Getting My Shots Will Keep Me Safe and Strong

Protect me from dangerous diseases by age one.

Months

Influenza

Birth HepB

Amonths
Rotavirus (oral),
DTaP, HepB, Hib,
PCV, Polio

Months
Rotavirus (oral),
DTaP, Hib,
PCV, Polio

Months

Rotavirus (oral),
DTaP, HepB, Hib,
PCV, Polio

I should have a **Lead test** between **9 and 12 months** of age and again at **18-23 months**.

If we miss getting my shots at any given age, call my doctor now to get me back on track.
