El grupo se reúne cada tres meses para conversar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y los cambios en la atención médica. Tratan de encontrar los medicamentos más efectivos para las distintas afecciones. Los medicamentos se agregan al Formulario de Medicamentos o se retiran de él por diferentes motivos. Los motivos pueden incluir:

- Cambios en la práctica médica.
- Disponibilidad de nuevos medicamentos.
- Disponibilidad de nuevos medicamentos genéricos que se utilizan en lugar de los medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura para medicamentos.
- Un medicamento ya no está disponible o presenta un nuevo problema de seguridad.

Dentro del año del plan actual, solo realizamos ciertos cambios en el formulario. Estos cambios pueden incluir:

- Adición de medicamentos o formas farmacéuticas.
- Cambio de un medicamento de una categoría de medicamento a otra, lo que representa menores costos compartidos para la persona inscrita.
- Cambios en el estado de preferencia entre medicamentos similares de la lista.
- Eliminación de restricciones como la autorización previa o la terapia progresiva en un medicamento o forma farmacéutica.

Cuando se implementen actualizaciones a través de nuestro proceso estándar, publicaremos todos los cambios de forma mensual. La lista de medicamentos más actual de su plan se encuentra en nuestro sitio web MolinaMarketplace.com. Con la actualización, se incluye un aviso de cambios.

¿La lista de medicamentos incluye medicamentos inyectables que un Proveedor me administra en una clínica u otra ubicación?

En general, los medicamentos de la lista de medicamentos son aquellos que su proveedor le receta para que los obtenga en una farmacia y se los administre usted mismo. La mayoría de los medicamentos inyectables en los que necesita ayuda de un proveedor para utilizarlos tienen cobertura del beneficio médico en lugar del beneficio de medicamentos recetados ("farmacia"). Su proveedor cuenta con nuestras instrucciones sobre cómo brindarle aprobación para los medicamentos que compra y lo ayuda a administrarlos. Algunos medicamentos inyectables se pueden aprobar para obtenerse de una farmacia utilizando su beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre medicamentos.

Esta guía contiene varios detalles para preguntas comunes. Además, puede llamar a Molina Healthcare y preguntar por la cobertura específica de un medicamento:

- ¿Mi receta médica se puede surtir en una farmacia minorista?
- ¿Cómo puedo encontrar estimaciones sobre el monto en dólares de los costos compartidos para mi receta médica?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización Previa?

- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia progresiva?
- ¿Está mi medicamento cubierto bajo el beneficio de medicamentos recetados o el beneficio médico?

Llame al número de teléfono gratuito **1 (888) 858-2150**, de lunes a viernes, **de 8:00 a.m. a 6:00 p.m.** Si es sordo o tiene problemas de audición, marque el 711 para llamar al Servicio de Telecomunicaciones. También puede solicitar el envío por correo de una copia de la lista de medicamentos.

El Manual del Miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre cobertura para métodos anticonceptivos, exclusiones de beneficios y servicios de cuidados paliativos, entre otros.

Si un medicamento figura en el formulario, ¿se me recetará ese medicamento?

Un medicamento que figura en el formulario no garantiza que su doctor se lo recetará. Esta guía le informa a usted y a su doctor qué medicamentos recetados están cubiertos por su plan. Es posible que los medicamentos que no están en esta lista no estén cubiertos por su plan y pueden costarle más. Puede solicitar que se cubran medicamentos que no están en el formulario. Las solicitudes para medicamentos que no están en el formulario se considerarán para un uso aceptado por razones médicas cuando las opciones del formulario no se pueden utilizar o se cumplen otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Definiciones

“Medicamento de marca” es un medicamento que se comercializa bajo un nombre protegido de marca registrada y que está patentado. El medicamento de marca registrada se deberá indicar completamente en MAYÚSCULAS.

“Coseguro” es un porcentaje del costo de un beneficio de atención médica cubierta que un afiliado paga después de haber pagado el deducible en el caso de que se aplique un deducible al beneficio de atención médica, tal como el beneficio de medicamentos recetados.

“Copago” es un monto fijo en dólares que un afiliado paga por el beneficio de atención médica cubierta después de haber pagado el deducible en el caso de que se aplique un deducible al beneficio de atención médica, tal como el beneficio de medicamentos recetados.

“Deducible” es el monto que un afiliado paga por los beneficios de atención médica cubierta antes de que el plan de salud del afiliado comience a pagar, total o parcialmente, el costo del beneficio de atención médica según los términos de la póliza.

“Forma farmacéutica” es la forma física en la que se produce y se dispensa un medicamento recetado, tales como un comprimido, una cápsula o un inyectable.

“Categoría de Medicamento” es un grupo de medicamentos recetados que corresponde a una categoría específica de costos compartidos en la cobertura de medicamentos recetados del plan de salud. La categoría en la que se encuentra un medicamento recetado determina la parte del costo del afiliado por un medicamento.

“Afiliado” es una persona inscrita en un plan de salud que tiene derecho a recibir servicios del plan. Todas las referencias a los afiliados en esta plantilla de formulario también deberán incluir al suscriptor, tal como se define en la siguiente sección.

“Solicitud de excepción” es una solicitud para cubrir un medicamento recetado. Si un afiliado, su persona designada o proveedor de atención médica que receta envía una solicitud de excepción para cubrir un medicamento recetado, el

plan de salud debe cubrir el medicamento con receta cuando se determina que el medicamento es necesario por razones médicas para tratar la afección del afiliado.

“Circunstancias urgentes” corresponde a cuando un afiliado sufre de una afección médica que puede poner en grave peligro su vida, salud o capacidad para recuperar la funcionalidad máxima, o cuando un afiliado se encuentra actualmente en tratamiento con un medicamento que no aparece en el formulario.

“Formulario” es la lista de medicamentos completa preferida para el uso y es elegible para la cobertura bajo un producto del plan de salud, e incluye todos los medicamentos cubiertos bajo el beneficio de medicamentos recetados para pacientes ambulatorios del producto del plan de salud. El formulario también es conocido como una lista de medicamentos recetados.

“Medicamento genérico” es el mismo medicamento que el equivalente de marca registrada en términos de dosis, seguridad, concentración, administración, calidad, desempeño y uso previsto. Un medicamento genérico se menciona en letras minúsculas negritas y cursivas.

“Medicamento que no está en el formulario” es un medicamento recetado que no figura en el formulario del plan de salud.

“Gastos de su bolsillo” son los copagos, los coseguros y el deducible correspondiente, además de todos los costos por los servicios de atención médica que el plan de salud no cubre.

“Proveedor que receta” es un proveedor de atención médica autorizado para escribir una receta médica con el fin de tratar una afección médica para un afiliado del plan de salud.

“Receta médica” es una orden oral, escrita o electrónica emitida por un proveedor que receta para un afiliado específico, la cual contiene el nombre del medicamento recetado, la cantidad del medicamento recetado, la fecha de emisión, el nombre y la información de contacto del proveedor que receta, la firma del proveedor que receta si la receta está por escrito y, si la solicita el afiliado, la afección médica o el propósito por el cual se receta el medicamento.

“Medicamento recetado” es un medicamento que receta el proveedor que receta del afiliado y necesita una receta médica conforme a las leyes correspondientes.

“Autorización Previa” es un requisito del plan de salud en que el afiliado o el proveedor recetador del afiliado obtienen la autorización del plan de salud para recibir un medicamento recetado antes de que el plan de salud cubra dicho medicamento. El plan de salud deberá otorgar una autorización previa cuando sea médicaamente necesario para que el afiliado obtenga el medicamento.

“Terapia progresiva” es un proceso que especifica la secuencia en la cual se recetan los distintos medicamentos recetados para una afección médica determinada y adecuados por razones médicas para un paciente en particular. El plan de salud puede requerir que el afiliado pruebe uno o más medicamentos para tratar su afección médica antes de que el plan de salud cubra un medicamento en particular para la afección conforme a la solicitud de terapia progresiva. Si el proveedor que receta del afiliado envía una solicitud para la excepción de terapia progresiva, el plan de salud deberá hacer excepciones para la terapia progresiva cuando se cumplan los criterios.

“Suscriptor” significa la persona que es responsable del pago de un plan o cuyo empleo u otro estado, excepto la dependencia familiar, es la base de elegibilidad para la afiliación en el plan.

Cómo utilizar el Formulario de Medicamentos como su guía de cobertura de medicamentos recetados

¿Cómo encuentro un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría terapéutica y clase mediante el uso de la clasificación del Servicio de Formularios de Hospitales Norteamericanos (American Hospital Formulary Service, AHFS). Dentro de la categoría y clase, los nombres de los medicamentos también están organizados en orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, existen dos maneras de buscar el medicamento por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede presionar Ctrl + F en el teclado de la computadora para utilizar la función de búsqueda de PDF. Escriba el nombre del medicamento que está buscando en la casilla de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el índice que se encuentra al final de esta guía.

Las entradas de los medicamentos en la lista contienen el nombre del medicamento, la categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos bajo el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo un medicamento puede aparecer en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

Nombre del Medicamento	Categoría de Medicamento	Requisitos/Límites
COUMADIN TAB 1MG (warfarin sodium)	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 1	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 1	QL (300 tabs / 30 days); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos usa nombres de marca comercial y nombres “genéricos” no patentados para mostrar qué forma del medicamento está cubierta. También hay nombres de marcas registradas utilizados por ciertos medicamentos genéricos. La manera en que el nombre de un medicamento se muestra en la lista de medicamentos le dirá si está cubierta la forma de marca, la forma genérica o la forma genérica de marca registrada. El ejemplo anterior muestra las formas de marca, genérica y genérica de marca registrada del medicamento “warfarin sodium” (warfarina sódica).

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento se mencionará en letras MAYÚSCULAS como su NOMBRE DE MARCA REGISTRADA. Luego, se mencionará la denominación común o el “**nombre genérico**” del medicamento de marca entre paréntesis y todo en letras **minúsculas negritas y cursivas**. Si la forma genérica del medicamento tiene cobertura, se menciona de forma separada por sus **nombres genéricos** en letras **minúsculas negritas y cursivas**. Un medicamento genérico que tiene cobertura como la forma genérica de marca

registrada se mencionará de forma separada por su **nombre genérico** seguido del nombre de marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si la forma de marca y la forma genérica para un medicamento están cubiertas en el formulario, cada una se indicará como entradas de medicamentos separadas. Por ejemplo, el COUMADIN y la **warfarina sódica** se mencionan por separado para mostrar que tanto la forma de marca como la forma genérica se incluyen en el formulario. En este ejemplo, también se muestra una forma genérica de marca registrada (Jantoven). Se pueden aplicar diferentes Categorías de Medicamento, así como Requisitos/Límites para una forma de marca, en comparación con la forma genérica de un medicamento si ambas están enumeradas en la lista de medicamentos.

¿Qué son las Categorías de Medicamento y cómo afectan mi parte del costo de medicamentos?

Asignamos los medicamentos en distintos niveles llamados “categorías” en función de qué tan bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene las siguientes categorías. Por lo general, en el caso de las Categorías de la 1 a la 4, mientras más baja es la Categoría de Medicamento, más baja será su parte del costo.

A continuación, encontrará más detalles sobre los medicamentos que se encuentran en cada categoría.

Categoría de Medicamento	Descripción
Tier 1	Medicamentos genéricos preferidos y medicamentos de marca registrada de bajo costo: los menores costos compartidos para el afiliado.
Tier 2	Medicamentos genéricos no preferidos y medicamentos de marca registrada preferidos: costos compartidos más altos que en la Categoría 1.
Tier 3	Medicamentos no preferidos, medicamentos de marca registrada y medicamentos genéricos: costos compartidos más altos que los medicamentos de categorías inferiores utilizados para tratar las mismas afecciones.
Tier 4	Medicamentos de especialidad, tanto de marca registrada como genéricos: costos compartidos más altos que los medicamentos de categorías inferiores que se utilizan para tratar las mismas afecciones, si están disponibles. La mayoría de los Medicamentos de Especialidad cubiertos por su plan se encontrarán disponibles a través de una farmacia que forme parte de la Red de Farmacias de Especialidad. Algunos Medicamentos de Especialidad se venden únicamente en ciertas farmacias que la empresa farmacéutica haya elegido (“Distribución Limitada”).
Tier 5	Medicamentos y dispositivos para servicios preventivos y de planificación familiar (es decir, anticoncepción) con costos compartidos de \$0.
DME	Equipo Médico Duradero: los costos compartidos son el resultado de los costos compartidos del beneficio médico para equipo médico duradero (Durable Medical Equipment, DME) del producto no farmacológico que aparece en la lista de medicamentos.

De acuerdo con las secciones 1367.002, 1367.25, y 1367.51 del Código de Salud y Seguridad:

- Su plan cubre medicamentos de servicios médicos preventivos y formas farmacéuticas reconocidos a nivel nacional (Categoría 5) con costos compartidos de \$0 si se recetan para que los utilice de acuerdo con esas recomendaciones.
- Su plan cubre una variedad de medicamentos, dispositivos y productos de venta libre para planificación familiar (es decir, anticonceptivos) bajo el beneficio de medicamentos recetados, con costos compartidos de \$0 (Categoría 5).
- Su plan cubre el tratamiento y las pruebas para la diabetes, lo que incluye insulina, glucagón, dispositivos y suministros médicaamente necesarios en la categoría de DME, además de otros medicamentos recetados.

Cuando se aprueba una excepción de formulario con el fin de cubrir medicamentos que no aparecen en el formulario, las personas inscritas pagan los costos compartidos de Nivel 3 para los Medicamentos No Especializados o los costos compartidos de Nivel 4 para los Medicamentos Especializados. Consulte el contrato de su plan para obtener más información sobre los costos compartidos de las excepciones de formulario.

Ciertos tipos de medicamentos cubiertos por su plan tienen límites de costos compartidos cada vez que los surte. Si su estado cuenta con límites específicos, los costos compartidos serán los costos compartidos más bajos del diseño de su plan o de cualquier límite que se aplique.

- Existen límites en sus costos compartidos para medicamentos contra el cáncer que se toman por vía oral.
- Usted no cuenta con costos compartidos para la mifepristona ni el misoprostol cuando estos se prescriben para detener un embarazo durante los primeros meses.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los montos de los costos compartidos para medicamentos recetados en nuestro folleto Sus Beneficios a Simple Vista, o bien puede ingresar su información de recetas médicas en la herramienta de “Search Drugs” (Búsqueda de Medicamentos) en MolinaMarketplace.com. Esta herramienta proporcionará una estimación del costo para los medicamentos del formulario. Si crea una cuenta en Caremark.com antes de utilizar la herramienta, la información de diseño de su plan también se utilizará para estimar de manera más exacta los precios reales que usted paga en la farmacia.

Cómo encontrar una farmacia para surtir una receta médica

Red de Farmacias

Molina cuenta con redes de farmacias minoristas, servicio de farmacia por correo y farmacias de especialidad que pueden procesar y dispensar medicamentos con su cobertura. Para encontrar una farmacia dentro de la red, utilice la herramienta “Encontrar una farmacia” en MolinaMarketplace.com.

La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Usted puede delimitar los resultados de búsqueda según la distancia u otros criterios específicos, tales como nombre de tienda, idioma hablado o servicios ofrecidos.

Farmacia de Especialidad

Molina cuenta con una red de farmacias especializadas que pueden procesar y dispensar medicamentos de especialidad. Los medicamentos especializados se posicionan en el Nivel 4 del Formulario. Algunos medicamentos tienen una distribución limitada. La distribución limitada significa que solo determinadas farmacias venden el medicamento. El Administrador de Beneficios Farmacéuticos de Molina, CVS Caremark, tiene una farmacia especializada que proporciona

apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y a tratar sus afecciones. La mayoría de los medicamentos de especialidad requieren autorización previa antes de que tengan cobertura. Un recetador puede enviar solicitudes de Autorización Previa directamente a Molina o enviar una receta médica a CVS para comenzar el proceso. Si la entrega por correo del medicamento de especialidad no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para su retiro.

Se puede comunicar con la Línea de Ayuda Técnica Farmacéutica de CVS al 1 (888) 407-6425.

Servicio de Farmacia por Correo

Su plan cuenta con una red de farmacias con el servicio de pedido por correo que pueden procesar y dispensar un suministro de hasta 90 días de medicamentos elegibles. Los medicamentos elegibles están marcados con la palabra "MAIL" (CORREO) en el formulario.

El Administrador de Beneficios Farmacéuticos de su plan cuenta con el servicio de farmacia por correo. Para surtir las recetas médicas a través de dicho servicio, el proveedor o la persona inscrita pueden llamar al número de teléfono gratuito de FastStart® al 1 (800) 875-0867, de lunes a viernes, de 7:00 a. m. a 7:00 p. m., o bien pueden visitar Caremark.com.

Farmacia Fuera de la Red

Si las farmacias de la red no cumplen con las necesidades del afiliado, se puede solicitar una excepción a fin de obtener autorización para utilizar una farmacia fuera de la red. Las excepciones se revisarán caso por caso en función de la necesidad médica.

Procesador de Reclamaciones de Recetas Médicas

Molina Healthcare seleccionó a CVS Caremark como la compañía de Administración de Beneficios Farmacéuticos (Pharmacy Benefit Management, "PBM") para administrar el beneficio de recetas médicas de las personas inscritas en Molina.

Las preguntas sobre cómo procesar las reclamaciones, estado del formulario o reclamaciones rechazadas se pueden dirigir al soporte técnico de CVS Caremark al 1 (888) 407-6425. La información sobre membresía, costos compartidos, beneficios de medicamentos recetados y las dudas sobre elegibilidad pueden abordarse llamando al Centro de Asistencia al Cliente de Molina al **1 (888) 858-2150**. El Departamento de Servicios para Miembros atiende de lunes a viernes, de **8:00 a.m. a 6:00 p.m., hora del Pacífico**. Las preguntas relacionadas con el proveedor se pueden resolver llamando a la Línea de Ayuda Técnica para Servicios de Proveedores de Molina al **1 (855) 322-4075**, de lunes a viernes, de **8:30 a.m. a 5:00 p.m., hora del Pacífico**.

Política de Medicamentos urgentes y Después del Horario de atención

Para evitar que la afección de un afiliado empeore en una situación urgente, es posible que sea necesario dispensar un suministro de 72 horas de un medicamento agudo, antes de que pueda obtenerse la Autorización Previa de Molina. (Por ejemplo, un afiliado recibe el alta de un hospital después del horario regular de atención con una receta de antibióticos especiales).

Se les instruye a las farmacias utilizar su juicio profesional. Molina reembolsará a las farmacias por un suministro de 72 horas de un medicamento agudo en tarifas contratadas para estas recetas.

Las farmacias pueden llamar a Molina al **1 (855) 322-4075** al siguiente día hábil para obtener una autorización que permita que la receta médica urgente o después del horario de atención se procese en línea. Se aconseja y espera que la farmacia brinde documentación razonable de los casos en los que se distribuyeron los medicamentos bajo estas circunstancias urgentes.

Tiempo de Renovación, Sincronización y Prorrateo

En general, los suministros de medicamentos para 30 días se pueden renovar cuando haya pasado un 85 % de los días previstos de uso de la fecha de surtido anterior. Consulte la sección “Prorrateo y Sincronización” del acuerdo de su plan para conocer los medicamentos que tienen un tiempo de renovación especial. Su farmacia o proveedor pueden solicitar que se anulen los límites de tiempo de renovación a fin de sincronizar las fechas de surtido de sus medicamentos, solo deben comunicarse con la Línea de Ayuda Técnica de CVS Caremark® al 1 (888) 407-6425. Si se dispensan suministros para menos o más días a fin de sincronizar sus medicamentos, se prorrinarán sus costos compartidos en función de esos suministros.

Procedimiento de solicitud de excepción y autorización previa

Autorización previa

Los medicamentos que requieren una aprobación anticipada para obtener cobertura se revisan en contraste con las normas estándares para determinar la necesidad médica. Los proveedores deben demostrar que su uso médico del medicamento está aceptado y que otros tratamientos no funcionaron ni son adecuados desde el punto de vista clínico. Pueden aplicarse otros requisitos dependiendo del medicamento. Podemos requerir ciertos resultados de prueba para demostrar que un medicamento es adecuado para usted. Esto puede ser correcto en el caso de los Medicamentos de Especialidad que se utilizan para tratar afecciones prolongadas u otras afecciones poco frecuentes. La respuesta de un afiliado a muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará un motivo para evitar las normas estándares de cobertura.

Su proveedor puede enviar por fax un formulario completado de Autorización Previa de medicamentos a Molina al **1 (866) 508-6445**. Las políticas y los formularios clínicos se encuentran en nuestro sitio web MolinaMarketplace.com. El formulario está disponible en MolinaMarketplace.com en la página de formularios y documentos del proveedor. El formulario se debe completar y debe incluir toda la información médica. De lo contrario, no se aceptará. Su proveedor también puede utilizar CoverMyMeds® o Surescripts® para enviar su solicitud de forma electrónica.

Si su receta médica requiere una Autorización Previa o una Excepción de Formulario, la solicitud puede considerarse bajo Circunstancias Estándares o Urgentes.

- Una solicitud se considera una Circunstancia Urgente si se aplica alguna de las siguientes condiciones:
 - Usted tiene una afección que podría poner en grave peligro su vida, su salud o su capacidad para recuperar las funciones por completo.
 - Presenta dolor intenso no controlado, o bien la urgencia de su atención requiere una decisión rápida de cobertura.
 - Actualmente, está en tratamiento con un medicamento que no aparece en el formulario. Las pruebas de muestras farmacéuticas de su doctor o un fabricante no se considerarán como su tratamiento actual.
- Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Cualquier solicitud que no se considere una Circunstancia Urgente se considera una solicitud de Excepción Estándar.

Se les notificará a usted o a su proveedor sobre nuestra decisión, a más tardar, en los siguientes plazos:

- 24 horas después de recibir la solicitud con Circunstancias Urgentes.
- 72 horas después de recibir la solicitud con Circunstancias Estándares.

Si no se realiza una determinación dentro de estos plazos, la solicitud se aprobará automáticamente.

Si se aprueba la solicitud, le enviaremos una carta a su recetador. Incluiremos el tiempo que demorará la aprobación de la solicitud antes de que sea necesario renovar la autorización. Si la solicitud no se aprueba, enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de hacer un seguimiento.

De acuerdo con 1367.22 del Código de Salud y Seguridad, si se aprueba una solicitud de medicamento, continuará estando cubierta para la duración de la receta, incluidas las renovaciones. Molina no limitará ni excluirá la cobertura de un medicamento si lo aprobamos anteriormente para su afección y su proveedor continúa recetándolo, siempre que el medicamento se recete de manera adecuada y continúe siendo seguro y efectivo.

Cómo solicitar una Excepción

¿Puedo recibir un medicamento cubierto si no está en el formulario o no cumple con los requisitos del plan, como la terapia progresiva?

Molina tiene un proceso para permitirle solicitar medicamentos adecuados por razones clínicas que no están en el formulario o que tienen requisitos o límites bajo su plan. Su doctor puede solicitar un medicamento que no aparece en el formulario, pero que considera que es lo mejor para usted. Es posible que esté tomando un medicamento que ya no se encuentra en la lista de medicamentos nueva del año del plan. Los sistemas de farmacia pueden requerir que usted pruebe ciertos medicamentos antes de que se otorgue cobertura para otros ("terapia progresiva"). Su doctor puede enviar una solicitud de excepción de formulario a Molina por medio del proceso de Autorización Previa antes descrito.

Molina concederá una excepción para una terapia progresiva o medicamento que no aparece en el formulario si sus revisores determinan que la información de respaldo indica alguna de las siguientes razones:

- El miembro tiene una contraindicación médica al medicamento del formulario o al medicamento requerido.
- El medicamento requerido probablemente causará una reacción adversa clínicamente previsible si el miembro lo toma.
- Se espera que el medicamento requerido sea ineficaz en función de las características clínicas documentadas del miembro.
- El miembro probó el medicamento requerido, un medicamento relacionado o un medicamento que funciona de una manera similar, e interrumpió su consumo debido a la falta de efectividad, la pérdida de efecto o la aparición de un efecto adverso.
- El miembro toma el medicamento como tratamiento actual de la cobertura de seguro anterior. Si el medicamento que se administra es un medicamento de marca y nosotros cubrimos el producto biológico genérico o intercambiable, se puede otorgar una excepción si el cambio al medicamento requerido podría causar efectos adversos o daños clínicamente predecibles.
- La información médica de respaldo muestra claramente que el formulario o los medicamentos requeridos no proporcionarán el mayor beneficio al miembro debido a que puede ocurrir alguna de las siguientes consecuencias:
 - representará una barrera para el cumplimiento del plan de tratamiento;
 - tendrá un efecto negativo sobre la situación de comorbilidad del miembro;
 - provocará una interacción farmacológica negativa clínicamente predecible; o
 - disminuirá la capacidad del miembro para lograr o mantener un desempeño funcional razonable en el desarrollo de sus actividades diarias.

En la sección "Autorización Previa" de esta guía, se encuentran los plazos y las condiciones de revisión. Si se aprueba la solicitud, Molina le enviará una carta a usted y a su doctor. Si la solicitud no se aprueba, enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de hacer un seguimiento. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión. Su doctor puede solicitar una revisión externa de la excepción.

De acuerdo con 1300.67.24 del Código de Salud y Seguridad, no podemos exigirle que repita la terapia progresiva con un medicamento del formulario si cambió de planes de seguro y continúa tomando un medicamento que ahora está sujeto a requisitos de terapia progresiva según su plan de Molina. Su proveedor tendrá que notificarnos con una solicitud de excepción, para que podamos saber que usted sigue tomando el medicamento desde antes, que este se receta de manera adecuada y que es seguro y eficiente para su afección.

Quejas y Apelaciones

Puede presentar un reclamo o queja comunicándose con el Centro de Apoyo al Cliente de Molina al **1 (888) 858-2150**. Si Molina rechaza su solicitud de medicamento, un aviso de derechos para apelar la decisión se incluirá en el aviso de acción. Para obtener más información, consulte la sección de su Contrato (póliza) que incluye “Quejas y Apelaciones”. Puede encontrar una copia del Contrato, también llamada Evidencia de Cobertura, en MolinaMarketplace.com.

¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/Límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos por este medicamento o forma farmacéutica para ciertos grupos de edad según la información sobre la seguridad, la eficacia y el costo del medicamento.
MED	Se aplican límites de Dosis Equivalente de Morfina (Morphine Equivalent Dose, MED). Las cantidades de este medicamento están limitadas al equivalente (“EQ”) de 90 miligramos de morfina por día de suministro surtido.
ONC	Abreviatura de “Oncología” o especialidad del cáncer. Los medicamentos que se ingieren por vía oral para tratar el cáncer tienen límites mensuales de costos compartidos de acuerdo con su plan.
OTC	Las formas farmacéuticas de venta sin receta (Over-the-Counter, OTC) están cubiertas en la lista de medicamentos con una receta médica válida emitida por un proveedor.
PA	Se requiere Autorización Previa (Prior Authorization, PA). Requerimos aprobación anticipada de cobertura para algunos medicamentos antes de que se pague por estos. Si la Autorización Previa es necesaria para un medicamento o forma farmacéutica, los proveedores deben demostrar que usted tiene un uso aceptado por razones médicas para el medicamento y que otros tratamientos no han funcionado o no son adecuados. Pueden aplicarse otros requisitos dependiendo del medicamento.
QL	Se aplican Límites de Cantidad (Quantity Limits, QL). Pagaremos por un monto diario máximo según la información sobre el costo y uso aceptado por razones médicas del medicamento.
ST	Se requiere Terapia Progresiva (Step Therapy, ST). Si en el pasado hemos pagado para que usted reciba los medicamentos de Terapia Progresiva necesarios, este medicamento se pagará en la farmacia sin necesidad de una Autorización Previa o solicitud de excepción de la Terapia Progresiva. La lista de medicamentos le muestra qué medicamentos se requieren primero y por cuánto tiempo.

Algunos medicamentos son denominados “de Marca Preferida” en la clase de medicamento en la que aparecen. Si existe un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de Marca Preferida en la clase, necesitamos que el medicamento de Marca Preferida se utilice primero o en su lugar. Los medicamentos específicos que requieren el uso de un medicamento de Marca Preferida también se pueden indicar primero como “PA de Necesidad Médica”. Se aplican requisitos de Autorización Previa de Necesidad Médica para algunos medicamentos especializados de Categoría 4.

La lista de medicamentos además indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Usted elige si desea utilizar programas de Pedidos por Correo. Es posible que tenga costos compartidos más bajos cuando utilice el servicio de Pedidos por Correo de algunos medicamentos.

Su plan también cubre hasta 90 días de suministros de forma presencial en las farmacias minoristas de CVS con los mismos medicamentos que son elegibles para Pedidos por Correo.
