Providers

Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a physician, nurse practitioner, or other health care professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can see someone that is not your PCP. If you don't get a referral, Molina Dual Options may not cover the service.
 - Referrals from your network PCP are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
 - Services from a women's health specialist.
 - Services not listed on the Molina Dual Options Prior Authorization List or listed as not requiring Prior Authorization.
 - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
 - More information on referrals is available in Chapter 3 of the *Member Handbook*. You may also contact Member Services for more information by calling (855) 665-4627, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., local time.
- You also have access to a Case Manager and a care team that you help choose.
 - A **Case Manager** helps you manage your medical providers and services.
 - Your **Care Team, led by your Molina Dual Options Case Manager**, will assess your needs to determine if you need help in other areas besides health, such as physical or social needs. Your Care Team is built around your preferences and decisions are made with you. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Your Molina Dual Options Case Manager will develop a Care Plan with you or designee. The Care Plan will list all of your needs, set goals and look at ways to monitor if your needs are being met.
 - Your **Care Team** may include, but is not limited to the following people:
 - Primary Care Provider
 - Specialty Care Providers
 - Registered Nurses (RN)
 - Molina Dual Options Case Manager

- Utilization Management Staff
- Molina Dual Options Medical Director
- Pharmacists

Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. Specialties include: internal medicine, pediatrics, infectious disease, family practice, general practice, and OB/GYNs. Please call Member Services to choose a PCP.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with his or her medical group.

- If there is a particular specialist or hospital that you want to use, it is important to see whether they are affiliated with your PCP's medical group. You can look in this directory, or ask Molina Dual Options Member Services to check to see if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, Molina Dual Options may not cover the service.

To choose a PCP, go to the list of providers on page based on your search results and choose a provider:

- that you use now, or
- who has been recommended by someone you trust, or
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at (855) 665-4627, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., local time. The call is free. Or, visit MolinaHealthcare.com/Duals.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

Long-term services and supports (LTSS)

As a Molina Dual Options member, you may be able to get long-term services and supports (LTSS), such as In-Home Supportive Services (IHSS), nursing home care, supplies, Community-Based Adult Services (CBAS) and other services through the Multipurpose Senior Service Program (MSSP). LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact Molina Dual Options Member Services at (855) 665-4627, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., local time.

Other long-term services and supports provided by Molina Dual Options include In-Home Supportive

Services (IHSS), Community-Based Adult Services (CBAS), Multipurpose Senior Service Programs (MSSP), skilled nursing care, physical therapy, occupational therapy, speech therapy, medical social services, and home health care. To find providers of these services, go to *the page based on your search results* in this online Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

For more information regarding accessing LTSS services, please contact Molina Member Services at (855) 665-4627, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., local time.

How to identify providers in Molina Dual Options' network

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you go to providers who are not in Molina Dual Options' network and are not affiliated with your PCP's medical group (without prior authorization or approval from us), you will have to pay the bill.

“A **prior authorization** is an approval from Molina Dual Options before you can get a specific service or drug or see an out-of-network provider. Molina Dual Options may not cover the service or drug if you don't get approval.”

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. Medicare and Medicaid do not provide coverage for emergency medical care outside the United States and its territories except under limited circumstances. Contact plan for details. You can also go outside the plan or your PCP's medical group if Molina Dual Options gives you permission first.

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals under the Key terms section, of this Provider and Pharmacy Directory Information.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You can change your PCP at any time. In most cases, changes will be in effect the first day of the following calendar month. There may be exceptions if you're currently receiving a treatment at the time of your PCP change request. You can change your PCP through your personal website at MyMolina.com or you may contact Member Services for more information about any of our Molina Dual Options providers and request the PCP change. For some providers, you may need a referral from your PCP (except for emergent and out of area urgent care services).
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services whether you are seeing a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Molina Dual Options works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Molina Dual Options can help you. Talk to your Case Manager for assistance or call Member Services at (855) 665-4627, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., local time.
