

Private Duty Nursing Authorization Submission Update

Molina Healthcare of Florida is sharing important guidance for submitting Private Duty Nursing (PDN) prior authorization requests for members enrolled in the Children's Medical Services (CMS) Plan.

Provider action required

- Submit the authorization request through Availity using the available Home Health selection.
- Include PDN procedure code S9123 or S9124, including any applicable modifier.
- Complete and attach the Private Duty Nursing/Attendant Nursing Care Prior Authorization Request Form ([Private Duty Nursing/Attendant Nursing Care](#)) and all supporting clinical documentation.
- If Molina requests a missing form or additional clinical information, upload the requested information to the existing Availity authorization before the review is decisioned.

Important reminder

Submitting complete information with the initial request and promptly adding any requested documentation to the existing Availity authorization, will support timely review of the request.

Future portal enhancements

Additional portal enhancements are planned. Molina will share updated submission guidance as new information becomes available.

Molina values your partnership and appreciates your assistance in supporting a smooth authorization review process for CMS Plan members.

Sincerely,

Molina Healthcare of Florida
