

HEDIS® Tip Sheet

Adult Immunization Status (AIS-E)

Measure Description

The percentage of members 19 years of age and older who are up to date on recommended routine vaccines for influenza, tetanus and diphtheria (Td), or tetanus, diphtheria and acellular pertussis (Tdap), zoster and pneumococcal and hepatitis B.

Influenza

- Members who received an influenza vaccine on or between July 1 of the year prior to the measurement period and June 30 of the measurement period, **or**
- Members with anaphylaxis due to the influenza vaccine any time before or during the measurement period.

Td/Tdap

- Members who received at least one Td vaccine or one Tdap vaccine between 9 years prior to the start of the measurement period and the end of the measurement period, **or**
- Members with a history of at least one of the following contraindications any time before or during the measurement period:
 - Anaphylaxis due to the diphtheria, tetanus or pertussis vaccine.
 - Encephalitis due to the diphtheria, tetanus or pertussis vaccine.

Zoster

- Members who received two doses of the herpes zoster recombinant vaccine at least 28 days apart, on October 1, 2017, through the end of the measurement period, **or**
- Members with anaphylaxis due to the herpes zoster vaccine any time before or during the measurement period.

Pneumococcal

- Members who were administered at least one dose of an adult pneumococcal vaccine on or after the member's 19th birthday and before or during the measurement period, **or**
- Members with anaphylaxis due to the pneumococcal vaccine any time before or during the measurement period.

Hepatitis B

- Members who received at least three doses of the childhood hepatitis B vaccine with different dates of service on or before their 19th birthday, **or**
- Members who received a hepatitis B vaccine series on or after their 19th birthday, before or during the measurement period, **or**
- Members who had a hepatitis B surface antigen, hepatitis B surface antibody or total antibody to hepatitis B core antigen test, with a positive result any time before or during the measurement period, **or**
- Members with a history of hepatitis B illness any time before or during the measurement period. Do not include laboratory claims (POS 81), **or**
- Members with anaphylaxis due to the hepatitis B vaccine any time during the measurement period.

Product Line: Commercial, Medicaid, Medicare, Exchange

Codes Included in the Current HEDIS® Measure

Description	Code
Adult Influenza Immunization	CVX: 88, 135, 140, 141, 144, 150, 153, 155, 158, 166, 168, 171, 185, 186, 197, 205
Adult Influenza Vaccine Procedure	CPT: 90630, 90653, 90654, 90656, 90658, 90661, 90662, 90673, 90674, 90682, 90686, 90688, 90689, 90694, 90756
Adult Pneumococcal Immunization	CVX: 33, 109, 133, 152, 215, 216
Adult Pneumococcal Vaccine Procedure	CPT: 90670, 90671, 90677, 90732 HCPCS: G0009
Hepatitis B Immunization	CVX: 08, 43, 44, 45, 51, 104, 110, 146, 198, 220
Hepatitis B Vaccine Procedure	CPT: 90697, 90723, 90739, 90740, 90743, 90744, 90746, 90747, 90748, 90759 HCPCS: G0010
Herpes Zoster Recombinant Vaccine Procedure	CPT: 90750
Influenza Virus LAIV Immunization	CVX: 111, 149
Influenza Virus LAIV Vaccine Procedure	CPT: 90660, 90672
Td Immunization	CVX: 09, 113, 138, 139
Td Vaccine Procedure	CPT: 90714
Tdap Vaccine Procedure	CPT: 90715

Ways Providers can Improve HEDIS® Performance

- Review a patient's immunization record before every visit and administer needed vaccinations.
- Educate patients on the importance of vaccinations. Members are more likely to agree with vaccinations when supported by the provider.
- Turn on reminders/prompts for vaccinations, if on EMR. Review vaccination status in EMR.
- Review with new patients any vaccinations that may have been given previously. Include those on the patients' vaccination record even if your office did not provide the vaccination. Schedule appointments for patients to receive immunizations within required timeframes.
- Display vaccine information in multiple languages in office.

Ways Health Plans can Improve HEDIS® Performance

- Educate members on the importance of vaccinations.
- Remind members of timing for vaccines.
- Offer adult immunizations at Molina clinic days.
- Ensure access to and utilize state immunization registry files/feeds.
- Identify and educate top 10 providers with open immunization gaps.

Required Exclusions

- Members who use hospice service or elect to use a hospice benefit any time during the measurement period.
- Members who die any time during the measurement period.

NCQA holds a copyright in these materials and may rescind or alter these materials at any time. Users of the HEDIS measures and specifications shall not have the right to alter, enhance or otherwise modify the HEDIS measures and specifications, and shall not disassemble, recompile or reverse engineer the HEDIS measures and specifications. Anyone desiring to use or reproduce the materials, subject to licensed user restrictions, without modification for an internal non-commercial purpose may do so without obtaining any approval from NCQA. Use of the Rules for Allowable Adjustments of HEDIS to make permitted adjustments of the materials does not constitute a modification. All other uses, including a commercial use (including but not limited to vendors using the measures and specifications with a product or service to calculate measure results), or any external reproduction, distribution and publication of the HEDIS measures or results ("rates") therefrom must be approved by NCQA and are subject to a license at the discretion of NCQA. Any use of the materials to identify records or calculate measure results, for example, requires a custom license and may necessitate certification pursuant to NCQA's Measure Certification Program.

HEDIS measures and specifications are not clinical guidelines, do not establish a standard of medical care and have not been tested for all potential applications. The measures and specifications are provided "as is" without warranty of any kind. NCQA makes no representations, warranties or endorsements about the quality of any product, test or protocol identified as numerator compliant or otherwise identified as meeting the requirements of a HEDIS measure or specification. NCQA also makes no representations, warranties or endorsements about the quality of any organization or clinician who uses or reports performance measures. NCQA has no liability to anyone who relies on HEDIS measures and specifications or data reflective of performance under such measures and specifications.

Limited proprietary coding is contained in the measure specifications for convenience. Users of the proprietary code sets should obtain all necessary licenses from the owners of these code sets. NCQA disclaims all liability for use or accuracy of any coding contained in the specifications.

CPT® codes, descriptions and other data are copyright 2024 American Medical Association (AMA). All rights reserved. CPT is a trademark of the AMA. Fee schedules, relative value units, conversion factors and/or related components are not assigned by the AMA, are not part of CPT, and the AMA is not recommending their use. The AMA does not directly or indirectly practice medicine or dispense medical services. The AMA assumes no liability for the data contained herein. Applicable FARS/DFARS restrictions apply to government use.

Health Care Provider Taxonomy Code Set codes copyright 2024 AMA. The codes are published in cooperation with the National Uniform Claim Committee (NUCC) by the AMA. Applicable FARS/DFARS restrictions apply.

The American Hospital Association holds a copyright to the Uniform Billing Codes ("UB") contained in the measure specifications. The UB Codes in the HEDIS specifications are included with the permission of the AHA. All uses of the UB Codes may require a license from the AHA. Specifically, anyone desiring to use the UB Codes in a commercial product to generate HEDIS results, or for any other commercial use, must obtain a commercial use license directly from the AHA. To inquire about licensing, contact ub04@aha.org.

The American Dental Association (ADA) holds a copyright to the Current Dental Terminology (CDT) codes contained in certain measure specifications. The CDT codes in the HEDIS specifications are included with the permission of the ADA. All uses of the CDT codes require a license from the ADA. No alteration, amendments, or modifications of the CDT or any portion thereof is allowed. Resale, transmission, or distribution of copies of the CDT or other portions of the CDT is also not allowed. To inquire about licensing, contact CDT-SNODENT@ada.org.

Some measure specifications contain coding from LOINC® (<https://loinc.org/>). The LOINC table, LOINC codes, LOINC panels and form file, LOINC linguistic variants file, LOINC/RSNA Radiology Playbook, and LOINC/IEEE Medical Device Code Mapping Table are copyright © 1995–2024 Regenstrief Institute, Inc. and the Logical Observation Identifiers Names and Codes (LOINC) Committee and are available at no cost under the license at <https://loinc.org/kb/license/>.
