DEFINITIONS

Some of the words used in this Agreement do not have their usual meaning. Health plans use these words in a special way. When We use a word with a special meaning in only one section of this Agreement, We explain what it means in that section. Words with special meaning used in any section of this Agreement are explained in this “Definitions” section and are capitalized throughout this Agreement.

“Affordable Care Act” means the Patient Protection and Affordable Care Act of 2010 as amended by the Health Care and Education Reconciliation Act of 2010. It includes the federal regulations implementing this law and binding regulatory guidance issued by federal regulators.

“Allowed Amount” means the maximum amount that Molina will pay for a Covered Service less any required Member Cost Sharing.

Services obtained from a Participating Provider: This means the contracted rate for such Covered Service.

Emergency Services and emergency transportation services from a Non-Participating Provider: Unless otherwise required by law or as agreed to between the Non-Participating Provider and Molina, the Allowed Amount shall be the greatest of 1) Molina's median contracted rate for such service(s), 2) 100% of the published Medicare rate for such service(s), or 3) Molina's usual and customary method for determining payment for such service(s).

All other Covered Services received from a Non-Participating Provider in accordance with this Agreement: This means the lesser of Molina's median contracted rate for such service, 100% of the published Medicare rate for such service, Molina's usual and customary rate for such service, or a negotiated amount agreed to by the Non-Participating Provider and Molina.

“Annual Out-of-Pocket Maximum” (also referred to as **“OOPM”**) is the maximum amount of Cost Sharing that You will have to pay for Covered Services in a calendar year. The OOPM amount will be specified in Your Schedule of Benefits. Cost Sharing includes payments that You make toward any Deductibles, Copayments, or Coinsurance.

Amounts that You pay for services that are not Covered Services under this Agreement will not count toward the OOPM.

The Schedule of Benefits may list an OOPM amount for each individual enrolled under this Agreement and a separate OOPM amount for the entire family when there are two or more Members enrolled. When two or more Members are enrolled under this Agreement:

- 1) the individual OOPM will be met, with respect to the Subscriber or a particular Dependent, when that person meets the individual OOPM amount; or
- 2) the family OOPM will be met when Your family's Cost Sharing adds up to the family OOPM amount.

Once the total Cost Sharing for the Subscriber or a particular Dependent adds up to the individual OOPM amount, We will pay 100% of the charges for Covered Services for that individual for the rest of the calendar year. Once the Cost Sharing for two or more Members in Your family adds up to the family OOPM amount, We will pay 100% of the charges for Covered Services for the rest of the calendar year for You and every Member in Your family.

“Child-Only Coverage” means coverage under this Agreement to provide benefit coverage only to a child who, as of the beginning of a plan year, has not attained the age of 21, and meets all other eligibility requirements for coverage under this product.

“Coinsurance” is a percentage of the charges for Covered Services You must pay when You receive Covered Services. The Coinsurance amount is calculated as a percentage of the rates that Molina has agreed to with the Participating Provider (also known as the “negotiated rate”) or the Participating Provider’s charge, if less than the negotiated rate. Coinsurances are listed in the Schedule of Benefits. Some Covered Services do not have Coinsurance, and may apply a Deductible and/or Copayment.

“Copayment” is a specific dollar amount You must pay when You receive Covered Services. Copayments are listed in the Schedule of Benefits. Some Covered Services do not have a Copayment, and may apply a Deductible and/or Coinsurance.

“Cost Sharing” is the Deductible, Copayment, and/or Coinsurance that You must pay for Covered Services under this Agreement. The Cost Sharing amount You will be required to pay for each type of Covered Service is listed in the Schedule of Benefits.

“Covered Services” refers to all the healthcare services, including supplies, and prescription drugs covered by the Agreement and that You are entitled to receive from Molina under this Agreement.

“Deductible” is the amount You must pay in a calendar year for Covered Services You receive before Molina will cover those services at the applicable Copayment or Coinsurance. The amount that You pay towards Your Deductible is based on the rates that Molina has negotiated with the Participating Provider (also known as the “negotiated rate”) or the Participating Provider’s charge, if less than the negotiated rate. Deductibles are listed in the Schedule of Benefits.

Please refer to the Schedule of Benefits to see what Covered Services are subject to the Deductible and the Deductible amount. Your product may have separate Deductible amounts for specified Covered Services. If this is the case, amounts paid towards one type of Deductible cannot be used to satisfy a different type of Deductible.

When Molina covers services at “no charge” subject to the Deductible and You have not met Your Deductible amount, You must pay the charges for the services. However, for preventive services covered by this Agreement and included in the Essential Health Benefits, You will not pay any Deductible or other Cost Sharing towards such preventive services when provided by a Participating Provider.

There may be a Deductible listed for an individual Member and a Deductible for an entire family. If You are a Member in a family of two or more Members, You will meet the Deductible either:

- when You meet the Deductible for the individual Member; or
- when Your family meets the Deductible for the family.

For example, if You reach the Deductible for the individual Member, You will pay the applicable Copayment or Coinsurance for Covered Services for the rest of the calendar year, but every other Member in Your family must continue to pay towards the Deductible until Your family meets the

family Deductible.

“Dependent” means a Member who meets the eligibility requirements as a Dependent, as described in the “Eligibility and Enrollment” section of this Agreement.

“Drug Formulary” is Molina’s list of approved drugs that doctors can order for You.

“Durable Medical Equipment” or **“DME”** is medical equipment that serves a repeated medical purpose and serves for repeated use. DME is generally not useful to You if You are not ill or injured and does not include accessories primarily for Your comfort or convenience. Examples include, without limitation:

- oxygen equipment,
- blood glucose monitors,
- apnea monitors,
- nebulizer machines,
- insulin pumps,
- wheelchairs and crutches.

“Emergency” or **“Emergency Medical Condition”** means the acute onset of a medical condition or a psychiatric condition that has acute symptoms of sufficient severity (including severe pain), such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect that the absence of immediate medical attention could result in:

- 1) placing the health of the Member (or in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy,
- 2) serious impairment to bodily functions, or
- 3) serious dysfunction of any bodily organ or part.

“Emergency Services” mean health care services needed to evaluate, stabilize or treat an Emergency Medical Condition.

The Marketplace may be run as a state-based marketplace, a federally facilitated marketplace, or a partnership marketplace. For the purposes of this Agreement, the term refers to the Marketplace operating in the State of South Carolina, however it may be organized and run.

“Medically Necessary” or **“Medical Necessity”** means health care services that a physician, exercising prudent clinical judgment, would provide to a patient. This is for the purpose of preventing, evaluating, diagnosing, or treating an illness, injury, disease or its symptoms. Those services must be deemed by Molina to be:

“Subscriber” means either:

- An individual who is a resident of South Carolina, satisfies the eligibility requirements of this Agreement, is enrolled and accepted by Molina as the Subscriber, and has maintained membership with Molina in accordance with the terms of this Agreement. This includes an individual who is not a minor and is applying on their own behalf for Child-Only Coverage under this Agreement; or
- A responsible adult (the parent or legal guardian) who applies for Child-Only Coverage under this Agreement on behalf of a minor child, who as of the beginning of the plan year, has not attained the age of 21, in which case the Subscriber will be responsible for making the Premium and Cost Sharing payments for the Member, and will act as the legal representative of Member under this Agreement.

“Telehealth and Telemedicine Services” means:

- Delivery of Covered Services by a Participating Provider through audio and video conferencing technology that permits communication between a Member at an originating site and a Participating Provider at a distant site, allowing for the diagnosis or treatment of Covered Services.
- The communication does not involve in-person contact between the Member and a Participating Provider. During the virtual visit, the Member may receive in-person support at the originating site from other medical personnel to help with technical equipment and communications with the Participating Provider.
- Services may include digital transmission and evaluation of patient clinical information when the provider and patient are not both on the network at the same time. The Participating Provider may receive the Member’s medical information through telecommunications without live interaction, to be reviewed at a later time (often referred to as “Store and Forward” technology). Requirement: When using “Store and Forward” technology, all covered services must also include an in-person office visit to determine diagnosis or treatment.

“Urgent Care Services” mean those health care services needed to prevent the serious deterioration of one’s health from an unforeseen medical condition or injury.

ELIGIBILITY AND ENROLLMENT

When Will My Molina Membership Begin?

Your coverage begins on the “Effective Date.” The Effective Date is the date You meet all enrollment and Premium pre-payment requirements and that You are accepted by the Marketplace and/or Molina.

For coverage during the calendar year 2020, the initial open enrollment period begins November 1, 2019, and ends December 15, 2019. Your Effective Date for coverage during 2020 will depend on when You apply.

- If You apply on or before December 15, 2019, the Effective Date of Your coverage is January 1, 2020.
- Applications made after December 15, 2019, are subject to Special Enrollment Period requirements and verification.

If You do not enroll during an open enrollment period, You may be able to enroll during a special enrollment period for which You are determined eligible. This is in accord with the special enrollment procedures established by the Marketplace. In such case, the Effective Date of coverage will be as determined by the Marketplace and/or Molina. Without limiting the above, the Marketplace and/or Molina will provide special monthly enrollment periods for eligible American Indians or Alaska Natives.

The Effective Date for coverage of new Dependents is described below in the section titled “Adding New Dependents.”

Who is Eligible?

To enroll and continue enrollment, You must meet all of the eligibility requirements established by the Marketplace. Check the Marketplace’s website at healthcare.gov for eligibility criteria. Your eligibility for, or receipt of, medical assistance under Medicaid will not be considered in enrollment or the payment of benefits.

Molina requires You to live in Molina’s Service Area to be eligible under this product. For Child-Only Coverage, the Member must be under the age of 21 at the beginning of the plan year, and in the case of a Subscriber who applies for coverage on behalf of a minor child, the Subscriber must be a responsible adult (parent or legal guardian). If You have lost Your eligibility, as described in the section titled “When Will My Molina Membership End? (Termination of Covered Services),” You will not be permitted to re-enroll.

Child-Only Coverage: Additional children can be added to Child-Only Coverage provided that each child is under the age of 21 at the beginning of the plan year, and if a child is a minor, that a responsible adult (parent or legal guardian) applies for the Child-Only Coverage on behalf of the minor child.

Dependents: Subscribers who enroll in this product during the open enrollment period established by the Marketplace may also apply to enroll eligible Dependents who satisfy the eligibility requirements. Molina requires non-child Dependents to live in Molina’s Service Area to be eligible under this product. The following types of family members are Dependents under

an Agreement that is not for Child-Only Coverage (refer to “Child-Only Coverage” section, above, for information on adding children to Child-Only Coverage):

- Spouse
- Children:
 - The Subscriber’s children; or
 - His or her Spouse’s children
 - Legally adopted children, foster children, and stepchildren.
 - Each child is eligible to apply for enrollment as a Dependent until the age of 26 (the limiting age).
- Subscriber’s grandchildren do not qualify as Dependents of the Subscriber unless the Subscriber or Subscriber’s spouse is a legal guardian or as otherwise required by law.

A dependent child will not be denied enrollment on the grounds that the child was born out of wedlock, is not claimed as a dependent on the parent’s federal tax return; or does not reside with the parent or in Our service area.

Domestic Partners: If permitted by the Marketplace, a domestic partner of the Subscriber may enroll in this product. The domestic partner must meet any eligibility and verification of domestic partnership requirements established by the Marketplace and/or Molina.

Age Limit for Children (Children with Disabilities)

Children who reach the limiting age of 26 are eligible to continue enrollment as a Dependent for coverage, except in Child-Only Coverage, if all of the following conditions apply:

- The child is incapable of self-sustaining employment because of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the Subscriber for support and maintenance.

A disabled child may remain covered by Molina as a Dependent for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

Adding New Dependents: To enroll a Dependent who first becomes eligible to enroll after You as the Subscriber are enrolled (such as a new Spouse, a newborn child or a newly adopted child), You must contact the Marketplace and submit any required application(s), forms and requested information for the Dependent.

You must submit requests to enroll a new Dependent to the Marketplace and/or Molina within 60 days from the date the Dependent became eligible to enroll with Molina.

- The Spouse permanently moves into the service area.

 - Government sponsored programs;
 - Employer-sponsored plans;
 - Individual market plans; or
 - Any other coverage designated as “minimum essential coverage” as defined by the Affordable Care Act;

 - The child, who was not previously a citizen, national, or lawfully present individual, gains such status.
 - The child permanently moves into the service area.
- **Newborn Child:** Coverage for a newborn child is from the moment of birth. However, if You do not enroll the newborn child within 60 days, the newborn is covered for only 31 days (including the date of birth).

Please note: claims for newborns for eligible Covered Services will be processed as part of the mother’s claims and any Deductible or Annual Out-of-Pocket Maximum amounts satisfied through the processing of such a newborn’s claims will accrue as part of the mother’s Deductible and Annual Out-of-Pocket Maximum. However, if an enrollment file is received for the newborn during the first 31 days, the newborn will be added as a Dependent as of the date of birth, and any claims incurred by the newborn will be processed as part of the newborn’s claims, and any Deductible or Annual Out-of-Pocket Maximum amounts satisfied through the processing of these claims will accrue as part of the newborn’s individual Deductible or Annual Out-of-Pocket Maximum (i.e. not under the enrolled mother’s Deductible and Annual Out-of-Pocket Maximum).

- **Adopted Child:** If You adopt a child or a child is placed with You for adoption, then the child is eligible for coverage under this Agreement. The child can be added to this Agreement during the open enrollment period, within 60 days of the child’s adoption or within 60 days of the child’s placement with You for adoption. The child’s coverage shall be effective on the date of adoption, placement for adoption or as otherwise determined by the Marketplace, in accordance with applicable state and federal laws.
- **Court-Appointed Legal Guardianship, Court Order or Child Support Order:** If a child becomes a dependent of You or Your spouse through a court-appointed legal guardianship, child support order or other court order, then the child shall be eligible for coverage under

this Agreement. A Dependent can be added to this Agreement without regard to any enrollment season restrictions subsequent to the court order or appointment of legal guardianship. The child shall be eligible for coverage on the date the court order or appointment of legal guardianship is effective or as otherwise determined by the Marketplace, in accordance with applicable state and federal laws.

If You are required to provide health care coverage for a child pursuant to a court order that meets the requirements of state law and the enrolled parent fails to make application to obtain coverage for the child under this Agreement, then the following may apply for coverage on behalf of the child:

- o The child's other parent;
- o The state agency administering the Medicaid program; or,
- o The state agency administering 42 U.S.C. Sections 651 through 669, the child support enforcement program.

If You or Your spouse is a noncustodial parent of a covered dependent child, Molina shall:

- o provide information to the custodial parent as may be necessary for the child to obtain benefits under this Agreement;
- o permit the custodial parent or the health care provider, with the custodial parent's approval, to submit claims for covered services without the approval of the noncustodial parent; and
- o make payments on claims submitted by the custodial parent or the health care provider, with the custodial parent's approval, directly to the custodial parent, the provider, or the state Medicaid agency.

Molina shall continue coverage of the child unless We are provided satisfactory written evidence that:

- o the court order is no longer in effect; or
 - o the child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of disenrollment.
- **Foster Child:** If a child is placed with You or Your spouse for foster care, then the child shall be eligible for coverage under this Agreement. A foster child can be added to this Agreement during the open enrollment period or within 60 days of the child's placement with You in foster care. The child's coverage shall be effective on the date of placement in foster care or as otherwise determined by the Marketplace, in accordance with applicable state and federal laws.

Proof of the child's date of birth or qualifying event will be required.

Discontinuation of Dependent Covered Services: Except under Child-Only Coverage, Covered Services for Your Dependent will be discontinued on:

- The end of the calendar year that the Dependent child attains age 26, unless the child is disabled and meets specified criteria. See the section titled "Age Limit for Children (Disabled Children)" above for more information.

- The date the Dependent Spouse enters a final decree of divorce, annulment or dissolution of marriage from the Subscriber.

The Dependent is entitled to apply to the Marketplace for coverage, provided he or she meets the eligibility requirements of the Marketplace.

Changing Your Doctor

What if I Want to Change my PCP?

You can change Your PCP at any time.

- All changes completed by the 25th of the month will be in effect on the first day of the following calendar month.
- Any changes on or after the 26th of the month will be in effect on the first day of the second calendar month.

First, visit Your doctor. Get to know Your PCP before changing. Having a good relationship with Your PCP is important to Your health care. Call the Customer Support Center if You want more information about Your Molina doctor.

Can My Doctor Request that I Change to a Different PCP?

Your doctor may request that You be changed to a different PCP for any of the following reasons:

- You are not following medical instructions (non-compliant behavior).
- You are being abusive, threatening, or have violent behavior.
- Your relationship with Your Doctor breaks down.

How do I Change My PCP?

Call Molina toll-free at 1 (855) 885-3176. Call Monday through Friday, 8:00 a.m. to 6:00 p.m. ET. You may also visit Molina's website at MolinaMarketplace.com. Here You can view Our online list of doctors. Let Us help You make the change.

Sometimes You may not be able to get the PCP You want. This may happen because:

- The PCP is no longer a Participating Provider with Molina.
- The PCP already has all the patients he or she can take care of right now.

What if My Doctor or Hospital Is No Longer with Molina?

If Your doctor (PCP or Specialist Physician) or a hospital is no longer with Molina, We will send You a letter to let You know. The letter will tell You how the change affects You. If Your PCP is no longer with Molina, You can choose a different doctor. Our Molina Customer Support Center staff can help You make a choice.

If Molina is ending its contractual relationship with a PCP or hospital, then Molina will provide the Member written notice within 30-days after the contract ending between Molina and:

- a PCP if the Member has received health care services from the PCP within the previous 12 months or if the Member selected the PCP within the previous 12 months; and
- a hospital if the Member received health care services within the previous 12 months.

Molina will mail the notice to the Subscriber at the Subscriber's last known address.

Continuation of Care (Continuity of Care)

If You are receiving Covered Services for a Serious Medical Condition and those services are provided by a Participating Provider whose participation with Molina is ending without cause, You may have a right to continue receiving Covered Services from that provider for 90 days or until the termination of the benefit period, whichever is greater, at the same Cost Sharing that would apply if services were provided by a Participating Provider.

For purposes of this "Continuation of Care" section, "Serious Medical Condition" means a health condition or illness, that requires medical attention, and where failure to provide the current course of treatment through the current provider would place Your health in serious jeopardy, and includes cancer, acute myocardial infarction, and pregnancy. Such attestation by the treating physician must be made upon the request of the patient and in a written form approved by the Department of Insurance or prescribed through regulation, order, or bulletin.

Upon receipt of the patient's request accompanied by the physician's attestation on the prescribed form, Molina shall notify You and the provider of the provider's date of termination from the network and of the continuation of care provisions as provided for in this section. Molina may request additional information to determine if You qualify for continuation of care.

Continuation of care will end after 90 days or after termination of the benefit period, whichever is greater. Otherwise, continuation of care may end when the earliest of the following conditions has been met:

- upon successful transition of care to a Participating Provider

- upon completion of the course of treatment
- if You have met or exceeded the benefit limits under Your plan
- if care is not Medically Necessary
- if care is excluded from your coverage
- if You become ineligible for coverage

We will provide Covered Services at in-network Cost Sharing for the specifically requested medical condition. Unless otherwise required by law, Molina will reimburse the provider up to the previously contracted amount for such service.

Transition of Care

If You are new to Molina, We may allow You to continue receiving Covered Services for an ongoing course of treatment with a Non-Participating Provider until we arrange transition of care to a Participating Provider, under the following conditions:

1. Molina will only extend coverage for Covered Services to Non-Participating Providers, when it is determined to be Medically Necessary, through Our Prior Authorization review process. You may contact Molina to initiate Prior Authorization review.
2. Molina provides Covered Services on or after Your effective date of coverage with Molina, not prior. A prior insurer (if there was no break in coverage before enrolling with Molina), may be responsible for coverage until Your coverage is effective with Molina.
3. After Your effective date with Molina, We may coordinate the provision of Covered Services with any Non-Participating Provider (physician or hospital) on Your behalf for transition of medical records, case management and coordination of transfer to a Molina Participating Provider.

For Inpatient Hospital Services:

- With Your assistance, Molina may reach out to any prior insurer (if applicable) to determine Your prior insurer's responsibility for payment of inpatient hospital services through discharge of any inpatient admission. If there is no transition of care provision through Your prior insurer or You did not have coverage through an insurer at the time of admission, Molina would assume responsibility for Covered Services upon the effective date of Your coverage with Molina, not prior.

What If There Is No Participating Provider to Provide a Covered Service?

If there is no Participating Provider that can provide a non-Emergency Covered Service, You may request Prior Authorization to obtain the Covered Service through a Non-Participating Provider in the same manner as and at no greater cost than the same Covered Services when rendered by Participating Providers, provided You obtain prior authorization before the initiation of the service..

In addition, in the event that Molina becomes insolvent or otherwise discontinues operations, Participating Providers will continue to provide Covered Services under certain circumstances.

If Molina denies Your request for a Prior Authorization, You may appeal that decision through Molina's appeal processes. If You and Your provider decide to proceed with services that have been denied a Prior Authorization for benefits under this product, You may be responsible for the charges for the denied services.

Prior Authorization decisions and notifications for medications not listed on the Molina Drug Formulary will be provided as described in the section of this Agreement titled "Access to Drugs That Are Not Covered."

You or Your Participating Provider may call for Prior Authorization; however, You are ultimately responsible for requesting the Prior Authorization. If You have questions about how a certain service is approved, call Molina toll-free at **1 (855) 885-3176**. TTY users may dial 711.

We will be happy to send You a general explanation of how certain Prior Authorization decisions are made.

Authorization Decisions

We will make a determination on a request for authorization in accordance with the timeframes outlined below. An initial determination will be provided to You via phone or fax. Written notification will be provided to You within 2 business days of a favorable determination, or 1 business day of an unfavorable determination.

- Urgent Care Service requests –
 - o For the purposes of this section "Urgent Care Service" means a medical service where the application of non-Urgent Care Service time frames:
 - Could seriously jeopardize Your life, health, ability to regain maximum function, or Your unborn child; or
 - In the opinion of the treating physician, would subject You to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
 - o If Your request includes sufficient information for Us to make a decision, a request involving an Urgent Care Service will be processed as timely as is possible, considering the medical circumstances, but not later than 2 business days of Our receipt of Your request.

- o If Your request does not include sufficient information for Us to make a decision, We will notify You within 1 business day after receiving Your request, or earlier if possible, of the specific information necessary to complete Our review. Once You receive that notification, You will have 2 business days (unless the circumstances of Your request require a longer period) to provide Us with the requested information. We will provide You with notification of Our decision as soon as possible, but in no case will it be later than either of the following timeframes:
 - 2 business days from Our receipt of the additional information that We requested from You
 - 2 business days after the end of the period that was given to You to provide the requested information
- Concurrent service requests –
 - o Requests to extend an ongoing course of treatment (beyond the prescribed period of time or number of treatments):
 - If You submit an Urgent Care Service request at least 1 business day before the expiration of the prescribed period of time or number of treatments, We will provide You with notice of Our decision as soon as possible (considering the medical circumstances), but not more than 1 business day from Our receipt of Your request.
 - We will notify You of Our decision on all other requests within 2 business days of Our receipt of all necessary information.
- Pre-service requests – We will notify You of Our decision within a reasonable period of time, considering the medical circumstances, but not more than 5 business days after Our receipt of all information necessary to make a decision. If an extension of time is necessary due to matters beyond Our control, We can extend these periods up to 30 calendar days. We will provide You with notification of an extension, which will explain why the extension is necessary and the date by which We expect to make a decision. If the extension is necessary because You did not provide Us with sufficient information to make a decision, the extension notice will specify the required information and any applicable timeframes.

Standing Approvals

If You have a condition or disease that requires specialized medical care over a prolonged period, You may need a standing approval. If You receive a standing approval, You will not need to get Prior Authorization every time You obtain Covered Services.

If Your condition or disease is life threatening, worsening, or disabling, You may need to receive a standing approval to a specialty care center with the expertise to treat the condition or disease.

To get a standing approval, call Your PCP. Your PCP will work with Molina's physicians and specialists to ensure You receive a treatment plan based on Your medical needs. We will make a determination regarding standing approval within three business days from after We receive all information reasonably necessary and requested by Molina.

If You have any difficulty getting a standing approval, call Molina toll-free at 1 (855) 885-3176. If You are deaf or hard of hearing, You may contact Us by dialing 711 for the TTY Relay Service.

If after calling Molina You feel Your needs have not been met, please refer to Molina's complaint process, which is described in the section of this Agreement titled "Complaints."

Second Opinions

You or Your PCP may want another doctor (a PCP or Specialist Physician) to review Your condition. This doctor looks at Your medical record and may see You. This new doctor may suggest a plan of care. This is called a second opinion.

Please consult Molina's Provider Directory on Our website at www.MolinaMarketplace.com to find a Participating Provider for a second opinion. We cover second opinions only when furnished by a Participating Provider.

Here are some, but not all the reasons why You may get a second opinion:

- Your symptoms are complex or confusing.
- Your doctor is not sure the diagnosis is correct.
- You have followed the doctor's plan of care for a while and Your health has not improved.
- You are not sure that You need surgery or think You need surgery.
- You do not agree with what Your doctor thinks is Your problem.
- You do not agree with Your doctor's plan of care.
- Your doctor has not answered Your concerns about Your diagnosis or plan of care.

EMERGENCY SERVICES AND URGENT CARE SERVICES

What is an Emergency?

"Emergency Services" mean health care services needed to evaluate, stabilize or treat an Emergency Medical Condition. An Emergency Medical Condition includes a medical or psychiatric medical condition having acute and severe symptoms (including severe pain) or involving active labor. If immediate medical attention is not received, an Emergency could result in any of the following:

- Placing the patient's health in serious danger.
- Serious damage to bodily functions.
- Serious dysfunction of any bodily organ or part.

Emergency Services also includes Emergency contraceptive drug therapy. Services provided within an emergency room that do not meet the definition of Emergency Services are considered non-emergent and will be not covered.

How Do I Get Emergency Services?

Emergency Services are available 24 hours a day, seven days a week for Molina Members.

If You think You have an Emergency, wherever You are:

- Call **911** right away.
- Go to the closest hospital or emergency room.

When You go for Emergency Services, bring Your Molina Member ID card with You.

If You are not sure if You need Emergency Services but You need medical help, call Your PCP or call Our 24-Hour Nurse Advice Line at 1 (844) 800-5155. The Nurse Advice Line is staffed by registered nurses (RNs). You can call the Nurse Advice Line 24 hours a day, 365 days a year. If You are deaf or hard of hearing, please use the Telecommunications Relay Service by dialing 711.

Hospital emergency rooms are only for real Emergencies. These are not good places to get non-Emergency Services. They are often very busy and must care first for those whose lives are in danger. Please do not go to a hospital emergency room if Your condition is not an Emergency.

What if I Am Away From Molina's Service Area and I Need Emergency Services?

Go to the nearest emergency room for care.

Please contact Molina within 24 hours, or when medically reasonable, of getting Emergency Services. Call toll-free at 1 (855) 885-3176. If You are deaf or hard of hearing, You may contact Us by dialing 711 for the TTY Relay Service.

When You are away from Molina's Service Area, only Emergency Services are covered.

What if I Need After-Hours Care or Urgent Care Services?

Urgent Care Services are available from Participating Providers when You are within Molina's Service Area. Urgent Care Services are those health care services needed to prevent the serious deterioration of one's health from an unforeseen medical condition or injury.

If You get ill after hours or need Urgent Care Services call Your PCP. You may also call Molina's 24-Hour Nurse Advice Line toll-free at 1 (844) 800-5155. Our nurses can help You any time of the day or night. They will tell You what to do or where to go to be seen.

If You are within Molina's Service Area and have already asked Your PCP the name of the urgent care center that You are to use, go to the urgent care center. It is best to find out the name of the urgent care center ahead of time. Ask Your doctor for the name of the urgent care center and the name of the hospital that You are to use.

If You are outside of Molina's Service Area, You may call Your PCP or call Our 24-hour Nurse Advice Line at 1 (844) 800-5155 or go to the nearest emergency room. Out-of-area urgent care centers are covered only with Prior Authorization.

Urgent Care Services are subject to the Cost Sharing in the Schedule of Benefits. Please be aware that if You go to a Non-Participating Provider, they may balance-bill You for the difference between Our Allowed Amount and the rate they charge. You will be responsible for charges that exceed the Allowed Amount covered by Us.

Emergency Services Rendered by a Non-Participating Provider

Emergency Services obtained for treatment of an Emergency Medical Condition, whether from Participating Providers or Non-Participating Providers, are subject to the Cost Sharing for Emergency Services in the Schedule of Benefits.

Important: Except as otherwise required by state law, when Emergency Services are received from Non-Participating Providers for the treatment of an Emergency Medical Condition, Molina will calculate the Allowed Amount as the greatest of the following:

- 1) Molina's usual and customary rate for such services,
- 2) Molina's median contracted rate for such services, or
- 3) 100% of the Medicare rate for such services.

Because Non-Participating Providers are not in Molina's contracted provider network, they may balance-bill You for the difference between Our Allowed Amount, described above, and the rate that they charge. You may be responsible for provider charges that exceed the Allowed Amount covered under this benefit for Emergency Services rendered by a Non-Participating Provider.

Complex Case Management - What if I have a difficult health problem?

Living with health problems and dealing with the things to manage those problems can be hard. Molina has a program that can help. The Complex Case Management program is for Members with difficult health problems that need extra help with their health care needs.

The program allows You to talk with a nurse about Your health problems. The nurse can help You learn about those problems and teach You how better to manage them. The nurse may also work with Your family or caregiver and provider to make sure You get the care You need. There are several ways You can be referred for this program. There are also certain requirements that You must meet. This program is voluntary. You can choose to be removed from the program at any time.

If You would like information about this program, please call the Customer Support Center toll free at 1 (855) 885-3176.

Pregnancy — What if I am pregnant?

If You think You are pregnant—or as soon as You know You are pregnant—please call a Participating Provider for an appointment to begin Your prenatal care. Early care is very important for the health and well-being of You and Your baby.

You may choose any of the following for Your prenatal care:

- Licensed obstetrician/gynecologist (OB/GYN)
- Nurse practitioner (trained in women's health)

You can make an appointment for prenatal care without seeing Your PCP first. To receive benefits under this Agreement, You must pick an OB/GYN or nurse practitioner who is a Participating Provider. If You need help choosing an OB/GYN or if You have any questions, call Molina toll-free at 1 (855) 885-3176, Monday through Friday from 8:00 a.m. to 6:00 p.m. ET. We will be happy to assist You.

COVERED SERVICES

Molina covers the services described in the section below titled “What is Covered Under My Plan?” They are subject to the exclusions, limitations, and reductions set forth in this Agreement. They are covered only if all of the following conditions are satisfied:

- You are a Member on the date that You receive the Covered Services
- The Covered Services are Medically Necessary
- The services are listed as Covered Services in this Agreement
- You receive the Covered Services from Participating Providers inside Our Service Area for this product offered through the Marketplace, except where specifically noted to the contrary in this Agreement – e.g., in the case of an Emergency Services.

The only services Molina covers under this Agreement are those described in this Agreement, subject to any exclusions, limitations, and reductions described in this Agreement.

COST SHARING (Money You Will Have to Pay to Get Covered Services)

Cost Sharing is the Deductible, Copayment, and/or Coinsurance that You must pay for Covered Services under this Agreement. The Cost Sharing amount You will be required to pay for each type of Covered Service is listed in the Schedule of Benefits.

You must pay Cost Sharing for Covered Services, except for preventive services included in the Essential Health Benefits (as required by the Affordable Care Act) that are provided by Participating Providers. Cost Sharing for Covered Services is listed in the Schedule of Benefits. Cost Sharing towards Essential Health Benefits may be reduced or eliminated for certain eligible Members, as determined by the Marketplace’s rules.

YOU SHOULD REVIEW THE SCHEDULE OF BENEFITS CAREFULLY TO UNDERSTAND WHAT YOUR COST SHARING WILL BE.

Annual Out-of-Pocket Maximum

Also referred to as “**OOPM**,” this is the maximum amount of Cost Sharing that You will have to pay for Covered Services in a calendar year. The OOPM amount will be specified in Your Schedule of Benefits. Cost Sharing includes payments that You make toward any Deductibles, Copayments, or Coinsurance.

Amounts that You pay for services that are not Covered Services under this Agreement will not count toward the OOPM.

The Schedule of Benefits may list an OOPM amount for each individual enrolled under this Agreement and a separate OOPM amount for the entire family when there are two or more Members enrolled. When two or more Members are enrolled under this Agreement:

- 1) the individual OOPM will be met, with respect to the Subscriber or a particular Dependent, when that person meets the individual OOPM amount; or
- 2) the family OOPM will be met when Your family’s Cost Sharing adds up to the family OOPM amount.

Once the total Cost Sharing for the Subscriber or a particular Dependent adds up to the individual OOPM amount, We will pay 100% of the charges for Covered Services for that individual for the rest of the calendar year. Once the Cost Sharing for two or more Members in Your family adds up to the family OOPM amount, We will pay 100% of the charges for Covered Services for the rest of the calendar year for You and every Member in Your family.

Coinsurance

Coinsurance is a percentage of the charges for Covered Services You must pay when You receive Covered Services. The Coinsurance amount is calculated as a percentage of the rates that Molina has agreed to with the Participating Provider (also known as the “negotiated rate”) or the Participating Provider’s charge, if less than the negotiated rate . Coinsurances are listed in the Schedule of Benefits. Some Covered Services do not have Coinsurance, and may apply a Deductible and/or Copayment.

Copayment

A Copayment is a specific dollar amount You must pay when You receive Covered Services. Copayments are listed in the Schedule of Benefits. Some Covered Services do not have a Copayment, and may apply a Deductible and/or Coinsurance.

Deductible

The Deductible is the amount You must pay in a calendar year for Covered Services You receive before Molina will cover those services at the applicable Copayment or Coinsurance. The amount that You pay towards Your Deductible is based on the rates that Molina has negotiated with the Participating Provider (also known as the “negotiated rate”) or the Participating Provider’s charge, if less than the negotiated rate. Deductibles are listed in the Schedule of Benefits.

Please refer to the Schedule of Benefits to see what Covered Services are subject to the Deductible and the Deductible amount. Your product may have separate Deductible amounts for specified Covered Services. If this is the case, amounts paid towards one type of Deductible cannot be used to satisfy a different type of Deductible.

When Molina covers services at “no charge” subject to the Deductible and You have not met Your Deductible amount, You must pay the charges for the services. However, for preventive services covered by this Agreement and included in the Essential Health Benefits, You will not pay any Deductible or other Cost Sharing towards such preventive services when provided by a Participating Provider.

There may be a Deductible listed for an individual Member and a Deductible for an entire family. If You are a Member in a family of two or more Members, You will meet the Deductible either:

- When You meet the Deductible for the individual Member; or
- When Your family meets the Deductible for the family.

For example, if You reach the Deductible for the individual Member, You will pay the applicable Copayment or Coinsurance for Covered Services for the rest of the calendar year, but every other Member in Your family must continue to pay towards the Deductible until Your family meets the family Deductible.

General Rules Applicable to Cost Sharing

All Covered Services have a Cost Sharing unless specifically stated or until You pay the applicable Annual Out-of-Pocket Maximum. Please refer to the Schedule of Benefits Agreement to determine the Cost Sharing amount You will be required to pay for each type of Covered Service listed.

You are responsible for the Cost Sharing in effect on the date You receive Covered Services, except as follows:

- For items ordered in advance, You pay the Cost Sharing in effect on the order date. Molina will not cover the item unless You still have coverage for it on the date You receive it. You may be required to pay the Cost Sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order. They must receive all information they need to fill the prescription before they process the order.

Receiving a Bill

In most cases, Participating Providers will ask You to make a payment toward Your Cost Sharing at the time You check in. This payment may cover only a portion of the total Cost Sharing for the Covered Services that You receive. The Participating Provider will bill You for any additional Cost Sharing amounts that are due.

The Participating Provider is not allowed to bill You for Covered Services You receive other than for Cost Sharing amounts that are due under this Agreement. However, You are responsible for paying charges for any health care services or treatments that are:

- not Covered Services under this Agreement, or
- provided by a Non-Participating Provider, except that Molina will cover services from a Non-Participating Provider:
 - 1) for Emergency Services in accordance with the section of the Agreement titled “Emergency Services and Urgent Care Services,”
 - 2) for out-of-area Urgent Care Services in accordance with the section of the Agreement titled “Emergency Services and Urgent Care Services,” and
 - 3) for exceptions described in the section of this Agreement titled “What if There Is No Participating Provider to Provide a Covered Service?”

How Your Coverage Satisfies the Affordable Care Act

Your Covered Services include Essential Health Benefits (EHB) as defined by the Affordable Care Act. If non-EHB coverage is included in Your product, those Covered Services will be set out in this Agreement as well.

Your EHB coverage includes at least the 10 categories of benefits identified in the definition. You cannot be excluded from coverage in any of the 10 EHB categories. However, You will not be eligible for pediatric services that are Covered Services under this Agreement as of 11:59 p.m. on the last day of the month that You turn age 19. This includes pediatric dental, which can be

purchased separately through the Marketplace, and pediatric vision.

The Affordable Care Act provides certain rules for EHB. These rules tell Molina how to administer certain benefits and Cost Sharing under this Agreement. For example, under the Affordable Care Act, Molina is not allowed to set lifetime limits or annual limits on the dollar value of EHB provided under this Agreement.

When EHB preventive services are provided by a Participating Provider, You will not have to pay any Cost Sharing amounts.

In addition, Molina must ensure that the Cost Sharing that You pay for all EHB does not exceed an annual limit that is determined under the Affordable Care Act. For the purposes of this EHB annual limit, Cost Sharing refers to any costs that a Member is required to pay to receive EHB. Such Cost Sharing includes Deductibles, Coinsurance, Copayments, or similar charges. Cost Sharing excludes Premiums and Your spending for non-Covered Services.

Making Your Coverage More Affordable

For qualifying Subscribers, there may be assistance to help make the product that You are purchasing under this Agreement more affordable. If You have not done so already, please contact the Marketplace:

- To determine if You are eligible for tax credits to reduce Your Premiums and/or Your Cost Sharing responsibility toward the EHB.
- For information about any annual limits on Cost Sharing towards Your EHB.
- To assist You in determining whether You are a qualifying American Indian or Alaskan Native who has limited or no Cost Sharing responsibilities for EHB.

Molina will work with the Marketplace in helping You. Molina does not determine or provide Affordable Care Act tax credits.

WHAT IS COVERED UNDER MY PLAN?

This section tells You what medical services Molina covers. These are known as Your Covered Services.

In order for a service to be covered, **it must be Medically Necessary**.

You have the right to appeal if a service is denied. For information on how You can have Your case reviewed, refer to the section of this Agreement titled “Internal Appeals and External Review.”

In general, Your care must not be Experimental or Investigational. However, You may ask for Prior Authorization to be part of Experimental or Investigational care. Molina also may cover routine medical costs for Members in approved clinical trials. To learn more, refer to the section of this Agreement titled “Approved Clinical Trials.”

Certain medical services described in this section will be covered by Molina only if You obtain Prior Authorization before seeking treatment for such services. To read more about Prior Authorization and a complete list of Covered Services that require Prior Authorization, go to the section of this Agreement titled “What Is a Prior Authorization.” Prior Authorization does not

apply to treatment of Emergency Services or for Urgent Care Services.

OUTPATIENT PROFESSIONAL SERVICES

Preventive Care and Services

Preventive Services and the Affordable Care Act

Under the Affordable Care Act and as part of Your Essential Health Benefits, Molina will cover the following government-recommended preventive services. Please consult with Your PCP to determine whether a specific service is preventive or diagnostic. You do not pay any Cost Sharing for the following when provided by a Participating Provider:

- With respect to women, preventive care services and screenings provided for in comprehensive guidelines supported by HRSA, to the extent not already included in certain recommendations of the USPSTF.

All preventive care must be furnished by a Participating Provider to be covered under this Agreement.

As new recommendations and guidelines for preventive care are published by the government sources identified above, they will become covered under this Agreement. Coverage will start for product years that begin one year after the date the recommendation or guideline is issued or on such other date as required by the Affordable Care Act. The product year, also known as a policy year for the purposes of this provision, is based on the calendar year.

If an existing or new government recommendation or guideline does not specify the frequency, method, treatment, or setting for the provision of a preventive service, then Molina may impose reasonable coverage limits on such preventive care as long as they are consistent with the Affordable Care Act and applicable South Carolina law. These coverage limits also are applicable to the preventive care benefits listed below.

To help You understand and access Your benefits, preventive services for adults and children covered under this Agreement are listed below.

Molina Drug Formulary (List of Drugs)

Molina has a list of drugs that We will cover. The list is known as the Drug Formulary.

The drugs on the Drug Formulary are chosen by a group of doctors and pharmacists from Molina and the medical community. The group meets every 3 months to talk about the drugs that are on the Drug Formulary.

The group reviews new drugs and changes in health care to find the most effective drugs for different conditions. Drugs are added to or removed from the Drug Formulary based on changes in medical practice, medical technology, and when new drugs come on the market.

Some of the reasons Your drug may not be approved are:

- Proposed less-than-effective drugs identified by the Drug Efficacy Study Implementation (DESI) program
- Over-the-counter drugs not on the formulary
- Drugs not FDA approved or licensed for use in the United States

Formulary generic drugs are those drugs listed in the Molina Drug Formulary that have the same ingredients as brand name drugs. To be FDA (government) approved, a generic drug must have the same active ingredient, strength, and dosage (formulation) as the brand name drug. Companies making a generic drug have to prove to the FDA that the drug works just as well and is as safe as the brand name drug.

Formulary brand name drugs are prescription drugs or medicines that have been registered under a brand or trade name by their manufacturer and are advertised and sold under that name, and indicated as a brand in the Medi-Span or similar third party national database used by Molina and Our pharmacy benefit manager.

You can look at Our Drug Formulary on Our Molina website at MolinaMarketplace.com.

You may call Us and ask about a drug. Call toll-free 1 (855) 885-3176, Monday through Friday, 8:00 a.m. through 6:00 p.m. ET.

If You are deaf or hard of hearing, call toll-free 1 (800) 955-8771 or dial 711 for the Telecommunications Relay Service.

You can also ask Us to mail You a copy of the Drug Formulary. Remember that just because a drug is on the Drug Formulary does not guarantee that Your doctor will prescribe it for Your particular medical condition.

Cost Sharing for Prescription Drugs and Medications

The Cost Sharing for prescription drugs and medications is listed on the Schedule of Benefits. Cost Sharing applies to all drugs and medications prescribed by a Participating Provider on an outpatient basis.

The exception is when such drug therapy is an EHB preventive care prescription drug administered or prescribed by a Participating Provider. In this case, the EHB preventive care prescription drug is not subject to Cost Sharing. The amount You pay is the lesser of the Cost Sharing shown in the Schedule of Benefits or the amount Molina has negotiated.

Tier-1: Preferred Generic Drugs

Formulary drugs in this tier include preferred generic drugs. Specialty drugs are not included in this tier.

Preferred generic drugs are those drugs listed that, due to clinical effectiveness and cost differences, are designated as “Tier-1” in the Molina Drug Formulary.

Tier-2: Preferred Brand Drugs

Formulary drugs in this tier include preferred brand drugs. Specialty drugs are not included in this tier.

Preferred brand drugs are those drugs listed that, due to clinical effectiveness and cost differences, are designated as “Tier-2” in the Molina Drug Formulary.

Tier-3: Non-Preferred Brand and Generic Drugs

Formulary drugs in this tier include non-preferred brand and generic drugs. Specialty drugs are not included in this tier.

Non-preferred brand and generic drugs are those drugs listed in the Molina Drug Formulary that are designated as “Tier-3” due to lesser clinical effectiveness and cost differences. Generally, there are preferred and often less costly therapeutic alternatives at a lower tier.

Tier-4: Brand and Generic Specialty Drugs

Formulary drugs in this tier include both brand and generic specialty drugs, including biosimilars.

Specialty drugs are prescription legend drugs within the Molina Drug Formulary that:

- Are only approved to treat limited patient populations, indications or conditions; or
- Are normally injected, infused or require close monitoring by a physician or clinically

- trained individual; or
- Have limited availability, special dispensing, handling and delivery requirements, and/or require additional patient support, any or all of which make the drug difficult to obtain through traditional pharmacies; or
- A biosimilar, a biological product that is highly similar to and has no clinically meaningful differences from an existing FDA-approved reference product.

Molina requires Prior Authorization for specialty drugs. We may require that Specialty drugs be obtained from a Participating Provider specialty pharmacy or facility for coverage. Molina's specialty pharmacy will coordinate with You or Your physician to provide delivery to either Your home or Your provider's office.

Tier-5: Preventive Drugs

Formulary Preventive drugs are drugs listed in the Molina Drug Formulary that are considered to be used for preventive purposes, including all methods of birth control drugs or devices for women approved by the FDA, or if they are being prescribed primarily (1) to prevent the symptomatic onset of a condition in a person who has developed risk factors for a disease that has not yet become clinically apparent or (2) to prevent recurrence of a disease or condition from which the patient has recovered. A drug is not considered preventive if it is being prescribed to treat an existing, symptomatic illness, injury, or condition. Formulary Preventive drugs may include Generic or Brand Name drugs.

Opioid Analgesics Prescribed for Chronic Pain

If You are prescribed opioid analgesics for chronic pain, Prior Authorization may be required prior to receiving opioid analgesics for chronic pain, except under the following circumstances:

- Opioid analgesics prescribed to a Member who is a hospice patient in a hospice care program;
- Opioid analgesics prescribed to a Member who has been diagnosed with a terminal condition, but is not a hospice patient in a hospice care program; or
- Opioid analgesics prescribed to a Member who is actively being treated for cancer.

Access to Drugs That Are Not Covered

Molina has a process to allow You to request and gain access to clinically appropriate drugs that are not covered under Your product.

Molina may cover specific non-formulary drugs when the prescriber documents in Your medical record and certifies that the Drug Formulary alternative has been ineffective in the treatment of the Member's disease or condition, or the Drug Formulary alternative causes or is reasonably expected by the prescriber to cause a harmful or adverse reaction in the Member.

If Your doctor prescribes a drug that is not listed on the Drug Formulary, Your doctor must submit a Prior Authorization request to Molina's Pharmacy department.

- If You do not obtain a Prior Authorization from Molina, We will send a letter to You and Your doctor stating why the drug was denied. You may purchase the drug at the full cost charged by the pharmacy.

- If You obtain a Prior Authorization from Molina, We will contact Your doctor. You may purchase the drug at the Cost Sharing for Tier-3 for non-specialty drugs or Tier-4 for specialty drugs.

For substitution of a formulary generic drug with a non-formulary brand name drug, You may purchase the brand name drug at the following Cost Sharing:

- The Cost Sharing for Tier-3 for non-specialty drugs or Tier-4 for specialty drugs, plus
- The difference in cost between the formulary generic drug and brand name drug.

If You are taking a drug that is no longer on Our Drug Formulary, Your doctor can ask Us to keep covering it by sending Us a Prior Authorization request for the drug.

The drug must be safe and effective for Your medical condition. Your doctor must write Your prescription for the usual amount of the drug for You.

There are two types of requests for clinically appropriate drugs that are not covered under Your product:

- **Expedited Exception Request** for urgent circumstances that may seriously jeopardize life, health, or ability to regain maximum function, or for undergoing current treatment using non-Drug Formulary drugs.
- Standard Exception Request.

You and/or Your Participating Provider will be notified of Our decision no later than:

- 24 hours following receipt of request for Expedited Exception Request
- 72 hours following receipt of request for Standard Exception Request

If initial request is denied, You and/or Your Participating Provider may request an external review. You and/or Your Participating Provider will be notified of the external decision no later than:

- 24 hours following receipt of request for Expedited Exception Request
- 72 hours following receipt of request for Standard Exception Request

Except in the case of fraud or deception in the use of services or facilities, Molina will return to You within 30 days after the termination date the amount of Premiums paid to Molina which corresponds to any unexpired period for which payment had been received. In lieu of returning to You the amount of Premiums paid to Molina which corresponds to any unexpired period and to the extent permitted by the Marketplace, if Molina accepts Premium which corresponds to any unexpired period following the date of termination, We will allow You to continue coverage in-force until the end of the period for which Premium has been accepted by Us.

 - Misrepresenting eligibility information.
 - Presenting an invalid prescription or physician order.
 - Misusing a Molina Member ID Card (or letting someone else use it).

We will send a notice of termination to You, and Your membership will end at 11:59 p.m. on the 31st day from the date We mail the notice of termination.

After Your first 24 months of coverage, Molina may not terminate Your coverage, or deny a claim for services obtained after expiration of the first 24 months of coverage, due to any non-fraudulent omissions, misrepresentations, or inaccuracies in Your application form.

If Molina terminates Your membership for cause, You will not be allowed to enroll with Us in the future. We may also report criminal fraud and other illegal acts to the appropriate authorities for prosecution.

- **Discontinuation:** If Molina ceases to provide or arrange for the provision of health benefits for new or existing health care services in the individual market. In this case Molina will provide You with written notice at least 180 days prior to the date the coverage will be discontinued.
- **Withdrawal of Product:** Molina withdraws Your product from the market, in which case Molina will provide You with written notice at least 90 days prior to the date the coverage will be discontinued.
- **Nonpayment of Premiums:** If You do not pay required Premiums by the due date, Molina may terminate Your coverage as further described in the "Premium Notices/Termination for Non-Payment of Premiums" section below.

Your coverage under certain Covered Services will terminate if Your eligibility for such benefits end. For instance, a Member who attains the age of 19 will no longer be eligible for Pediatric Vision Services covered under this Agreement and, as a result, such Member's coverage under those specific Covered Services will terminate on his or her 19th birthday, without affecting the remainder of this Agreement.

PREMIUM PAYMENTS AND TERMINATION FOR NON-PAYMENT

Premium Notices/Termination for Non-Payment of Premiums. Your Premium payment obligations are as follows:

- Your Premium payment for the upcoming coverage month is due no later than the date stated on Your Premium bill. This is the “**Due Date.**” Molina will send You a bill in advance of the Due Date for the upcoming coverage month. If Molina does not receive the full Premium payment due on or before the Due Date, Molina will send a notice of non-receipt of Premium payment and termination of coverage (the “**Late Notice**”) to Your address of record. This Late Notice will include, among other information, the following:
 - A statement that Molina has not received full Premium payment and that We will terminate this Agreement for nonpayment if We do not receive the required Premiums prior to the expiration of the grace period as described in the Late Notice.
 - The amount of Premiums due.
 - The specific date and time when Your membership and the membership of any enrolled Dependents will end if We do not receive the required Premiums.

If You have received a Late Notice that Your coverage is being terminated or not renewed due to failure to pay Your Premium, Molina will give a:

- 31-day grace period to pay the full Premium payment due if You do not receive advance payment of the premium tax credit. Molina will process payment for Covered Services received during the 31-day grace period and Your coverage will remain in effect during this time. You will be responsible for any unpaid Premiums You owe Molina for the grace period; or,
- Three month grace period to pay the full Premium payment due if You receive advance payment of the premium tax credit. Molina will process payment for Covered Services received after the first month of the grace period so long as Your Premiums are paid in full before the end of the grace period. If We do not receive Premiums by the end of the 3-month grace period, You will be responsible for payment of the Covered Services received during the second and third months.

During the grace period applicable to You, You can avoid termination or nonrenewal of this Agreement by paying the full Premium payment You owe to Molina. If You do not pay the full Premium payment by the end of the grace period, this Agreement will terminate. You will still be responsible for any unpaid Premiums You owe Molina for the grace period.

Termination or nonrenewal of this Agreement for non-payment will be effective at 11:59:

- On the last day of the grace period if You do not receive advance payment of the premium tax credit; or,
- The last day of the first month of the grace period if You receive advance payment of the premium tax credit.

Termination Notice: Upon termination of this Agreement, Molina will mail a Termination Notice to the Subscriber’s address of record specifying the date and time when the membership ended.

Reinstatement:

If the renewal premium is not paid before the grace period ends the policy will lapse. Later acceptance of the premium by the company or by an agent authorized to accept payment without

requiring an application for reinstatement will reinstate the policy. If the company or its agent requires an application, the insured will be given a conditional receipt for the premium. If the application is approved, the policy will be reinstated as of the approval date. Lacking such approval, the policy will be reinstated on the forty fifth day after the date of the conditional receipt unless the company has previously written the insured of its disapproval. The reinstated policy will cover only loss that results from an injury sustained after the date of reinstatement or sickness that starts more than ten days after such date.

In all other respects the rights of the insured and the company will remain the same, subject to any provisions noted on or attached to the reinstated policy. Any premiums the company accepts for reinstatement will be applied to a period for which premiums have not been paid.

Reinstatement After Erroneous Termination

If permitted by the Marketplace, We will allow reinstatement of Your Agreement (without a break in coverage) provided the reinstatement is a correction of an erroneous termination or cancellation action.

Re-enrollment After Termination for Non-Payment

If You are terminated for non-payment of premium and wish to re-enroll with Molina (during Open Enrollment or a Special Enrollment Period) in the following plan year, We may require that You pay any past-due premium payments, plus Your first month's premium payment in full, before We will accept Your enrollment to become effective with Molina.

Our Medical Directors find new medical procedures, treatment, drugs, and devices when they become available. They present research information to the Utilization Management Committee where physicians review the technology. Then they suggest whether to add it as a new for Molina Members.

Molina uses a pharmacy and therapeutics (P&T) committee that reviews new FDA-approved drugs and new uses for existing drugs.

For more information on new technology, please call Molina's Customer Support Center.

What Do I Have to Pay For?

Please refer to the “Schedule of Benefits” at the front of this Agreement for Your Cost Sharing responsibilities for Covered Services.

Note that You may be liable to pay for the full price of medical services when:

- You ask for and get medical services that are not covered, such as cosmetic surgery.
- Except in the case of Emergency Services, You ask for and get health care services from a doctor or hospital that is not a Participating Provider without getting Prior Authorization from Molina

What if I Have Paid a Medical Bill or Prescription? (Notice of Claim and Reimbursement Provisions, Payment of Claims, Including Time of Payment of Claims)

With the exception of any required Cost Sharing amounts (such as a Deductible, Copayment or Coinsurance), if You have paid for a Covered Service or prescription drug that was approved or does not require approval, Molina will pay You back. You must submit Your claim for reimbursement, also known as a written notice of claim, within 12 months from the date you made the payment.

You will need to mail or fax Us a copy of the bill from the doctor, hospital, or pharmacy and a copy of Your receipt. You should also include the name of the Member for whom You are submitting the claim and Your policy number. If the bill is for a prescription drug, You will need to include a copy of the prescription drug label. Mail this information to Molina’s Customer Support Center. The address is on the first page of this Agreement. You can also mail this information to Molina’s agent.

Molina shall maintain a system for determining the date claims are received. If We determine that there is any defect, error, or impropriety in a claim that prevents the claim from being adjudicated, We shall provide notice of the defect or error within 40 business days after We receive Your request for reimbursement. We may request clinical information reasonably necessary for the proper adjudication of the claim.

If Your claim is approved, We will mail You a check no later than 40 business days from receipt of both Your request for reimbursement and all information necessary to process Your claim and determine that such claim does not contain any material defect, error, or impropriety.

If Your claim is not approved, We will send You a letter telling You why. If You do not agree with this, You may appeal by calling Molina toll-free at 1 (855) 885-3176. Call Monday through Friday, 8:00 a.m. to 6:00 p.m. ET.

Benefits will be paid to the Member. Loss of life benefits are payable in accordance with the beneficiary designation in effect at the time of payment. If none is then in effect, the benefits will be paid to the Member's estate. Any other benefits unpaid at death may be paid, at Molina’s option, either to the Member’s beneficiary or estate.

How Does Molina Pay for My Care?

Molina contracts with providers in many ways. Some Molina Participating Providers receive a flat amount for each month that You are under their care, whether You see the provider or not.

Some providers work on a fee-for-service basis. This means that they receive payment for each procedure they perform. Some providers may receive incentives for giving quality preventive care. Molina does not provide financial incentives for utilization management decisions that could result in authorization denials or under-utilization.

For more information about how providers are paid, please call Molina's Customer Support Center toll-free at 1 (855) 885-3176. Call Monday through Friday, 8:00 a.m. to 6:00 p.m. ET. You may also call Your provider's office or Your provider's medical group for this information.

Advance Directives

An Advance Directive is a form that tells medical providers what kind of care You want if You cannot speak for Yourself. An Advance Directive is written before You have an Emergency. This is a way to keep other people from making important health decisions for You if You are not well enough to make Your own. A "Durable Power of Attorney for Health Care" and a "Natural Death Act Declaration" are types of Advance Directives. You have the right to complete an Advance Directive. Your provider can answer questions about Advance Directives.

You may call Molina to get information regarding State law on Advance Directives, and changes to Advance Directive laws. Molina updates Advanced Directive information no later than 90 calendar days after receiving notice of changes to State laws.

For more information, call Molina's Customer Support Center toll-free at 1 (855) 885-3176. If You are deaf or hard of hearing, You may contact Us by dialing 711 for the TTY Relay Service.

COORDINATION OF BENEFITS

This Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one Plan. For purposes of this COB provision, Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the "**Primary Plan**". The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the "**Secondary Plan**". The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions (applicable to this COB provision)

A "**Plan**" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization contracts, Closed Panel Plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- **“This Plan”** means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense. When there are more than two Plans covering the person, This Plan may be a Primary Plan as to one or more other Plans and may be a Secondary Plan as to a different Plan or Plans.
- **“Allowable Expense”** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other

similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans.

However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

5. The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

“Closed Panel Plan” is a Plan that provides health care benefits to Members primarily in the form of services through a panel of providers which have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

“Custodial Parent” is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a

Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent, and primary to the Plan covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

(2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
- If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

However, if one spouse's Plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), We will follow the rules of that Plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The Plan covering the Custodial Parent;
- The Plan covering the spouse of the Custodial Parent;
- The Plan covering the non-Custodial Parent; and then
- The Plan covering the spouse of the non-Custodial Parent.

(c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.

(4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.(1) can determine the order of benefits.

(5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

(6) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect On The Benefits Of This Plan

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

If a Member is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. Molina may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Molina any facts it needs to apply those rules and determine

benefits payable. If You do not provide Us the information We need to apply these rules and determine the benefits payable, Your claim for benefits will be denied.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, Molina may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Molina is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We paid or for whom We had paid, or any other person or organization that may be responsible for the benefits or services provided for the Member. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Initial Denial Notices

Notice of an Adverse Benefit Determination will be provided to You orally, by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time frames noted above.

An Adverse Benefit Determination notice will identify the claim or authorization request involved, convey the specific reason for the Adverse Benefit Determination (including the denial code and its meaning), the specific product provisions upon which We base the determination, and the contact information for the South Carolina Department of Insurance, which is available to assist You with the internal and external appeal processes. The notice will also include a description of any additional information necessary to perfect the claim or request, and an explanation of why such information is necessary. The notice will disclose if any internal product rule, protocol, or similar criterion was relied upon to deny the claim or request. Upon request, a copy of the rule, protocol, or similar criterion will be provided to You, free of charge. In addition to the information provided in the notice, You have the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

The notice will describe Molina's internal and external (standard and expedited) appeal procedures, the time limits applicable to such procedures following an Adverse Benefit Determination on review, and include the release form authorizing Molina to disclose protected health information pertinent to an external review. It will also include a description of the circumstances under which You don't have to exhaust (complete) the internal process or the internal process may be deemed exhausted.

If an Adverse Benefit Determination is based on Medical Necessity, Experimental or Investigational treatment or similar exclusion or limitation, then upon request, Molina will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the product to Your medical circumstances.

In the case of an Adverse Benefit Determination involving an Urgent Care Service, the notice will provide a description of Molina's expedited review procedures, which We describe below.

INTERNAL APPEALS

You must appeal an Adverse Benefit Determination within 180 days after receiving written notice of the denial (or partial denial). You may appeal an Adverse Benefit Determination by means of written notice to Us, in person, orally, or by mail, postage prepaid.

Your request should include:

- The date of Your request.
- Your name (please print or type).
- The date of the service We denied.
- Your identification number, claim or request number, and provider name as shown on the explanation of health care benefits, which You will automatically receive when We process Your claim or request.

You should keep a copy of the request for Your records because no part of it can be returned to You.

You may request an expedited internal appeal of an Adverse Benefit Determination involving an Urgent Care Service orally or in writing. In such case, all necessary information will be transmitted between Molina and You by telephone, FAX, or other available similarly expeditious method, to the extent permitted by applicable law.

Determination of appeals of Adverse Benefit Determinations will be conducted promptly, will not defer to the initial determination, and will not be made by the person who made the initial Adverse Benefit Determination or a subordinate of that person. You also have the right to request that the person performing the review must practice the same profession as the attending health care provider. The determination will take into account all comments, documents, records, and other information submitted by You relating to the claim or request.

On appeal, You may review relevant documents, request copies of any relevant information (which will be provided free of charge), and may submit issues and comments in writing. Upon request, You may also discover the identity of medical or vocational experts whose advice was obtained on behalf of Molina in connection with the Adverse Benefit Determination being appealed, as permitted under applicable law.

If We base the Adverse Benefit Determination in whole, or in part, upon a medical judgment, including determinations as to whether a particular treatment, drug, or other service is Experimental or Investigational, or not Medically Necessary or appropriate, the person deciding the appeal will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial appeal or a subordinate of that person.

If new or additional evidence is relied upon or if new or additional rationale is used during the internal appeal process, We will provide to You, free of charge, the evidence or rationale as soon as possible and in advance of the appeals decision in order to provide You a reasonable opportunity to respond. However, if We receive the new or additional evidence so late that it would be impossible to provide it to You in time for You to have a reasonable opportunity to respond, the period for providing notice of Our appeal decision will be tolled until You have a reasonable opportunity to respond. After You respond, or have a reasonable opportunity to respond but fail to do so, We will notify You of Our decision as soon as reasonably possible, considering the medical circumstances.

Your coverage will remain in effect pending the outcome of Your internal appeal.

Time Periods for Decisions on Appeal

For appeals of Adverse Benefit Determinations, We will make decisions and provide notice of the decisions as follows:

TIME FRAME FOR RESPONDING TO APPEAL	
REQUEST TYPES	TIME FRAME FOR DECISION
PRE-SERVICE APPEALS	We will notify You in writing of Our appeal decision as soon as practical, taking into account the medical circumstances, but not later than 30 calendar days after Our receipt of Your appeal.
POST-SERVICE APPEALS	We will notify You in writing of Our appeal decision as soon as practical, which generally will not be later than 30 calendar days after Our receipt of all information necessary to complete the appeal. However, in extraordinary circumstances, We will have up to 60 calendar days from the date that You submit Your appeal to provide You with notification of Our appeal decision.
EXPEDITED APPEALS (URGENT CARE SERVICE DECISIONS)	We will give You oral notice of Our appeal decision as soon as possible, considering the medical circumstances, but not later than either of the following timeframes: • 2 business days of Our receipt of all information necessary to complete the appeal • 72 hours from Our receipt of Your appeal

Appeals Denial Notices

Notice of a Final Adverse Benefit Determination (including a partial denial) will be provided to You by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time periods noted above.

A Final Adverse Benefit Determination will include:

- Sufficient information to identify the claim or request involved
- The specific reason or reasons for the Final Adverse Benefit Determination, including the denial code and its meaning;
- Reference to the specific product provision upon which the determination is based;
- A statement that You are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to Your claim or request for benefits;

- If We relied upon any internal Molina rule, protocol or similar criterion to deny the claim or request, then a copy of the rule, protocol or similar criterion will be provided to You, free of charge, along with a discussion of Our decision;
- A statement of Your right to external review, a description of the standard and expedited external review process, and the forms for submitting an external review request, including release forms authorizing Molina to disclose protected health information pertinent to the external review; and
- If We base a Final Adverse Benefit Determination on Medical Necessity, Experimental or Investigational treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of this Agreement to Your medical circumstances.
- Notice of voluntary alternative dispute resolution options, as applicable
- The contact information for the director of the South Carolina Department of Insurance, which is available to assist with the internal and external appeal processes

In addition to the information provided in the notice, You have the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

Exhaustion of the Internal Claims and Appeals Processes

A request for standard or expedited external review can't be made until You have exhausted (completed) Our internal claims and appeals processes and received a Final Adverse Benefit Determination. However, in the following circumstances, You can request external review prior to exhausting Our internal processes:

- **Waiver:** Except in regards to post-service appeals, Molina can waive the exhaustion requirement, in which case You can request external review without exhausting Our internal processes.
- **Simultaneous Requests for Expedited Internal and External Reviews:** You may also request an expedited external review of an Adverse Benefit Determination involving an Urgent Care Service at the same time a request is made for an expedited internal appeal of an Adverse Benefit Determination if Your treating physician certifies that the Adverse Benefit Determination involves a medical condition that could seriously jeopardize Your life or health, or would jeopardize Your ability to regain maximum function, if treated after the time frame of an expedited internal appeal (*i.e.*, 72-hours). You may not file a request for expedited external review unless You also file an expedited internal appeal.
- **Deemed Exhaustion:**
If We do not adhere to the requirements outlined above, the internal claims and appeals processes may be deemed exhausted and You may have the right to request external review or other remedies under state law. If the internal processes are deemed exhausted, this is considered a Final Adverse Benefit Determination.

In order for the internal processes to be deemed exhausted, You need to request a written explanation from Us and we will respond in writing within 10 calendar days. The external reviewer or court will review Our explanation along with Your request and make a determination of whether the internal processes are exhausted. If Your request is rejected, We will notify You within 10 calendar days. You will have the right to resubmit and pursue an internal appeal of the Adverse Benefit Determination. Time periods for refiling will begin to run upon Your receipt of that notice.

EXTERNAL REVIEW

Understanding the External Review Process

After You receive a Final Adverse Benefit Determination or if You are otherwise permitted, as described above, You may request an external review if You believe that a healthcare service has been improperly denied, modified, or delayed on the grounds that the healthcare service doesn't meet Molina's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness of a covered benefit, or is Experimental or Investigational.

An external review will be conducted by an Independent Review Organization (IRO).

Molina will not choose or influence the IRO's reviewers.

There are three types of IRO reviews: 1) standard external review, 2) expedited external review, and 3) external review of Experimental or Investigational treatment.

Standard External Review

The IRO will provide You and Molina with written notice of its decision within 45 calendar days of its receipt of Your request for standard external review.

Expedited External Review

An expedited review for urgent medical situations, including reviews of Experimental or Investigational treatment involving an urgent medical situation are normally completed within 72 hours and can be requested if any of the following applies:

- Your treating physician certifies that the Adverse Benefit Determination or Final Adverse Benefit Determination involves a medical condition that could seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal or a standard external review
- The Adverse Benefit Determination or Final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care service for which You received emergency services, but have not yet been discharged from a facility

External Review of Experimental and Investigational Treatment

Requests for standard or expedited external reviews that involve Adverse Benefit Determinations or Final Adverse Benefit Determinations that a treatment is Experimental or Investigational may proceed if Your treating physician, who must be a licensed physician qualified to practice in the area of medicine appropriate to treat Your condition, certifies:

- You have a life-threatening disease or seriously disabling condition, and
- Medical and scientific evidence, using accepted protocols, shows that the requested health care service is more beneficial to You than any standard health care service covered by Us, and the adverse risks of the requested health care service are not substantially greater than the standard health care service that is covered by Us, and

- One of the following:
 - o Standard health care services have not been effective in improving Your condition,
 - o Standard health care services are not medically appropriate for You, or
 - o No available standard health care service covered by Molina is more beneficial than the requested health care service

Request for External Review in General

- You must request a standard external review within 4 months of the date of the notice of Adverse Benefit Determination or Final Adverse Benefit Determination issued by Molina. A request for an expedited external review has no filing deadline.
- All requests must be in writing.
- Molina will initiate the external review by notifying the South Carolina Department of Insurance of Your request, which will assign the IRO to conduct the external review. For standard external review requests, Molina will notify You in writing of the assignment to an IRO.
 - o The notice will include the name and contact information for the assigned IRO for the purpose of submitting additional information
 - o The notice will inform You that, within 5 business days after receipt of the notice, You may submit additional information in writing to the IRO for consideration in the review
- Molina will also forward all documents and information used to make the Adverse Benefit Determination or Final Adverse Benefit Determination to the assigned IRO.
- If Molina determines that the Adverse Benefit Determination is not eligible for external review, Molina will notify You in writing within 5 business days of Our receipt of Your request for standard external review. For expedited requests, Molina will notify You as quickly as reasonably possible. The notice will provide You with the reason for the denial, notify You of the director's availability to provide assistance, and provide his phone number and address.
- Molina will pay the costs of the external review.

IRO Assignment

- When Molina initiates an external review, the South Carolina Department of Insurance will utilize an impartial and independent rotational system to assign the review to a South Carolina accredited IRO that is qualified to conduct the review based on the type of health care service. Molina will verify that no conflict of interest exists with the IRO.

IRO Review and Decision

- Within 5 business days after the IRO's receipt of Your request for standard external review, the IRO will determine whether Your request is eligible for external review and confirm that all information, forms and certifications were provided. The IRO will notify You

immediately if additional information is required. If Your request is not accepted for standard external review, the IRO will provide You and Molina with written notice explaining the reason. The IRO will notify You and Molina if Your request is accepted for standard external review. This paragraph does not apply to expedited external reviews.

- If the IRO is reviewing an Adverse Benefit Determination or Final Adverse Benefit Determination involving an Experimental or Investigational treatment, the IRO will immediately select a clinical peer review panel to conduct the external review upon accepting Your request. The panel will be chosen by the IRO and will include experts on the treatment of Your condition and the requested health care service. Molina has the right to request that this panel include at least 3 health care professionals who meet these requirements. Each member of the panel will provide the IRO with a written opinion of whether to uphold or reverse Your Adverse Benefit Determination or Final Adverse Benefit Determination. The external review decision will be based on the recommendation of the majority of the clinical peer reviewers.
- The IRO must forward, upon receipt, any additional information it receives from You to Molina. At any time, Molina may reconsider its Adverse Benefit Determination or Final Adverse Benefit Determination and provide coverage for the health care service. Reconsideration will not delay or terminate the external review. If Molina reverses the Adverse Benefit Determination or Final Adverse Benefit Determination, We will notify You and the assigned IRO of that decision within 5 days for a standard review, and as quickly as reasonably possible for an expedited review. Upon receipt of the notice of reversal by Molina, the IRO will terminate the review.
- In addition to all documents and information considered by Molina in making the Adverse Benefit Determination, the IRO must consider things such as; Your medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under this Agreement, the most appropriate practice guidelines, clinical review criteria developed by Molina, and any additional information or documents that were submitted by You. If the review is involving an Experimental or Investigational treatment, the IRO will consider whether the requested health care service is approved by the Federal Food and Drug Administration, or whether medical and scientific evidence demonstrate that the expected benefits of the requested health care service are greater than the benefits covered by Molina and the adverse risks of the requested health care service are not substantially greater than Molina's covered services.
- The IRO will provide You and Molina with written notice of its decision within 45 calendar days of its receipt of Your request for a standard review. The IRO will provide You and Molina with notice of an expedited review decision within 72 hours of receipt by Molina of a request for an expedited review. If the expedited review decision is not in writing, written notice will be provided within 48 hours of providing the oral notice.. The written notice will include the following information.
 - o A general description of the reason for the request for external review
 - o The date the independent review organization was assigned by the South Carolina Department of Insurance to conduct the external review
 - o The dates over which the external review was conducted
 - o The date on which the independent review organization's decision was made
 - o The principal reason for its decision
 - o The rationale for its decision

- o References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision
 - o The written opinions of the clinical peer review panel, if any
- If the IRO reverses the Adverse Benefit Determination or Final Adverse Benefit Determination, We will approve a covered benefit that was the subject of a standard request within 5 business days of our receipt of the notice from the IRO, and as quickly as reasonable possible for an expedited request, subject to applicable exclusions, limitations, or other provisions of this Agreement.

Binding Nature of External Review Decision

- An external review decision is binding on Molina except to the extent Molina has other remedies available under state law. The decision is also binding on You except to the extent that You have other remedies available under applicable state or federal law
- You may not file a subsequent request for an external review involving the same Adverse Benefit Determination that was previously reviewed

Miscellaneous Provisions

Acts Beyond Molina's Control

If circumstances beyond the reasonable control of Molina, including any major disaster, epidemic, complete or partial destruction of facility, war, riot, or civil insurrection, result in the unavailability of any facilities, personnel, or Participating Providers, then Molina and the Participating Providers shall provide or attempt to provide Covered Services insofar as practical, according to their best judgment, within the limitation of such facilities and personnel and Participating Providers.

Neither Molina nor any Participating Provider shall have any liability or obligation for delay or failure to provide Covered Services if such delay or failure is the result of any of the circumstances described above.

Waiver

Molina's failure to enforce any provision of this Agreement shall not be construed as a waiver of that provision or any other provision of this Agreement, or impair Molina's right to require Your performance of any provision of this Agreement.

Non-Discrimination

Molina does not discriminate in hiring staff or providing medical care based on a pre-existing health condition, genetic information, color, creed, age, national origin, ethnic group identification, religion, handicap, disability, sex or sexual orientation and/or gender identity.

Legal Actions

No legal action may be brought to recover on this Agreement within 60 days after written proof of loss has been given, as required by this Agreement. No such action may be brought after 6 years from the time written proof of loss is required to be given.

Continuation of Coverage After Divorce

Upon the entry of a valid decree of divorce between the insured parties the divorced spouse is entitled to have issued to him or her, without evidence of insurability, upon application made to the insurer within sixty days following the entry of the decree, and upon payment of the appropriate premium, an individual policy of health insurance. The policy shall provide the coverage then being issued by the insurer which is most nearly similar to, but not greater than, the terminated coverages. Any probationary or waiting periods set forth in the policy are considered as being met to the extent coverage was in force under the prior policy.

Claim Forms

When the company receives notice of claim, it will send the claimant forms for filing proof of loss. If these forms are not given to the claimant within fifteen days the claimant will meet the proof of loss requirements by giving the company a written statement of the nature and extent of the loss within the time limits stated in the Proofs of Loss section.

Proofs of Loss

If the policy provides for periodic payment for a continuing loss, written proof of loss must be given the company within ninety days after the end of each period for which the company is liable. For any other loss, written proof must be given within ninety days after such loss. If it was not reasonably possible to give written proof in the time required, the company may not reduce or deny the claim for this reason if the proof is filed as soon as reasonably possible. The proof required must be given no later than one year from the time specified unless the claimant was legally incapacitated.

Physical Examinations and Autopsy

The company at its own expense may have the insured examined as often as reasonably necessary while a claim is pending and in cases of death of the insured the insurer at its own expense also may have an autopsy performed during the period of contestability unless prohibited by law. The autopsy must be performed in South Carolina.

Change of Beneficiary

The insured can change the beneficiary at any time by giving the company written notice. The beneficiary's consent is not required for this or any other change in the policy, unless the designation of the beneficiary is irrevocable.

Conformity with State Statutes

Any provision of this policy which, on its effective date, is in conflict with the laws of the state in which the insured resides on that date is amended to conform to the minimum requirements of such laws.
