If a member arrives at a participating provider's office to receive care, please verify the member's eligibility through: Molina's Provider Portal, Eligibility List file, or MHC Member Services. A member must not be denied services because his/her name does not appear on the eligibility roster.

Processes are in place for providers to appeal a Utilization Management decision on behalf of the member. The process is detailed in the MHC Provider Manual and applies to determinations made by delegated entities, as follows: If the member or provider on behalf of a member, with the Member's written consent, is dissatisfied with an adverse decision, he or she may initiate a member appeal by telephone, fax, MHC's website, E-mail, or mail the member's receipt of the Notice of Action (NOA) letter. We can also review approved services as grievances if there are concerns regarding access and availability to the EHS network of specialists at the time of request.

Providers may refer members to MHC's website for additional information on how to file a member grievance or appeal. Contact the department noted below as follows:
