### HOW TO IMPROVE HEDIS SCORES

- ☐ Avoid missed opportunities by taking advantage of every office visit (including sick visits) to provide a well-child visit, immunizations, and BMI percentile calculations.
- ☐ Make sports/day care physicals into well-care visits by performing the required services and submitting appropriate codes.
- ☐ Include the date when a health and developmental history and physical exam was performed and health education/anticipatory guidance was given in the medical record.
- ☐ Use standardized templates in charts and in EMRs that allow checkboxes for standard counseling activities.
