

Consumer Directed Services (CDS) Handbook Update

Attention Financial Management Services Agencies:

HHSC has revised Appendix XI – Allowable and Non-Allowable Expenditures in the Consumer Directed Services (CDS) handbook. Effective April 20, 2018, the updated appendix states that equipment must be employer/employment related to qualify as allowable expenditures. For example, internet services, fax machines, printers, phones, computers or other equipment must be needed to complete employer/employment-related duties.

For questions regarding this update, please contact your Provider Services representative.
