Molina Healthcare of Michigan

Medicaid Dental Benefits for Pregnant Women

As a reminder, **July 1, 2018**, Molina Healthcare provides dental services to pregnant women, ages 19 to 64. Pregnant Medicaid members will be able to use their Molina Healthcare Medicaid ID card to obtain dental services.

Molina Dental Services under Medicaid are provided to members at no cost. Molina's dental benefit includes cleaning, fillings and other preventive services.

Prenatal Care Visits with a PCP or OB/GYN

Early prenatal care is an important way to prevent complications in pregnancy that can affect the health of both mother and baby. Prenatal visits should begin as soon as the pregnancy is confirmed or immediately after the member is enrolled. Molina Healthcare provides dental services to pregnant women ages 19 to 64. Pregnant Medicaid members will be able to use their Molina Healthcare Medicaid ID to obtain services.

Notification of Pregnancy Form

Use the **Notification of Pregnancy Form** to assist Molina with early identification of your pregnant patients. This ensures they receive educational materials and enrollment in the enhanced Medicaid benefit which provides dental coverage during pregnancy through 90 days after they deliver.

Fax forms to: (248) 925-1732 ATTN: Quality Management

Important Note

Intake documents for visits performed by an RN must be co-signed by the attending physician overseeing the patient's care.

The forms are located on Molina's website www.molinahealthcare.com in the "Forms" section and on the Provider Portal.

Thank you for your continued commitment to your Molina members!
