

## PROVIDER TRAINING OPPORTUNITY: PROJECT ECHO

HHSC requests that MCOs recommend their credentialed primary care providers attend the Project ECHO training. Project ECHO allows primary care clinicians to earn CMEs and learn how to integrate behavioral health into the primary care setting. TMF Healthcare Quality Institute will host a cohort beginning on January 10th, 2018. Providers will be committed to a 12 week program on Wednesdays from 12-1 p.m. Central Time where they will join via webcam to review about 15 minutes of didactic information followed by about 45 minutes of case study reviews. The program is free of cost to the providers, and they can receive 1 CME credit hour (for MD/DO/NP) per session. More information on the program can be found at this link:

[https://www.tmfqin.org/Portals/0/Resource%20Center/Behavioral%20Health/Join%20Project%20ECHO\\_Final\\_508.pdf](https://www.tmfqin.org/Portals/0/Resource%20Center/Behavioral%20Health/Join%20Project%20ECHO_Final_508.pdf).

To join, providers should complete the participant agreement form. Participation agreement:
