Welcome!

Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Within the current plan year, we only make certain changes to the formulary. These changes may include:

- Addition of drugs or dosage forms
- Movement of a drug from one drug tier to another that results in lower enrollee cost sharing
- Changes in preferred status among similar drugs on the list
- Removal of restrictions like prior authorization or step therapy on a drug or dosage form

When updates happen through our standard process, we will publish any changes every 3 months. Your plan's most current drug list is on our website MolinaMarketplace.com. A notice of changes is included with each update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call us and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- What is the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free **1-888-858-3973**, Monday through Friday, **9:00 AM – 5:00 PM MST**. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your prescriber know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Using the Drug Formulary as your prescription drug coverage guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL (300 tabs / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug’s cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, in general the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs; Lowest enrollee cost sharing
Tier 2	Preferred Brand drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions
Tier 4	Specialty drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a pharmacy in the Specialty Pharmacy Network. Some Specialty Drugs are only sold by certain pharmacies the drug company has chosen (“Limited Distribution”)
Tier 5	Preventative and family planning drugs and devices (ie, contraception) with \$0 cost sharing
DME	Durable Medical Equipment; Cost sharing follows the medical benefit cost sharing for DME for the non-drug product on the drug list

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay Tier 3 cost sharing for Nonspecialty drugs or Tier 4 cost sharing for Specialty drugs. Please see your plan Agreement for more details on cost sharing for formulary exceptions.

In accordance with the Affordable Care Act, your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing when prescribed for you to use in line with those recommendations.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that is required.

- There are limits on your cost sharing for anticancer drugs taken by mouth.
- There are limits on your cost sharing for insulin. The limit (\$27) applies per insulin drug, per 30-day supply. The limit does not apply to products that contain other drugs besides insulin.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the “Search Drugs” tool at MolinaMarketplace.com. This tool will provide an estimate of your cost for formulary drugs. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

Finding a pharmacy to fill a prescription

Pharmacy Network

Your plan has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered.

Specialty Pharmacy

Your plan has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on Tier 4 on the formulary. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies. Your plan's Pharmacy Benefit Manager, CVS Caremark®, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to us or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425.

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet your needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

We have selected CVS Caremark® as the Pharmacy Benefit Manager ("PBM") to manage the prescription benefit for your plan. Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425.

Membership, cost sharing, prescription drug benefit information, and eligibility concerns may be addressed by calling our Customer Support Center at **1-888-858-3973**. Member Services is available Monday through Friday **9:00 AM – 5:00 PM MST**.

Prescribers and pharmacies may contact our Provider Services Help Desk at **1-855-322-4081**.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization has been reviewed (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. We will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions.

Pharmacies may call us at **1-855-322-4081** on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the “Proration and Synchronization” section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. An enrollee’s response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to us at **1-866-497-7448**. The clinical policies and forms may be obtained at our website MolinaMarketplace.com. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, your provider can ask for the request to be reviewed as an Urgent Circumstance.

- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function. Situations where you are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision can also be indicated as urgent on requests. Supporting information is required to justify the urgency of the request.
- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

We have a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. A formulary exception would be needed in the following scenarios:

- Your prescriber may order a drug that is not on the formulary but that he or she believes is best for you
- You may be taking a drug that is no longer on the new plan year's drug list and you cannot switch
- The formulary drug requires step therapy, and you tried the step drugs in the past, or have clinical factors that make those step drugs not right for you

Your prescriber can send us a formulary exception request using the Prior Authorization process and form described in the previous section.

Exceptions may be considered when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. We may consider an exception under the following conditions:

- There is documentation of a specific need in your medical record
- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past
- Your doctor has certified the options have caused you harm or are reasonably expected by the prescriber to cause you harm, or to be ineffective because of the clinical features of your condition

If the request is approved, we will send a letter to your prescriber. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Review timeframes and conditions are found in the "Prior Authorization" section of this guide.

Are there any drugs or other products that are not covered at all?

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your Agreement (policy) titled "Non-Covered Drugs" and "Exclusions".

Complaints and Appeals

You may file a grievance or complaint by contacting the Customer Support Center at **1-888-858-3973**. If we do not approve your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers "Complaints and Appeals". A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaMarketplace.com.

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

Formulario de Medicamentos (Lista de Medicamentos)

Su plan cuenta con una lista de medicamentos que tienen cobertura. Esta lista se denomina Formulario de Medicamentos. El formulario cambia cada año del plan. Los medicamentos que aparecen en la lista son elegidos por un grupo de doctores y farmacéuticos de su aseguradora y la comunidad médica. El grupo se reúne cada tres meses para conversar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y los cambios en la atención médica. Tratan de encontrar los medicamentos más efectivos para las distintas afecciones. Los medicamentos se agregan al Formulario de Medicamentos o se retiran de él por diferentes motivos. Los motivos pueden incluir:

- Cambios en la práctica médica.
- Disponibilidad de nuevos medicamentos.
- Disponibilidad de nuevos medicamentos genéricos que se utilizan en lugar de los medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura para medicamentos.
- Un medicamento ya no está disponible o presenta un nuevo problema de seguridad.

Dentro del año del plan actual, solo realizamos ciertos cambios en el formulario. Estos cambios pueden incluir:

- Adición de medicamentos o formas farmacéuticas.
- Cambio de un medicamento de una categoría de medicamento a otra, lo que representa menores costos compartidos para la persona inscrita.
- Cambios en el estado de preferencia entre medicamentos similares de la lista.
- Eliminación de restricciones como la autorización previa o la terapia progresiva en un medicamento o forma farmacéutica.

Cuando se efectúen actualizaciones a través de nuestro proceso estándar, publicaremos todos los cambios cada 3 meses. La lista de medicamentos más actual de su plan se encuentra en nuestro sitio web MolinaMarketplace.com. Con cada actualización, se incluye un aviso de cambios.

¿La lista de medicamentos incluye medicamentos inyectables que un Proveedor me administra en una clínica u otra ubicación?

En general, los medicamentos de la lista de medicamentos son aquellos que su proveedor le receta para que los obtenga en una farmacia y se los administre usted mismo. La mayoría de los medicamentos inyectables en los que necesita ayuda de un proveedor para utilizarlos tienen cobertura del beneficio médico en lugar del beneficio de medicamentos recetados (“farmacia”). Su proveedor cuenta con nuestras instrucciones sobre cómo brindarle aprobación para los medicamentos que compra y lo ayuda a administrarlos. Algunos medicamentos inyectables se pueden aprobar para obtenerse de una farmacia utilizando su beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre medicamentos.

Esta guía contiene varios detalles para preguntas comunes. Puede llamarnos y hacer preguntas sobre la cobertura específica de un medicamento, como las que se indican a continuación:

- ¿Mi receta médica se puede surtir en una farmacia minorista?
- ¿Cuál es el monto en dólares de costos compartidos para mi receta médica?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización Previa?

- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia progresiva?
- ¿Está mi medicamento cubierto bajo el beneficio de medicamentos recetados o el beneficio médico?

Llame al número de teléfono gratuito **1-888-858-3973**, de lunes a viernes, **9:00 AM – 5:00 PM MST**. Si es sordo o tiene dificultades auditivas, marque el 711 para comunicarse con el Servicio de Telecomunicaciones. También puede solicitar el envío por correo de una copia de la lista de medicamentos.

El Manual del Miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre cobertura para métodos anticonceptivos, exclusiones de beneficios y servicios de cuidados paliativos, entre otros.

Si un medicamento figura en el formulario, ¿se me recetará ese medicamento?

Un medicamento que figura en el formulario no garantiza que su doctor se lo recetará. Esta guía le informa a usted y a su recetador qué medicamentos recetados están cubiertos por su plan. Es posible que los medicamentos que no están en esta lista no estén cubiertos por su plan y pueden costarle más. Puede solicitar que se cubran medicamentos que no están en el formulario. Las solicitudes para medicamentos que no están en el formulario se considerarán para un uso aceptado por razones médicas cuando las opciones del formulario no se pueden utilizar o se cumplen otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Cómo utilizar el Formulario de Medicamentos como su guía de cobertura de medicamentos recetados

¿Cómo encuentro un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría terapéutica y clase mediante el uso de la clasificación del Servicio de Formularios de Hospitales Norteamericanos (American Hospital Formulary Service, AHFS). Dentro de la categoría y clase, los nombres de los medicamentos también están organizados en orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, existen dos maneras de buscar el medicamento por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede presionar Ctrl + F en el teclado de la computadora para utilizar la función de búsqueda de PDF. Escriba el nombre del medicamento que está buscando en la casilla de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el índice que se encuentra al final de esta guía.

Las entradas de los medicamentos en la lista contienen el nombre del medicamento, la categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos bajo el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo un medicamento puede aparecer en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

Nombre del Medicamento	Categoría de Medicamento	Requisitos/Límites
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL QL (300 tabs / 30 days); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos usa nombres de marca comercial y nombres “genéricos” no patentados para mostrar qué forma del medicamento está cubierta. También hay nombres de marcas registradas utilizados por ciertos medicamentos genéricos. La manera en que el nombre de un medicamento se muestra en la lista de medicamentos le dirá si está cubierta la forma de marca, la forma genérica o la forma genérica de marca registrada. El ejemplo anterior muestra las formas de marca, genérica y genérica de marca registrada del medicamento “warfarin sodium” (warfarina sódica).

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento se mencionará en letras MAYÚSCULAS como su NOMBRE DE MARCA REGISTRADA. Luego, se mencionará la denominación común o el “**nombre genérico**” del medicamento de marca entre paréntesis y todo en letras **minúsculas negritas y cursivas**. Si la forma genérica del medicamento tiene cobertura, se menciona de forma separada por sus **nombres genéricos** en letras **minúsculas negritas y cursivas**. Un medicamento genérico que tiene cobertura como la forma genérica de marca registrada se mencionará de forma separada por su **nombre genérico** seguido del nombre de marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si la forma de marca y la forma genérica para un medicamento están cubiertas en el formulario, cada una se indicará como entradas de medicamentos separadas. Por ejemplo, el COUMADIN y la **warfarina sódica** se mencionan por separado para mostrar que tanto la forma de marca como la forma genérica se incluyen en el formulario. En este ejemplo, también se muestra una forma genérica de marca registrada (Jantoven). Se pueden aplicar diferentes Categorías de Medicamento, así como Requisitos/Límites para una forma de marca, en comparación con la forma genérica de un medicamento si ambas están enumeradas en la lista de medicamentos.

¿Qué son las Categorías de Medicamento y cómo afectan mi parte del costo de medicamentos?

Asignamos los medicamentos en distintos niveles llamados “categorías” en función de qué tan bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene las siguientes categorías. Por lo general, en el caso de las Categorías de la 1 a la 4, mientras más baja es la Categoría de Medicamento, más baja será su parte del costo.

A continuación, encontrará más detalles sobre los medicamentos que se encuentran en cada categoría.

Categoría de Medicamento	Descripción
Tier 1	Medicamentos genéricos preferidos: costos compartidos más bajos para el afiliado.
Tier 2	Medicamentos de marca preferidos: costos compartidos más altos que en la Categoría 1.
Tier 3	Medicamentos no preferidos, tanto de marca registrada como genéricos: costos compartidos más altos que los medicamentos de categorías inferiores que se utilizan para tratar las mismas afecciones.
Tier 4	Medicamentos de especialidad, tanto de marca registrada como genéricos: costos compartidos más altos que los medicamentos de categorías inferiores que se utilizan para tratar las mismas afecciones, si están disponibles. La mayoría de los Medicamentos de Especialidad cubiertos por su plan se encontrarán disponibles a través de una farmacia que forme parte de la Red de Farmacias de Especialidad. Algunos Medicamentos de Especialidad se venden únicamente en ciertas farmacias que la empresa farmacéutica haya elegido (“Distribución Limitada”).
Tier 5	Medicamentos y dispositivos para servicios preventivos y de planificación familiar (es decir, anticoncepción) con costos compartidos de \$0.
DME	Equipo Médico Duradero: los costos compartidos son el resultado de los costos compartidos del beneficio médico para equipo médico duradero (Durable Medical Equipment, DME) del producto no farmacológico que aparece en la lista de medicamentos.

Cuando se aprueba una excepción de formulario con el fin de cubrir medicamentos que no aparecen en el formulario, las personas inscritas pagan los costos compartidos de Nivel 3 para los Medicamentos No Especializados o los costos compartidos de Nivel 4 para los Medicamentos Especializados. Consulte el Contrato de su plan para obtener más información sobre los costos compartidos de las excepciones de formulario.

De acuerdo con la Ley de Cuidado de Salud a Bajo Precio, su plan cubre medicamentos de servicios médicos preventivos y formas de dosificación reconocidos a nivel nacional (Categoría 5) con costos compartidos de \$0, si se recetan para que los utilice de acuerdo con esas recomendaciones.

Ciertos tipos de medicamentos cubiertos por su plan tienen límites de costos compartidos cada vez que los surte. Si su estado estableció límites específicos, los costos compartidos serán los costos compartidos más bajos del diseño de su plan o de cualquier límite que se requiera.

- Existen límites en sus costos compartidos para medicamentos contra el cáncer que se toman por vía oral.
- Existen límites en sus costos compartidos para la insulina. El límite de (\$27) se aplica por insulina y por suministro de 30 días. El límite no se aplica a los productos que contienen otros medicamentos además de la insulina.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los montos de los costos compartidos para medicamentos recetados en nuestro folleto Sus Beneficios a Simple Vista, o bien puede ingresar su información de recetas médicas en la herramienta de “Search Drugs” (Búsqueda de Medicamentos) en MolinaMarketplace.com. Esta herramienta proporcionará una estimación del costo para los medicamentos del formulario. Si crea una cuenta en Caremark.com antes de utilizar la herramienta, la información de diseño de su plan también se utilizará para estimar de manera más exacta los precios reales que usted paga en la farmacia.

Cómo encontrar una farmacia para surtir una receta médica

Red de Farmacias

Su plan cuenta con redes de farmacias minoristas, servicio de farmacia por correo y farmacias de especialidad que pueden procesar y dispensar medicamentos con su cobertura. Para encontrar una farmacia dentro de la red, utilice la herramienta “Encontrar una farmacia” en MolinaMarketplace.com. La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Usted puede delimitar los resultados de búsqueda según la distancia u otros criterios específicos, tales como nombre de tienda, idioma hablado o servicios ofrecidos.

Farmacia de Especialidad

Su plan cuenta con una red de farmacias especializadas que pueden procesar y dispensar medicamentos de especialidad. Los medicamentos de especialidad se posicionan en el Nivel 4 del Formulario. Algunos medicamentos tienen una distribución limitada. La distribución limitada significa que solo determinadas farmacias venden el medicamento. El Administrador de Beneficios Farmacéuticos de su plan, CVS Caremark®, tiene una farmacia especializada que proporciona apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y a tratar sus afecciones. La mayoría de los medicamentos de especialidad requieren autorización previa antes de que tengan cobertura. Un recetador puede enviar solicitudes de Autorización Previa directamente a nosotros o enviar una receta médica a CVS para comenzar el proceso. Si la entrega por correo del medicamento de especialidad no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para su retiro.

Se puede comunicar con la Línea de Ayuda Técnica Farmacéutica de CVS al 1 (888) 407-6425.

Servicio de Farmacia por Correo

Su plan cuenta con una red de farmacias con el servicio de pedido por correo que pueden procesar y dispensar un suministro de hasta 90 días de medicamentos elegibles. Los medicamentos elegibles están marcados con la palabra “MAIL” (CORREO) en el formulario.

El Administrador de Beneficios Farmacéuticos de su plan cuenta con el servicio de farmacia por correo. Para surtir las recetas médicas a través de dicho servicio, el proveedor o la persona inscrita pueden llamar al número de teléfono gratuito de FastStart® al 1 (800) 875-0867, de lunes a viernes, de 7:00 a. m. a 7:00 p. m., o bien pueden visitar Caremark.com.

Farmacia Fuera de la Red

Si las farmacias de la red no cumplen con sus necesidades, se puede solicitar una excepción a fin de obtener autorización para acudir a una farmacia fuera de la red. Las excepciones se revisarán caso por caso en función de la necesidad médica.

Procesador de Reclamaciones de Recetas Médicas

Seleccionamos a CVS Caremark® como el Administrador de Beneficios Farmacéuticos (Pharmacy Benefit Manager, “PBM”) para administrar el beneficio de recetas médicas de su plan. Las preguntas sobre cómo procesar las reclamaciones, estado del formulario o reclamaciones rechazadas se pueden dirigir al soporte técnico de CVS Caremark al 1 (888) 407-6425.

Si desea obtener información sobre la membresía, los costos compartidos y el beneficio de medicamentos recetados, además de resolver dudas sobre la elegibilidad, llame al Centro de Apoyo al Cliente de Molina al **1-888-858-3973**. El Departamento de Servicios para Miembros atiende de lunes a viernes, de **9:00 AM – 5:00 PM MST**.

Los recetadores y las farmacias se pueden comunicar con nuestra Línea de Ayuda Técnica para Servicios de Proveedores al **1-855-322-4081**

Política de Medicamentos urgentes y Después del Horario de atención

Para evitar que la afección de un afiliado se agrave durante una situación urgente, es posible que sea necesario dispensar un suministro de medicamentos especializados de 72 horas antes de que se haya revisado la Autorización Previa (p. ej., un afiliado recibe el alta médica de un hospital después del horario de atención habitual con una receta médica especial para antibióticos).

Se les instruye a las farmacias utilizar su juicio profesional. Reembolsaremos a las farmacias por un suministro de 72 horas de un medicamento especializado con las tarifas contratadas para dichas recetas médicas.

Las farmacias nos pueden llamar al **1-855-322-4081** el día laborable siguiente para obtener una autorización que permita procesar la receta médica en línea obtenida en urgencias o después de las horas de consulta. Se aconseja y espera que la farmacia brinde documentación razonable de los casos en los que se distribuyeron los medicamentos bajo estas circunstancias urgentes.

Tiempo de Renovación, Sincronización y Prorratio

En general, los suministros de medicamentos para 30 días se pueden renovar cuando haya pasado un 85% de los días previstos de uso de la fecha de surtido anterior. Consulte la sección “Prorratio y Sincronización” del acuerdo de su plan para conocer los medicamentos que tienen un tiempo de renovación especial. Su farmacia o proveedor pueden solicitar que se anulen los límites de tiempo de renovación a fin de sincronizar las fechas de surtido de sus medicamentos, solo deben comunicarse con la Línea de Ayuda Técnica de CVS Caremark® al 1 (888) 407-6425. Si se dispensan suministros para menos o más días a fin de sincronizar sus medicamentos, se prorratiarán sus costos compartidos en función de esos suministros.

Procedimiento de solicitud de excepción y autorización previa

Autorización previa

Los medicamentos que requieren una aprobación anticipada para obtener cobertura se revisan en contraste con las normas estándares para determinar la necesidad médica. Los proveedores deben demostrar que su uso médico del medicamento está aceptado y que otros tratamientos no funcionaron ni son adecuados desde el punto de vista clínico. Pueden aplicarse otros requisitos dependiendo del medicamento. Podemos requerir ciertos resultados de prueba para demostrar que un medicamento es adecuado para usted. La respuesta de un afiliado a muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará un motivo para evitar las normas estándares de cobertura.

Su proveedor puede enviarnos por fax un formulario de Autorización Previa para medicamentos completado al **1-866-497-7448**. Las políticas y los formularios clínicos se pueden obtener en nuestro sitio web MolinaMarketplace.com. Su proveedor también puede utilizar CoverMyMeds® o Surescripts® para enviar su solicitud de forma electrónica.

Si su receta médica requiere Autorización Previa o una Excepción de Formulario, su proveedor puede solicitar que la solicitud se revise como Circunstancia Urgente.

- Una solicitud se considera urgente si es para tratar una afección de salud que puede poner en grave peligro su vida, su salud o su capacidad para recuperar al máximo su funcionalidad. Las situaciones en las que usted presenta dolor intenso no controlado o la urgencia de su atención requiere una decisión rápida de cobertura

también se pueden indicar como urgentes en las solicitudes. Se requiere información de respaldo para justificar la urgencia de la solicitud.

- Cualquier solicitud que no sea para una Circunstancia Urgente se considera una solicitud de Excepción Estándar.

Tomaremos una decisión, a más tardar, en los siguientes plazos:

- 24 horas después de recibir la solicitud con Circunstancias Urgentes.
- 72 horas después de recibir la solicitud con Circunstancias Estándar.

Si se aprueba la solicitud, le enviaremos una carta a su recetador. Incluiremos el tiempo que demorará la aprobación de la solicitud antes de que sea necesario renovar la autorización. Si la solicitud no se aprueba, enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de hacer un seguimiento.

Cómo solicitar una Excepción

¿Puedo recibir un medicamento cubierto si no está en el formulario o no cumple con los requisitos del plan, como la terapia progresiva?

Contamos con un proceso para permitirle solicitar medicamentos adecuados desde el punto de vista clínico que no aparecen en el formulario, o que tienen requisitos o límites según su plan. Se necesitaría una excepción de formulario en los siguientes casos:

- Su recetador puede solicitar un medicamento que no aparece en el formulario, pero que considera que es lo mejor para usted.
- Es posible que esté tomando un medicamento que ya no se encuentra en la lista de medicamentos nueva del año del plan y no puede cambiarlo.
- El medicamento del formulario requiere terapia progresiva, usted probó los medicamentos de la terapia progresiva anteriormente o hay factores clínicos que hacen que esos medicamentos no sean adecuados para usted.

Su recetador puede enviarnos una solicitud de excepción de formulario por medio del proceso y el formulario de Autorización Previa descritos en la sección anterior.

Se pueden considerar las excepciones cuando no se pueden utilizar las opciones del formulario o se cumplen otros requisitos. El medicamento debe ser seguro y efectivo para su afección médica. Su doctor debe emitir su receta médica por la cantidad habitual del medicamento para usted. Podemos considerar una excepción en las siguientes condiciones:

- Existe documentación respecto a una necesidad específica en su historia clínica.
- Su doctor certificó que usted probó medicamentos del formulario, los cuales no lo ayudaron anteriormente.
- Su doctor certificó que las opciones le causaron daños o que el recetador espera razonablemente que le causen daños; o bien que sea ineficaz debido a las características clínicas de su afección.

Si se aprueba la solicitud, le enviaremos una carta a su recetador. Si la solicitud no se aprueba, enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de hacer un seguimiento. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión. Su doctor puede solicitar una revisión externa de la excepción.

En la sección “Autorización Previa” de esta guía, se encuentran los plazos y las condiciones de revisión.

¿Hay medicamentos u otros productos que no cuentan con ninguna cobertura?

Los medicamentos u otros productos no cubiertos, como las exclusiones de beneficios, no cuentan con ninguna cobertura. No pueden recibir aprobación para la cobertura por excepción de formulario. Su plan no cubre ciertos tipos

de medicamentos que se indican como exclusiones de beneficios en la política del plan. Para obtener más información, consulte la sección de su Acuerdo (póliza) titulada “Medicamentos No Cubiertos” y “Exclusiones”.

Quejas y Apelaciones

Usted puede presentar un reclamo o una queja; solo debe comunicarse con el Centro de Apoyo al Cliente al **1-888-858-3973**. Si no aprobamos su solicitud de medicamento, se incluirá un aviso de derechos para apelar la decisión en la notificación de acción. Para obtener más información, consulte la sección de su Contrato (póliza) que incluye “Quejas y Apelaciones”. Puede encontrar una copia del Contrato, también llamada Evidencia de Cobertura, en MolinaMarketplace.com.

¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/Límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos por este medicamento o forma farmacéutica para ciertos grupos de edad según la información sobre la seguridad, la eficacia y el costo del medicamento.
MED	Se aplican límites de Dosis Equivalente de Morfina (Morphine Equivalent Dose, MED). Las cantidades de este medicamento están limitadas al equivalente (“EQ”) de 90 miligramos de morfina por día de suministro surtido.
OTC	Las formas farmacéuticas de venta sin receta (Over-the-Counter, OTC) están cubiertas en la lista de medicamentos con una receta médica válida emitida por un proveedor.
PA	Se requiere Autorización Previa (Prior Authorization, PA). Requerimos aprobación anticipada de cobertura para algunos medicamentos antes de que se pague por estos. Si la Autorización Previa es necesaria para un medicamento o forma farmacéutica, los proveedores deben demostrar que usted tiene un uso aceptado por razones médicas para el medicamento y que otros tratamientos no han funcionado o no son adecuados. Pueden aplicarse otros requisitos dependiendo del medicamento.
QL	Se aplican Límites de Cantidad (Quantity Limits, QL). Pagaremos por un monto diario máximo según la información sobre el costo y uso aceptado por razones médicas del medicamento.
ST	Se requiere Terapia Progresiva (Step Therapy, ST). Si en el pasado hemos pagado para que usted reciba los medicamentos de Terapia Progresiva necesarios, este medicamento se pagará en la farmacia sin necesidad de una Autorización Previa o solicitud de excepción de la Terapia Progresiva. La lista de medicamentos le muestra qué medicamentos se requieren primero y por cuánto tiempo.

Algunos medicamentos son denominados “de Marca Preferida” en la clase de medicamento en la que aparecen. Si existe un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de Marca Preferida en la clase, necesitamos que el medicamento de Marca Preferida se utilice primero o en su lugar. Los medicamentos específicos que requieren el uso de un medicamento de Marca Preferida también se pueden indicar primero como “PA de Necesidad Médica”. Se aplican requisitos de Autorización Previa de Necesidad Médica para algunos medicamentos especializados de Categoría 4.

La lista de medicamentos además indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Usted elige si desea utilizar programas de Pedidos por Correo. Es posible que tenga costos compartidos más bajos cuando utilice el servicio de Pedidos por Correo de algunos medicamentos.
