B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 14 are the drugs covered by Senior Whole Health. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Senior Whole Health will cover all drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - Senior Whole Health agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Senior Whole Health network pharmacy.
- In some cases, you have to do something before you can get a drug (refer to question B4 below).

You can also refer to an up-to-date list of drugs that we cover on our website at SWHMA.com or call Member Services at (800) 665-3086, TTY: 711.

B2. Does the Drug List ever change?

Yes, and Senior Whole Health must follow Medicare and MassHealth rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from Senior Whole Health before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Senior Whole Health's up to date Drug List online at SWHMA.com.
- You can also call Member Services to check the current Drug List at (800) 665-3086, TTY: 711.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same.

When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. After you receive notice of the change, you should be working with your prescriber to switch to a different drug that we cover.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.

If you have questions, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit SWHMA.com.

- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. Please refer to question B10 for more information about exceptions.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Senior Whole Health before you fill your prescription. Senior Whole Health may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Senior Whole Health limits the amount of a drug you can get.
- **Step therapy:** Sometimes Senior Whole Health requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 14. You can also get more information by visiting our website at SWHMA.com. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs on page 14 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Senior Whole Health changes their rules about some drugs (for example, prior authorization (PA) or approval, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it on page 87.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” on page 14. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the Drug List?

If you don’t find your drug on the Drug List, call Member Services at (800) 665-3086, TTY: 711 and ask about it. If you learn that Senior Whole Health will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

If you have questions, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit SWHMA.com.

B9. What if I am a new Senior Whole Health member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of Senior Whole Health. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Senior Whole Health, **or**
- you are taking a drug that is part of a step therapy restriction

If you are taking a drug that Senior Whole Health does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Senior Whole Health member.
- This is in addition to the temporary supply during the first 90 days you are a member of Senior Whole Health.

Senior Whole Health will provide a temporary at least 31-day fill (unless the prescription is written for less than a 31 day supply or the prescription is dispensed for less than the written amount due to quantity limits for safety purposes or drug utilization edits based on approved product labeling, in which case Senior Whole Health will allow multiple fills to provide up to a total of 31 days of medication) in an Long Term Care setting any time during the first 90 days of member's enrollment, beginning on the enrollee's effective date of coverage.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Senior Whole Health to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Senior Whole Health may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 8, of the *Evidence of Coverage* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your prescriber can call Senior Whole Health or fax the supporting statement to (866) 290-1309.

Send the prescriber statement to:
Senior Whole Health
Attn: Pharmacy Department
7050 S Union Park Center, Suite 600
Midvale, Utah 84107

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Senior Whole Health covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter". Senior Whole Health covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Senior Whole Health OTC Wrap List to find out what OTC drugs are covered at SWHMA.com.

B15. Does Senior Whole Health cover non-drug OTC products?

Senior Whole Health covers some non-drug OTC products when they are written as prescriptions by your provider.

If you have questions, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit SWHMA.com.

If you have questions, call Member Services at (800) 665-3086, TTY: 711.

C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Senior Whole Health. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 87. The index alphabetically lists all drugs covered by Senior Whole Health.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., CIPRO) and generic drugs are listed in lowercase italics (e.g., ciprofloxacin).

The information in the "Necessary actions, restrictions, or limits on use" column tells you if Senior Whole Health has any rules for covering your drug.

Note: The _ next to a drug means the drug is not a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or MassHealth.
- If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Member Services at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time.
- You can also read Chapter 8 of the *Evidence of Coverage* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category Cardiovascular. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior Authorization (approval): you must have approval before you can get this drug.

QL = Quantity Limits: the amount of the drug that the plan will cover.

ST = Step Therapy Criteria: you must try another drug before you can get this one.

NM = Non-Mail Order: this drug cannot be filled through mail order.

B/D = This drug may be covered under Medicare Part B or D depending upon the circumstances.

LA = Limited Access Drug: this drug may be available only at certain pharmacies.

= Non-Part D Drugs, or OTC items that are covered by Medicaid.

NDS = Non-Extended Days Supply: you will be limited to how many days supply you can receive.

ED = Excluded Drug: certain drugs are excluded from Medicare coverage by law.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *metformin hcl*), brand name drugs are capitalized (for example, JANUVIA TABS). The information in the “Necessary actions, restrictions, or limits on use” column tells you if Senior Whole Health has any rules for covering your drug.

If you have questions, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit SWHMA.com.
