

## Get Ready for the New Statewide Open Enrollment Period

Beginning this year, the month of November will be the statewide open enrollment period (OEP) for Ohio Medicaid. ODJFS is implementing a single statewide open enrollment month to simplify the open enrollment process for Medicaid recipients.

In August, ODJFS mailed a notice of the November statewide OEP to all Medicaid enrollees. Because of the requirement to hold OEPs every twelve months, the previously scheduled OEPs for 2009 have been held as planned. This means that most Medicaid enrollees will have two OEPs in the 2009 calendar year. Starting in 2010, all Medicaid enrollees in all regions will have one annual OEP in November.

During open enrollment, Medicaid consumers have the option to change their managed care plan. Medicaid recipients will be required to call the Ohio Managed Care Enrollment Center (MCEC) to make any enrollment changes. If members elect to make a change on or before November 23, their membership will be effective on December 1. Changes made between November 24 and November 30 will be effective on January 1, 2010. If no choice is made, the member's enrollment will remain unchanged.
