

## Healthy Michigan Plan NEW HEALTH RISK ASSESSMENT

The NEW HRA is a health survey for Healthy Michigan members to evaluate their health risks and quality of life. It is designed to identify healthy behavior goals and is intended to be completed during a member's annual well care visit.

Non-frail Healthy Michigan Members that did not have a completed HRA annually based on their enrollment date are at risk for being dis-enrolled from the Healthy Michigan Plan.

### How can you help?

Encourage your members to receive their annual well care visits and complete the HRA. Molina does not utilize a CPT code on a claim to track HRAs. Lab results are valid up to one year of the current visit date.
