## New Prior Authorization Requirements through eviCore

Molina Healthcare of Wisconsin (Molina) has contracted with eviCore healthcare (eviCore), an independent specialty medical benefits management company, to provide outpatient utilization management services.

eviCore will manage prior authorization requests for the following specialized clinical services, effective for dates of service on or after October 1, 2019:

- Imaging and Special Tests
  - Advanced Imaging (MRI, CT, PET, Select Ultrasounds)
  - Cardiac Imaging
- Radiation Therapy
- Sleep Covered Services and Related Equipment
- Medical Oncology (Pharmaceuticals)
- Genetic Counseling and Testing

Molina and eviCore will be providing online web orientation sessions designed to assist your office staff with how to submit prior authorizations to eviCore, identify impacted services and codes, and navigate the eviCore website and provider portal. We encourage your office staff to attend these informative sessions to ensure your understanding of the new prior authorization process.
