Welcome to Molina Healthcare. You are now a member of a health care plan, also known as a managed care organization (MCO). Molina Healthcare provides health care services to Ohio residents who are eligible, including individuals with low income, individuals who are pregnant, infants, children, older adults, and individuals with disabilities.

Molina Healthcare may not discriminate on the basis of age, gender, gender identity, sexual orientation, race, color, religion, national origin, military status, veteran status, ancestry, disability, genetic information, health status, or the need for health services.

How to use this book

This Handbook is for members of Molina Healthcare's Medicaid plan.

This Member Handbook can tell you:

- About your Medicaid health plan.
- About Medicaid services and supplies covered by Molina.
- About extra benefits covered by Molina.
- How to get the services you need, including services for special health care needs.
- How to contact us.
- Your rights and responsibilities as a member.

The most current version of the Member Handbook is available at MolinaHealthcare.com/OHMedicaidHandbook.

Where to get covered services

It is important to remember that you must receive services covered by Molina Healthcare from facilities and providers in Molina Healthcare's network. Providers in the Molina Healthcare's network agree to work with your health plan to give you needed care.

The only time you can use providers that are not in Molina Healthcare's network is for:

- emergency services,
- federally qualified health centers (FQHC)/rural health clinics (RHC),
- qualified family planning providers,
- an out of network provider that Molina Healthcare has approved you to see

Provider Directory

The Provider Directory lists all our network providers as well as other non-network providers you can use to receive services.

There are 3 ways to view the Provider Directory:

1. *Log on to My Molina*

Visit [MyMolina.com](https://www.myl Molina.com) or download the My Molina Mobile app to find a provider with our online search tool. If you don't have a My Molina username, you must register first.

2. *Ask for a printed copy of the Provider Directory*

You can ask for a printed Provider Directory by calling Member Services or by returning the postcard you received with your new member materials which includes your member identification (ID) card.

3. *View the Provider Directory online*

You can also visit our website at [MolinaProviderDirectory.com/OH](https://www.MolinaProviderDirectory.com/OH) to view up to date provider network information, or call Member Services at **(800) 642-4168 (TTY: 711)** Monday through Friday, 7 a.m. to 8 p.m. ET for help.

Identification (ID) cards

You should have received a Molina Healthcare membership ID card. Each member of your family who has joined Molina Healthcare will receive their own card. Each card is good for as long as the person is a member of Molina Healthcare.

You may have received a Medicaid card monthly before you enrolled with Molina Healthcare as your Medicaid plan. The Molina Healthcare member ID card we sent you replaces your monthly Medicaid card. You will not receive a new card each month.

Keep your ID card with you at all times. If you did not get an ID card in the mail, visit [MyMolina.com](https://www.myl Molina.com) or call Member Services.

New member information

If you have health services already approved or scheduled

If you have health care services already approved or scheduled, it is important that you call Member Services immediately. In certain situations, and for a specified time period after you enroll, you may be allowed to receive care from a provider that is not a Molina Healthcare network provider.

You must call Molina Healthcare before you receive the care. If you do not call us, you may not be able to receive the care and/or the claim may not be paid.

For example, you need to call Member Services if you have the following services already approved or scheduled:

- Organ, bone marrow, or hematopoietic stem cell transplant
- Third trimester prenatal (pregnancy) care, including delivery
- Inpatient/outpatient surgery
- Appointment with a primary care or specialty provider
- Chemotherapy or radiation treatments
- Treatment following discharge from the hospital in the last 30 days
- Non-routine dental or vision services (for example braces or surgery)
- Medical equipment
- Services you receive at home, including home health, therapies, and nursing

Approval for health services and supplies (prior approval)

Your provider must ask Molina Healthcare to approve some treatments and services before you can get them. This is called a “prior approval (PA).” It is also sometimes called a “prior authorization.”

Most services are available to you without PA. However, some services do require it.

If a service requires PA, Molina Healthcare’s medical staff and your doctor review the medical need of your care before the service is given. They will make sure it is the right type of care for your health condition. If a medication requires PA, then Gainwell, the Single Pharmacy Benefit Manager (SPBM), will review. See page [74](#) for more about medication PA.

For a list of covered services that do and do not require PA, see the List of Covered Services chart in this Member Handbook. You may also visit MolinaHealthcare.com or call Member Services.

When our plan makes changes to the list of services that need PA, we will post an update online at MolinaHealthcare.com/OHMedicaidPA.

Choosing a Primary Care Provider (PCP)

Your Primary Care Provider (PCP) is a doctor who knows you well and takes care of all your medical needs. Your PCP is an individual provider, provider group practice, advanced practice nurse or advanced practice nurse group practice trained in obstetrics/gynecology (OB/GYN), family medicine (general practice), internal medicine, or pediatrics.

Your PCP will work with you to direct your health care. Your PCP will do your check-ups, shots and treat you for most of your routine health care needs. If needed, your PCP will send you to providers, specialists or admit you to the hospital.

You can reach your PCP by calling the PCP's office. Your PCP's name and telephone number are printed on your Molina Healthcare ID card.

It's important to have a doctor who makes you feel comfortable. You can pick one for you and another for others in your family, or one who sees all of you.

You must choose a primary care provider (PCP) from Molina Healthcare Provider Directory.

Go to MolinaProviderDirectory.com/OH to get started or scan the QR code here. The Provider Directory lists our network providers' names, addresses, phone numbers, professional qualifications, specialties, the medical schools they attended, where they completed their residencies and their board certifications.

If you do not choose a doctor, Molina will do it for you. We will choose a doctor based on your address, preferred language and doctors your family has seen in the past.

How do I choose a PCP?

When you choose a PCP, think about these questions:

- Is the PCP's office in an area that is easy for me to get to?
- Does the PCP have office hours that fit my family's schedule?
- Does the PCP serve only children or only adults?
- Does the gender of my PCP matter to me?
- Does the PCP speak my language?
- Does the PCP have experience in treating people who share my identify or health concerns?

Scheduling your first visit

Call right away to schedule a visit with your doctor. Your doctor can help you learn more about your health.

Your doctor will

- Treat you for most of your routine health care needs.
- Review your tests and results.
- Prescribe medications.
- Refer you to other doctors (specialists).
- Admit you to the hospital if needed.
- Help you find community services like food, housing and transportation.

Visit your doctor at least once a year for a checkup, even if you feel healthy.

Changing your Primary Care Provider (PCP)

If you want to change your PCP, you must first call Member Services to ask for the change. Or you can log in to the My Molina phone app or [MyMolina.com](https://www.myl Molina.com) to change your PCP. You can find a PCP using our online Provider Directory at any time. If you need to change your PCP, you may do so monthly.

Molina Healthcare will send you a new ID card to let you know that your PCP has been changed and the date you can start seeing the new PCP.

For the names of the PCPs in Molina Healthcare's network, you may look in your Provider Directory if you requested a printed copy, on our website at [MolinaProviderDirectory.com/OH](https://www.MolinaProviderDirectory.com/OH), or you can call the Molina Healthcare Member Services department at **(800) 642-4168 (TTY 711)** for help.

If you need to see an out-of-network doctor

You must see a provider that is part of Molina Healthcare's network. You must be in the Molina Healthcare service area and see a doctor that is part of Molina Healthcare's network to get services.

Providers that are not in Molina Healthcare's network are called "out-of-network" providers. You must get an approval to get services from an out-of-network provider. Call your PCP to get an approval. If you don't get an approval, you will have to pay for these services.

Getting care outside the Molina Healthcare service area

Molina Healthcare's service area covers all counties in Ohio. If you are away from Molina Healthcare's service area and need emergency care, go to the nearest emergency department. You can go to any facility that provides emergency services to get emergency care. If you are outside of the Molina Healthcare service area and you need non-emergency medical care, your provider must first contact Molina Healthcare to get approval before providing any services.

Frequency limitations

Your managed care organization will review all requests for services from your provider. If you have a question about whether a service is covered, please call Member Services at **(800) 642-4168 (TTY (800) 750-0750 or 711)** Monday through Friday, 7 a.m. to 8 p.m. ET.

Second opinions

If you do not agree with your provider's plan of care for you, you have the right to a second opinion from another provider. If the provider you talk to is an out-of-network provider, prior approval is needed. This service is at no cost to you. Call Member Services to learn how to get a second opinion.

Services covered by Molina Healthcare

As a Molina Healthcare member, you will receive all medically necessary Medicaid-covered services at no cost to you. Medically necessary means you need the services to prevent, diagnose, or treat a medical condition.

The following lists tell you which services need prior approval (PA) and which do not. Not all services that need prior approval are included in the list. Prior approval is explained in the New Member Information section of this Member Handbook.

*To use your rides for a grocery store pickup, place an online order with your grocery store. Select the date and time for your pickup. Be sure to schedule the pickup at least 48 hours ahead of time. Then call **(866) 642-9279 (TTY 711)** to schedule your trip. Tell the transportation scheduling line that you want to use a ride to pick up groceries. The driver will go directly to the store, pick up the groceries (curbside only), and deliver the groceries to your address. This uses one of your trips for the year.

How do I schedule transportation?

Call **(866) 642-9279 (TTY 711)** at least 48 hours before your visit. You can call 24 hours a day, seven days a week. You can schedule a ride up to 30 days before your visit.

When you call us, we will help you find the best option for your trip. Give us details about your needs, like:

If I need a ride today, how can I schedule transportation?

If you are sick and need a same-day visit to your doctor or urgent care, we will do our best to schedule a ride for you. We will also try to schedule a same-day ride if you need a ride home from your hospital stay.

Call **(866) 642-9279 (TTY 711)** as soon as possible.

Can I schedule transportation with a phone app?

Can I get rides in addition to my extra benefit of 30 one-way trips?

If you must travel 30 miles or more from your home to receive covered health care services, Molina Healthcare will provide transportation to and from the provider's office. Molina Healthcare also covers all necessary transportation by ambulance or wheelchair van, regardless of distance. Please call **(866) 642-9279** at least 48 hours before your appointment for help.

For provider visits closer than 30 miles, you may use your benefit of 30 one-way trips each calendar year.

If you need a wheelchair or are going to a dialysis, chemotherapy, or radiation appointment, your trip will always be covered. This type of trip does not use your extra benefit of 30 one-way trips for the year.

If you don't cancel 24 hours ahead of a scheduled trip, you may lose one of your 30 one-way trips for the year. You may also lose a scheduled trip if the driver arrives and you do not come to the vehicle.

A member of our care management team will call you to decide if care management can help you with your medical needs. They will ask questions to learn more about your health and lifestyle.

They will talk about your health management priorities and help you set goals to improve your health. This may include a Health Risk Assessment (HRA) and other assessments to support your health goals. Your Care Manager will work with you on the steps to take to meet those goals.

A member of your care management team can also meet with you face-to-face several times a year. Your Care Manager will work directly with your primary care provider (PCP) and other providers to help coordinate your care. Your Care Manager will give you information on local resources that may also be able to help you. They can also help arrange transportation to your appointments.

Care management supports managed care in Ohio. We want to make sure you get the care you want and need. We partner with OhioRISE, Gainwell (the Single Pharmacy Benefit Manager), and community organizations to coordinate your care. Molina's care management program serves as the foundation to make sure you have access to quality care coordination.

OhioRISE

OhioRISE (Ohio Resilience through Integrated Systems and Excellence) is a Medicaid managed care program for children and youth with complex behavioral health and multisystem needs. Children and youth with multisystem needs are often involved in multiple community systems such as juvenile justice, child protection, developmental disabilities, education, mental health and addiction, and others. OhioRISE aims to support these children and youth succeed in their schools, homes, and communities. This support is provided through care coordination and specialized services that are provided in-home or in the young person's community.

Children and youth who may benefit from OhioRISE:

- Have multiple needs that result from behavioral health challenges.
- Have multisystem needs or are at risk for deeper system involvement.
- Are at risk of out-of-home placement or are returning to their families from out-of-home placement.

An individual who is enrolled in the OhioRISE program has their physical health services covered by managed care organizations (MCO) or fee-for-service (FFS) Medicaid.

OhioRISE Eligibility

A child and youth may be eligible for OhioRISE if they:

- Are eligible for Ohio Medicaid,
- Are under the age of 21, and
- Meet significant behavioral health treatment, as identified by Ohio Child and Adolescent Needs and Strengths (CANS) assessment, or
- Are in a hospital for mental health or substance use needs.

OhioRISE Services:

In addition to the behavioral health services already available through Medicaid, OhioRISE offers the following services:

- Care Coordination – Assistance with planning support and care for a child or youth's behavioral health needs. Their care coordinator through their managed care organization (MCO) can also be part of this process.
- Intensive Home-Based Treatment (IHBT) – Intensive, short-term services within a child or youth's home to help stabilize and improve their behavioral health.
- Behavioral Health Respite – Short-term relief to the primary caregivers of a child or youth provided in the home or community-based environment.
- Primary Flex Funds – Goods and services purchased for a child or youth to address a specific behavioral health need.
- Psychiatric Residential Treatment Facility (PRTF) – Facilities, other than hospitals, that provide intensive psychiatric residential treatment services to individuals ages 20 or younger.

- Mobile Response and Stabilization Services (MRSS) – Immediate behavioral health services for children/youth in crisis. MRSS helps to ensure children and youth receive urgent, necessary care in their homes and communities. This service is also provided through Medicaid managed care organizations (MCO) and fee-for-service (FFS) Medicaid.

OhioRISE Waiver

The OhioRISE program also operates a 1915(c) Home and Community-Based Services Waiver for youth with complex behavioral health needs. A child or youth on the OhioRISE Waiver is required to be enrolled with a managed care organization.

The services available on the OhioRISE Waiver are:

- Out-of-Home Respite – Respite care given outside of the youth’s home to provide their caregiver with temporary relief.
- Transitional Services and Supports – A short-term intensive service that assists the young person and their caregiver(s) in their home and community after they go through changes in circumstances – for example, when the young person comes home from a mental health hospital stay or residential mental health treatment.
- Secondary Flex Funds - Goods and services purchased for a child or youth to address a specific behavioral health need.

CANS Assessments

Child and Adolescent Needs and Strengths (CANS) is a tool used to see if a child or youth is eligible for OhioRISE services. The CANS helps providers learn about the child or youth’s behavioral health needs and whether OhioRISE services might be helpful.

To have a child or youth assessed for OhioRISE, contact Aetna OhioRISE Member Services at **(833) 711-0773 (TTY: 711)**. Aetna OhioRISE can help find a CANS assessor in the child or youth’s community to have the CANS assessment completed.

If you are pregnant or have a baby:

If you are pregnant, you must call Member Services to let Molina know. You must also call us when your baby is born. We will send you a new ID card for your baby.

If you are pregnant, you must also tell your county caseworker at the County Department of Job and Family Services to get all the information and support you need for a healthy pregnancy.

When you are pregnant, your PCP will want you to see an OB/GYN. You don't need a referral to see an OB/GYN. You can find an OB/GYN in the Provider Directory at MolinaProviderDirectory.com/OH. If you need help, call Member Services.

Your newborn baby is covered by your Molina Medicaid plan until the end of the month they turn 1 year old. To continue coverage, you must enroll your new baby in Molina Healthcare. To enroll your baby in Molina Healthcare, you must call your county caseworker as soon as possible after delivery. If you have any questions about enrolling your new baby in Molina Healthcare, call Member Services.

Telehealth

Telehealth is the direct delivery of health care using audio and/or video. Instead of coming into the provider's office for your appointment, you stay at your home or office and use your smartphone, tablet or computer to see and talk to your medical and behavioral health professionals. There is no cost to use telehealth and telehealth removes the stress of needing transportation services.

You can see medical and behavioral health professionals via telehealth for many illnesses and injuries, common health conditions, follow-up appointments and screenings as well as for prescribing medication(s).

Check with your providers to see if they offer telehealth.

Virtual urgent care and mental health care, with Teladoc

With Teladoc, you can make a phone call or video chat anytime, anywhere! Adult* Molina members get 24/7 access to virtual urgent care with Teladoc.

Ask Teladoc doctors about urgent care conditions such as colds & flu, sore throat, sinuses, rashes, and more. If needed, doctors can send a prescription to your local pharmacy.

You can also talk to a Teladoc therapist or psychiatrist of your choice, confidentially, from anywhere. Get support for depression, anxiety, stress, relationship conflicts, trauma and more.

Get virtual care through Teladoc:

Specialty care and referrals

If you need special care that your PCP cannot give, they will refer you to a specialist. Getting a referral from your PCP is not required to see a specialist, but it ensures all your providers know your health care goals and plans.

Ask your PCP if you don't know how referrals work. If you think a specialist does not meet your needs, ask your PCP for help.

If Molina Healthcare's network does not include a specialist who can give you the care you need, we will help you get care from a specialist outside the network. See the next section to learn more about seeing out-of-network providers.

Emergency services

What is an emergency?

Emergency services are for a medical problem that must be treated right away by a provider. We cover care for emergencies both in and out of the county where you live. Some examples of when emergency services are needed include:

- Miscarriage/pregnancy with vaginal bleeding
- Seizures or convulsions
- Unusual or excessive bleeding
- Unconsciousness
- Overdose/poisoning
- Severe burns
- Broken bones
- Chest pain
- Difficulty breathing

How to get emergency care

An emergency needs attention right away. You do not have to contact Molina Healthcare before you get emergency services. If you have an emergency, call 911 or go to the NEAREST emergency room (ER) or other appropriate care setting. You can get emergency care 24 hours a day, 7 days a week.

If you are not sure if you need to go to the ER, call your primary care provider (PCP), or the Molina Healthcare 24-hour Nurse Advice Line at **(888) 275-8750** (Español **(866) 648-3537**) or **TTY at (866) 735-2929**. Your PCP or the 24-hour Nurse Advice Line can talk to you about your medical problem and give you advice on what you should do.

Remember, if you need emergency services:

- Go to the nearest hospital emergency room or other appropriate setting. Tell them that you are a member of Molina Healthcare and show them your Molina Healthcare member ID card.
- If the provider who treats your emergency, thinks you need other medical care to treat the problem that caused your emergency, the provider must call Molina Healthcare.
- After an emergency room visit, contact your PCP to make an appointment for follow-up care. Do not go to the emergency room for follow-up care.
- If the emergency room doctor says that you don't have to stay but you still stay, you may have to pay.
- If the hospital has you stay, make sure that Molina Healthcare is called within 24 hours.

If you don't have an emergency, you do not need to go to the ER. Call your PCP. If you need non-emergency care after normal business hours, you can visit an urgent care center or walk-in clinic.

You can find locations to get urgent care in the Provider Directory. If you need help finding one, you can call Member Services at **(800) 642-4168 (TTY 711)**. You may also visit our website at MolinaProviderDirectory.com/OH.

Post-stabilization care

After your visit to the ER, you should call your doctor as soon as you can. Your doctor will help you get any follow-up care you need. These services are called post-stabilization care. They keep your condition stable. You do not need approval for these services. You can also call Member Services for help.

You may have received care from out-of-network providers during your emergency. If you did, we will try to get network providers to take over your care as soon as possible.

After-hours care and urgent care

Urgent care, also called non-emergency care, is when you need care right away, but you are not in danger of lasting harm or losing your life. Some examples include:

- Illness or injury
- Sore throat or cough
- Flu
- Migraine or headache
- Earaches or ear infections
- Minor accidents or falls

If you need urgent care, call your PCP to request an appointment.

There may be times when your provider cannot see you right away. There may not be an appointment available, or your provider's office may be closed. When you need care after your provider's office is closed, this is called after-hours care.

If you need after-hours care or your provider cannot schedule you an appointment right away, you can take steps to stop your injury or illness from getting worse.

1. Call your primary care provider (PCP) for advice. If you can't get an appointment, ask your PCP what to do next. Even if your provider's office is closed, someone may answer the phone. You can also leave a message at any time.
2. If you cannot reach your provider's office, Molina Healthcare offers other options to get care:
 - You can get virtual care with Teladoc. Adult members can get care online or by phone at no cost. No appointment is needed. See page [38](#) to learn more.
 - You can call Molina Healthcare's 24-hour Nurse Advice Line. Registered nurses are always available to answer questions about your health. Call the 24-hour Nurse Advice Line at [\(888\) 275-8750](#) or [\(866\) 648-3537](#) (Español). For the deaf or hard of hearing, call TTY [\(866\) 735-2929](#).
3. Go to a network drop-in clinic or a network urgent care center listed in the Provider Directory. After you visit an urgent care center, always call your PCP to schedule follow-up care.

Hospital services

You must have prior approval to get inpatient hospital services, except in the case of an emergency or urgent care services.

If you get services in a hospital or you are admitted to the hospital for emergency or urgent care services outside of Molina Healthcare's coverage area, your hospital stay will be covered. This happens even if you do not have prior approval.

Medical/Surgical services

You can find covered inpatient services in the Covered Services List on page **16**. We cover some additional inpatient services in a network hospital or rehabilitation facility, when the services are generally and customarily provided by acute care general hospitals or rehabilitation facilities inside our service area. They are:

- Anesthesia.
- Blood, blood products and their administration, blood storage (including the services and supplies of a blood bank).
- Mastectomies (removal of breast) and lymph node dissections.
- Medical social services and discharge planning.
- Radioactive materials used for therapeutic purposes.
- Respiratory therapy.

Stop smoking program

Molina Healthcare's stop smoking program is for members who are ready to quit smoking. This program is available at no cost to you. You get:

- One-on-one counseling.
- Educational materials.
- A toll-free quit line to call at any time for help between scheduled calls at **1-800-QUIT-NOW (1-800-784-8669)**.

Pharmacy benefits covered by Molina Healthcare

Prescription drugs

Managed Care Organization (MCO) members will use Gainwell, ODM's contracted Single Pharmacy Benefit Manager (SPBM), to fill prescriptions and will need to refer to the Gainwell member handbook in appendix A of this handbook for assistance.

To contact Gainwell about your pharmacy benefits, call **(833) 491-0344**. The Gainwell Pharmacy Benefit phone number is also listed on your Molina member ID card.

To find a pharmacy near you, visit spbm.medicaid.ohio.gov.

Coordinated services program

We want to make sure you get safe, quality health care services. Certain prescription drugs are controlled because there are many safety risks. The Coordinated Services Program (CSP) helps some members who visit multiple providers and/or pharmacies for certain prescription drugs.

If you are enrolled in the program, you will get a letter from Molina Healthcare letting you know. After you are enrolled, you will get a new member ID card in the mail. Your ID card will list your designated pharmacy if assigned. You must fill all of your prescription drugs at your designated pharmacy, except in emergency situations. You should talk with your primary care provider (PCP) before getting any medical services.

You may ask to change your designated pharmacy if your designated pharmacy:

- Moves.
- Closes.
- Is no longer in network.
- Chooses not to provide some services.

You may also ask to change your designated pharmacy or prescriber if you:

- Move.
- Get an injury or illness that makes you unable to follow the program.
- Transfer from another Medicaid plan to Molina Healthcare, and your designated pharmacy is not in network.

To ask for these changes, call the Gainwell Pharmacy Benefit phone number or call Molina Healthcare Member Services. The phone number is on your Molina member ID card. You can also call your Molina care manager. All requests will be reviewed. If your request to change your designated pharmacy is approved, you will get a new program ID card. If your request is not approved, you will stay with your current designated pharmacy.

PHARMACY BENEFITS COVERED BY MOLINA HEALTHCARE

The minimum enrollment period for the program is 24 calendar months. If you are selected for Molina Healthcare's program, you will get more information about the program. You will also get information on your state hearing rights.

In an emergency situation, Gainwell or Molina Healthcare must give approval for you to use a different pharmacy for certain prescription drugs. Examples of an emergency situation include a pharmacy being closed because of a weather emergency or being closed on the weekend. You, or a pharmacy, can call Molina Healthcare at **(800) 642-4168 (TTY 711)** from 7 a.m. to 8 p.m. ET. For after-hour emergencies, call Gainwell at **(833) 491-0344** or call Molina's 24-Hour Nurse Advice Line at **(888) 275-8750** or **(866) 648-3537** (Español) (**TTY: (866) 735-2929**).

Definitions:

“Abuse” means provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary cost to the Medicaid program or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the Medicaid program. (42 CFR §455.2)

“Fraud” means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit for them or some other person. It includes any act that constitutes fraud under applicable Federal or State law. (42 CFR § 455.2)

“Waste” means health care spending that can be eliminated without reducing the quality of care. Quality Waste includes overuse, underuse, and ineffective use. Inefficiency Waste includes redundancy, delays, and unnecessary process complexity. For example: the attempt to obtain reimbursement for items or services where there was no intent to deceive or misrepresent, however the outcome of poor or inefficient billing methods (e.g. coding) causes unnecessary costs to the Medicaid/Medicare programs.

Here are some ways you can help stop fraud:

- Don't give your Molina Healthcare ID card, Medical ID Card, or ID number to anyone other than a health care provider, a clinic, or hospital. Only give your ID card when receiving care.
- Never let anyone borrow your Molina Healthcare ID card.
- Never sign a blank insurance form or timesheet.
- Be careful about giving out your social security number.

Advance directives

You have the right: Using advance directives to state your wishes about your medical care

People often worry about the medical care they would get if they became too sick to make their wishes known.

Some people may not want to spend months or years on life support. Others may want every step taken to lengthen life.

You can state your medical care wishes in writing while you are healthy and able to choose. Your health care facility must explain your right to state your wishes about medical care. It also must ask you if you have put your wishes in writing.

This document explains your rights under Ohio law to accept or refuse medical care. The document also explains how you can state your wishes about the care you would want if you could not choose for yourself.

This document does not contain legal advice but will help you understand your rights under the law.

What are my rights to choose my medical care?

You have the right to choose your own medical care. If you do not want a certain type of care, you have the right to tell your doctor you do not want it.

What if I am too sick to decide? What if I cannot make my wishes known?

Most people can make their wishes about their medical care known to their doctors. But some people become too sick to tell their doctors about the type of care they want. Under Ohio law, you have the right to fill out a form while you are able to act for yourself. The form tells your doctors what you want done if you can't make your wishes known.

What kinds of forms are there?

Under Ohio law, there are four different forms, or advance directives, you can use: a Living Will, a Do Not Resuscitate (DNR) Order, a Health Care Power of Attorney (also known as a Durable Power of Attorney for Health Care) and a Declaration for Mental Health Treatment. You fill out an advance directive while you are able to act for yourself. The advance directive lets your doctor and others know your wishes about medical care.

Do I have to fill out an advance directive before I get medical care?

No. No one can make you fill out an advance directive. You decide if you want to fill one out.

Who can fill out an advance directive?

Anyone 18 years old or older who is of sound mind and can make his or her own decisions can fill one out.

Do I need a lawyer?

No, you do not need a lawyer to fill out an advance directive.

Do the people giving me medical care have to follow my wishes?

Yes, if your wishes follow state law. However, a person giving you medical care may not be able to follow your wishes because they go against his or her conscience. If so, they will help you find someone else who will follow your wishes.

Living Will

A Living Will states how much you want to use life-support methods to lengthen your life. It takes effect only when you are:

» in a coma that is not expected to end,

- OR -

» beyond medical help with no hope of getting better and can't make your wishes known,

- OR -

» expected to die and are not able to make your wishes known.

The people giving you medical care must do what you say in your Living Will. A Living Will gives them the right to follow your wishes.

Only you can change or cancel your Living Will. You can do so at any time.

Do Not Resuscitate Order

A Do Not Resuscitate (DNR) Order is an order written by a doctor or, under certain circumstances, a certified nurse practitioner or clinical nurse specialist, that instructs health care providers not to do cardiopulmonary resuscitation (CPR). In Ohio, there are two types of DNR Orders: (1) DNR Comfort Care, and (2) DNR Comfort Care – Arrest. You should talk to your doctor about DNR options.

Health Care Power of Attorney

A Health Care Power of Attorney is different from other types of powers of attorney. This document talks only about a Health Care Power of Attorney, not about other types of powers of attorney.

A Health Care Power of Attorney allows you to choose someone to carry out your wishes for your medical care. The person acts for you if you cannot act for yourself. This could be for a short time period or for a long time period.

Who should I choose?

You can choose any adult relative or friend whom you trust to act for you when you cannot act for yourself.

Be sure to talk with the person about what you want. Then write down what medical care you do or do not want. You should also talk to your doctor about what you want. The person you choose must follow your wishes.

When does my Health Care Power of Attorney take effect? The form takes effect only when you can't choose your care for yourself. The form allows your relative or friend to stop life support only in the following circumstances:

» if you are in a coma that is not expected to end,

- OR -

» if you are expected to die.

Declaration for Mental Health Treatment

A Declaration for Mental Health Treatment gives more specific attention to mental health care. It allows you, while capable,

to appoint a representative to make decisions on your behalf when you lack the capacity to make a decision. In addition, the declaration can set forth certain wishes regarding treatment.

For example, you can indicate medication and treatment preferences, and preferences concerning admission/retention in a facility.

What is the difference between a Health Care Power of Attorney and a Living Will?

Your Living Will explains, in writing, your wishes about the use of life-support methods if you are unable to make your wishes known. Your Health Care Power of Attorney lets you choose someone to carry out your wishes for medical care when you cannot act for yourself.

If I have a Health Care Power of Attorney, do I need a Living Will, too?

You may want both. Each addresses different parts of your medical care.

Can I change my advance directives?

Yes, you can change your advance directives whenever you want. It is a good idea to look over your advance directives from time to time to make sure they still say what you want and that they cover all areas.

If I don't have an advance directive, who chooses my medical care when I can't?

Ohio law allows your next-of-kin to choose your medical care if you are expected to die and cannot act for yourself.

Where do I get advance directive forms?

Many of the people and places that give you medical care have advance directive forms. You may also be able to get these forms from CaringInfo at [caringinfo.org/planning/advance-directives/by-state/ohio/](https://www.caringinfo.org/planning/advance-directives/by-state/ohio/).

What do I do with my forms after filling them out?

You should give copies to your doctor and health care facility to put into your medical record. Give one to a trusted family member or friend. If you have chosen someone in a Health Care Power of Attorney, give that person a copy. Put a copy with your personal papers.

You may want to give one to your lawyer or clergy person. Be sure to tell your family or friends about what you have done. Do not just put these forms away and forget about them.

Organ and tissue donation

Ohioans can choose whether they would like their organs and tissues to be donated to others in the event of their death. By making their preference known, they can ensure that their wishes will be carried out immediately and that their families and loved ones will not have the burden of making this decision at an already difficult time. Some examples of organs that can be donated are the heart, lungs, liver, kidneys and pancreas. Some examples of tissues that can be donated are skin, bone, ligaments, veins and eyes.

There are two ways to register to become an organ and tissue donor:

1. You can state your wishes for organ and/or tissue donation when you obtain or renew your Ohio Driver License or State I.D. Card,

- OR -

2. You may register online for organ donation through the Ohio Donor Registry website: www.donatelifeo.org.

State hearings

A state hearing is a meeting with you or someone you want to speak on your behalf, someone from the County Department of Job and Family Services, someone from Molina Healthcare, and a hearing officer from the Bureau of State Hearings within the Ohio Department of Job and Family Services (ODJFS). In this meeting, you will explain why you think Molina Healthcare did not make the right decision and Molina Healthcare will explain the reasons for making our decision. The hearing officer will listen and then decide who is right based on the rules and the information given.

Molina Healthcare will notify you of your right to request a state hearing if:

- we do not change our decision or action because of your appeal
- a decision is made to propose enrollment or continue enrollment in the Coordinated Services Program (CSP)
- a decision is made to deny your request to change your CSP provider.

You may only request a state hearing after you have gone through Molina Healthcare's appeal process.

If you want a state hearing, you, or someone you want to speak on your behalf, must request a hearing **within 90 calendar days**. The 90-calendar day period begins on the day after the mailing date on the hearing form. If your appeal was about a decision to reduce, suspend, or stop services before all the approved services are received, your letter will tell you how you can keep receiving the services if you choose to and when you may have to pay for the services. If we propose to enroll you in the Coordinated Services Program (CSP) and you request the hearing within 15 calendar days from the mailing date on the form, we will not enroll you in the program until the hearing decision.

To request a hearing:

- you can sign and return the state hearing form to the address or fax number listed on the form,
- call the Bureau of State Hearings at **(866) 635-3748**,
- submit your request online at hearings.jfs.ohio.gov/apps/SHARE/#_frmLogin
- submit your request via e-mail at bsh@jfs.ohio.gov.

If you want information on free legal services but don't know the number of your local legal aid office, you can call the Ohio State Legal Services Association at **(800) 589-5888**.

State hearing decisions are usually issued no later than 70 calendar days after the request is received. However, the MCO or the Bureau of State Hearings may decide that the health condition meets the criteria for an expedited decision. An expedited decision will be issued as quickly as needed but no later than three working days after the request is received. Expedited decisions are for situations when making the decision within the standard time frame could seriously jeopardize your life, your health or your ability to attain, maintain, or regain maximum function.

Policies for Medicaid membership

Estate Recovery

If you are permanently institutionalized or age 55 or older when you receive Medicaid benefits, the Estate Recovery Program may recover payments for the cost of your care paid by Medicaid from your estate. The cost of your care may include the capitation payment that Medicaid pays to your managed care organization, even if the capitation payment is greater than the cost of the services you received. **Estate Recovery only happens after the death of the Medicaid recipient.**

Accidental injury or illness (subrogation)

If you have to see a doctor for an injury or illness that was caused by another person or business, you must call Member Services to let us know. For example, if you are hurt in a car wreck, by a dog bite, or if you fall and are hurt in a store, another insurance company may have to pay for the care or services you received. When you call us give the name of the person at fault, their insurance company and the name(s) of any attorney(s) involved.

Other health insurance (Coordination of Benefits – COB)

If you or anyone in your family has health insurance with another company, it is **very important** that you call Member Services and your county caseworker about the insurance. For example, if you work and have health insurance or if your children have health insurance through their other parent, you need to call Member Services. It is also important to tell Member Services and your county caseworker if you have lost health insurance that you previously reported. Not giving us this information can cause problems with getting care and with payment of medical bills.

Loss of insurance notice

Anytime you lose health insurance, you should receive a notice, known as a certificate of creditable coverage, from your old insurance company. This notice says you no longer have insurance. Keep a copy of this notice for your records because you might be asked to provide a copy.

Medicaid renewal and loss of Medicaid eligibility

It is important that you keep your appointments with the County Department of Job and Family Services (CDJFS). If you miss a visit or don't give them the information they ask for, you can lose your Medicaid eligibility. If this happened, Molina Healthcare would be told to stop your membership as a Medicaid member and you would no longer be covered by Molina Healthcare.

You must renew your Medicaid eligibility with your local CDJFS every 12 months, or you will lose your benefits. This renewal process is called Medicaid Redetermination.

There are four ways to renew your benefits:

- **Online:** Go to www.benefits.ohio.gov. Log in to your account and click the “Renew my Benefits” tab.

1. Log in to your self-service portal account, or click “sign up” if you don’t have an account.
 2. Click on “Link My Case(s).”
 3. Select “Renew My Benefits.”
 4. Complete the necessary steps to submit your renewal.
- **By Phone:** Call the Medicaid Consumer Hotline at **(800) 324-8680**, option 8 **(TTY: 800-292-3572)**. Call Monday through Friday, 7 a.m. to 8 p.m., and Saturday, 8 a.m. to 5 p.m. ET.
 - **By Mail:** Complete the form you received in the mail and send it to your local CDJFS. You can find the address on the front page of the letter or on the County Agency Directory at <https://jfs.ohio.gov/about/local-agencies-directory>.
 - **In Person:** Visit your local CDJFS to drop off your forms in a drop box. Bring the documents you need to report your income and fill out a form in person when the office is open.

For questions about Medicaid eligibility:

- Call or visit your local CDJFS office or caseworker. They are your best resource because they are the ones who determine if you still qualify for Medicaid benefits. Find the number at <https://jfs.ohio.gov/about/local-agencies-directory>.
- Call the Medicaid Consumer Hotline at **(800) 324-8680** or **TTY 711**. Call Monday to Friday, 7 a.m. to 8 p.m. ET, or Saturdays 8 a.m. to 5 p.m. ET.

Automatic renewal of Molina Healthcare membership

If you lose your Medicaid eligibility but it is started again within 90 days, you will automatically become a Molina Healthcare member again.

Ending your Molina Healthcare membership

As a member of a managed care organization (MCO), you have the right to choose to end your membership at certain times during the year. You can choose to end your membership during the first three months of your membership or during the annual open enrollment month. The Ohio Department of Medicaid will notify you to tell you when your annual open enrollment month will be. If you live in a mandatory enrollment area, you will have to choose another managed care organization to cover your health care services.

If you want to end your membership during the first three months of your membership or during the annual open enrollment month, you can call the Medicaid Hotline at **(800) 324-8680**; **(TTY 711)**. You can also submit a request online by visiting the Medicaid Hotline website at ohiomh.com. If you call before the last 10 days of the month, your membership will end the first day of the next month. If you call after this time, your membership will not end until the first day of the following month. If you chose another managed care organization, your new managed care organization will send you information in the mail before your membership start date.

You can also end the membership if you have a child receiving Title IV-E federal foster care maintenance or is in foster care or other out of home placement. The change must come from the local public children’s services agency (PCSA) or the local Title IV-E juvenile court.

Choosing a new plan

If you are thinking about ending your membership to change to another managed care organization (MCO), you should learn about your choices. Especially if you want to keep your current provider(s). Remember, each MCO has its own list of doctors and hospitals that are in the network. Each MCO also has written information which explains the benefits it offers and the rules that it has. If you would like written information about a managed care organization you are thinking of joining or if you simply have questions about the MCO, you may either call the plan or call the Medicaid Hotline at **(800) 324-8680**; TTY **(800) 292-3572**. You can also find information about the MCOs in your area by visiting the Medicaid Hotline website at ohiomh.com

Just cause membership terminations

Sometimes there may be a special reason that you need to end your membership with a plan. This is called a “just cause” membership termination. Just cause requests apply to periods outside of open enrollment and the first three months of enrollment. To ask for a just cause membership termination, you may first call Molina Healthcare and give us a chance to resolve the issue. If we cannot resolve the issue, you can ask for a just cause termination if you have one of the following reasons:

1. You move and your current MCO is not available where you now live, and you need non-emergency medical care in your new area before your MCO membership ends.
2. Your current MCO does not, for moral or religious objections, cover a medical service that you need.
3. Your doctor has said that some of the medical services you need must be received at the same time and the services are not all in the MCO's network.
4. You have concerns that you are not receiving quality care and the services you need are not available from another provider in the Molina Healthcare network.
5. You do not have access to medically necessary Medicaid-covered services or do not have access to providers that are experienced in dealing with your special health care needs.
6. The PCP that you chose is no longer on your in the Molina Healthcare's network and that was the only in-network PCP who spoke your language and was located within a reasonable distance from you; or another plan has a PCP in their network that speaks your language that is located within a reasonable distance from you and will accept you as a patient.
7. If you think staying as a member in your current managed care plan is harmful to you and not in your best interest.

You may ask to end your membership for just cause by calling the Medicaid Hotline at **(800) 324-8680**; **(TTY (800) 292-3572)**. The Ohio Department of Medicaid will review your request and decide if you meet a just cause reason. You will receive a letter in the mail to tell you if the Ohio Department of Medicaid will end your membership and the date your membership ends. If you live in a mandatory enrollment area, you will have to choose another plan unless the Ohio Department of Medicaid tells you differently. If your just cause request is denied, the Ohio Department of Medicaid will send you information that explains your state hearing right for appealing the decision.

Things to keep in mind if you end your membership

If you have followed any of the above steps to end your membership, remember:

- Continue to use Molina Healthcare doctors and other providers until the day you are a member of your new health plan or back on regular Medicaid.
- If you chose a new Managed Care Organization (MCO) and have not received a member ID card before the first day of the month when you are a member of the new plan, call the Molina Healthcare Member Services Department. If Molina Healthcare is unable to help you, call the Medicaid Hotline at **(800) 324-8680**; **TTY (800) 292-3572**.
- If you have chosen a new MCO and have any medical visits scheduled, call your new plan to be sure that these providers are in the new plan's provider network and that any needed paperwork is done. Some examples of when you should call your new plan include: when you have an appointment to see a new doctor, a surgery, blood test or x-ray scheduled and especially if you are pregnant.
- If you were allowed to return to the regular Medicaid card and you have not received a new Medicaid card, call your county caseworker.
- If you were allowed to return to regular Medicaid and have any medical visits scheduled, please call the providers to be sure that they will take the regular Medicaid card.

Optional membership terminations

You have the option not to be a member of a managed care organization (MCO) if:

- You are a member of a federally recognized Indian tribe, regardless of your age.
- You are an individual who receives home- and community-based waiver services through the Ohio Department of Developmental Disabilities.

If you believe that you or your child meet any of the above criteria and do not want to be a member of a managed care organization, you can call the Medicaid Hotline at **(800) 324-8680 (TTY (800) 292-3572)**. If you meet the above criteria and does not want to be an MCO member, your MCO membership will be ended.

Exclusions – Individuals that are not permitted to join a Medicaid MCO:

You may not be allowed to join a Medicaid managed care organization (MCO) if you are:

- Dually eligible under both the Medicaid and Medicare programs:
- Institutionalized (in a nursing home and are not eligible under the Adult Extension category, long-term care facility, intermediate care facility for individuals with intellectual disabilities (ICF/IID), or some other kind of institution); or
- Receiving Medicaid Waiver services and are not eligible under the Adult Extension category.

* If you are eligible for Medicaid under the Adult Extension category, you will receive your nursing home services through the Managed Care Organization. Additionally, Adult Extension members approved for waiver services will remain in the Managed Care Organization.

If you believe that you meet any of the above criteria and should not be a member of a Managed Care Organization, you must call the Medicaid Hotline at **(800) 324-8680 (TTY (800) 292-3572)**. If you meet the above criteria, your MCO membership will be ended.

Can Molina Healthcare end my membership?

Molina Healthcare may ask the Ohio Department of Medicaid to end your membership for certain reasons. The Ohio Department of Medicaid must okay the request before your membership can be ended.

The reasons that Molina Healthcare can ask to end your membership are:

- For fraud or for misuse of your Molina Healthcare ID card
- For disruptive or uncooperative behavior to the extent that it affects the MCO's ability to provide services to you or other members.

Molina Healthcare provides services to our members because of a contract that Molina Healthcare has with the Ohio Department of Medicaid. If you want to contact the Ohio Department of Medicaid you can call or write to:

How Molina Healthcare pays providers for your care

Molina Healthcare contracts with providers in many ways.

Some Molina Healthcare providers are paid on a fee-for-service basis. This means they are paid each time they see you and for each service they perform. Other providers are paid a flat amount for each month a member is assigned to their care, whether or not they see the member.

Some providers may be offered rewards for offering excellent preventive care and monitoring the use of hospital services. Molina Healthcare does not reward providers or employees for denying medical coverage or services. Molina Healthcare also does not give bonuses to providers to give you less care. For more information about how providers are paid, please call Member Services.

Payment and bills

Molina Healthcare members are not responsible for co-payments or other charges for covered medical services. If you get a bill from a plan provider for approved and covered services, call Member Services. Do not pay the bill until you have talked to us. We will help you with this matter.

If the statement does not list any patient responsibility, this means you have a statement, not a bill. The provider is just telling you that your insurance company has been billed for those services. These statements say at the top of the page that "this is not a bill." If you did not receive the services listed in the statement, please call Member Services right away.

You may have to pay for services that are not covered. You may also have to pay for services from providers who are not part of our network. If the services were an emergency, you don't have to pay. If you need help, call Member Services.

1.2 Available Services

Gainwell covers all Ohio Medicaid-covered, medically necessary prescription and over-the-counter (OTC) medications. We use a unified preferred drug list (UPDL) which is a list of drugs we prefer your provider prescribe. We may require your prescriber to submit a prior authorization request, which is where your prescriber would provide us more information explaining why a specific medication and/or a certain dose or quantity of a medication may be required.

The below services are available to you to support any additional needs you may have:

- Oral interpretation.
- Translation services.
- Auxiliary aids and services.
- Written information in alternative formats including braille and large print.

1.2.1 Unified Preferred Drug List

Gainwell uses a UPDL which is a list of drugs we prefer your provider prescribes. You can find a copy of the UPDL in the following locations:

- Under Reference Material, Drug Coverage at <https://spbm.medicaid.ohio.gov>
- The Ohio Department of Medicaid pharmacy website at: <https://pharmacy.medicaid.ohio.gov/unified-pdl>
- A paper copy can be requested by calling Member Services at **1-833-491-0344 (TTY 1-833-655- 2437)**

1.2.2 Prior Authorizations

Your prescriber may have to submit a prior authorization request for certain medications. These requests will be sent by your prescriber through many different routes (ePA, web portal, fax, phone or mail) to ensure a quick and efficient review of your medication. In these circumstances, your provider will send an authorization request to the Gainwell Pharmacy Services team, where they will complete a clinical review of the medication your prescriber is requesting. Gainwell Pharmacy Services team will work closely with your prescriber to provide the best clinical decision. You will receive a letter in the mail with the outcome of the decision made.

If you do not agree with the decision that is made by Gainwell, you will be sent detailed information on how you can appeal our decision.

You have the option to call Member Services toll free at **1-833-491-0344 (TTY 1-833-655-2437)** to obtain information about the UPDL, medications that may require prior authorization, or to ask any medication related questions you may have. The UPDL and a list of medications that require prior authorization are available for you to access online at: <https://medicaid.ohio.gov/stakeholders-and-partners/phm/unifiedpdl>. It is important that you and/or your prescriber

reference the UPDL and/or the list of medications that require prior authorizations each time you have questions, as these are documents that can change.

1.2.3 Pharmacy Utilization Management Strategies

The UPDL will be used with each prior authorization review that is completed by the Gainwell Pharmacy Services team. When a prior authorization is required, Gainwell must approve the prescriber's request before you will be able to fill your medication at your preferred, in-network pharmacy. A prior authorization may be required if:

- A generic drug is available
- The requested drug can be misused/abused
- Other medications must be tried first
- Quantity limits for the requested medication have been exceeded
- The medication your provider has prescribed is not included on the UPDL

The UPDL usually includes multiple medication options for treating a particular condition. These different drugs are referred to as "alternative" drugs and are just as effective as other drugs with no additional side effects or health problems.

Specific reasons your prescriber may have to submit a prior authorization request include:

Step Therapy – In some cases, our plan requires you first try certain drugs to treat your medical condition.

Generic Substitution – This is where a pharmacy will be required to provide a generic drug in place of a brand-name drug when available. Generic drugs are just as safe and effective as brand name drugs and should be prescribed first.

Therapeutic Interchange – This is where you are unable to take a medication for reasons like an allergy, intolerance, etc., a medication might not work for you and your prescriber may write a prescription for a medication that is not on the approved drug list.

Specialty Medications – This is a review of a medication that is considered more complex for a specific disease and requires specific attention and handling during the prior authorization review process. For these medications, you may have to get them through a specialty pharmacy. Your prescriber will work with Gainwell Pharmacy Services to make sure you can obtain the medication you need as quickly as possible.

1.2.4 Excluded Services

Gainwell will not pay for the following categories that are not covered by the Ohio Medicaid pharmacy program in accordance with OAC rule 5160-9-03:

During this meeting, you will explain why you think Gainwell Pharmacy Services did not make the right decisions and Gainwell will explain the reasons for making our decision. A decision will be made by the hearing officer based on rules, regulations, and information provided during the hearing.

You will be notified of your right to request a State Fair hearing if we do not change our decision as a result of your appeal to Gainwell.
