

Billing Procedure – Codes G0156, G0299 and G0300

The following codes should be billed **per visit**, rather than in 15 minute increments:

- G0156
- G0299
- G0300

The reimbursement methodology used for these codes is based on a statewide per visit rate – not a per minute rate. All lines billed with these codes should be billed with only **one unit to denote one visit**.

- If multiple visits are completed, each visit must be billed on a separate line with the value of 1 (one) in the Units field to indicate 1 (one) visit.
- The maximum number of visits allow per day is three.

For questions regarding billing, please contact Provider Services at (855) 322-4080, Monday to Friday, 8:00 a.m. – 5:00 p.m. or reach out to your Provider Services Representative.
