Providers

Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Online Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term supports and services (LTSS), supplies, prescription drugs, equipment and other services.
 - The term “providers” also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term supports and services.
 - Providers that are a part of our plan’s network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a physician, physician assistant or nurse practitioner and/or medical home or clinic (Federally Qualified Health Centers (FQHC)), who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can see someone that is not your PCP. If you don’t get a referral, Molina Dual Options may not cover the service.
 - Referrals from your network PCP are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; or
 - Services from a women’s health specialist.

- Flu shots and pneumonia vaccinations as long as you get them from a network provider.
- Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the *Member Handbook*.
- Your provider may need **prior authorization** or an approval from Molina Dual Options before you get certain services. Covered services that need prior authorization are marked in the Benefits Chart in Chapter 4. Some drugs are covered only if you get prior authorization from us. Covered drugs that need prior authorization are marked in the *List of Covered Drugs*.
- You also have access to a **Care Coordinator** that you choose.
 - A **Care Coordinator** helps you manage your medical providers and services. Your Care Coordinator is your main contact. This person helps you manage all of your providers, services and makes sure you get what you need. You and/or your caregiver may request a change in the Care Coordinator assigned, as needed, by calling the Care Coordinator or Member Services. Additionally, Molina Dual Options staff may make changes to your Care Coordinator assignment based upon your needs (cultural / linguistic / physical / behavioral health / religion) or location. Contact your Care Coordinator at (855) 735-5604 from 8:30 a.m. to 5 p.m., EST Monday - Friday.
 - Your **Care Team** led by a Care Coordinator, is a group of advocates and providers working together to provide you with medical, behavioral health, substance use treatment, Long Term Services and Supports, and social needs. You have access to and input in the development of your own Integrated Care Team. You, your family member and/or your legally authorized representative are the most important members of the Integrated Care Team. You can tell us who else you would like to participate. Your Integrated Care Team may include:
 - You
 - Your family member and/or authorized representative.
 - Your Care Coordinator
 - Your Primary Care Provider (PCP)
 - A representative from the facility where you receive care.
 - Your behavioral health clinician (if you have one)
 - Your long-term services and supports (LTSS) providers (if you have them)

Your Integrated Care Team can also include the following people, if it is appropriate and if you agree:

- A pharmacist
 - Nurses, specialists, social workers, and other people who can provide expert advice
 - Family members
 - Other informal caregivers
 - Advocates
 - State agency or other Care Coordinators
- Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. A PCP is a physician, advanced practice nurse practitioner, physician assistant, and/or medical home/clinic (Federally Qualified Health Centers (FQHC) who gives you routine health care. You may also be able to have a specialist act as your PCP, when the specialist is willing to provide your routine healthcare. Please contact Member Services at (855) 735-5604, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., EST for assistance.

To choose a PCP, go to the list of providers on page based on your search results and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at (855) 735-5604, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., EST. The call is free. Or, visit MolinaHealthcare.com/Duals.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

Long-term supports and services (LTSS)

As a Molina Dual Options member, you may be able to get long-term supports and services (LTSS), such as home health, personal care, nursing home and home and community based services (adult day program, respite, expanded community living supports, preventive nursing services, private duty nursing, and other services). LTSS helps people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

You should discuss long-term supports and services with your Care Coordinator to determine which services you qualify for and how to access them.

How to identify providers in Molina Dual Options network

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals under the Key Terms section of this Provider and Pharmacy Directory Information.

You must get all of your covered services from providers within our network. If you go to providers who are not in Molina Dual Options network (without prior authorization or approval from us), you will have to pay the bill.

“A prior authorization is an approval from Molina Dual Options before you can get a specific service, drug, or see an out-of-network provider. Molina Dual Options may not cover the service or drug if you don’t get approval.”

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. Medicare and Medicaid do not provide coverage for emergency medical care outside the United States and its territories except under limited circumstances. Contact the plan for details. You can contact Molina Dual Options at (855) 735-5604, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., EST. You can also go

outside the plan for other non-emergency services if Molina Dual Options gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You can call Member Services at (855) 735-5604, TTY: 711, Monday - Friday, 8 a.m. to 8 p.m., EST if you want more information about our Molina Dual Options providers or if you need help with changing your PCP. For some providers, you may need a referral from your PCP.
- Molina Dual Options works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, search results of network providers in this Online Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Molina Dual Options can help you. Talk to your Care Coordinator for assistance.
