

MOLINA HEALTHCARE OF NEW YORK

Recommended Child and Adolescent Immunization Schedule for ages 18 years and younger, 2019

Molina Healthcare has adopted the Guidelines for Recommended Child and Adolescent Immunization Schedule for ages 18 years and younger, 2019 from Centers for Disease Control and Prevention.

The guideline was reviewed and adopted most recently by the Molina Healthcare National Quality Improvement Committee on April 3, 2019.

Clinical guidelines are not used by Molina to decide benefit coverage. The guidelines are an educational tool to aid clinical decision-making. They are not a standard of care. The physician should adapt the guideline when clinical judgment so indicates.
