During the past several months in response to our requests, you and your colleagues provided medical records in order to assist **Molina Healthcare of California** (Molina Healthcare) in collecting and compiling data for the Healthcare Effectiveness Data and Information Set (HEDIS<sup>®</sup>) and Risk Adjustment efforts. Thank you very much for assisting us with these important projects.

Providers in the past have advised us of the operational hardships created due to numerous Health Plan requests for documentation to support HEDIS<sup>®</sup> & Risk Adjustment Program efforts. To address these concerns, within the next few weeks, **Molina Healthcare of California** (Molina Healthcare), with your assistance, will facilitate a **Pilot Medical Record Review Program**, resulting in a medical record collection process that is more efficient and manageable. Instead of focusing exclusively on the traditional HEDIS<sup>®</sup> & Risk Adjustment timeframes, record requests will now occur throughout the calendar year. Molina Healthcare staff will contact you, beginning **February 4, 2019**, to arrange a convenient collection method of required medical record information.

In order to provide adequate time to prepare the requested information, a member list with required medical record information will be provided and communicated to you. We welcome you to send records fast, quick and secure by utilizing our Secure Email: [MHCHEDISDepartment@MolinaHealthcare.Com](mailto:MHCHEDISDepartment@MolinaHealthcare.Com). Molina Healthcare of California can also coordinated site visits to access medical records as well, please contact us at **1-888-562-5442, extension 129578**.

As a reminder providers must follow all HIPAA, State, and Plan contractual requirements when submitting member records that contain PHI electronically via email.

We appreciate your cooperation and professional courtesy to Molina Healthcare Quality Improvement staff, as they begin this year's medical record review process.

Thank you for your assistance in this effort and for your continued work to improve the health of our members and communities.
