Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Senior Whole Health of New York. When it refers to “plan” or “our plan,” it means Senior Whole Health Medicare Complete Care.

This document includes list of the drugs (formulary) for our plan which is current as of 12/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Senior Whole Health Medicare Complete Care Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Senior Whole Health Medicare Complete Care, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but our plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Senior Whole Health Medicare Complete Care Formulary?”

Drugs removed from the market. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 31-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Senior Whole Health Medicare Complete Care Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2024. To get updated information about the drugs covered by our plan please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 12. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular. If you know what your drug is used for, look for the category name in the list that begins on page number 12. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 103. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 30 tablets per 30 days per prescription for esomeprazole 40 mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 12. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Senior Whole Health Medicare Complete Care formulary?" on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Senior Whole Health Medicare Complete Care Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

our plan will provide a temporary at least 31-day fill (unless the prescription is written for less than a 31 day supply or the prescription is dispensed for less than the written amount due to quantity limits for safety purposes or drug utilization edits based on approved product labeling, in which case Molina Medicare will allow multiple fills to provide up to a total of 31 days of medication) in an Long Term Care setting any time during the first 90 days of member's enrollment, beginning on the enrollee's effective date of coverage.

Cuando esta Lista de medicamentos (formulario) se refiere a “nosotros” o “nuestro”, significa Senior Whole Health of New York. Cuando dice “el plan” o “nuestro plan” se refiere a Senior Whole Health Medicare Complete Care.

En este documento, se incluye una Lista de medicamentos (formulario) de nuestro plan, la cual está vigente a partir del 12/01/2024. Para recibir una versión actualizada del formulario, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y en la contraportada.

Por lo general, debe utilizar farmacias de la red para usar su beneficio de medicamentos recetados. Los beneficios, el formulario, la red de farmacias o los copagos/coseguros pueden cambiar el 1 de enero del 2024 y de vez en cuando durante el año.

¿Qué es el formulario de Senior Whole Health Medicare Complete Care?

Un formulario es una Lista de medicamentos cubiertos seleccionados por nuestro plan con el asesoramiento de un equipo de proveedores de atención médica, que representa los tratamientos recetados que se consideran parte necesaria de un programa de tratamiento de calidad. Por lo general, nuestro plan cubrirá los medicamentos que aparecen en nuestro formulario, siempre y cuando el medicamento sea médicamente necesario, la receta médica se surta en una farmacia de la red de plan y se sigan otras reglas del plan. Para obtener más información sobre cómo surtir sus recetas, revise su Evidencia de Cobertura.

Para obtener una lista completa de todos los medicamentos recetados cubiertos por nuestro plan, visite nuestro sitio web o llámenos. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y en la contraportada.

¿Puede cambiar el formulario (Lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1 de enero, pero nuestro plan puede agregar o eliminar medicamentos de la Lista de medicamentos durante el año, moverlos a diferentes categorías de costo compartido o agregar nuevas restricciones. Debemos seguir las reglas de Medicare en la elaboración de estos cambios.

Cambios que pueden afectarle este año: En los siguientes casos, usted se verá afectado por los cambios en la cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podemos eliminar de inmediato un medicamento de marca registrada de nuestra Lista de medicamentos si lo reemplazamos por un nuevo medicamento genérico que aparecerá en la misma categoría de costos compartidos o en una categoría inferior, y con las mismas o menos restricciones. O, si agregamos el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca registrada en nuestra Lista de medicamentos, pero inmediatamente pasarlo a una categoría de costo compartido diferente o agregar nuevas restricciones. Si usted está tomando el medicamento de marca registrada, es posible que no le avisemos antes de realizar ese cambio, pero luego le proporcionaremos información sobre los cambios específicos que realizamos.

- Si llevamos a cabo ese cambio, usted o el recetador pueden solicitarnos hacer una excepción y continuar con la cobertura de su medicamento de marca registrada. En el aviso que le proporcionamos, también se incluirá información sobre cómo solicitar una excepción. Además, puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al Formulario de Senior Whole Health Medicare Complete Care?”

Medicamentos retirados del mercado. Además, si la Administración de Alimentos y Medicamentos considera que un medicamento de nuestro formulario no es seguro, o si el fabricante del medicamento retira el medicamento del mercado, podemos eliminarlo inmediatamente de nuestro formulario y notificar a los miembros que lo toman.

- **Otros cambios.** Es posible que hagamos otros cambios que afecten a los miembros que están tomando el medicamento. Por ejemplo, podríamos agregar un medicamento genérico nuevo para reemplazar un medicamento de marca registrada que esté actualmente en el formulario o agregar nuevas restricciones al medicamento de marca registrada, o cambiarlo a una nueva categoría de costo compartido, o ambos. O podemos hacer cambios según las nuevas pautas clínicas. Si retiramos medicamentos de nuestro formulario o agregamos restricciones de autorización previa, límites de cantidad o terapia escalonada para un medicamento, o si movemos un medicamento a una categoría de costo compartido más alta, debemos notificar a los miembros afectados sobre el cambio, al menos, 30 días antes de que el cambio entre en vigor o cuando el miembro solicite una renovación del medicamento, momento en el cual el miembro recibirá un suministro de 31 días del medicamento.
 - Si realizamos estos otros cambios, usted o su recetador pueden solicitarnos hacer una excepción y continuar con la cobertura de su medicamento de marca registrada. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al formulario Senior Whole Health Medicare Complete Care?”

Cambios que no le afectarán si está tomando el medicamento. Por lo general, si está tomando un medicamento de nuestro formulario para el 2024 que estaba cubierto al principio del año, no reduciremos ni dejaremos de ofrecer la cobertura de ese medicamento durante el año de cobertura 2024, excepto según lo descrito anteriormente. Esto significa que estos medicamentos seguirán disponibles al mismo costo compartido y sin nuevas restricciones para los miembros que los tomen durante el resto del año de cobertura. Este año no se le notificarán directamente sobre los cambios que no le afecten. Sin embargo, el 1.º de enero del año siguiente, dichos cambios le afectarán, y es importante revisar la Lista de medicamentos del nuevo año de beneficios para ver si hay cambios en los medicamentos.

El formulario adjunto está vigente a partir del 12/01/2024. Para obtener información actualizada sobre los medicamentos que nuestro plan cubre, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y en la contraportada.

¿Cómo uso el formulario?

Hay dos maneras de encontrar un medicamento en el formulario:

Enfermedad

El formulario comienza en la página 12. Los medicamentos de este formulario se agrupan en categorías según el tipo de enfermedades que tratan normalmente. Por ejemplo, los medicamentos que se utilizan

para tratar una enfermedad cardíaca se enumeran en la categoría Cardiovascular. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que comienza en la página número 12. Luego, busque en el nombre de la categoría que corresponda a su medicamento.

Orden alfabético

Si no está seguro de en qué grupo debe buscar, busque su medicamento en el Índice que comienza en la página 103. En el Índice, se proporciona una lista en orden alfabético de todos los medicamentos incluidos en este documento. Los medicamentos de marca y los genéricos están enumerados en el Índice. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información sobre la cobertura. Vaya a la página que aparece en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre medicamentos de marca registrada y medicamentos genéricos. Un medicamento genérico está aprobado por la FDA y contiene el mismo principio activo que el medicamento de marca registrada. Por lo general, los medicamentos genéricos cuestan menos que los medicamentos de marca registrada.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales en relación con la cobertura. A continuación, se indican algunos de estos requisitos y límites:

- **Autorización Previa:** Nuestro plan exige que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que deberá obtener la aprobación de nuestro plan antes de surtir sus recetas médicas. Si no recibe la aprobación, es posible que nuestro plan no cubra el medicamento.
- **Límites de Cantidad:** en el caso de ciertos medicamentos, nuestro plan limita la cantidad de medicamento que nuestro plan cubrirá. Por ejemplo, nuestro plan proporciona 30 comprimidos cada 30 días por receta de esomeprazol 40 mg. Esto puede sumarse al suministro estándar para uno o tres meses.
- **Terapia escalonada:** En algunos casos, nuestro plan exige que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para dicha afección. Por ejemplo, si tanto el Medicamento A como el Medicamento B tratan su afección médica, es posible que nuestro plan no cubra el Medicamento B, a menos que pruebe primero el Medicamento A. Si el Medicamento A no funciona para usted, entonces nuestro plan cubrirá el Medicamento B.

Puede ver si su medicamento tiene requisitos o límites adicionales si consulta el formulario que comienza en la página 12. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos visitando nuestro sitio web. Publicamos documentos en línea en los que se explican nuestras restricciones de autorización previa y terapia escalonada. También puede pedirnos que le enviemos

una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y en la contraportada.

Puede solicitar a nuestro plan que haga una excepción a estas restricciones o límites, o que haga una excepción para una lista de otros medicamentos similares que puedan tratar su afección. Consulte la sección “¿Cómo solicito una excepción a la fórmula de Senior Whole Health Medicare Complete Care” en la página 9 para obtener información sobre cómo solicitar una excepción.

¿Qué sucede si mi medicamento no se encuentra en el Formulario?

Si su medicamento no está incluido en este formulario (Lista de medicamentos cubiertos), primero debe comunicarse con el Departamento de Servicios para Miembros y preguntar si su medicamento está cubierto.

Si se entera de que nuestro plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar al Departamento de Servicios para Miembros una Lista de medicamentos similares que nuestro plan cubre. Cuando reciba la lista, muéstresele a su médico y pídale que le recete un medicamento similar cubierto por nuestro plan.
- Puede solicitarle a nuestro plan que haga una excepción y que cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario Senior Whole Health Medicare Complete Care?

Puede solicitar a nuestro plan que haga una excepción a nuestras reglas de cobertura. Existen varios tipos de excepciones que puede solicitarnos que hagamos.

- Por ejemplo, puede solicitarnos que cubramos un medicamento, aunque no se encuentre en el formulario. Si se aprueba, este medicamento estará cubierto a un nivel predeterminado de costo compartido, y no podrá pedirnos que proporcionemos el medicamento a un nivel de costo compartido menor.
- Puede solicitarnos que no apliquemos restricciones o límites de cobertura a su medicamento. Por ejemplo, en el caso de ciertos medicamentos, nuestro plan limita la cantidad de medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede solicitar que no apliquemos el límite y que otorguemos una mayor cobertura.

Por lo general, nuestro plan solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de costo compartido más bajo o las restricciones de utilización adicionales son menos eficaces para tratar su afección o tienen efectos médicos adversos en usted.

Debe comunicarse con nosotros para solicitar una decisión de cobertura inicial para un formulario o una excepción de restricción de utilización. **Cuando solicite una excepción de formulario o de restricción de utilización debe enviar una declaración de su recetador o de un médico que respalde su solicitud.** Por lo general, debemos tomar nuestra decisión dentro de las 72 horas siguientes a la obtención de la declaración de respaldo de su recetador. Puede solicitar una apelación acelerada (rápida) si usted o su médico creen que

su salud se podría ver gravemente perjudicada si espera hasta 72 horas para recibir la decisión. Si se acepta su solicitud acelerada, deberemos comunicarle nuestra decisión en un plazo no superior a 24 horas después de haber recibido una declaración de respaldo de su médico u otro recetador.

¿Qué hago antes de hablar con mi médico sobre el cambio de medicamentos o la solicitud de una excepción?

Como miembro nuevo o continuo en nuestro plan, podría estar tomando medicamentos que no están en nuestro formulario. O bien es posible que esté tomando un medicamento que esté en nuestro formulario, pero su capacidad para obtenerlo sea limitada. Por ejemplo, es posible que necesite una autorización previa de nuestra parte antes de poder surtir su receta médica. Debe hablar con su médico para decidir si debe cambiarse a un medicamento apropiado que cubramos o solicitar una excepción de formulario con el fin de cubrir el medicamento que usted toma. Mientras habla con su médico para determinar el curso de acción adecuado en su caso, es posible que cubramos su medicamento en ciertos casos durante los primeros 90 días en que es miembro de nuestro plan.

En el caso de cada uno de los medicamentos que no se encuentran en nuestro formulario, o si su capacidad para conseguir sus medicamentos es limitada, cubriremos un suministro provisional de 31 días. Si su receta médica está escrita para menos días, permitiremos varias renovaciones con el objetivo de proveer hasta un máximo de 31 días de suministro del medicamento. Después de su primer suministro de 31 días, no pagaremos por estos medicamentos, incluso si ha sido miembro del plan durante un período inferior a 90 días.

Si es residente de un establecimiento de atención a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para recibir medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras se presenta una excepción de formulario.

Nuestro plan proporcionará una renovación provisional de, al menos, 31 días (a menos que la receta médica se emita por menos de un suministro de 31 días o que la receta médica se dispense por un monto menor que el escrito debido a los límites de cantidad para fines de seguridad o las ediciones de utilización de medicamentos en función del etiquetado aprobado del producto, en cuyo caso Molina Medicare permitirá varias renovaciones para proporcionar un total de hasta 31 días de medicamentos) en un entorno de atención a largo plazo en cualquier momento durante los primeros 90 días de la inscripción del miembro a partir de la fecha de cobertura vigente del inscrito.
