

Managing Your Drugs Is Vital To Us

Molina Dual Options Medicare-Medicaid Plan has taken steps to make sure that prescription drugs are used in a safe and helpful way. Our goal is to avoid drug errors and avoid taking two or more drugs that should not be taken at the same time.

Our program includes the following:

- Drug review systems designed to ensure that a review of your drug treatment is done before each prescription is dispensed.
- Our drug review systems are designed to ensure an ongoing review of pharmacy data and other records in order to find drug treatment problems among Molina Dual Options members.
- Dosage checks to ensure that drugs are used within rules set by the U S Food and Drug Administration (FDA).
- Reporting of our quality practices to the Centers for Medicare & Medicaid Services (CMS).
