Welcome to Molina Healthcare!

Molina Healthcare Drug Formulary (List of Drugs)

Molina Healthcare has a list of drugs that it will cover. The list is called the Drug Formulary. The formulary changes from plan year to plan year. The drugs on the list are chosen by a group of doctors and pharmacists from Molina Healthcare and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- Medical technology
- When new FDA-approved drugs come on the market
- When drugs are removed from the market by the FDA
- When a drug is identified with a new safety issue

Within the current plan year, we only make certain changes to the formulary. These changes may include:

- Addition of drugs or dosage forms
- Movement of a drug from one drug tier to another that results in less cost sharing
- Changes in preferred status among similar drugs on the list
- Removal of restrictions on a drug or dosage form

When updates happen through our standard process, Molina Healthcare will publish any changes on a monthly basis. Your plan's most current drug list is on our website MolinaMarketplace.com.

Does the drug list include injectable drugs that a Provider gives to me in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a Provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your Provider has instructions from Molina on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call Molina Healthcare and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- What is the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free 1 (888) 858-2150, Monday through Friday, 8:00 a.m. through 6:00 p.m. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Definitions

“Brand name drug” is a drug that is marketed under a proprietary, trademark protected name. The brand name drug shall be listed in all CAPITAL letters.

“Coinsurance” is a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Copayment” is a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

“Deductible” is the amount an enrollee pays for covered health care benefits before the enrollee’s health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

“Dosage form” is the physical form in which a prescription drug is produced and dispensed, such as a tablet, a capsule, or an injectable.

“Drug Tier” is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan’s prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this this formulary template shall also include subscriber as defined in this section below.

“Exception request” is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee’s condition.

“Exigent circumstances” are when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

“Formulary” is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

“Generic drug” is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

“Nonformulary drug” is a prescription drug that is not listed on the health plan’s formulary.

“Out-of-pocket costs” are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

“Prescribing provider” is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

“Prescription” is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

“Prescription drug” is a drug that is prescribed by the enrollee’s prescribing provider and requires a prescription under applicable law.

“Prior Authorization” is a health plan’s requirement that the enrollee or the enrollee’s prescribing provider obtain the health plan’s authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

“Step therapy” is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee’s medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request. If the enrollee’s prescribing provider submits a request for step therapy exception, the health plans shall make exceptions to step therapy when the criteria is met.

“Subscriber” means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

Using the Drug Formulary as your prescription drug coverage guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.

If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (warfarin sodium)	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 1	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "**generic name**" for the branded drug will follow in parentheses and in all **bold and italicized lowercase** letters. When the generic form of the drug is covered, it is listed separately by its **generic name(s)** in all **bold and italicized lowercase** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its **generic name** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing.
Tier 2	Non-Preferred Generic drugs and Preferred Brand Name drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions.
Tier 4	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a Specialty Pharmacy. We may require you to use our exclusive In-Network Specialty Pharmacy.
Tier 5	Preventative service drugs and family planning drugs and devices (ie, contraception) with \$0 cost sharing.
DME	Durable Medical Equipment; Cost sharing may apply for non-drug products on the drug list.

Following sections 1367.002, 1367.25, and 1367.51 of the Health and Safety Code:

- Your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing.
- Your plan covers a variety of drug, device, and over-the-counter products for family planning (ie, contraception) under the prescription drug benefit, with \$0 cost sharing (Tier 5).
- Your plan covers treatment and testing for diabetes including insulin, glucagon, medically necessary devices and supplies on the DME tier, and other prescription drugs.

Following 1367.656 of the Health and Safety Code, certain types of drugs covered by your plan have cost sharing limits each time you fill them. These are separate from general limits in your plan design such as Maximum Out-of-Pocket and fixed cost sharing for some Drug Tiers.

There are limits on your cost sharing for anticancer drugs taken by mouth.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found on our [Benefits at a Glance](#) brochure or by entering your prescription and pharmacy information into the Check Drug Cost tool. This tool will provide you with an estimate of your cost. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

Finding a pharmacy to fill a prescription

Network Retail Pharmacy

Molina has a network of preferred retail pharmacies that can process and dispense medication. Located on the Molinahealthcare.com website is a Pharmacy locator tool that can assist enrollees and providers in finding an in-network pharmacy provider. The tool allows you to search pharmacies by Zip code, city, country, state. As well as limit search results based on distance, other specific criteria like store name, language spoken and/or services offered.

Specialty Pharmacy

CVS Specialty Pharmacy is our exclusive pharmacy for specialty medications, except for limited distribution medications. Limited distribution means the medication can only be dispensed by certain pharmacy providers. CVS Specialty pharmacy is a mail order pharmacy that provides clinical support to help enrollees manage their medication and condition. Specialty medications are indicated as Tier 4 on the formulary. Most specialty medications require a Prior Authorization to be submitted for medical necessity review. The prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the Prior Authorization process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pick up.

CVS Specialty can be contacted by calling 1 (800) 364-6331.

Mail Order Pharmacy

CVS Caremark Mail Service pharmacy is Molina's exclusive, in-network pharmacy for mail order prescriptions. Enrollees can sign up to receive up to a 90 days' supply for most prescription medications, delivered right to their door at no cost.

To have prescriptions sent through mail order the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to the www.caremark.com/faststart website.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet the enrollee's needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

Molina Healthcare has selected CVS Caremark as the Pharmacy Benefit Management (PBM) Company to manage the prescription benefit for Molina enrollees.

Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (800) 364-6331. Membership, cost sharing, prescription drug benefit information and eligibility concerns may be addressed by calling the Molina Customer Support Center at 1 (888) 858-2150. Member Services is available Monday through Friday 8:00 a.m. to 6:00 p.m. Provider-related questions may be addressed by calling the Molina Provider Services Help Desk at 1 (855) 322-4075.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization may be obtained from Molina. (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. Molina will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark Help Desk at 1 (800) 364-6331 to obtain an override for a 72-hour supply.

Pharmacies may call Molina at 1 (855) 322-4075 on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show the drug will be used for a medically accepted use that you have and that other treatments have not worked for you or are not medically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. This may be true for Specialty Drugs used to treat long term or other serious conditions. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to Molina at 1 (866) 508-6445. The forms may be obtained at our website MolinaMarketplace.com.

We will tell you how long the request is approved for. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements or limits?

Molina has a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. Your doctor may order a drug that is not in the formulary but that he or she believes is best for you. Your doctor may contact Molina's Pharmacy Department to request that Molina cover the drug for you. If the request is approved, Molina will contact your doctor.

If the request is denied, Molina Healthcare will send a letter to you and your doctor. The letter will explain why the drug was denied. If you disagree with the denial of a nonformulary drug and/or step therapy exception request, you can file a grievance requesting an external exception review. Please refer to section of the Agreement (policy) titled "Complaints and Appeals" for information on how to file a grievance.

You may be taking a drug that is no longer on drug list. Your doctor can ask us to keep covering it by sending us a Prior Authorization exception request for the drug.

Nonformulary products may be considered for coverage of a medically accepted use when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. Molina may cover specific nonformulary drugs under the following conditions:

- There is documentation of a specific need in your medical record.

- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past; or the options have caused you harm or are reasonably expected by the prescriber to cause you harm or adverse reaction.

If your prescription requires a Prior Authorization review for exception, the request can be considered under Standard or Exigent Circumstances.

- Any request that is not considered an Exigent Circumstance is considered a Standard Exception request.
- A request is considered an Exigent Circumstance if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing current treatment using a nonformulary drug. Trials of pharmaceutical samples from your doctor or a manufacturer will not be considered as current treatment.

You and/or your provider will be notified of our decision no later than:

- 24 hours following receipt of request with Exigent Circumstances
- 72 hours following receipt of request for Standard Exception Request

If the initial request is denied for a nonformulary drug and/or step therapy exception, you can file a grievance requesting an external exception review. Please refer to section in the Agreement (policy) titled “Complaints and Appeals” for information on how to file a grievance.

Molina will notify you or your designee and your prescribing provider of a drug coverage determination within 24 hours of receipt of a request based on exigent circumstances and within 72 hours of receipt of all other requests. Following 1367.241 of the Health and Safety Code, if a determination is not made within these timeframes, the request will automatically be approved.

Following 1367.22 of the Health and Safety Code, if a drug request is approved, it will continue to be covered for the length of the prescription, including refills. Molina will not limit or exclude coverage for a drug if we previously approved it for your condition and your provider continues to prescribe it, as long as the drug is appropriately prescribed and continues to be safe and effective.

Following 1300.67.24 of the Health and Safety Code, we cannot require you to repeat step therapy if you changed insurance plans and are continuing a drug that is now subject to step therapy requirements under your Molina plan. Your provider will have to notify us with an exception request so we can know you are continuing to take the drug from before, it is appropriately prescribed, and it is safe and effective for your condition.

Complaints and Appeals

If Molina denies your drug request, a notice of rights to appeal the decision will be included in the notice of action. You may also file a grievance or complaint by contacting the Molina Customer Support Center at (888) 858-2150.

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits Description

AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.
ONC	Abbreviation for "Oncology" or cancer specialty. Drugs taken by mouth to treat cancer have monthly Cost Sharing limits under your plan.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

¡Bienvenido a Molina Healthcare!

Formulario de Medicamentos de Molina Healthcare (lista de medicamentos)

Molina Healthcare tiene una lista de medicamentos que cubrirá. Esta lista se denomina Formulario de Medicamentos. El formulario cambia cada año del plan. Los medicamentos que aparecen en la lista son elegidos por un grupo de médicos y farmacéuticos de Molina Healthcare y la comunidad médica. El grupo se reúne cada tres meses para conversar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y cambios en la atención médica. Tratan de encontrar los medicamentos más efectivos para las distintas afecciones. Los medicamentos se agregan o retiran del Formulario de medicamentos por diferentes motivos. Los motivos pueden incluir:

- Cambios en la práctica médica.
- Tecnología médica.
- Cuando nuevos medicamentos aprobados por la Administración de Alimentos y Medicamentos (FDA, por sus siglas en inglés) salen al mercado.
- Cuando la FDA retira medicamentos del mercado.
- Cuando un medicamento es identificado con un nuevo problema de seguridad.

Dentro del año del plan en curso, solo hacemos ciertos cambios al formulario. Estos cambios pueden incluir:

- Adición de medicamentos o formas farmacéuticas.
- Movimiento de un medicamento de una categoría de medicamento a otra que conlleva una distribución de costos menor.
- Cambios en el estado de preferencia entre medicamentos similares de la lista.
- Retiro de restricciones de un medicamento o forma farmacéutica.

Cuando ocurren actualizaciones a través de nuestro proceso estándar, Molina Healthcare publica todo cambio mensualmente. La lista de medicamentos más actual de su plan se encuentra en nuestro sitio web MolinaMarketplace.com.

¿La lista de medicamentos incluye medicamentos inyectables que un proveedor me administra en una clínica u otra ubicación?

En general, los medicamentos de la lista de medicamentos son aquellos que su proveedor le receta para que los obtenga en una farmacia y se los administre. La mayoría de los medicamentos inyectables para los que necesita ayuda de un proveedor para utilizarlos están cubiertos bajo el beneficio médico en vez del beneficio de medicamentos recetados ("farmacia"). Su proveedor tiene instrucciones de Molina sobre cómo brindarle aprobación para los medicamentos que compra y le ayuda a administrarlos. Algunos medicamentos inyectables se pueden aprobar para obtenerse de una farmacia utilizando su beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre medicamentos.

Esta guía contiene varios detalles para preguntas comunes. Además, puede llamar a Molina Healthcare y preguntar por la cobertura específica de un medicamento:

- ¿Mi receta se puede adquirir en una farmacia minorista?
- ¿Cuál es el monto en dólares de distribución de costos para mi receta?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia escalonada?

- ¿Está mi medicamento cubierto bajo el beneficio de medicamentos recetados o el beneficio médico?

Llame al número gratuito 1 (888) 858-2150, de lunes a viernes, de 8:00 a. m. a 6:00 p. m. Si es sordo o tiene problemas de audición, marque el 711 para el Servicio de Telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

Si un medicamento figura en el formulario, ¿se me recetará ese medicamento?

Un medicamento que figura en el formulario no garantiza que su médico se lo recetará. Esta guía le informa a usted y a su médico qué medicamentos recetados están cubiertos por su plan. Es posible que los medicamentos que no están en esta lista no estén cubiertos por su plan y pueden costarle más. Puede solicitar que se cubran medicamentos que no están en el formulario. Las solicitudes para medicamentos que no están en el formulario se considerarán para un uso aceptado por razones médicas cuando las opciones del formulario no se pueden utilizar y/o se cumplen otros requisitos de cobertura. Los detalles se incluyen en esta guía.

"Gastos de su bolsillo" son copagos, coseguro y el deducible aplicable, más todos los costos de servicios de atención médica que no están cubiertos por el plan de salud.

"Proveedor que receta" es un proveedor de atención médica autorizado para escribir una receta para tratar una afección médica para un afiliado del plan de salud.

"Receta" es una orden oral, escrita o electrónica realizada por un proveedor que receta para un afiliado específico, la cual contiene el nombre del medicamento recetado, la cantidad del medicamento recetado, la fecha de emisión, el nombre e información de contacto del proveedor que receta, la firma del proveedor que receta si la receta está por escrito y, si es solicitada por el afiliado, la afección médica o el propósito por el cual se receta el medicamento.

"Medicamento recetado" es un medicamento que es recetado por el proveedor que receta del afiliado y necesita una receta bajo la ley correspondiente.

"Autorización previa" es un requisito del plan de salud que el afiliado o el proveedor que receta del afiliado obtenga la autorización del plan de salud para un medicamento recetado antes de que el plan de salud cubra el medicamento. El plan de salud deberá otorgar una autorización previa cuando sea necesaria por razones médicas para que el afiliado obtenga el medicamento.

"Terapia escalonada" es un proceso que especifica la secuencia en la cual se receten los distintos medicamentos recetados para una afección médica determinada y que corresponden por razones médicas para un paciente en particular. El plan de salud puede requerir que el afiliado pruebe uno o más medicamentos para tratar su afección médica antes de que el plan de salud cubra un medicamento en particular para la afección conforme a la solicitud de terapia escalonada. Si el proveedor que receta del afiliado envía una solicitud para la excepción de terapia escalonada, el plan de salud deberá hacer excepciones para la terapia escalonada cuando se cumplan los criterios.

"Suscriptor" significa la persona que es responsable de pagarle a un plan o cuyo empleo u otra situación, excepto dependencia familiar, sea la base para la elegibilidad para la membresía en el plan.

Cómo utilizar el formulario de medicamentos como su guía de cobertura de medicamentos recetados

¿Cómo ubico un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada en orden alfabético por categoría y clase terapéutica usando la clasificación del Servicio de Formulario de Hospitales Estadounidenses (American Hospital Formulary Service, AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también están organizados en orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, existen dos maneras de buscar el medicamento por nombre.

Si está utilizando una versión electrónica de la lista de medicamentos, puede utilizar la función de búsqueda de PDF al presionar Ctrl + F en el teclado de la computadora. Escriba el nombre del medicamento que está buscando en la casilla de búsqueda.

Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el índice al final de esta guía.

Las entradas de los medicamentos en la lista contienen el nombre del medicamento, la categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos bajo el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo un medicamento puede aparecer en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

Nombre del medicamento	Categoría de medicamento	Requisitos/límites
COUMADIN, TAB, 1 MG (warfarin sodium)	Tier 2	QL (300 tabletas/30 días); MAIL
warfarin sodium, tab, 1 mg	Tier 1	QL (300 tabletas/30 días); MAIL
warfarina sodium, tab, 1 mg (Jantoven)	Tier 1	QL (300 tabletas/30 días); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos usa nombres de marca comercial y nombres "genéricos" no patentados para mostrar qué forma del medicamento está cubierta. También hay nombres de marcas comerciales utilizados por ciertos medicamentos genéricos. La manera en que el nombre de un medicamento se muestra en la lista de medicamentos le dirá si está cubierta la forma de marca, la forma genérica o la forma genérica de marca comercial. El ejemplo anterior muestra las formas de marca, genérica y genérica de marca comercial del medicamento "warfarin sodium" (warfarina sódica).

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento se mencionará en letras MAYÚSCULAS como su NOMBRE DE MARCA. El nombre no patentado o "**nombre genérico**" para el medicamento de

marca irá seguido entre paréntesis y todo en letras ***minúsculas negritas y cursivas***. Cuando la forma genérica del medicamento está cubierta, se menciona separadamente por su(s) ***nombre(s) genérico(s)*** en letras ***negritas y cursivas***. Un medicamento genérico que está cubierto como la forma genérica de marca comercial se mencionará separadamente por su ***nombre genérico*** seguido del nombre de marca comercial entre paréntesis. El nombre genérico de marca comercial se mostrará con la primera letra de cada palabra en mayúscula.

Si la forma de marca y la forma genérica para un medicamento están cubiertas en el formulario, cada una se indicará como entradas de medicamentos separadas. Por ejemplo, COUMADIN y ***warfarin sodium (warfarina sódica)*** se mencionan por separado para mostrar que tanto la forma de marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de marca comercial (Jantoven).

Es posible que se apliquen una categoría del medicamento y requisitos/límites diferentes para una forma de marca comercial en comparación con una forma genérica de un medicamento si múltiples formas de medicamento están en la lista como cubiertas en la lista de medicamentos real.

¿Qué son las categorías de medicamento y cómo afectan mi parte del costo de medicamentos?

Colocamos los medicamentos en distintos niveles llamados "categorías" basándonos en qué tan bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene las siguientes categorías. Para las categorías del 1 al 4, mientras más baja es la categoría de medicamento, más baja será su parte del costo.

Estos son más detalles sobre qué medicamentos están en qué categorías.

Categoría de medicamento	Descripción
Tier 1	Medicamentos genéricos preferidos y medicamentos de marca de bajo costo; distribución de costos más baja para el afiliado.
Tier 2	Medicamentos genéricos no preferidos y medicamentos de marca preferidos; distribución de costos más alta que la categoría 1.
Tier 3	Medicamentos no preferidos, medicamentos de marca y medicamentos genéricos; distribución de costos más alta que los medicamentos de categoría más baja utilizados para tratar las mismas afecciones.
Tier 4	Medicamentos especializados, tanto de marca como genéricos; distribución de costos más alta que los medicamentos de categoría más baja utilizados para tratar las mismas afecciones, si están disponibles. La mayoría de medicamentos especializados cubiertos en su plan estarán disponibles a través de una farmacia de especialidad. Es posible que necesitemos que use nuestra farmacia de especialidad exclusiva dentro de la red.
Tier 5	Medicamentos de servicio preventivo y medicamentos y dispositivos de planificación familiar (es decir, anticonceptivos) con una distribución de costos de \$0.
DME	Equipo médico duradero; la distribución de costos puede aplicar para productos que no sean medicamentos de la lista de medicamentos.

De acuerdo con las secciones 1367.002, 1367.25, y 1367.51 del Código de Salud y Seguridad:

- Su plan cubre medicamentos de servicio preventivo reconocidos a nivel nacional y formas farmacéuticas (Tier 5) con una distribución de costos de \$0.
- Su plan cubre una variedad de medicamentos, dispositivos y productos de venta libre para planificación familiar (es decir, anticonceptivos) bajo el beneficio de medicamentos recetados, con una distribución de costos de \$0 (categoría 5).

- Su plan cubre el tratamiento y pruebas para diabetes, incluyendo insulina, glucagón, dispositivos y suministros necesarios por razones médicas en la categoría DME, y otros medicamentos recetados.

De acuerdo con 1367.656 del Código de Salud y Seguridad, ciertos tipos de medicamentos cubiertos por su plan tienen límites de distribución de costos cada vez que los adquiere. Estos son independientes de los límites generales en el diseño de su plan, tal como el máximo de gastos de su bolsillo y la distribución de costos fijos para algunas categorías de medicamentos.

Existen límites en su distribución de costos para medicamentos contra el cáncer que se toman por vía oral.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando a su información de recetas y farmacias en la herramienta Verificar Costo de Medicamentos. Si crea una cuenta con Caremark.com antes de usar la herramienta, la información del diseño de su plan también se usará para calcular con más precisión los precios reales que usted paga en la farmacia.

Cómo encontrar una farmacia para adquirir una receta

Farmacia minorista de la red

Molina tiene una red de farmacias minoristas preferidas que pueden procesar y distribuir medicamentos. Hay una herramienta localizadora de farmacias, ubicada en el sitio web Molinahealthcare.com, que puede ayudar a los afiliados y proveedores a encontrar un proveedor de farmacia dentro de la red. La herramienta le permite buscar farmacias por código postal, ciudad, estado y país. Además, resultados de búsqueda limitados según la distancia, otros criterios específicos como nombre de tienda, idioma hablado y/o servicios ofrecidos.

Farmacia de especialidad

La farmacia CVS Specialty es nuestra farmacia exclusiva para medicamentos especializados, excepto para medicamentos de distribución limitada. La distribución limitada significa que el medicamento solo puede ser distribuido por ciertos proveedores de farmacia. La farmacia CVS Specialty es una farmacia de envío por correo que proporciona apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. Los medicamentos de especialidad se indican como categoría 4 en el formulario. La mayoría de los medicamentos de especialidad requieren una Autorización previa que se enviará para revisión de necesidad médica. El médico que receta puede enviar solicitudes de Autorización previa directamente a Molina o enviar una receta a CVS para comenzar el proceso de Autorización previa. Si la entrega por correo del medicamento especializado no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para su retiro.

Se puede comunicar con CVS Specialty llamando al 1 (800) 364-6331.

Servicio de farmacia por correo

La farmacia de servicio por correo CVS Caremark es una farmacia exclusiva dentro de la red de Molina para obtener las recetas de pedido por correo. Los afiliados pueden inscribirse para recibir un suministro de hasta 90 días para la mayoría de los medicamentos recetados, entregados justo en su puerta, sin costo.

Para hacer que le envíen recetas a través del pedido por correo, el proveedor o afiliado puede llamar al número gratuito FastStart®, al 1 (800) 875-0867 de lunes a viernes de 7:00 a. m. a 7:00 p. m. o dirigirse al sitio web www.caremark.com/faststart.

Farmacia fuera de la red

Si las farmacias fuera de la red no cumplen con las necesidades del afiliado, puede solicitarse una excepción para obtener autorización para usar una farmacia fuera de la red. Las excepciones se revisarán caso por caso en cuanto a la necesidad médica.

Procesador de reclamaciones de recetas

Molina Healthcare ha elegido CVS Caremark como la compañía de gestión de beneficios de farmacias (PBM, por sus siglas en inglés) para manejar el beneficio de recetas para los afiliados de Molina.

Las preguntas sobre cómo procesar las reclamaciones, estado del formulario o reclamaciones rechazadas se pueden dirigir al soporte técnico de CVS Caremark al 1 (800) 364-6331. La información sobre membresía, distribución de costos, beneficios de medicamentos recetados y las dudas sobre elegibilidad pueden abordarse llamando al Centro de Asistencia al Cliente de Molina al 1 (888) 858-2150. Los Servicios para Miembros están disponibles de lunes a viernes de 8:00 a. m. a 6:00 p. m. Las preguntas relacionadas con proveedores se pueden dirigir al soporte técnico de Servicios de Proveedores de Molina al 1 (855) 322-4075.

Política de medicamentos urgentes y fuera del horario de atención

Para evitar que la afección de un afiliado empeore en una situación urgente, es posible que sea necesario dispensar un suministro de 72 horas de un medicamento agudo, antes de que pueda obtenerse la Autorización previa de Molina. (Por ejemplo, un afiliado es dado de alta de un hospital después del horario regular de atención con una receta de antibióticos especiales).

Se les instruye a las farmacias utilizar su juicio profesional. Molina reembolsará a las farmacias por un suministro de 72 horas de un medicamento agudo en tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el soporte técnico de CVS Caremark al 1 (800) 364-6331 para obtener una anulación de un suministro de 72 horas.

Las farmacias pueden llamar a Molina al 1(855) 322-4075 al siguiente día hábil para obtener una autorización que permita que la receta urgente o fuera del horario de atención se procese en línea. Se aconseja y se espera que la farmacia brinde documentación razonable de los casos donde se distribuyeron los medicamentos bajo estas circunstancias urgentes.

Procedimiento de solicitud de excepción y autorización previa

Autorización previa

Los medicamentos que requieren una aprobación anticipada para obtener cobertura son revisados en contraste con las normas estándar para determinar la necesidad médica. Los proveedores deben demostrar que el uso que usted hará del medicamento es médicaamente aceptado y que otros tratamientos no le han funcionado o no son apropiados por razones médicas. Pueden aplicarse otros requisitos dependiendo del medicamento. Podemos requerir ciertos resultados de prueba para demostrar que un medicamento es adecuado para usted. Esto puede ser correcto para los medicamentos de especialidad utilizados para tratar afecciones graves o prolongadas. La respuesta de un afiliado a muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará un motivo para evitar las normas estándar de cobertura.

Su proveedor puede enviar por fax un formulario completado de Autorización previa de medicamentos para Molina al 1 (866) 508-6445. Los formularios se pueden obtener en nuestro sitio web MolinaMarketplace.com.

Le diremos en cuánto tiempo se aprueba la solicitud. Si la solicitud no se aprueba, enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de hacer un seguimiento.

Cómo solicitar una excepción

¿Puedo tener un medicamento cubierto si no está en el formulario o no cumple con los límites o requisitos del plan?

Molina tiene un proceso para permitirle solicitar medicamentos adecuados por razones clínicas que no están en el formulario o que tienen requisitos o límites bajo su plan. Su médico puede solicitar un medicamento que no está en el formulario pero que cree que es mejor para usted. Su médico puede comunicarse con el Departamento de Farmacia de Molina para solicitar que Molina cubra el medicamento para usted. Si la solicitud se aprueba, Molina se comunicará con su médico.

Si se rechaza la solicitud, Molina Healthcare le enviará una carta a usted y a su médico. En la carta se explicará por qué se rechazó el medicamento. Si no está de acuerdo con el rechazo de un medicamento que no está en el formulario y/o una solicitud de excepción de terapia escalonada, puede presentar un reclamo que solicite una revisión externa de la

excepción. Consulte la sección del Acuerdo (política) titulada “Quejas y apelaciones” para obtener información sobre cómo presentar un reclamo.

Puede estar tomando un medicamento que ya no está en la lista de medicamentos. Su médico puede solicitarnos seguir cubriendo al enviarnos una solicitud de excepción de Autorización previa para obtener el medicamento.

Los productos que no están en el formulario se pueden considerar para cobertura de un uso aceptado por razones médicas cuando las opciones del formulario no se pueden utilizar y/o se cumplen otros requisitos. El medicamento debe ser seguro y efectivo para su afección médica. Su médico debe elaborar su receta para obtener la cantidad usual del medicamento para usted. Molina puede cubrir medicamentos específicos que no están en el formulario bajo las siguientes condiciones:

- Existe documentación de una necesidad específica en su registro médico.
- Su médico ha certificado que probó medicamentos del formulario, y no le ayudaron anteriormente; o las opciones le han causado daños o el médico que receta piensa de manera razonable que los medicamentos le causarán daño o una reacción adversa.

Si su receta requiere una revisión de Autorización previa para excepción, la solicitud puede ser considerada bajo Circunstancias urgentes o estándar.

- Cualquier solicitud que no se considere una Circunstancia urgente se considera una solicitud de Excepción estándar.
- Una solicitud se considera una Circunstancia urgente si está sufriendo de una afección médica que puede poner en peligro su vida, salud o capacidad para recuperar la función máxima, o si se está sometiendo a un tratamiento actual utilizando un medicamento que no está en el formulario. Las pruebas de muestras farmacéuticas de su médico o un fabricante no se considerarán tratamiento actual.

A usted y/o su proveedor se les notificará sobre nuestra decisión a más tardar:

- 24 horas después de recibir la solicitud con Circunstancias urgentes.
- 72 horas después de recibir la solicitud de Excepción estándar.

Si se rechaza la solicitud inicial para un medicamento que no está en el formulario y/o una excepción de terapia escalonada, puede presentar un reclamo que solicite una revisión externa de la excepción. Consulte la sección del Acuerdo (política) titulada “Quejas y apelaciones” para obtener información sobre cómo presentar un reclamo.

Molina lo notificará a usted o su persona designada y a su proveedor que receta sobre la determinación de cobertura de un medicamento dentro de las 24 horas de recepción de una solicitud basándose en circunstancias exigentes, y dentro de 72 horas de haber recibido todas las demás solicitudes. De acuerdo con 1367.241 del Código de Salud y Seguridad, si una determinación no está hecha dentro de los marcos de tiempo, la solicitud será aprobada automáticamente.

De acuerdo con 1367.22 del Código de Salud y Seguridad, si se aprueba una solicitud de medicamento, continuará estando cubierta para la duración de la receta, incluidas las renovaciones. Molina no limitará ni excluirá la cobertura de un medicamento si lo aprobamos anteriormente para su afección y su proveedor continúa recetándolo, siempre que el medicamento se recete de manera adecuada y continúe siendo seguro y efectivo.

De acuerdo con 1300.67.24 del Código de Salud y Seguridad, no podemos pedirle que repita la terapia escalonada si cambió de planes de seguro y continúa tomando un medicamento que ahora está sujeto a requisitos de terapia escalonada bajo su plan de Molina. Su proveedor tendrá que notificarnos con una solicitud de excepción, para que podamos saber que usted sigue tomando el medicamento desde antes, que este se receta de manera adecuada y que es seguro y eficiente para su afección.

Quejas y apelaciones

Si Molina rechaza su solicitud de medicamento, un aviso de derechos para apelar la decisión se incluirá en el aviso de acción. Además, puede presentar un reclamo o queja al comunicarse con el Centro de Asistencia al Cliente de Molina al (888) 858-2150.

¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos por este medicamento o forma farmacéutica para ciertos grupos de edad según la información sobre la seguridad, la efectividad y el costo del medicamento.
MED	Se aplican límites de Dosis Equivalente de Morfina. Las cantidades de este medicamento están limitadas al equivalente ("EQ") de 90 miligramos de morfina al día de suministro adquirido.
OTC	Las formas farmacéuticas de venta sin receta están cubiertas en la lista de medicamentos con una receta válida de un proveedor.
PA	Se requiere Autorización previa. Requerimos aprobación anticipada de cobertura para algunos medicamentos antes de que se pague por estos. Si la Autorización previa es necesaria para un medicamento o forma farmacéutica, los proveedores deben demostrar que usted tiene un uso aceptado por razones médicas para el medicamento y otros tratamientos no han funcionado o no son adecuados. Pueden aplicarse otros requisitos dependiendo del medicamento.
QL	Se aplican límites de cantidad. Pagaremos por un monto máximo diario según la información acerca del uso y del costo aceptados por razones médicas del medicamento.
ST	Se requiere Terapia escalonada. Si hemos pagado para que tenga el(los) medicamento(s) de Terapia escalonada necesario(s) anteriormente, este medicamento se pagará en la farmacia sin necesidad de una solicitud de excepción de Terapia escalonada o Autorización previa. La lista de medicamentos le muestra qué medicamentos se requieren primero y por cuánto tiempo.

Algunos medicamentos son denominados “de Marca Preferida” en la clase de medicamento en la que aparecen. Si existe un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de Marca Preferida en la clase, necesitamos que el medicamento de Marca Preferida se utilice primero o en su lugar. Los medicamentos específicos que requieren el uso de un medicamento de Marca Preferida también se pueden indicar primero como “PA de Necesidad Médica”. Se aplican requisitos de Autorización previa médica necesaria para algunos medicamentos especializados de categoría 4.

La lista de medicamentos además indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Es su decisión si desea usar programas de Pedido por correo. Es posible que tenga una distribución de costos menor cuando use el Pedido por correo en algunos medicamentos.
