4/1/2019	Healthcare Administered Drug	Update PA	N/A	All Plans	Medicaid, Medicare, MMP Medicaid, MMP Medicare, MMOP, MMCP, Marketplace	Pharmacy Drug Coverage Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHC and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program.
4/1/2019	Healthcare Administered Drug	Update PA	N/A	All Plans	Medicaid, Medicare, MMP Medicaid, MMP Medicare, MMOP, MMCP, Marketplace	Rename "Specialty Pharmacy Drug" service category into "Healthcare Administered Drug"
