Marketplace MCG Cite AutoAuth Implementation

New Advanced Imaging Prior Authorization Request Self Service Announcement

Dear Provider,

Molina Healthcare of Utah is happy to announce that we will be introducing a new self-service method for our Marketplace Line of Business to submit Advanced Imaging Prior Authorization requests effective **2/16/2022**. This system can be accessed electronically via the provider portal and will be available 24 hours per day/7 days per week. This method of submission will be an alternative to the existing fax/phone/email process. Clinical information will be submitted for review by our plan. This system will provide more efficient processing of your authorization request, and the status of the authorization will be available immediately upon completion of your submission.

Again, this service will be available only for your Marketplace Advanced Imaging Prior Authorization requests.

If you wish to learn more about MCG Cite AutoAuth, please visit MCG Website (http://www.mcg.com/) or call 888-464-4746. Thank you for your partnership in caring for Molina Healthcare members.

Sincerely,

Molina Healthcare of Utah

The Special Provider Bulletin is a newsletter distributed to all network providers serving beneficiaries of Molina Healthcare of Utah health care plans.
