Molina Healthcare's Quality Improvement Plan and Program

Your health care is important to us. We want to hear how we are doing. That's why you may receive a survey about Molina Healthcare and your child's health care services. One of these surveys is called CAHPS®.

CAHPS® stands for the Consumer Assessment of Healthcare Providers and Systems. This survey asks questions about your child's health care. It asks about the care your child receives from Molina Healthcare. We may send you a few questions about how we are doing. We want to know what is important to you. Please take the time to complete the survey if you receive it.

We use another tool called HEDIS® to improve care. HEDIS® stands for Healthcare Effectiveness Data and Information Set. We collect information on services that you may have received. These services include:

- Shots
- Well-check exams
- Pap tests
- Mammogram screenings
- Diabetes care
- Prenatal care
- Postpartum care

This process helps us learn how many of our members actually got needed services. Molina makes this information available to you. You may use it to compare one health plan to another health plan.

Molina strives to improve our services each year. We set goals to improve services. Molina's Quality Improvement (QI) plan includes these goals. We want to help you take better care of yourself and your family.

Molina wants to make sure you get the best service possible. Some of the ways we do this include:

- Mail or call you to make sure you and your child get needed well-exams and shots
- Help you learn about ongoing health problems, if you have them
- Make sure you get prenatal care and after-delivery exams, if you are pregnant
- Remind you to get Pap tests and mammogram screenings, if you need them
- Look at member grievances (complaints) when you send them in
- Help you find and use the information on the Molina Healthcare website
- Tell you about the special services we offer to all of our members

We review all of the services and care you receive each year to see how well we are doing. Please visit our website at MolinaHealthcare.com. You can read the latest results of our progress on the Molina website.

To learn more, call Molina Healthcare Member Services. You can ask for a printed copy of our QI plan and results.

Protecting Your Privacy

Your privacy is important to us. We respect and protect your privacy. Molina Healthcare uses and shares data to provide you with health benefits.

Protected Health Information (PHI)

PHI stands for “protected health information.” PHI includes your name, member number, race, ethnicity, language needs, or other things that identify you. Molina Healthcare wants you to know how we use or share your PHI.

Why does Molina Healthcare use or share your PHI?

- To provide for your treatment
- To pay for your health care
- To review the quality of the care you get
- To tell you about your choices for care

- To run our health plan
- To use or share PHI for other purposes, as required or permitted by law

Molina Healthcare needs your written approval to use or share your PHI for reasons not listed above.

What are your privacy rights?

- To look at your PHI

Patient Safety Program

Molina Healthcare wants you and your family to be safe and healthy. We have a Patient Safety Program to help us meet this goal. This program gives you safety facts so you can make better health care choices. Here are a few of the things we do to improve your safety:

- Keep track of our members' complaints about safety problems in their doctor's office or hospital
- Give you information to learn more about how to make safe decisions about your care. These include:
 - Questions to ask your surgeon prior to surgery
 - Questions to ask about drug interactions
- Make programs available to help you manage your care and receive care in a timely manner
- Look at reports from groups that check hospital safety. Reports tell us about things like staffing levels in the Intensive Care Unit (ICU), use of computer drug orders, and so forth.

Groups that check safety:

- Leap Frog Quality Index Ratings (leapfroggroup.org)
- The Joint Commission National Patient Safety Goal Ratings (qualitycheck.org/consumer/searchQCR.aspx)

You can look at these websites to:

- See what hospitals are doing to be safer
- Help you know what to look for when you pick a doctor or a hospital
- Get information about programs and services for patients with problems like diabetes and asthma
- Call Molina Member Services at (888) 560-2043, TTY/TDD: 711 to get more information about our Patient Safety Program.
- You can also visit us online at MolinaHealthcare.com.

How We Work with our Providers to Make Choices about Your Health Care

Molina Healthcare wants you to get the care you need. Sometimes your provider may need to ask us to approve the service before you receive

the service (prior authorization), while you are receiving services (concurrent) or after you have received the service (post-service). Molina will work with your provider to decide if you need the services. We call this process Utilization Management (UM). We make choices about your care based on medical need and your benefits. Molina does not reward providers or others to deny coverage for services you need. Molina does not pay extra money to providers or our UM staff to make choices that result in giving less care.

If you have a question about our UM process or decisions, you can call us. Please call Molina Member Services toll-free at 1 (888) 560-2043 (TTY/TDD: 711). Staff can also accept collect calls. If you need help in your language, a bilingual staff member or interpreter is available. We also offer TTY/TDD services for members who have hearing or speech disabilities. Our Member Services staff can answer your call Monday through Friday (except holidays) between 8 a.m. and 5 p.m. If you call after 5 p.m. or during the weekend, please leave a message and your phone number. The Molina Member Services staff will return your call within one business day.

Looking at What's New

Molina looks at new types of services, and we look at new ways to provide those services. Molina reviews new studies to see if new services are proven to be safe for possible added benefits. Molina Healthcare reviews the type of services listed below at least once a year:

- Medical services
- Mental health services
- Medicines
- Equipment

Second Opinions

If you do not agree with your provider's plan of care for you, you have the right to a second opinion. Talk to another provider. This service is at no cost to you. Call Molina Member Services at 1 (888) 560-2043, TTY/TDD: 711 to learn how to get a second opinion.

Out-of-Network Services

If a Molina Healthcare provider is unable to provide you with necessary and covered services, Molina Healthcare must cover the needed services through an out-of-network provider. These services must be pre-approved through our prior authorization process in order for services to be paid for by Molina. This must be done in a timely manner for as long as Molina's provider network is unable to provide the service.

Grievances and Appeals

Molina would like to know if you have a complaint or grievance about your care at Molina. Call Molina Member Services at 1 (888) 560-2043, TTY/TDD: 711, if you have a complaint or grievance.

A grievance can be for things like:

- The care you get from your doctor or hospital
- The time it takes to get an appointment or be seen by a doctor
- Doctor availability in your area

If your complaint or grievance needs action right away because a delay in treatment would greatly increase the risk to your health, call Molina's Member Services as soon as possible at 1 (800) 560-2043, TTY/TDD: 711.

We cannot treat you differently than other members because you file a complaint or grievance. Your health care benefits will not be affected.

Call Molina Member Services at 1 (888) 560-2043, TTY/TDD: 711, if you have any grievance questions. You can also review our website for further details. <https://www.molinahealthcare.com/members/wi/en-US/mem/marketplace/quality/Pages/gna.aspx>

Your Right to Appeal Denials

What is a denial?

A denial means that services or bills will not be paid. If Molina denies your service or claim, you have the right to request why your services or bills were denied. You have a right to appeal.

If we deny your service or claim, you will get a letter from Molina Healthcare telling you about this decision. This letter will tell you about your right to appeal. You can read about these rights in your Molina Member Handbook. You can learn how to file an appeal on the, <https://www.molinahealthcare.com/members/wi/en-US/mem/marketplace/quality/Pages/gna.aspx> website. Molina Member Services can also help you file an appeal.

If you are not happy with the result of your appeal, you can ask for an independent review. This means providers outside Molina Healthcare will review all the facts in your case and make a decision. We will accept that finding.

You (or your Authorized Representative) may file a written request of an adverse action. You must submit your request for external review within four months of the date you received notice of an Adverse Benefit Determination. Once the independent review organization makes a determination, the determination is binding.

You can request an external appeal in writing by sending it to:

Your Right to an Advance Directive

All members have the right to accept or refuse treatment offered by a provider. However, what if you are not able to tell the provider what you want? To avoid decisions that may be made against your will, it is important to have an Advance Directive.

An Advance Directive is a legal form that tells medical providers what kind of care you want if you cannot speak for yourself. You can write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you are not well enough to make your own. There are different types of Advance Directive forms. Some examples are:

- Power of Attorney for Health Care
- Living Will

It is your choice to complete an Advance Directive. No one can deny you care based on whether or not you have an Advance Directive. Talk with someone you trust, like a family member or friend. They can help you make decisions about your health care. You can also talk with your lawyer or PCP if you have questions, or would like to complete an Advance Directive form.

You may call Molina Healthcare to get information on how to obtain Advance Directive forms that comply with applicable state laws.

If you have signed an Advance Directive and you believe the provider has not followed your instructions, you may file a complaint. Please visit the [MolinaHealthcare.com](https://www.molinahealthcare.com) website or call Molina Member Services for more information on how to file a complaint.

Visit the Molina Healthcare Website

Visit our website at [MolinaHealthcare.com](https://www.molinahealthcare.com). Choose your state at the top of the page. You can get information on the Molina website about:

- Benefits and services, included and excluded from coverage and restrictions
- Co-payments and other charges for which you are responsible (if they apply)
- What to do if you get a bill for a claim
- FAQs (frequently asked questions and answers)
- Other pharmacy procedures, including drugs we do not cover, drug limits or quotas, the process to request an exception for drugs not on the formulary, and the process for generic substitution, therapeutic interchange (using drugs that are different but have the same effects) and step-therapy protocols (certain drugs are tried first before we cover another drug for the same condition)
- Preventive health guidelines and shot schedules
- How to obtain specialty care and hospital services

You can ask for printed copies of anything posted on the website by calling Member Services at 1 (888) 560-2043, TTY/TDD: 711. Your Molina Evidence of Coverage is also a good resource. You can find it on the Molina website.
