Informational Bulletin Regarding Emergency Declaration

This is an advisory notification to Molina Healthcare of California (MHC) network providers.

On July 4, 2019 Governor Newsom issued a State of Emergency for Kern County due to a major earthquake near the city of Ridgecrest. The State of Emergency for Kern County was largely addressing the damaged roads, water lines, and gas lines resulting in multiple structural fires and people needing shelter or services.

On July 5, 2019 Governor Newsom issued a subsequent State of Emergency that included San Bernardino County due to another, larger earthquake that struck in the same vicinity.

This notification is meant to give details on those declarations and information that Molina Healthcare is sharing with our internal and external partners for communication. Please be safe in your travels this weekend and be on the lookout for situations that could be dangerous for you and your families.

- Molina's 1st priority is safety for our communities – our members, our providers and our employees.

- Molina wants to ensure that members needing care or medication in impacted areas are able to get help.
