Passport by Molina Healthcare’s Quality Improvement Plan and Program

We are committed to making sure you get the best care possible. That’s why each year, we put a plan in place to keep improving:

- Our services
- The quality of the care you receive
- The way we communicate with you

Our goals are to:

- Give you services that benefit your health
- Work with providers to get you the care you need
- Address your language and cultural needs
- Reduce any barriers to getting care, like issues with transportation and/or language

We also want to hear how we are doing. We review the past year of service to check our progress. We may send you a survey to get your feedback.

We may also send surveys to see how many members get their needed services. These surveys tell us what care is needed. One of these surveys is called CAHPS® (Consumer Assessment of Healthcare Providers and Systems).

The CAHPS® survey asks questions about how you rate:

- Your health care
- Your primary care provider (PCP)
- Your health plan
- Specialist(s) you have seen
- Well-check exams
- How easy it is for you to get care
- How easy it is for you to get care quickly

HEDIS® (Healthcare Effectiveness Data and Information Set)

We also measure how many of our members get key tests and exams. We look at:

- Annual wellness exams
- Diabetes care
- Controlling blood pressure
- Mammograms (x-rays of the breast)
- Medicine management
- Pap tests
- Shots (flu)

We care about your health. We want to help you take better care of yourself. To do this, we:

- Remind you to get well-check exams and shots
- Teach you about chronic health conditions you may have
- Remind you to get Pap tests and mammograms, if needed
- Address any complaints you have
- Help you find and use information on our website
- Tell you about special services we offer

To learn more, call Member Services. You can ask for a printed copy of our Quality Improvement Plan and results.

Guidelines to keep you healthy

We give you information about preventive services and when to get them. This information does not replace your doctor's advice.

To make the most of these guidelines:

- Take time to read them
- Write down questions and bring them to your next checkup
- Tell your provider about any health problems you are having
- Go to your appointments
- If you miss an appointment, reschedule right away

We help you learn about key tests and exams to help you with health conditions, such as diabetes, COPD and depression. See PassportHealthPlan.com for details. To learn more, call Member Services.

How we work with providers to make decisions about your care

Some services must be pre-approved before we will cover them. We work with your provider to find out what services you need. We make choices about your care based on medical needs and benefits.

- We do not reward providers or others for denying services
- We do not pay extra to providers or UM staff to make choices that give you less care

If you have a question about our process or rulings, call Member Services. We can accept collect calls. If you need help in your language, bilingual staff or interpreters are available at no cost. We also offer TTY services for if you are deaf, hard of hearing or have trouble speaking. Please leave a message with your phone number if you call after hours or on the weekend. We will return your call within one business day. If Member Services calls, we will use our name, title and Passport's name.

- You need medical care that Medicare requires us to cover, and our network cannot provide this care. In this case, your provider must ask for a prior authorization (PA). Please call Member Services for help. If you obtain routine care from out-of-network providers without a PA, you have to pay for the costs.

Your PHI can be written, spoken or digital. We protect your PHI by:

- Requiring written agreement to follow the policies and procedures

By law, we must:

- Keep your PHI private

The information above is only a summary. To learn more about how we use and share your PHI, see our NPP at PassportHealthPlan.com. You also call Member Services to ask for a copy.

Your rights and responsibilities

Knowing your rights and responsibilities is important. It helps you, your provider and Passport ensure you get the care you need.

You have the right to:

- Get the facts about Passport, our services and providers, and your rights and responsibilities.
- Privacy and to be treated with respect and dignity.
- Help make decisions with your provider about your health care. You may refuse treatment.
- Ask for a copy of your medical record.
- Ask to change or correct your medical record.
- Discuss your treatment options with your doctor in a way you understand and take part in developing treatment goals you both agree on. Cost or benefit coverage does not matter.
- Voice any complaints or send in appeals about Passport or the care you received.
- Use your member rights without fear of negative results.
- Get your rights and responsibilities each year.
- Suggest changes to our rights and responsibilities policy.

You also have the responsibility to:

- Give all the facts Passport and your providers need to care for you.
- Know your health conditions.
- Take part in treatment goals that you and your provider agree upon.
- Follow the treatment plan for your care.
- Keep doctor visits and be on time. If you are going to be late or cannot make it, call the office right away.

Visit PassportHealthPlan.com to view your Member Handbook for a full list of your rights and responsibilities or call Member Services.

Second opinions

If you do not agree with your provider's diagnosis or health recommendations, you have the right to a second opinion. You can talk to another network provider. You can also talk to a provider outside of our network at no cost. To learn more, call Member Services.

Grievances and appeals

If you have problems with your medical care or services, you have the right to file a grievance (complaint) or appeal.

File a grievance for things like:

- The care you get from your provider or hospital
- The time it takes to get an appointment or be seen by a provider
- Provider availability in your area

File an appeal when you do not agree with our decision to:

- Stop, change, suspend, reduce or deny a service
- Deny payment for services

You may ask for an expedited review if the decision puts your life or health at risk. You may also ask for a Fair Hearing with the State Administrative Law Judge if your appeal is denied.

Visit PassportHealthPlan.com or see your Member Handbook to read about:

- Grievances and appeals
- Who can file a grievance and appeal
- State Fair Hearing process, rights and timeframes

For questions, call Member Services.

Your right to appeal a denial

What is a denial?

If we deny your service, you will get a letter telling you why. It will tell you about your right to appeal. You can read about these rights in your Member Handbook. You can learn how to file an appeal at PassportHealthPlan.com. Member Services can also help you file an appeal.

If you are not happy with the result of your appeal, you can ask for an independent review. Providers outside of Passport will look at all the facts and decide. Passport will follow this finding.

Your right to an Advance Directive

You have the right to accept or refuse treatment offered by a provider. If you are unable to tell the provider what you want, you need to make your wishes known. It is important to have an Advance Directive. You can have one for medical and mental health care.

An Advance Directive is a legal form that tells providers the kind of care you want if you cannot speak for yourself. Write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you cannot make your own. There are different types of Advance Directives. Some examples are:

- Power of Attorney for Health Care
- Living Will

It is your choice to have an Advance Directive. No one can deny you care based on whether or not you have one. For help making decisions about your care, talk with someone you trust. This might be a family member or friend. You can also talk with your lawyer or PCP.

Call Member Services for help getting an Advance Directive that follows state laws.

If you have signed an Advance Directive and think your provider has not followed your wishes, you may file a grievance. Visit PassportHealthPlan.com or call Member Services for details.
