

HEDIS® Tips:

Postpartum Care (PPC)

MEASURE DESCRIPTION

Postpartum visit for a pelvic exam or postpartum care with an OB/GYN practitioner or midwife, family practitioner or other PCP on or between 21 and 56 days after delivery. A Pap test within 21-56 days after delivery also counts.

Documentation in the medical record must include a note with the date when the postpartum visit occurred and one of the following:

- Pelvic exam, or
- Evaluation of weight, BP, breast and abdomen, or
- Notation of “postpartum care”, PP check, PP care, 6-week check, or pre-printed “Postpartum Care” form in which information was documented during the visit

USING CORRECT BILLING CODES

Please note that global billing or bundling codes do not provide specific date information to count towards this measure.

Codes to Identify Postpartum Visits

HOW TO IMPROVE HEDIS SCORES

- ☐ Schedule your patient for a postpartum visit within 21 to 56 days from delivery (please note that staple removal following a cesarean section does not count as a postpartum visit for HEDIS®).
- ☐ Use the postpartum calendar tool from Molina to ensure the visit is within the correct time frames.
