# Senior Whole Health (HMO D-SNP) and Senior Whole Health NHC (HMO D-SNP) | 2025 *List of Covered Drugs* (Drug List or Formulary)

## Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs are covered by Senior Whole Health. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Senior Whole Health. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* in section C1 are the drugs covered by Senior Whole Health. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Senior Whole Health will cover all drugs on the *Drug List* if:

- your doctor or other prescriber says you need them to get better or stay healthy,
- Senior Whole Health agrees that the drug is medically necessary for you, **and**
- you fill the prescription at a Senior Whole Health network pharmacy.
- In some cases, you have to do something before you can get a drug (refer to question B4 below).

You can also refer to an up-to-date list of drugs that we cover on our website at SWHMA.com or call Member Services at (800) 665-3086, TTY: 711.

## **B2. Does the *Drug List* ever change?**

Yes, and Senior Whole Health must follow Medicare and MassHealth rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from Senior Whole Health before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Senior Whole Health's up to date *Drug List* online at SWHMA.com. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services to check the current *Drug List* at (800) 665-3086, TTY: 711.

**If you have questions**, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit SWHMA.com.

---

### **B3. What happens when there is a change to the *Drug List*?**

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions new version of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain versions of that drug but your cost for the new drug will stay the same. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - We can make these changes only if the drug we are adding:
    - Is a new generic version of a brand name drug, or
    - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
  - Some of these drug types may be new to you. For more information, refer to Section B14.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. After you receive the notice of the change, you should work with your prescriber to switch to a different drug that we cover.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.
- When these changes happen, we will:
  - tell you at least 30 days before we make the change to the *Drug List* **or**
  - let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. Please refer to question B10 for more information about exceptions.

---

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Senior Whole Health before you fill your prescription. Senior Whole Health may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Senior Whole Health limits the amount of a drug you can get.
- **Step therapy:** Sometimes Senior Whole Health requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your provider thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning in section C1. You can also get more information by visiting our website at [SWHMA.com](http://SWHMA.com). We have posted online documents that explain our and step therapy restrictions. You may also ask us to send you a copy.

**You can ask for an exception from these limits.** This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

---

#### **B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The table of drugs on in section C1 has a column labeled "Necessary actions, restrictions, or limits on use."

**If you have questions**, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit [SWHMA.com](http://SWHMA.com).

---

**B6. What happens if Senior Whole Health changes their rules about some drugs (for example, prior authorization (PA) or approval, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

---

**B7. How can I find a drug on the *Drug List*?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it in section D.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” in section C1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

---

**B8. What if the drug I want to take is not on the *Drug List*?**

If you don't find your drug on the *Drug List*, call Member Services at (800) 665-3086, TTY: 711 and ask about it. If you learn that Senior Whole Health will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

---

**B9. What if I am a new Senior Whole Health member and can't find my drug on the *Drug List* or have a problem getting my drug?**

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of Senior Whole Health. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**

- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by Senior Whole Health, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that Senior Whole Health does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug. You can find more information about getting a temporary supply of a drug in Chapter 5 of your *Member Handbook*.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31 supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Senior Whole Health member.
- This is in addition to the temporary supply during the first 90 days you are a member of Senior Whole Health.

Senior Whole Health will provide a temporary at least 31-day fill (unless the prescription is written for less than a 31 day supply or the prescription is dispensed for less than the written amount due to quantity limits for safety purposes or drug utilization edits based on approved product labeling, in which case Senior Whole Health will allow multiple fills to provide up to a total of 31 days of medication in an Long Term Care setting any time during the first 90 days of member's enrollment, beginning on the enrollee's effective date of coverage.

---

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Senior Whole Health to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Senior Whole Health may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

---

### **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, Section F2, of the *Member Handbook* to learn more about exceptions.

**If you have questions**, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit [SWHMA.com](http://SWHMA.com).

---

## **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your prescriber can call Senior Whole Health or fax the supporting statement to (866) 290-1309.

Send the prescriber statement to:

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Senior Whole Health covers both brand name drugs and generic drugs.

---

## **B14. What are original biological products and how are they related to biosimilars?**

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilars alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to Chapter 5 of the *Member Handbook*.

---

## **B15. What are OTC drugs?**

OTC stands for "over-the-counter". Senior Whole Health covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Senior Whole Health *Drug List* to find out what OTC drugs are covered.

---

### **B16. Does Senior Whole Health cover non-drug OTC products?**

Senior Whole Health covers some non-drug OTC products when they are written as prescriptions by your provider.

You can read the Senior Whole Health *Drug List* to find out what non-drug OTC products are covered.

---

### **B17. Does Senior Whole Health cover long-term supplies of prescriptions?**

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs. A 100-day supply has the same copay as a one-month supply.

---

### **B18. Can I get prescriptions delivered to my home from my local pharmacy?**

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

---

### **B19. What is my copay?**

Senior Whole Health members have no copays for prescription and OTC drugs as long as the member follows the plan's rules.

---

### **B20. What are drug tiers?**

Tiers are groups of drugs on our *Drug List*.

- Tier 1 drugs are generic drugs.
- Tier 1 drugs are brand name drugs.

All tiers have no copay.

---

## **C. Overview of the *List of Covered Drugs***

The following list of covered drugs gives you information about the drugs covered by Senior Whole Health. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by Senior Whole Health.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., CIPRO) and generic drugs are listed in lowercase italics (e.g., ciprofloxacin).

The information in the “necessary actions, restrictions, or limits on use” column tells you if Senior Whole Health has any rules for covering your drug.

**If you have questions**, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit [SWHMA.com](http://SWHMA.com).

**Note:** The \_ next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

**Extra Help** is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or MassHealth.
- If you or your prescriber disagrees with our decision, you can appeal.
- If you ever have a question, call Member Services at (800) 665-3086, TTY: 711. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

## C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category Cardiovascular. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior Authorization (approval): you must have approval before you can get this drug.

QL = Quantity Limits: the amount of the drug that the plan will cover.

ST = Step Therapy Criteria: you must try another drug before you can get this one.

NM = Non-Mail Order: this drug cannot be filled through mail order.

B/D = This drug may be covered under Medicare Part B or D depending upon the circumstances.

LA = Limited Access Drug: this drug may be available only at certain pharmacies.

\_ = Non-Part D Drugs, or OTC items that are covered by Medicaid.

NDS = Non-Extended Days Supply: you will be limited to how many days supply you can receive.

**If you have questions**, please call Senior Whole Health at (800) 665-3086, TTY: 711, October 1 – March 31 - 7 days a week, 8 a.m. - 8 p.m., local time, April 1 – September 30 - Monday – Friday 8 a.m. – 8 p.m., local time. The call is free. **For more information**, visit [SWHMA.com](http://SWHMA.com).
