- Please make sure the information on your card is correct.
- If there is an error, call Member Services (866) 440-0012 (TTY: 711), Monday - Friday, 8 a.m. to 8 p.m., local time.
- Your Plan Name and member number can be found on the front of your ID card.
- Find the Member Services phone number, Nurse Advice Line, and other important information on the back of your ID card.
- Always bring your Molina member ID card and your Medicaid card with you when you see your doctor, pick up prescriptions or get other health care services, so you don't get a bill.

Look for doctors, pharmacies and other providers on our **Provider Online Directory**. This tool allows you to search for providers by name, specialty, languages spoken, or proximity to you. Visit our website or download the Molina Mobile app.

Find out if your drug is covered. Our list of covered drugs (Formulary) tells you which drugs are covered under your plan along with any rules or special requirements. You can find the formulary and your prescription drug benefit information on our website.

For more information, please refer to the **"How to Get Important Plan Documents"** section of your Welcome Kit.

Getting prescription refills

If you have routine or other active prescriptions that need a refill, make sure you are using one of our network pharmacies by visiting **MyMolina.com** or checking the Molina Mobile app. If your prescription is currently with a different pharmacy, they can arrange for a prescription transfer. Talk to your pharmacist or provider about transferring your prescription. Make sure to allow time for the transfer so you don't run out of your medication.

Many people prefer to use a 90-day mail-order prescription refill to save time and money. Talk to your PCP about this option and review the mail order section of your Welcome Kit for more information.

Know where to go for care

If you experience a life-threatening condition, seek emergency care right away! Call 911 or go to the nearest emergency room.

If you need care after hours and aren't sure where to go, these examples can help.

- Cold or flu symptoms
- Sore throat
- Stomach flu or virus
- Ear pain
- Sprains, strains or deep bruises
- Wounds that may require stitches

- Behavioral Health
- Difficulty breathing
