

Cultural Competency

Background

Molina works to ensure all Members receive culturally competent care across the service continuum to reduce health disparities and improve health outcomes. The Culturally and Linguistically Appropriate Services in Health Care (CLAS) standards published by the US Department of Health and Human Services (HHS), Office of Minority Health (OMH) guide the activities to deliver culturally competent services. Molina complies with Title VI of the Civil Rights Act, the Americans with Disabilities Act (ADA) Section 504 of the Rehabilitation Act of 1973, Section 1557 of the Affordable Care Act (ACA) and other regulatory/contract requirements. Compliance ensures the provision of linguistic access and disability-related access to all Members, including those with Limited English Proficiency and Members who are deaf, hard of hearing or have speech or cognitive/intellectual impairments. Policies and procedures address how individuals and systems within the organization will effectively provide services to people of all cultures, races, ethnic backgrounds and religions as well as those with disabilities in a manner that recognizes values, affirms and respects the worth of the individuals and protects and preserves the dignity of each.

Additional information on cultural competency and linguistic services is available at www.molinahealthcare.com, from your local Provider Services Representative.

Nondiscrimination of Healthcare Service Delivery

Molina complies with the guidance set forth in the final rule for Section 1557 of the ACA, which includes notification of nondiscrimination and instructions for accessing language services in all significant Member materials, physical locations that serve our Members, and all Molina website home pages. All Providers who join the Molina Provider network must also comply with the provisions and guidance set forth by the Department of Health and Human Services (HHS) and the Office for Civil Rights (OCR). Molina requires Providers to deliver services to Molina Members without regard to race, color, national origin, age, disability or sex. This includes gender identity, sexual orientation, pregnancy and sex stereotyping. Providers must post a non-discrimination notification in a conspicuous location of their office along with translated non-English taglines in the top fifteen (15) languages spoken in the state to ensure Molina Members understand their rights, how to access language services, and the process to file a complaint if they believe discrimination has occurred.

Additionally, Participating Providers or contracted medical groups/IPAs may not limit their practices because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high cost-care.

Providers can refer Molina Members who are complaining of discrimination to the Molina Civil Rights Coordinator at: (866) 606-3889, or TTY, 711.

Members can also email the complaint to civil.rights@molinahealthcare.com.

Should you or a Molina Member need more information you can refer to the Health and Human Services website for more information: <https://www.federalregister.gov/d/2016-11458+>

Molina Institute for Cultural Competency

Molina is committed to reducing healthcare disparities. Training employees, Providers and their staffs, and quality monitoring are the cornerstones of successful culturally competent service delivery. Molina founded the Molina Institute for Cultural Competency, which integrates Cultural Competency training into the overall Provider training and quality monitoring programs. An integrated quality approach intends to enhance the way people think about our Members, service delivery and program development so that cultural competency becomes a part of everyday thinking.

Provider and Community Training

Molina offers educational opportunities in cultural competency concepts for Providers, their staff, and Community Based Organizations. Molina conducts Provider training during Provider orientation with annual reinforcement training offered through Provider Services or online training modules.

Training modules, delivered through a variety of methods, include:

1. Written materials;
2. On-site cultural competency training delivered by Provider Services Representatives;
3. Access to enduring reference materials available through Health Plan representatives and the Molina website; and
4. Integration of cultural competency concepts and nondiscrimination of service delivery into Provider communications

Integrated Quality Improvement – Ensuring Access

Molina ensures Member access to language services such as oral interpreting, American Sign Language (ASL), written translation and access to programs, and aids and services that are congruent with cultural norms. Molina supports Members with disabilities, and assists Members with Limited English Proficiency.

Molina develops Member materials according to Plain Language Guidelines. Members or Providers may also request written Member materials in alternate languages and formats, leading to better communication, understanding and Member satisfaction. Online materials found on www.molinahealthcare.com and information delivered in digital form meet Section 508 accessibility requirements to support Members with visual impairments.

Key Member information, including Appeals and Grievance forms, are also available in threshold languages on the Molina Member website.

Program and Policy Review Guidelines

Molina conducts assessments at regular intervals of the following information to ensure its programs are most effectively meeting the needs of its Members and Providers:

- Annual collection and analysis of race, ethnicity and language data from:
 - Eligible individuals to identify significant culturally and linguistically diverse populations with plan's membership
 - Revalidate data at least annually
 - Contracted Providers to assess gaps in network demographics

- Local geographic population demographics and trends derived from publicly available sources (Group Needs Assessment)
- Applicable national demographics and trends derived from publicly available sources
- Network Assessment
- Collection of data and reporting for the Diversity of Membership HEDIS measure.
- Annual determination of threshold languages and processes in place to provide Members with vital information in threshold languages.
- Identification of specific cultural and linguistic disparities found within the plan's diverse populations.
- Analysis of HEDIS and CAHPS results for potential cultural and linguistic disparities that prevent Members from obtaining the recommended key chronic and preventive services.
- Comparison with selected measures such as those in Healthy People 2010

Measures available through national testing programs such as the National Health and Nutrition Examination Survey (NHANES) Linguistic Services

Molina provides oral interpreting of written information to any plan Member who speaks any non-English language regardless of whether that language meets the threshold of a prevalent non-English language. Molina notifies plan Members of the availability of oral interpreting services upon enrollment, and informs them how to access oral interpreting services at no cost to them on all significant Member materials. Molina serves a diverse population of Members with specific cultural needs and preferences. Providers are responsible for supporting access to interpreter services at no cost for Members with sensory impairment and/or who have Limited English Proficiency.

24 Hour Access to Interpreter Services

Molina Providers must support Member access to telephonic interpreter services by offering a telephone with speaker capability or a telephone with a dual headset. Providers may offer Molina Members interpreter services if the Members do not request them on their own. It is never permissible to ask a family member, friend or minor to interpret.

Documentation

As a contracted Molina Provider, your responsibilities for documenting Member language services/needs in the Member's medical record are as follows:

- Record the Member's language preference in a prominent location in the medical record. This information is provided to you on the electronic member lists that are sent to you each month by Molina.
- Document all Member requests for interpreter services.
- Document who provided the interpreter service. This includes the name of Molina's internal staff or someone from a commercial interpreter service vendor. Information should include the interpreter's name, operator code and vendor.
- Document all counseling and treatment done using interpreter services.
- Document if a Member insists on using a family member, friend or minor as an interpreter, or refuses the use of interpreter services after notification of his or her right to have a qualified interpreter at no cost.

Members with Hearing Impairment

Molina provides a TTY/TDD connection accessible by dialing 711. This connection provides access to Member & Provider Contact Center (M&PCC), Quality, Healthcare Services and all other health plan functions.

Molina strongly recommends that Provider offices make available assistive listening devices for members who are deaf and hard of hearing. Assistive listening devices enhance the sound of the provider's voice to facilitate a better interaction with the member.

Molina will provide face-to-face service delivery for ASL to support our members with hearing impairment. Requests should be made three days in advance of an appointment to ensure availability of the service. In most cases, members will have made this request via Molina Member Services.

Nurse Advice Line

Molina provides twenty four (24) hours/seven (7) days a week Nurse Advice Services for members. The Nurse Advice Line provides access to twenty-four (24) hour interpretive services. Members may call Molina Healthcare's Nurse Advice Line directly (English line (888) 275-8750) or (Spanish line at (866) 648-3537) or for assistance in other languages. The Nurse Advice TTY/TDD is 711. The Nurse Advice Line telephone numbers are also printed on membership cards.
