# Drug Formulary and Guide

## What is a Formulary (drug list)?

A drug list is a list of covered drugs. We work with a team of healthcare providers to choose drugs that provide quality treatment. The plan covers drugs on the drug list, as long as:

- The drug is medically necessary
- The prescription is filled at a network pharmacy
- Other plan rules are followed

For more information on how to fill your prescriptions, please review your subscriber contract.

## Can the Drug List change?

We tell affected members about changes at least 60 days before they become effective. Some examples of changes are:

- Removing drugs from our list of covered drugs
- Adding the need for prior approval or authorization (when your doctor needs to explain why you need a specific drug and provide reasons why a preferred drug will not work for you)
- Adding quantity limits (when you can only get a specific amount of a drug at onetime)
- Adding step therapy restrictions (when you have to try one type of drug as a first step in treating your condition, before you try another type of drug)
- Moving a medicine to a higher cost-sharing tier (when you have to cover more of the drug cost)

## What else could result in changes to the covered drug list?

We remove drugs from our drug list right away and will let members know when:

- The US Food and Drug Administration (FDA) decides that a drug is unsafe
- The drug maker removes the drug from the market

To get updated information about the drugs covered by your plan, please visit: [www.molinahealthcare.com](http://www.molinahealthcare.com) or call Customer Service at 1 (800) 223-7242 Monday through Friday between 8:00 am and 6:00pm EST. TTY/TDD users, please call 711.

# Using the Drug Formulary and Guide

## How do I use the Drug List?

There are 2 ways to find your drug on the drug list:

### 1. Medical Condition

The drugs on this drug list are grouped by the type of medical conditions they are used to treat. For example, drugs used to treat a heart condition are listed under “ANTIHYPERTENSIVES”.

- If you know what your drug is used for, look for the category name in the drug list
- Then look under the category name for your drug.

## 2. Alphabetical Listing

If you are not sure what category to look under, look for your drug in the Index at the end of the document. The Index is an alphabetical list of all the drugs in this document. Both brand-name drugs and generic drugs are in the Index.

- Look in the Index and find your drug.
- Next to your drug, see the page number where you can find coverage information.
- Turn to the page listed in the Index and find the name of your drug in the first column of the list.

### What are generic drugs?

The plan covers both brand-name drugs and generic drugs as listed on formulary. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generic drugs usually cost less than brand-name drugs but provide the same quality of treatment.

### Are there any restrictions on my coverage?

Some covered drugs may have more requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** The plan needs you (or your doctor) to get prior approval or authorization for certain drugs. This means that you need to get approval from the plan before you fill your prescriptions. If you don't get approval, the plan may not cover the drug.
- **Quantity Limits:** For certain drugs, the plan limits the amount of the drug that it will cover. For example, the plan provides 15 tabs per 25 days of zolpidem.
- **Step Therapy:** The plan needs you to try certain drugs as the first step to treat your medical condition before covering another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, the plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the plan will then cover Drug B.

You can find out if your drug has any special requirements or limits by looking on the drug list. You can also get more information about the restrictions for specific covered drugs by visiting [www.molinahealthcare.com](http://www.molinahealthcare.com). You can ask the plan to make an exception to these restrictions or limits. See the section, "How do I ask for an exception to the Drug List?" in this document.

### What are over-the-counter (OTC) drugs?

OTC drugs are nonprescription drugs that are not usually covered by a prescription drug plan. The plan pays for certain OTC drugs, but your cost may differ among the covered OTC drugs. Please see the Drug List Table for more information. Covered OTC drugs are marked as "OTC" on the drug list.

### Does the Plan cover prescription drugs that are considered "Preventive Services" under the Affordable Care Act?

The U.S. Department of Health and Human Services (HHS) has adopted Guidelines for Preventive Services under the Affordable Care Act (ACA). Under the ACA, some pharmacy benefit plans may provide a range of preventive services for \$0 member cost share and are designated as tier 0 on this document. These items may include:

- Aspirin to Prevent Cardiovascular Disease
- Fluoride and/or Iron Supplementation in Children
- Folic Acid Supplementation for Women Expecting or planning to be Pregnant
- Tobacco Use Counseling and Cessation Intervention
- Immunizations

- Women's Health Preventive Services (i.e., birth control, emergency contraception)
- Other drugs as required by state law (e.g., mifepristone and misoprostol)

A list of the preventive services covered under the Plan will be mailed to you upon request. You may request the list by calling Customer Service at 1 (800) 223-7242 Monday through Friday between 8:00 am and 6:00pm EST. TTY/TDD users, please call 711.

## What if my drug is not on the Drug List?

If your drug is not on this drug list, call Member Services and make sure that your drug is not covered. If you learn that the plan drug list does not cover your drug, you have 2 choices:

- You can ask Customer Service for a list of similar drugs that are covered by the plan. When you get the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by the plan.
- You can ask the plan to make an exception and cover your drug. Read on for information about how to ask for an exception.

## How do I ask for an exception to the Drug List?

You can ask the plan to make an exception to coverage rules. There are many types of exceptions that you can ask us to make:

- You can ask us to cover your drug, even if it is not on our drug list.
- You can ask us to override coverage restrictions or limits on your drug. For example, for certain drugs, the plan limits the amount of the drug that we will cover. If your drug has this quantity limit, you can ask us to override the limit and cover more for your healthcare need.

## How likely is it that I will get an exception?

Generally, the plan will only approve your request for an exception if the preferred drugs included on the plan's drug list would:

- Not be as effective in treating your condition
- Cause you to have adverse medical effects

## How do I find out if my exception is granted?

When you ask for a drug list exception, please send a statement from your doctor that supports your request. Then:

- We will make our decision within 3 business days of receipt of the information necessary to make a decision.
- You can ask for an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 3 business days for a decision.
- If your expedited (fast) request is granted, we will give you a decision no later than 24 hours after we get your doctor's supporting statement.

## For more information

For more information about your plan's prescription drug coverage, please look at your subscriber contract and other plan materials.

If you have any other questions about the Plan, please call Customer Service at 1 (800) 223-7242, 8:00 am to 6:00 pm, Monday through Friday. TTY/TDD users, please call 711. Or visit [www.molinahealthcare.com](http://www.molinahealthcare.com).

## What are Drug Tiers and how do they affect my share of the drug's cost?

The drug list gives coverage information about some of the drugs covered by the plan. If you have trouble finding your drug on the list, turn to the Index at the end of this document. The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA). Generic drugs are listed in lower-case italics (e.g., metformin). The information in the Requirements/Limits column tells you if the plan has any special requirements for coverage of your drug.

The table below tells you the copayment\* or coinsurance amount (i.e., the share of the drug's cost that you will pay) for drugs in each tier.

<b>This is NY State specific for 3-Tier structure</b>	<b>Preferred Retail Network pharmacy (Up to a 30-day supply)</b>	<b>Specialty and Mail pharmacy (Up to a 90-day supply)</b>
<b>Cost-Sharing Tier 1 (Generic Drugs)</b>	\$0-\$6	\$0-\$15
<b>Cost-Sharing Tier 2 (Preferred Brand Drugs)</b>	\$0-\$15	\$0-\$37.50
<b>Cost-Sharing Tier 3 (Non-preferred Brand Drugs and Specialty Tier Drugs)</b>	\$0-\$30	\$0-\$75
<b>Preventative (PREV) and other drugs with \$0 cost-sharing</b>	\$0	\$0

\*Copays will vary by plan design; you can contact Customer Service at 1 (800) 223-7242 between 8:00am and 6:00pm EST Monday through Friday. TTY/TDD users, please call 711 for member specific copayment information.

## What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

<b>Requirements/Limits</b>	<b>Description</b>
<b>AGE</b>	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
<b>MAIL</b>	Drug is eligible for Mail Order and other 90-day fill programs at participating retail pharmacies. It is your choice if you want to use Mail Order programs. There is no discount to cost sharing for using 90-day fill programs.
<b>MED</b>	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
<b>OTC</b>	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
<b>PA</b>	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for.
<b>QL</b>	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
<b>ST</b>	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Specialty drugs may have a comment in the "Requirements/Limits" column that reads "Medical Necessity PA". This means there are other Specialty drugs that are preferred. There are other Specialty drugs with a comment "Preferred Brand" that may treat the same condition. We require that the drug marked "Preferred Brand" be considered first or instead of the non-preferred Specialty drug, if appropriate.

# Formulario y guía de medicamentos

## ¿Qué es un formulario (lista de medicamentos)?

Una lista de medicamentos es una lista de medicamentos cubiertos. Trabajamos con un equipo de proveedores de atención médica para elegir medicamentos que brinden un tratamiento de calidad. El plan cubre medicamentos en la lista de medicamentos, siempre que se cumpla lo siguiente:

- El medicamento es médicamente necesario.
- La receta se surte en una farmacia de la red.
- Se siguen otras reglas del plan.

Para obtener más información sobre cómo surtir sus recetas, revise su contrato de suscriptor.

## ¿Puede cambiar la Lista de Medicamentos?

Informamos a los miembros afectados sobre los cambios al menos 60 días antes de que entren en vigencia. Algunos ejemplos de cambios son:

- Eliminar medicamentos de nuestra lista de medicamentos cubiertos
- Agregar la necesidad de aprobación o autorización previa (cuando su médico necesita explicar por qué necesita un medicamento específico y proporcionar razones por las cuales un medicamento preferido no funcionará para usted)
- Agregar límites de cantidad (cuando solo puede obtener una cantidad específica de un medicamento a la vez)
- Agregar restricciones de terapia escalonada (cuando tiene que probar un tipo de medicamento como primer paso en el tratamiento de su afección, antes de probar otro tipo de medicamento)
- Pasar un medicamento a un nivel de costo compartido más alto (cuando tiene que cubrir una mayor parte del costo del medicamento)

## ¿Qué más podría dar lugar a cambios en la lista de medicamentos cubiertos?

Eliminamos los medicamentos de nuestra lista de medicamentos de inmediato y les informaremos a los miembros cuando suceda lo siguiente:

- La Administración de Alimentos y Medicamentos de EE. UU. (FDA) decide que un medicamento no es seguro
- El fabricante de medicamentos retira el medicamento del mercado.

Para obtener información actualizada sobre los medicamentos cubiertos por su plan, visite: [www.molinahealthcare.com](http://www.molinahealthcare.com) o llamar Servicio al Cliente al 1 (800) 223-7242 de lunes a viernes entre las 8:00 am y las 6:00 pm EST. Usuarios de TTY/TDD, llamen al 711.

# Uso del formulario y la guía de medicamentos

## ¿Cómo utilizo la lista de medicamentos?

Hay dos formas de encontrar su medicamento en la lista de medicamentos:

### 1. Afección médica:

Los medicamentos de esta lista de medicamentos están agrupados por el tipo de afecciones médicas para las que se utilizan. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran en “ANTIHYPERTENSIVES”.

- Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista de medicamentos.
- Luego busque debajo del nombre de la categoría de su medicamento.

### 2. Listado alfabético

Si no está seguro de en qué categoría buscar, busque su medicamento en el índice al final del documento. El índice es una lista ordenada alfabéticamente de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los genéricos están en el índice.

- Busque en el Índice y encuentre su medicamento.
- Junto a su medicamento, consulte el número de página donde puede encontrar información de cobertura.
- Vaya a la página que figura en el índice y busque el nombre de su medicamento en la primera columna de la lista.

## ¿Qué son los medicamentos genéricos?

El plan cubre tanto medicamentos de marca como medicamentos genéricos según se enumeran en el formulario. La FDA aprueba que un medicamento genérico tenga el mismo ingrediente activo que el medicamento de marca. Los medicamentos genéricos generalmente cuestan menos que los de marca, pero brindan la misma calidad de tratamiento.

## ¿Existe alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener más requisitos o límites de cobertura. Estos requisitos y límites pueden incluir lo siguiente:

- **Autorización previa (PA):** El plan necesita que usted (o su médico) obtenga aprobación o autorización previa para ciertos medicamentos. Esto significa que necesita obtener la aprobación del plan antes de surtir sus recetas. Si no obtiene la aprobación, es posible que el plan no cubra el medicamento.
- **Límites de cantidad (QL):** Para ciertos medicamentos, el plan limita la cantidad del medicamento que cubrirá. Por ejemplo, el plan proporciona 15 comprimidos cada 25 días de zolpidem.
- **Tratamiento escalonado (ST):** El plan necesita que usted pruebe ciertos medicamentos como primer paso para tratar su condición médica antes de cubrir otro medicamento para esa condición. Por ejemplo, si tanto el medicamento A como el medicamento B tratan su afección médica, es posible que el plan no cubra el medicamento B a menos que pruebe el medicamento A primero. Si el medicamento A no funciona para usted, el plan cubrirá el medicamento B.

Puede averiguar si su medicamento tiene requisitos o límites especiales consultando la lista de medicamentos. También puede obtener más información sobre las restricciones para medicamentos cubiertos específicos visitando [www.molinahealthcare.com](http://www.molinahealthcare.com). Puede solicitarle al plan que haga una excepción a estas restricciones o límites. Consulte la sección "¿Cómo solicito una excepción a la Lista de medicamentos?" en este documento.

## ¿Qué son los medicamentos de venta libre (OTC)?

Los medicamentos de venta libre son medicamentos de venta libre que generalmente no están cubiertos por un plan de medicamentos recetados. El plan paga ciertos medicamentos de venta libre, pero su costo puede diferir entre los medicamentos de venta libre cubiertos. Consulte la tabla de lista de medicamentos para obtener más información. Los medicamentos de venta libre cubiertos están marcados como "OTC" en la lista de medicamentos.

## ¿El Plan cubre medicamentos recetados que se consideran “Servicios Preventivos” según la Ley de Atención Médica Asequible?

El Departamento de Salud y Servicios Humanos de EE. UU. (HHS) ha adoptado pautas para servicios preventivos según la Ley de Atención Médica Asequible (ACA). Según la ACA, algunos planes de beneficios de farmacia pueden brindar una variedad de servicios preventivos por \$0 de costo compartido para miembros y están designados como nivel 0 en este documento. Estos pueden incluir lo siguiente:

- Aspirin para prevenir enfermedades cardiovasculares
- Suplementos de fluoride y/o iron en niños
- Suplementación de folic acid para mujeres que esperan o planean estar embarazadas
- Asesoramiento sobre el consumo de tabaco e intervención para dejar de fumar
- Vacunación
- Servicios preventivos de salud de la mujer (es decir, anticonceptivos, anticoncepción de emergencia)
- Otros medicamentos según lo exige la ley estatal (p. ej., mifipristone y misoprostol)

Si lo solicita, se le enviará por correo una lista de los servicios preventivos cubiertos por el Plan. Puede solicitar la lista llamando a Servicio al Cliente al 1 (800) 223-7242 de lunes a viernes entre las 8:00 am y las 6:00 pm EST. Usuarios de TTY/TDD, llamen al 711.

## ¿Qué pasa si mi medicamento no está en la Lista de medicamentos?

Si su medicamento no está en esta lista de medicamentos, llame a Servicios para Miembros y asegúrese de que su medicamento no esté cubierto. Si se entera de que la lista de medicamentos del plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar al Servicio de Atención al Cliente una lista de medicamentos similares que están cubiertos por el plan. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por el plan.
- Puede pedirle al plan que haga una excepción y cubra su medicamento. Siga leyendo para obtener información sobre cómo solicitar una excepción.

## ¿Cómo solicito una excepción a la Lista de medicamentos?

Puede solicitarle al plan que haga una excepción a las reglas de cobertura. Hay muchos tipos de excepciones que puede solicitarnos que hagamos:

- Puede solicitarnos que cubramos su medicamento, incluso si no está en nuestra lista de medicamentos.
- Puede solicitarnos que anulemos las restricciones o límites de cobertura de su medicamento. Por ejemplo, para ciertos medicamentos, el plan limita la cantidad del medicamento que cubriremos. Si su medicamento tiene este límite de cantidad, puede solicitarnos que anulemos el límite y cubramos más para sus necesidades de atención médica.

## ¿Qué posibilidades hay de que obtenga una excepción?

Generalmente, el plan solo aprobará su solicitud de excepción si los medicamentos preferidos incluidos en la lista de medicamentos del plan si es posible que suceda lo siguiente:

- El medicamento no es tan efectivo en el tratamiento de su condición.
- El medicamento le ocasiona efectos médicos adversos.

## ¿Cómo puedo saber si se concede mi excepción?

Cuando solicite una excepción a la lista de medicamentos, envíe la declaración de su médico que respalde su solicitud. Entonces, es posible que suceda lo siguiente:

- Tomaremos nuestra decisión dentro de los 3 días hábiles posteriores a la recepción de la información necesaria para tomar una decisión.
- Puede solicitar una excepción acelerada (rápida) si usted o su médico consideran que su salud podría verse seriamente perjudicada si espera hasta 3 días hábiles para recibir una decisión.
- Si se concede su solicitud acelerada (rápida), le daremos una decisión a más tardar 24 horas después de recibir la declaración de respaldo de su médico.

## Obtener más información

Para obtener más información sobre la cobertura de medicamentos recetados de su plan, consulte su contrato de suscriptor y otros materiales del plan.

Si tiene alguna otra pregunta sobre Plan, llame a Servicio al Cliente al 1 (800) 223-7242, de 8:00 am a 6:00 pm, de lunes a viernes. Usuarios de TTY/TDD, llamen al 711. O visite [www.molinahealthcare.com](http://www.molinahealthcare.com).

## ¿Qué son los niveles de medicamentos y cómo afectan mi parte del costo del medicamento?

La lista de medicamentos brinda información de cobertura sobre algunos de los medicamentos cubiertos por el plan. Si tiene problemas para encontrar su medicamento en la lista, consulte el índice al final de este documento. La primera columna del gráfico indica el nombre del medicamento. Los medicamentos de marca aparecen en mayúsculas (p. ej., JANUVIA). Los medicamentos genéricos aparecen en cursiva minúscula (p. ej., metformin). La información en la columna Requisitos/Límites le indica si el plan tiene algún requisito especial para la cobertura de su medicamento.

La siguiente tabla le indica el monto del copago\* o coseguro (es decir, la parte del costo del medicamento que usted pagará) para los medicamentos en cada nivel.

<b>Esto es específico del estado de Nueva York para una estructura de 3 niveles.</b>	<b>Farmacia de la red minorista preferida (suministro para 30 días como máximo)</b>	<b>Farmacia especializada y por correo (suministro para 90 días como máximo)</b>
<b>Nivel 1 de costo compartido (medicamentos genéricos)</b>	\$0-\$6	\$0-\$15
<b>Nivel 2 de costo compartido (medicamentos de marca preferidos)</b>	\$0-\$15	\$0-\$37.50
<b>Nivel 3 de costos compartidos (Medicamentos de marca no preferidos y medicamentos de nivel especializado)</b>	\$0-\$30	\$0-\$75
<b>Medicamentos preventivos (PREV) y otros medicamentos con costo compartido de \$0</b>	\$0	\$0

\*Los copagos variarán según el diseño del plan; puede comunicarse con el Servicio de atención al cliente al 1 (800) 223-7242 entre las 8:00 a. m. y las 6:00 p. m. EST de lunes a viernes.
