REIMBURSEMENT RATES—NO RATE REDUCTIONS FOR MOLINA PROVIDERS

Per the Illinois Department of Healthcare and Family Services (HFS) Information Notices dated May 1, 2015, HFS is required to reduce reimbursement rates for certain services rendered on or after May 1, 2015 through June 30, 2015.

The rate reduction is the result of Public Act 099-0002. Copies of the HFS notices can be found at: <http://www2.illinois.gov/hfs/MedicalProvider/ProviderReleases/Pages/default.aspx>. Services exempt from the rate reduction include hospital and mental health services, services mandated by a court order and services prohibited from a reduction under federal laws and guidelines.

While Molina Healthcare of Illinois (Molina) follows the State of Illinois billing and reimbursement guidelines, **Molina will NOT be implementing the rate reduction at this time for any of its programs (Family Health Plan, Integrated Care Plan, Medicare Medicaid Plan).** There are no changes in the procedures for billing. Providers should continue to bill their usual and customary Medicaid and Medicare charges for medically necessary covered benefits. Molina will revisit reimbursement updates provided by HFS in July and implement any changes at that time.
