Providers

Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

- The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
- Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you go to a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor, certified nurse practitioner (CNP), physician assistant or other health care professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
 - You usually do not need approval from your PCP (called a **referral**) to see other network providers. It is important to tell your PCP before you see a specialist provider or after you have an urgent or emergency department visit. This allows your PCP to manage your care for the best outcomes.
 - All female members are allowed to self-refer to certified nurse midwives (CNMs), obstetricians and gynecologists on Molina Dual Options MyCare Ohio's provider panel. In addition, female members are also allowed to self-refer to women's health specialists on the Molina Dual Options MyCare Ohio's panel for routine and preventative health care services if their PCP is not a women's health specialist. For a list of women's health specialists on Molina Dual Options MyCare Ohio's panel, please call Member Services at (855) 665-4623, (TTY: 711), Monday-Friday, 8 a.m. to 8 p.m., local time. TTY users should call 711. The call is free.
 - You may need a referral from your PCP for some services, like Acupuncture or out-of-network care, before they will be covered by our plan. Talk to your PCP to find out if you need a referral.
- You also have access to a care manager and a care team that you choose. Your PCP will work closely with your care manager and care team.

- Your **care manager** helps you manage all your providers and services. They work with your care team to make sure you get the care you need.
- Your **care team** includes
- You
- Your family members and/or caregiver(s)
- Your Primary Care Provider (PCP)
- Your Care Manager
- Other health care professionals who provide care to you
- Other Molina Dual Options MyCare Ohio Care Management Team members, who know you and your health care needs.
- Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider, or PCP. If you do not choose a PCP, we will assign one to you. You may be able to have a specialist act as your PCP. You may need this if you have complex medical needs. We have a network of specialist providers to care for our members. If you need a specialist as your PCP, Member Services can help you find one. If you need a specialist as your PCP, Member Services can help you find one.

To choose a PCP, go to the list of providers on the page and:

- choose a provider that you use now, **or**
- choose a provider who has been recommended by someone you trust, **or**
- choose a provider whose offices are easy for you to get to.

You can also use our Provider/Pharmacy Directory to find a PCP in the Molina Dual Options MyCare Ohio network. The directory is on our website at MolinaHealthcare.com/Duals. If you need a printed copy of the directory or help picking a PCP, call Member Services. You can also call your Care Manager for help.

- Keep in mind that if you do not choose a PCP, Molina Dual Options MyCare Ohio will choose one for you. If you would like to pick a new PCP, call Member Services or your Care Manager.
- If you want help in choosing a PCP, please call Member Services at (855) 665-4623, (TTY: 711), Monday-Friday, 8 a.m. to 8 p.m., local time. TTY users should call 711. The call is free. Or, visit MolinaHealthcare.com/Duals.
- If you have questions about whether any service or care that you want or need is covered, talk to your care manager or call Member Services to ask **before** you get the service or care.
- Members may be assigned to a Primary Care Clinic and must see whichever provider is available. A Primary Care Clinic is a clinic which acts as a primary care provider.

Long-term services and supports (LTSS)

You may be able to get long-term services and supports (LTSS) which are also called Medicaid “waiver services,” such as services that help with bathing, dressing, grooming, transfers, feeding, meals, chores, transportation and homemaking as a Molina Dual Options MyCare Ohio member. LTSS gives assistance to help you stay at home instead of going to a nursing home or hospital.

If you need help with daily activities, ask your Molina Dual Options MyCare Ohio Care Manager or Call Member Services at (855) 665-4623, (TTY: 711), Monday-Friday, 8 a.m. to 8 p.m., local time.

Registered Pharmacists

Note: Due to State Law and Medicaid requirements, members must have a referral from their healthcare provider (physician, nurse practitioner, or physician assistant) before a pharmacist may provide drug therapy management services. The pharmacist must also have an active consulting agreement with the member's healthcare provider before services may be rendered.

Federally Qualified Health Centers/Rural Health Centers (FQHCs/RHCs)

You are entitled to access the services of any federally qualified health center (FQHC) or rural health center (RHC) providers. Qualified Family Planning Providers (QFPPs) and Women’s Health Specialists

You are entitled to self-refer to any of the following family planning providers. In addition, you may self-refer to certain family planning providers in other counties.

You are also entitled to self-refer to women's health specialists, including certified nurse midwives (CNMs), obstetricians and gynecologists. In addition, female members are allowed to self-refer to women's health specialists for routine and preventative health care services if their PCP is not a women's health specialist.

For more information about access to these services, please contact Member Services at (855) 665-4623, (TTY: 711), Monday-Friday 8:00a.m.-8:00p.m., local time. The call is free.

How to identify providers in Molina Dual Options MyCare Ohio's network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. We call these providers "network providers."

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with Molina Dual Options MyCare Ohio, you can go to your out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or "waiver services" providers.

You can also go outside the plan Molina Dual Options MyCare Ohio gives you permission first. Call Member Services to ask for the use of providers outside of our network, so we can make arrangements for you.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You can change your PCP once a month. If you ask to change your PCP during your first 30 days with the plan, the change will happen right away. If you ask any time after your first 30 days, the change will happen on the first day of the next month. We recommend you first visit your PCP to get to know him or her before changing. You can call Member Services if you want to learn more about any of our providers.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services if you go to a specialist or get other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Molina Dual Options MyCare Ohio works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.

- Based on the Americans with Disabilities Act (ADA), this directory lists the accommodations a provider's office needs to be accessible for persons with disabilities. When looking for a provider in this directory, check the footer for the symbols that tell you how accessible a provider's office is to persons with disabilities. When you see the  symbol for "Basic Accessibility" that means the provider's office has:
 - Accessible parking.
 - Parking spaces that are easy to get to.
 - A parking area with ramps and curb cutouts.
 - Automatic entry or another entry option.
 - Elevator for public use with enough room for a wheelchair or scooter.
 - Restroom with large stall and safety bars.
 - Waiting area with enough room for a wheelchair or scooter to move and turn.
 - At least one exam room ready to serve persons with disabilities.
 - Clear signs that help patients easily find their way.
 - Doors to building, office and patient rooms that are at least 32 inches wide.
- If you need to go to a provider and are not sure if they offer the accommodations you need, Molina Dual Options MyCare Ohio can help you. Talk to your care manager for assistance.
