Molina Healthcare's Quality Improvement Plan and Program

Your health care is important to us. We want to hear how we are doing. That's why you may receive a survey about Molina Healthcare and your health care services. One of these surveys is called CAHPS®. CAHPS® stands for the Consumer Assessment of Healthcare Providers and Systems. This survey asks questions about your health care. It asks about the care you receive from Molina Healthcare. We may send you a few questions about how we are doing. We want to know what is important to you. Please take the time to complete the survey if you receive it.

We use another tool called HEDIS® to improve care. HEDIS® stands for Healthcare Effectiveness Data and Information Set. We collect information on services that you may have received. These services include:

- Shots
- Well-check exams
- Pap tests
- Mammogram screenings
- Diabetes care
- Prenatal care
- Postpartum care

This process helps us learn how many of our members actually got needed services. Molina makes this information available to you. You may use it to compare one health plan to another health plan.

We strive to improve our services each year. We set goals to improve services. Our Quality Improvement (QI) plan includes these goals. We want to help you take better care of yourself and your family.

We want to make sure you get the best service possible. Some of the ways we do this include:

- Mail or call you to make sure you and your child get needed well exams and shots
- Help you learn about ongoing health problems, if you have them
- Make sure you get prenatal care and after-delivery exams, if you are pregnant
- Remind you to get Pap tests and mammogram screenings, if you need them
- Looking at member grievances (complaints) when you send them in
- Help you find and use the information on the Molina Healthcare website
- Tell you about the special services we offer to all of our members

We review all of the services and care that you receive each year to see how well we are doing. Please visit our website at www.MolinaHealthcare.com. You can read the latest results of our progress.

To learn more, call your Molina Healthcare Member Services Team. You can ask for a printed copy of our QI plan and results.

Protecting Your Privacy

Your privacy is important to us. We respect and protect your privacy. Molina Healthcare uses and shares data to provide you with health benefits.

Protected Health Information (PHI)

PHI stands for “protected health information.” PHI includes your name, member number, race, ethnicity, language needs, or other things that identify you. Molina Healthcare wants you to know how we use or share your PHI.

Why does Molina Healthcare use or share your PHI?

Molina Healthcare needs your written approval to use or share your PHI for reasons not listed above.

How does Molina Healthcare protect your PHI?

Your PHI can be in written word, spoken word, or on a computer. Molina Healthcare uses many ways to protect PHI across our health plan. Below are some ways Molina Healthcare protects your PHI:

www.MolinaHealthcare.com. You also may ask for a copy of our Notice of Privacy Practices by calling our Member Services Department.

Patient Safety Program

Molina Healthcare wants you and your family to be safe and healthy. We have a Patient Safety Program to help us meet this goal. This program gives you safety facts so you can make better health care choices. Here are a few of the things we do to improve your safety:

- Keep track of our members' complaints about safety problems in their provider's office or hospital
- Give you information to learn more about how to make safe decisions about your care. These include:
 - Questions to ask your surgeon prior to surgery
 - Questions to ask about drug interactions
- Make programs available to help you manage your care and receive care in a timely manner
- Look at reports from groups that check hospital safety. Reports tell us about things like staffing levels in the Intensive Care Unit (ICU), use of computer drug orders, and so forth

Groups that check safety:

- Leap Frog Quality Index Ratings (www.leapfroggroup.org)
- The Joint Commission National Patient Safety Goal Ratings (www.qualitycheck.org/consumer/searchQCR.aspx)

You can look at these websites to:

- See what hospitals are doing to be safer.
- Help you know what to look for when you pick a provider or a hospital.
- Get information about programs and services for patients with problems like diabetes and asthma.

We will also let you know about our baby car seat/booster seat program.

Call our Member Services Department to get more information about our Patient Safety Program. The number is on the back of your Member ID card. You can also visit us online at www.MolinaHealthcare.com.

How We Work with our Providers to Make Choices about Your Health Care

Molina Healthcare wants you to get the care you need. Sometimes your provider may need to ask us to approve the service before you receive the service (prior authorization), while you are receiving services (concurrent) or after you have got the service (post-service). We will work with your provider to decide if you need the services. We call this process Utilization Management (UM). We make choices about your care based on medical need and your benefits. We do not reward providers or others to deny coverage for services you need. We do not pay extra money to providers or our UM staff to make choices that result in giving less care.

If you have a question about our UM process or decisions, you can call us. Call our Molina Member Services department. The number is on the back of your Member ID card. TTY users should dial 711. Ask for the UM Department. Staff can also accept collect calls. If you need help in your language, a bilingual staff member or interpreter is available. We also offer TDD/TTY services for members who have hearing or speech disabilities. Our UM staff can answer your call Monday through Friday (except holidays) between 7:00 a.m. and 7:00 p.m. If you call after 7:00 p.m. or over the weekend, please leave a message and your phone number. The UM/Member Services staff will return your call within one business day.

Looking at What's New

We look at new types of services, and we look at new ways to provide those services. We review new studies to see if new services are proven to be safe for possible added benefits. Molina Healthcare reviews the type of services listed below at least once a year:

- Medical services
- Mental health services
- Medicines
- Equipment

What to Do When You Need Care After Hours or in an Emergency

After Hours Care

There may be times when you may need care when your Primary Care Provider's (PCP) office is closed. If it is after hours and your PCP's office is closed, you can call Molina Healthcare's Nurse Advice Line at (888) 275-8750. Nurses are available to help you 24 hours a day, 7 days a week.

Highly trained nurses answer our Nurse Advice Line. They can help you decide if you should see a provider right away. The nurses can also help you make an appointment if you need to see a provider quickly. Sometimes, you may have questions but do not think you need to see your PCP. You can call the Nurse Advice Line and talk to a nurse.

Emergency Care

Emergency care is for sudden or severe problems that need care right away. It can also be needed care if your life or health is in danger. Emergency care is a covered benefit. However, no services are covered outside the United States, except for emergency services requiring hospitalization in Canada or Mexico. If you need emergency care, call 911 or go to the nearest hospital. You do not need prior approval. If you have an urgent matter that does not threaten your life, you can also call our Nurse Advice Line. Call (888) 275-8750, 24 hours a day, 7 days a week.

Where to Find Answers to Drug Benefits

Molina Healthcare wants you to speak to your provider about drugs you need. You can visit our website at www.MolinaHealthcare.com if you want to know more about your drug benefits. Our website also explains our pharmacy process. On the website, you can find:

- A list of generic and brand name drugs that we cover and do not cover (drug formulary)

- Know your health problems and take part in making mutually agreed upon treatment goals as much as possible.

- Follow the treatment plan instructions for the care you agree to with your practitioner.
- Keep appointments and be on time. If you're going to be late or cannot keep an appointment, call your provider.

Please visit our website at www.MolinaHealthcare.com or view your Member Handbook for a complete list of member rights and responsibilities.

Second Opinions

If you do not agree with your provider's plan of care for you, you have the right to a second opinion. Talk to another provider or out-of-network provider. This service is at no cost to you. Call Member Services to learn how to get a second opinion. The number is on the back of your Member ID card.

Out-of-Network Services

If a Molina Healthcare provider is unable to provide you with necessary and covered services, Molina Healthcare must cover the needed services through an out-of-network provider. The cost to you should be no greater than it would be if the provider were in Molina Healthcare's network. This must be done in a timely manner for as long as Molina's provider network is unable to provide the service.

Grievances and Appeals

Are you having problems with your medical care or our services? If so, you have a right to file a grievance (complaint) or appeal.

A grievance can be for things like:

- The care you get from your provider or hospital
- The time it takes to get an appointment or be seen by a provider
- Provider availability in your area

You may file an appeal when you do not agree with Molina Healthcare's decision to:

- Stop, change, suspend, reduce or deny a service
- Deny payment for services

You may request an expedited review if the decision may risk your life or health. You may also ask for a Fair Hearing through the Bureau of State Hearing.

Visit our website, www.MolinaHealthcare.com, or your Member Handbook to read about:

- Grievance, appeal and State Fair Hearing processes and rights
- Grievance, appeal and State Fair Hearing timeframes
- Who can file a grievance/appeal

Call Member Services if you have any grievance questions.

Your Right to Appeal Denials

What is a denial?

A denial means that services or bills will not be paid. If we deny your service or claim, you have the right to request why your services or bills were denied. You have a right to appeal.

If we deny your service or claim, you will get a letter from Molina Healthcare telling you about this decision. This letter will tell you about your right to appeal. You can read about these rights in your Member Handbook. You can learn how to file an appeal on our website, www.MolinaHealthcare.com. Member Services can also help you file an appeal.

If you are not happy with the result of your appeal, you can ask for an independent review. This means providers outside Molina Healthcare review all the facts in your case and make a decision. We will accept that finding.

Would you like to ask for a review of an appeal? Call Member Services and ask them to help set this up for you.

Finding Information about Molina Providers Using our Website (POD)

Molina Healthcare offers a provider online directory. To access the provider online directory, visit MolinaHealthcare.com/ProviderSearch. The provider online directory includes information, such as:

- A provider's board certification status. You can also visit the American Board of Medical Specialties at www.abms.org to check if a provider is board certified.
- Office hours for all sites
- Providers accepting new patients
- Languages spoken by the provider or staff
- Hospital information including name, location and accreditation status

If you cannot access the Internet, or need additional information (such as your provider's medical school or residency information), Member Services can help. They can send you a printed copy of the provider online directory.

Your Right to an Advance Directive

All members have the right to accept or refuse treatment offered by a provider. However, what if you are not able to tell the provider what you want? To avoid decisions that may be made against your will, it is important to have an Advance Directive.

An Advance Directive is a legal form that tells medical providers what kind of care you want if you cannot speak for yourself. You can write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you are not well enough to make your own. There are different types of Advance Directive forms. Some examples are:

- Power of Attorney for Health Care
- Living Will

It is your choice to complete an Advance Directive. No one can deny you care based on whether or not you have an Advance Directive. Talk with someone you trust, like a family member or friend. They can help you make decisions about your health care. You can also talk with your lawyer or PCP if you have questions, or would like to complete an Advance Directive form.

You may call Molina Healthcare to get information on how to obtain Advance Directive forms that comply with applicable state laws.

If you have signed an Advance Directive and you believe the provider has not followed your instructions, you may file a complaint.

Please visit the website at www.MolinaHealthcare.com or call Member Services for more information on how to file a complaint.
