## Getting to Know Molina Healthcare of Nebraska

At Molina Healthcare of Nebraska, one of our most important activities is to communicate how we work. This will help us keep you healthy.

Our Provider Directory will help you get started making decisions about your health care. You will also learn some helpful tips on how to use Molina Healthcare's services and benefits. You can find the following information about Molina Healthcare's doctors and other health care providers in your Provider Directory:

- Names
- Addresses
- Telephone numbers
- Languages spoken
- Availability of service locations
- Accessibility of provider office locations including parking, restrooms, exam rooms, etc.

You can also find out if a provider (doctors, dentists, hospitals, specialists, or medical clinics) is accepting new patients in your Provider Directory or online via our website at

[MolinaHealthcare.com/NE](https://www.molinahealthcare.com/NE).

Together, we can be partners for your good health!

## Selecting your Primary Care Provider (PCP)

Your Primary Care Provider (PCP) knows you well and takes care of all your medical needs. It's important to have a doctor who makes you feel comfortable.

Think of your PCP's office as your "medical home." Your first step is to choose a doctor from our list of Primary Care Providers (PCPs).

## Selecting your Primary Care Dentist (PCD)

Your Primary Care Dentist (PCD) knows you well and takes care of all your dental care and services. It's important to have a dentist who makes you feel comfortable.

Think of your PCD's office as your "dental home." Your first step is to choose a dentist from our list of Primary Care Dentists (PCDs).

## What is a Primary Care Provider?

A Primary Care Doctor or Primary Care Provider (PCP) is your main doctor, who takes care of most of your health needs. A PCP knows you and your family well and cares about your health. When you or someone in your family is sick and you don't know what to do, call your PCP. You don't have to go to the Emergency room unless a life is in danger.

Your PCP wants to see you before you are sick to find problems early. Go for yearly check-ups to stay healthy. Go to your PCP for physicals, tests, shots, and — of course — when you're sick. If you or your child needs special care, your PCP can help. Your PCP works with you to keep you and your family healthy.

## What is a Primary Care Dentist?

A Primary Care Dentist (PCD) is your main dentist that takes care of most of your dental needs. As a Molina Healthcare Member, you will have a dental home. A dental home is a place where children and adults can get regular and complete dental care.

A PCD can be a general dentist or a pediatric dentist. You can see your PCD every six months at no charge for a cleaning and check-up. Your PCD will send you to a specialist in our network when you have dental issues that are harder to fix.

If you want to know more about your PCP, PCD or other Molina Healthcare doctors, please call Member Services or visit [MolinaHealthcare.com/ProviderSearch](https://MolinaHealthcare.com/ProviderSearch).

## Choosing Your Doctor or Other Health Care Provider

To be covered by Molina Healthcare, services must be provided by the Molina Healthcare doctors, dentists, hospitals, specialists or medical clinics assigned to you. We make allowances for emergencies, out-of-area or urgent care, and services in the "Covered Services" section of your Member Handbook.

### How Do I Choose a PCP or PCD?

Picking the right doctor or dentist for you and your family is very important. Molina Healthcare's Member Services staff can help you choose. They can tell you what the provider's regular office hours are and how to schedule an office visit.

Call and schedule your first visit to get to know your provider. If you need help making an appointment, call Molina Healthcare toll-free at **(844) 782-2018 (TTY: 711)** Monday through Friday 8 a.m.-6 p.m. Central Time.

Molina Healthcare can also help you find a provider that is best for you. We are happy to help you. Just tell us what is important to you in choosing a provider. Call the Member Services Department if you want more information about your Molina Healthcare provider.

Here are the kinds of PCPs you may select:

- **Family Practice PCP**  
A Family Practice PCP may see the whole family.
- **General Practice PCP**  
A General Practice PCP may also see the entire family.
- **Internal Medicine PCP**  
An Internal Medicine PCP sees adults only (18 years or older).
- **OB/GYN**  
An OB/GYN PCP sees women only. He or she specializes in women's health and maternity care.
- **Pediatrician**  
A Pediatrician sees only children up to age 18.

Here are the kinds of PCDs you may select:

- **General Dentist**  
A general PCD may see the whole family.
- **Pediatric Dentist**  
A pediatric PCD sees only children up to age 18.

After you decide what kind of provider you want as a PCP or PCD, your next step is to choose the right provider for you. Here are some helpful tips:

- Think about your needs. Location, office hours, and language preference matter.
- Ask for referrals. Ask friends or family or even another healthcare person that you trust for a recommendation.
- Visit the doctor you are thinking about. Make sure you are comfortable with office personnel like nurses and the office manager as well as the provider

You must receive health care services from providers who are in the Molina Healthcare network.

You, your provider and your health plan will make decisions on where you will get other medical services such as vision, pharmacy, laboratory and hospital care.

For example, when you choose a provider who is in the Molina Healthcare network, you will receive all your specialty care and prescriptions through providers and pharmacies that belong to the Molina Healthcare network.

## Federally Qualified Health Centers and Rural Health Clinics

If you want to get care from a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) you can be assigned to an FQHC or RHC that has a contract with Molina Healthcare. If you see a \* next to the name of a clinic in this directory, you will know that it is either an FQHC or RHC.

## What If I Don't Choose a Provider?

If you don't choose a PCP or PCD for any reason, Molina Healthcare will choose one for you.

Molina Healthcare thinks it's important that you choose the provider you want. If you want to change your provider just call Member Services and we will be happy to assist you.

## Changing Your Provider

### What if I want to change my provider?

You can change your PCP or PCD at any time. If you choose a new doctor by the 15th of the month, you will be assigned to the new doctor that same month. If you choose a new doctor after the 15th of the month, changes will take effect on the first day of the following calendar month, however, you can start seeing your new doctor immediately.

Get to know your PCP and PCD before you decide to make a change. Having a good relationship with your providers is important to your health.

### How do I change my provider?

To change your PCP or PCD, call Member Services, or go to [MolinaHealthcare.com/NE](https://MolinaHealthcare.com/NE) or [MyMolina.com](https://MyMolina.com), our member portal. Our website and portal have a list of doctors that you can choose from.

### Can my Provider request that I change to a different PCP or PCD?

Your provider may request that you be changed to a different provider for any of the following reasons:

- You are not following medical instructions (Noncompliant behavior)
- You are being abusive, threatening or have violent behavior
- Doctor-patient relationship breakdown

## How Do I Choose an OB/GYN?

Women may see an OB/GYN without receiving prior approval from their PCP. You may also choose an OB/ GYN in addition to your PCP.

If you need help in choosing an OB/GYN, or if you have questions, call Molina Healthcare Member Services at **(844) 782-2018 (TTY: 711)**, Monday through Friday between 8 a.m. and 6 p.m. Central Time. Our representatives will be happy to help you or answer your questions.

You don't need to get prior authorization from your PCP for a visit to Family Planning Services.

## How Does Molina Healthcare Work with Your Doctor to Keep You Healthy?

Your PCP treats you when you are sick, gives you care to keep you well, and prevents you from becoming ill. If you need to go to a hospital, Molina Healthcare will work with your PCP to make sure you get the proper care. When your doctor and Molina Healthcare work together in this way, it is called "Utilization Management." If you need care that can't be given by your doctor, your doctor will refer you to a specialist. We will help your doctor find the right kind of specialist for you.

Your PCP is the doctor who treats you when you need medical care. Think of your PCP's office as your "medical home."

When you need medical care, contact your PCP unless it is an emergency. If you are experiencing an emergency, dial 911.
