Prior authorization is required for select non-biologicals for ulcerative colitis (UC). Payment for non-preferred select non-biologicals for UC may be considered only for cases in which there is documentation of a previous trial and therapy failure with the preferred agent(s). Payment will be considered under the following conditions:

1) **Patient has a diagnosis of moderately to severely active UC; and**
2) **Request adheres to all FDA approved labeling for indication, including age, dosing, and contraindications; and**
3) **A documented trial and inadequate response to two preferred conventional therapies (immunomodulators) including aminosalicylates and azathioprine/6-mercaptopurine; and**
4) **A documented trial and inadequate response with a preferred biological DMARD; and**
5) **Will not be taken concomitantly with immunomodulators or biologic therapies.**

The required trials may be overridden when documented evidence is provided that use of these agents would be medically contraindicated.

IMPORTANT NOTE: *In evaluating requests for prior authorization the consultant will consider the treatment from the standpoint of medical necessity only. If approval of this request is granted, this does not indicate that the member continues to be eligible for Medicaid. It is the responsibility of the provider who initiates the request for prior authorization to establish by inspection of the member's Medicaid eligibility card and, if necessary by contact with the county Department of Health and Human Services, that the member continues to be eligible for Medicaid.*
