

Avoid Missed Opportunities Convert Sports Physicals into Well Visits!

Molina Healthcare offers a robust Primary Care Physician (PCP) incentive bonus program to our providers for a wide variety of HEDIS services.

As a reminder, you can avoid any missed opportunities by taking advantage of every office visit (including Sports Physicals) to provide well-visits, immunizations, and BMI percentiles. Sports Physicals alone are not payable under the MDHHS Fee Schedule.

Convert Sport/Daycare Physicals into Well visits by:

- Adding anticipatory guidance
- Taking physical and mental development histories
- Submitting appropriate billing codes

A sick visit and well visit can be performed on the same day by adding a modifier 25 to the sick visit, and billing for the appropriate well visit.

Remember:

Include the dates for health and development histories, physical exam, and anticipatory guidance

The Molina team is here to help you achieve your quality goals. For more information, please contact Molina Provider Services Department at 248-729-0905 or your Provider Service Representative.

Physical Activity Billing Code Reminder

As a reminder, ICD-10 code **Z71.82** is acceptable for Counseling for Physical Activity. Molina Healthcare is proud to offer a \$15 Pay for Performance bonus to our Primary Care Physicians for the Weight Assessment & Counseling HEDIS measure (BMI Percentile, Counseling for Nutrition, and Counseling for Physical Activity).

Thank you for your commitment to our Molina Members.
