You're important to us - we want to get to know you!

The more we know about your health, the better we are at giving you the service and care you need. To get the right information, we will place some important calls to you over the next few months! Here's what you can expect from us:

Days 1-30

Welcome to Molina Healthcare Call

We will call you during your first 30 days to welcome you to Molina! Our representative (rep) will ask you if you got your member ID card in the mail. Our rep will also confirm your doctor name and will help you schedule any appointments, if you need help. Please note that from time to time you may hear us call your doctor your "Primary Care Physician" or "PCP" – this means the same thing.

Days 1-90

Health Risk Assessment (HRA) Survey

We will call you during your first 90 days for your Health Risk Assessment (HRA) survey. Our rep will ask you questions about your health. Some questions we might ask are what health conditions you currently have, and the last time you saw your doctor. The survey lasts about 15 to 20 minutes. Every year we will call you to complete this survey because your health can change.

If you missed our call OR do not want to wait for our rep to call you, call us at (866) 472-4582, TTY: 711, Monday – Friday, 6 a.m. to 6 p.m., PST. Let the rep know you are a new member and want to complete your Health Risk Assessment Survey!

Wellness Visit Appointment Reminder

What is a Wellness Visit?

Your health is important to us! Staying healthy starts with getting the right screenings at the right time. The Wellness Visit helps us understand what care and services you may need. Having a Wellness Visit at least once a year (or as your doctor suggests) is important, even if you feel healthy. We want all members to take advantage of this visit!

**Days
61+**

How Can I Complete My Wellness Visit?

After your first 60 days, we will connect with you via phone and/or mail a reminder to schedule an appointment for your Wellness Visit. This appointment can be offered through the Molina provider network of primary care providers or through an in-home visit with a licensed health care provider. The visit lasts about 45 to 60 minutes and is at no cost to you! You can also call your doctor's office directly to schedule your appointment.

What to Expect During Your Wellness Visit:

During the visit you will be given a basic health screening, review your medications and asked about your medical history. This visit does not replace any existing check-ups, your annual physical with your doctor, or the HRA survey.

**Days
90-120**

3-Month Check-in Call

We will call you after your first 90 days to see how your Molina Healthcare membership has been working for you. We want to make sure you are able to see your doctor and receive the care and services you need. Good or bad, we want to know! Hearing from you helps us know what is working and what is not working.
