Molina Dual Options Quality Improvement Plan and Program

Your health care is important to us. We want to hear how we are doing. That's why you may receive a survey about Molina Dual Options and your health care services. One of these surveys is called CAHPS®. CAHPS® stands for the Consumer Assessment of Healthcare Providers and Systems. This survey asks questions about your health care. It asks about the care you receive from Molina Dual Options. We may send you a few questions about how we are doing. We want to know what is important to you. Please take the time to complete the survey if you receive it.

We use another tool called HEDIS® to improve care. HEDIS® stands for Healthcare Effectiveness Data and Information Set. We collect information on services that you may have received. These services include:

- Well-check exams
- Pap tests
- Mammogram screenings
- Diabetes care

This process helps us learn how many of our members actually got needed services. Molina Dual Options makes this information available to you. You may use it to compare one health plan to another health plan.

We strive to improve our services each year. We set goals to improve services. Our Quality Improvement (QI) plan includes these goals. We want to help you take better care of yourself and your family.

We want to make sure you get the best service possible. Some of the ways we do this include:

- Help you learn about ongoing health problems, if you have them
- Remind you to get Pap tests and mammogram screenings, if you need them
- Looking at member grievances (complaints) when you send them in
- Help you find and use the information on the Molina Dual Options website
- Tell you about the special services we offer to all of our members

We review all of the services and care that you receive each year to see how well we are doing. Please visit our website at MolinaHealthcare.com/Duals. You can read the latest results of our progress.

To learn more, call your Molina Dual Options Member Services Team. You can ask for a printed copy of our QI plan and results.

Protecting Your Privacy

Your privacy is important to us. We respect and protect your privacy. Molina Dual Options uses and shares data to provide you with health benefits.

Patient Safety Program

Molina Dual Options wants you and your family to be safe and healthy. We have a Patient Safety Program to help us meet this goal. This program gives you safety facts so you can make better health care choices. Here are a few of the things we do to improve your safety:

- Keep track of our members' complaints about safety problems in their provider's office or hospital
- Give you information to learn more about how to make safe decisions about your care. These include:
 - Questions to ask your surgeon prior to surgery
 - Questions to ask about drug interactions
- Make programs available to help you manage your care and receive care in a timely manner
- Look at reports from groups that check hospital safety. Reports tell us about things like staffing levels in the Intensive Care Unit (ICU), use of computer drug orders, and so forth

Groups that check safety:

Leap Frog Quality Index Ratings (leapfroggroup.org) The Joint Commission National Patient Safety Goal Ratings (qualitycheck.org/consumer/searchQCR.aspx)

You can look at these websites to:

- See what hospitals are doing to be safer.
- Help you know what to look for when you pick a provider or a hospital.
- Get information about programs and services for patients with problems like diabetes and asthma.

We will also let you know about our baby car seat/booster seat program.

Call our Member Services Department at (855) 735-5831 TTY/TDD: 711, 7 days a week, 8 a.m. to 8 p.m., local time to get more information about our Patient Safety Program. You can also visit us online at MolinaHealthcare.com/Duals.

How We Work with our Providers to Make Choices About Your Health Care

Molina Dual Options wants you to get the care you need. Sometimes your provider may need to ask us to approve the service before you receive the service (prior authorization), while you are receiving services (concurrent) or after you have got the service (post-service). We will work with your provider to decide if you need the services. We call this process Utilization Management (UM). We make choices about your care based on medical need and your benefits. We do not reward providers or others to deny coverage for services you need. We do not pay extra money to providers or our UM staff to make choices that result in giving less care.

If you have a question about our UM process or decisions, you can call us. Please call our Member Services Department toll-free at (855) 735-5831 TTY/TDD: 711. Ask for the UM Department. Staff can also accept collect calls. If you need help in your language, a bilingual staff member or interpreter is available. We also offer TTY/TDD services for members who have hearing or speech disabilities. Our UM staff can answer your call 7 days a week between 8 a.m. to 8 p.m. If you call after 8 p.m. local time, please leave a message and your phone number. The UM/Member Services staff will return your call within one business day.

Looking at What's New

- Medical services
- Mental health services
- Medicines
- Equipment

What to Do When You Need Care After Hours or in an Emergency

This must be done in a timely manner for as long as Molina Dual Options provider network is unable to provide the service.

Your Right to an Advance Directive

All members have the right to accept or refuse treatment offered by a provider. However, what if you are not able to tell the provider what you want? To avoid decisions that may be made against your will, it is important to have an Advance Directive.

An Advance Directive is a legal form that tells medical providers what kind of care you want if you cannot speak for yourself. You can write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you are not well enough to make your own. There are different types of Advance Directive forms. Some examples are:

- Power of Attorney for Health Care
- Living Will

It is your choice to complete an Advance Directive. No one can deny you care based on whether or not you have an Advance Directive. Talk with someone you trust, like a family member or friend. They can help you make decisions about your health care. You can also talk with your lawyer or PCP if you have questions, or would like to complete an Advance Directive form.

You may call Molina Dual Options to get information on how to obtain Advance Directive forms that comply with applicable state laws.

If you have signed an Advance Directive and you believe the provider has not followed your instructions, you may file a complaint. Please visit the website at MolinaHealthcare.com/Duals or call Member Services for more information on how to file a complaint.
